The background image shows a dark, futuristic interior, possibly a spaceship or a high-tech facility. It features a grid of glowing lights and curved, metallic structures. The lighting is dim, with the primary light sources being the grid of lights and some ambient blue light. The overall atmosphere is mysterious and technological.

Our ship still maintain  
the stablization since  
it were launeced..

May I ask about the lab equipment? Are they still in contact?

Because we will need  
to transfer some of  
them from here for use.

Of course, we didn't  
come in the labotory  
so you could..

I have a quick  
question though.

In your latest transmission,  
I heard that you were  
transporting a prisoner..

A close-up shot of a female character with dark, wavy hair and light-colored eyes. She is wearing a dark choker and a necklace with a small pendant. A knife is tucked into a sheath on her right shoulder. The background is slightly blurred, showing some architectural elements.

Moreover, I would like to check the security status, and see if there's any breach.

A-About that..  
Sergeant..

I will show you  
around those sectors.

Are you sure, Yuika?

Well, it's my duty,  
isn't it?

Then, mind you lead the way, our 'tour guide'.

Okay, let me take you to the armory.

You good without  
my escort, Doctor?

With Captain Yufina,  
I will be alright.

Well then, lead me  
to the labotory, please?

No problem, Miss.  
Please follow me.

I'm a bit curious  
about that prisoner,  
did he resist or something?

A bit, but he 'sit  
tight for now.

Hey, you okay,  
Captain?

You seem a little  
bit nervous?

I'm okay, just  
thinking a lot lately..

About how to get  
all your crews home  
safe, right?

H-How did you know..?

Because it is all  
written on your  
face. Also remind  
me of someone..

The same face as  
you in her last transmission  
with me.. before she..

I'm sorry..

It's alright. things  
happen when human  
discover into the space.

By the way, there's  
someone that I would  
like to introduce..

Apologise for not coming along, I'm Hana, a biologist on Beta's ship.

I'm Captain Yufina,  
didn't know that you  
were on board too.

Well, I just have a  
quick look around..

Doctor Rose, should we carry on?

Right, then let us get going.

Meanwhile..

Well, they look well-maintain, not being used much.

Because we didn't get involve with 'pirate' or 'intruder'.

I must say, this is better than escorting the scientists on some kind of planet..

What kind of planet  
did you recently to?

Well, it was the blue,  
with some white dot..  
Not a single living  
form was found.

A woman with short black hair and blue eyes, wearing a black tactical top and pants, holds a Benelli shotgun. She is looking at a person in a dark, tactical uniform who is partially visible on the right side of the frame. The scene is set in a dimly lit, industrial or outdoor environment.

Were you actually just escorting? Or there's something else?

Why do the Alpha's member want to know our business?

I simply escorted and followed order..

Yuika? What are you  
doing with that battle suit?

A close-up, low-angle shot of a character wearing a dark, ribbed, high-collared suit. The character's face is partially visible, showing their nose and lips. The lighting is dramatic, with strong highlights and deep shadows. A white speech bubble is overlaid on the image, containing the text "Suit engage..".

"Suit engage.."

Stop it right there!

"What's going on!? She is approaching.."

I said stop!!

If you don't want to let me know, then this is only warning.

A close-up, cinematic shot of a woman with long, straight brown hair and light blue eyes. She is wearing a dark blue, ribbed turtleneck sweater. Her expression is serious and focused. The background is dark and out of focus, with some faint, glowing blue light sources. A white speech bubble is positioned to the left of her face, containing the text: "I will ask one more time, what did you see on that planet?".

I will ask one more time, what did you see on that planet?

Oh, it seem that you are refused to reveal any information..

Then I'm going to  
take it out from your head..

Did anyone..  
hear that noise?

I'm not, probably  
just a meteor..

"Aside from her  
scent, it seem like  
there was another..  
that was not human.."

"As I already suspected  
when I boarded this ship.."

A close-up, cinematic shot of a woman with long, straight grey hair. She has a calm, slightly enigmatic expression. Her eyes are a pale, icy blue. She is wearing a white, button-down shirt. On her left ear, there is a small, glowing red earpiece. The background is dark and out of focus, suggesting an indoor setting with some architectural elements.

"Hm.. Pretty interesting, Captain Yufina."

A character with long black hair and blue eyes, wearing a black tactical outfit with a choker, a necklace with a dog tag, and fingerless gloves. She is holding a black object in her right hand. The background is dark with some lights.

Don't expect me to tell you everything!!

You still a little  
slow for me..

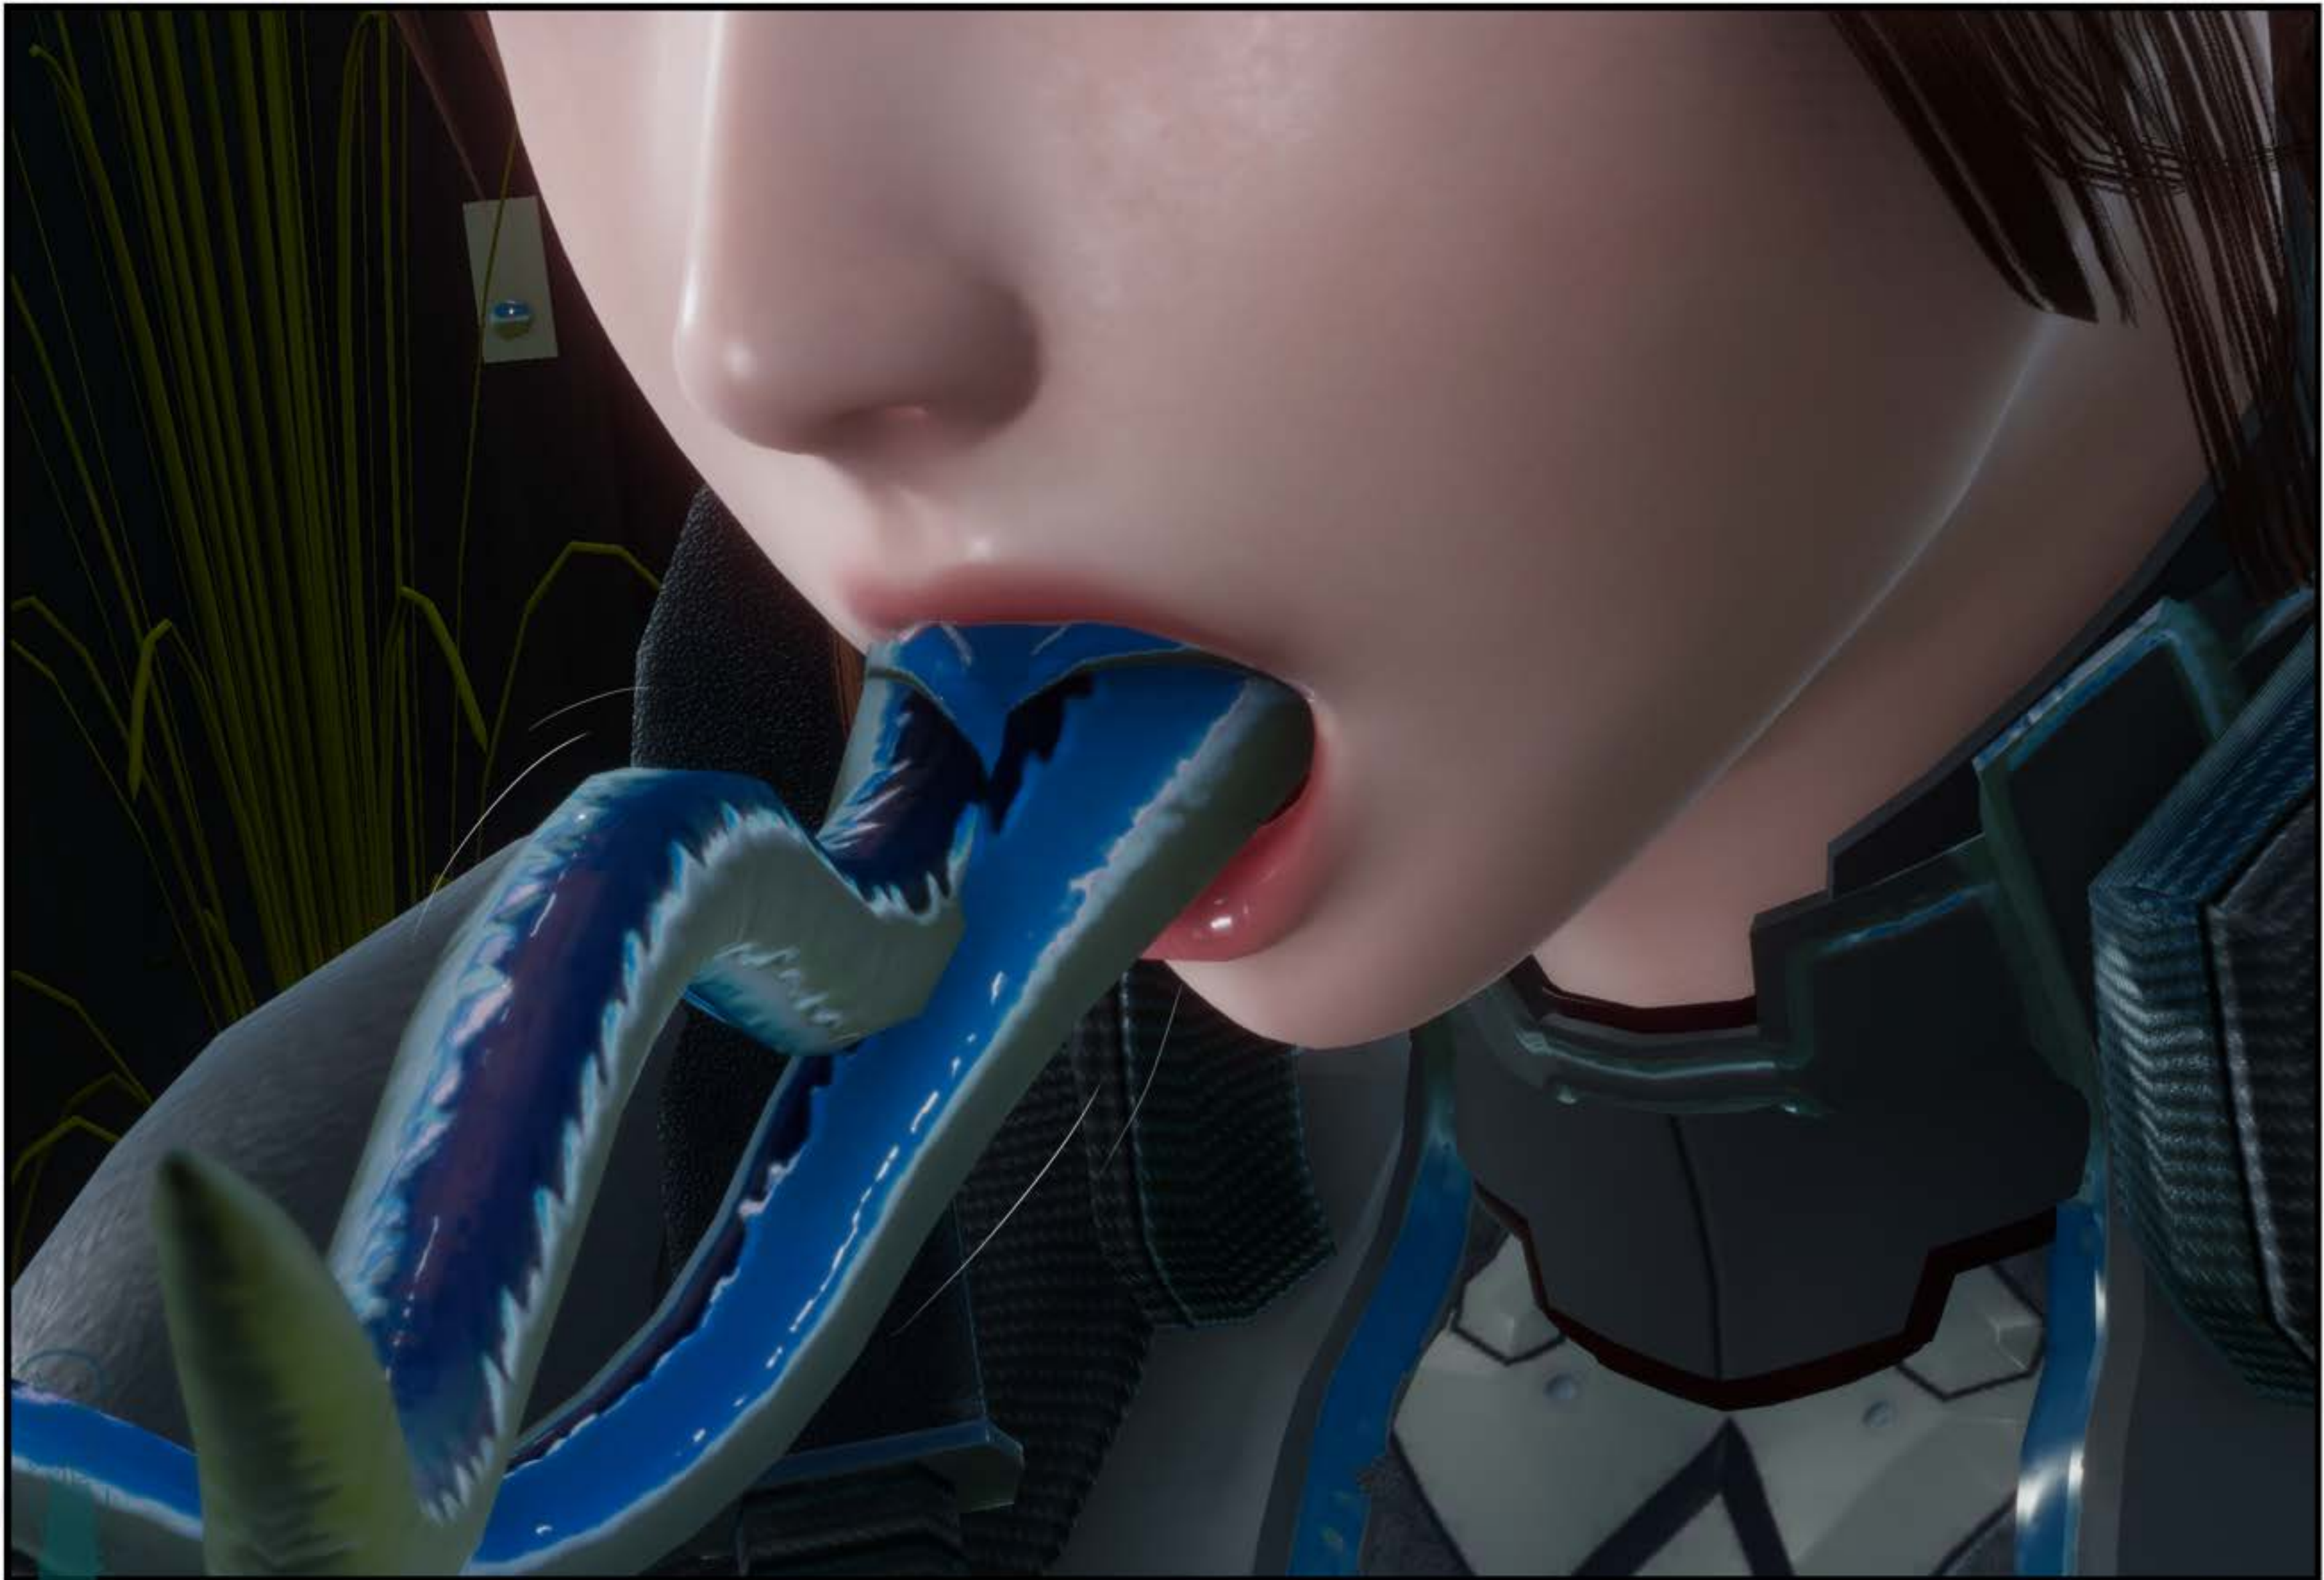

Talk, or else I will  
break your arm.

You know that's  
not going to happen..

Well, I already knew the outcome..

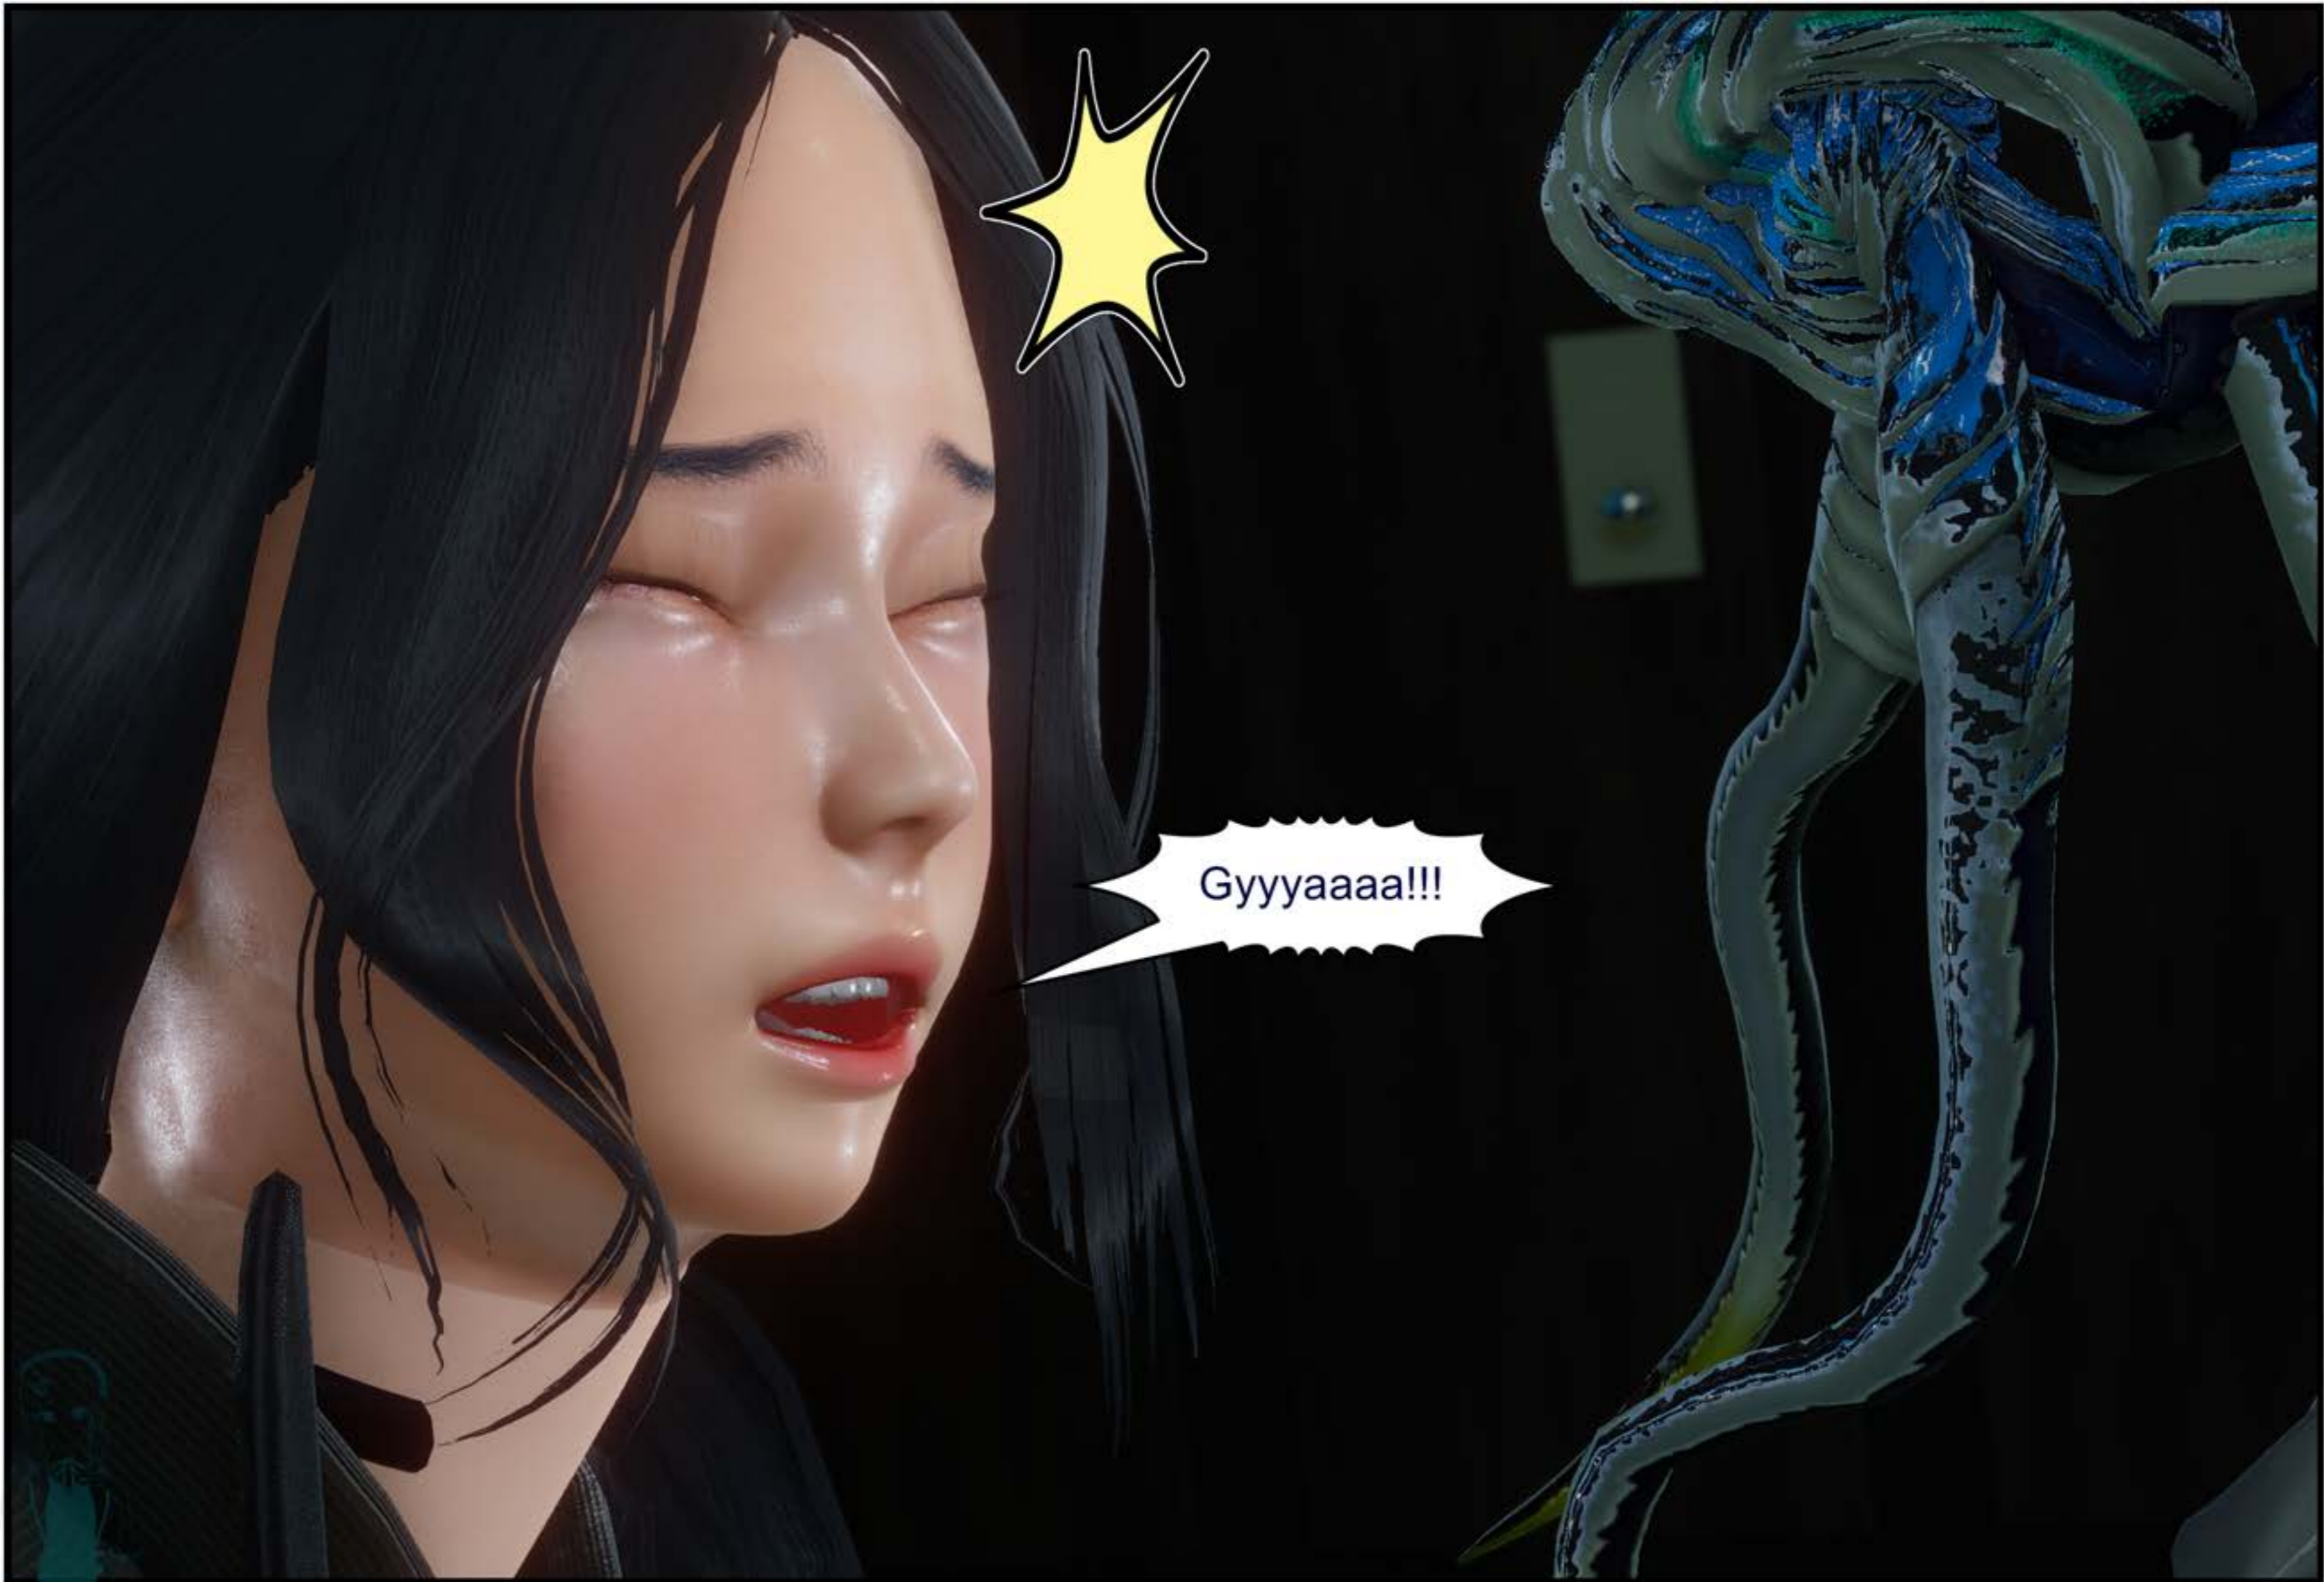

The only way to  
make you talk..

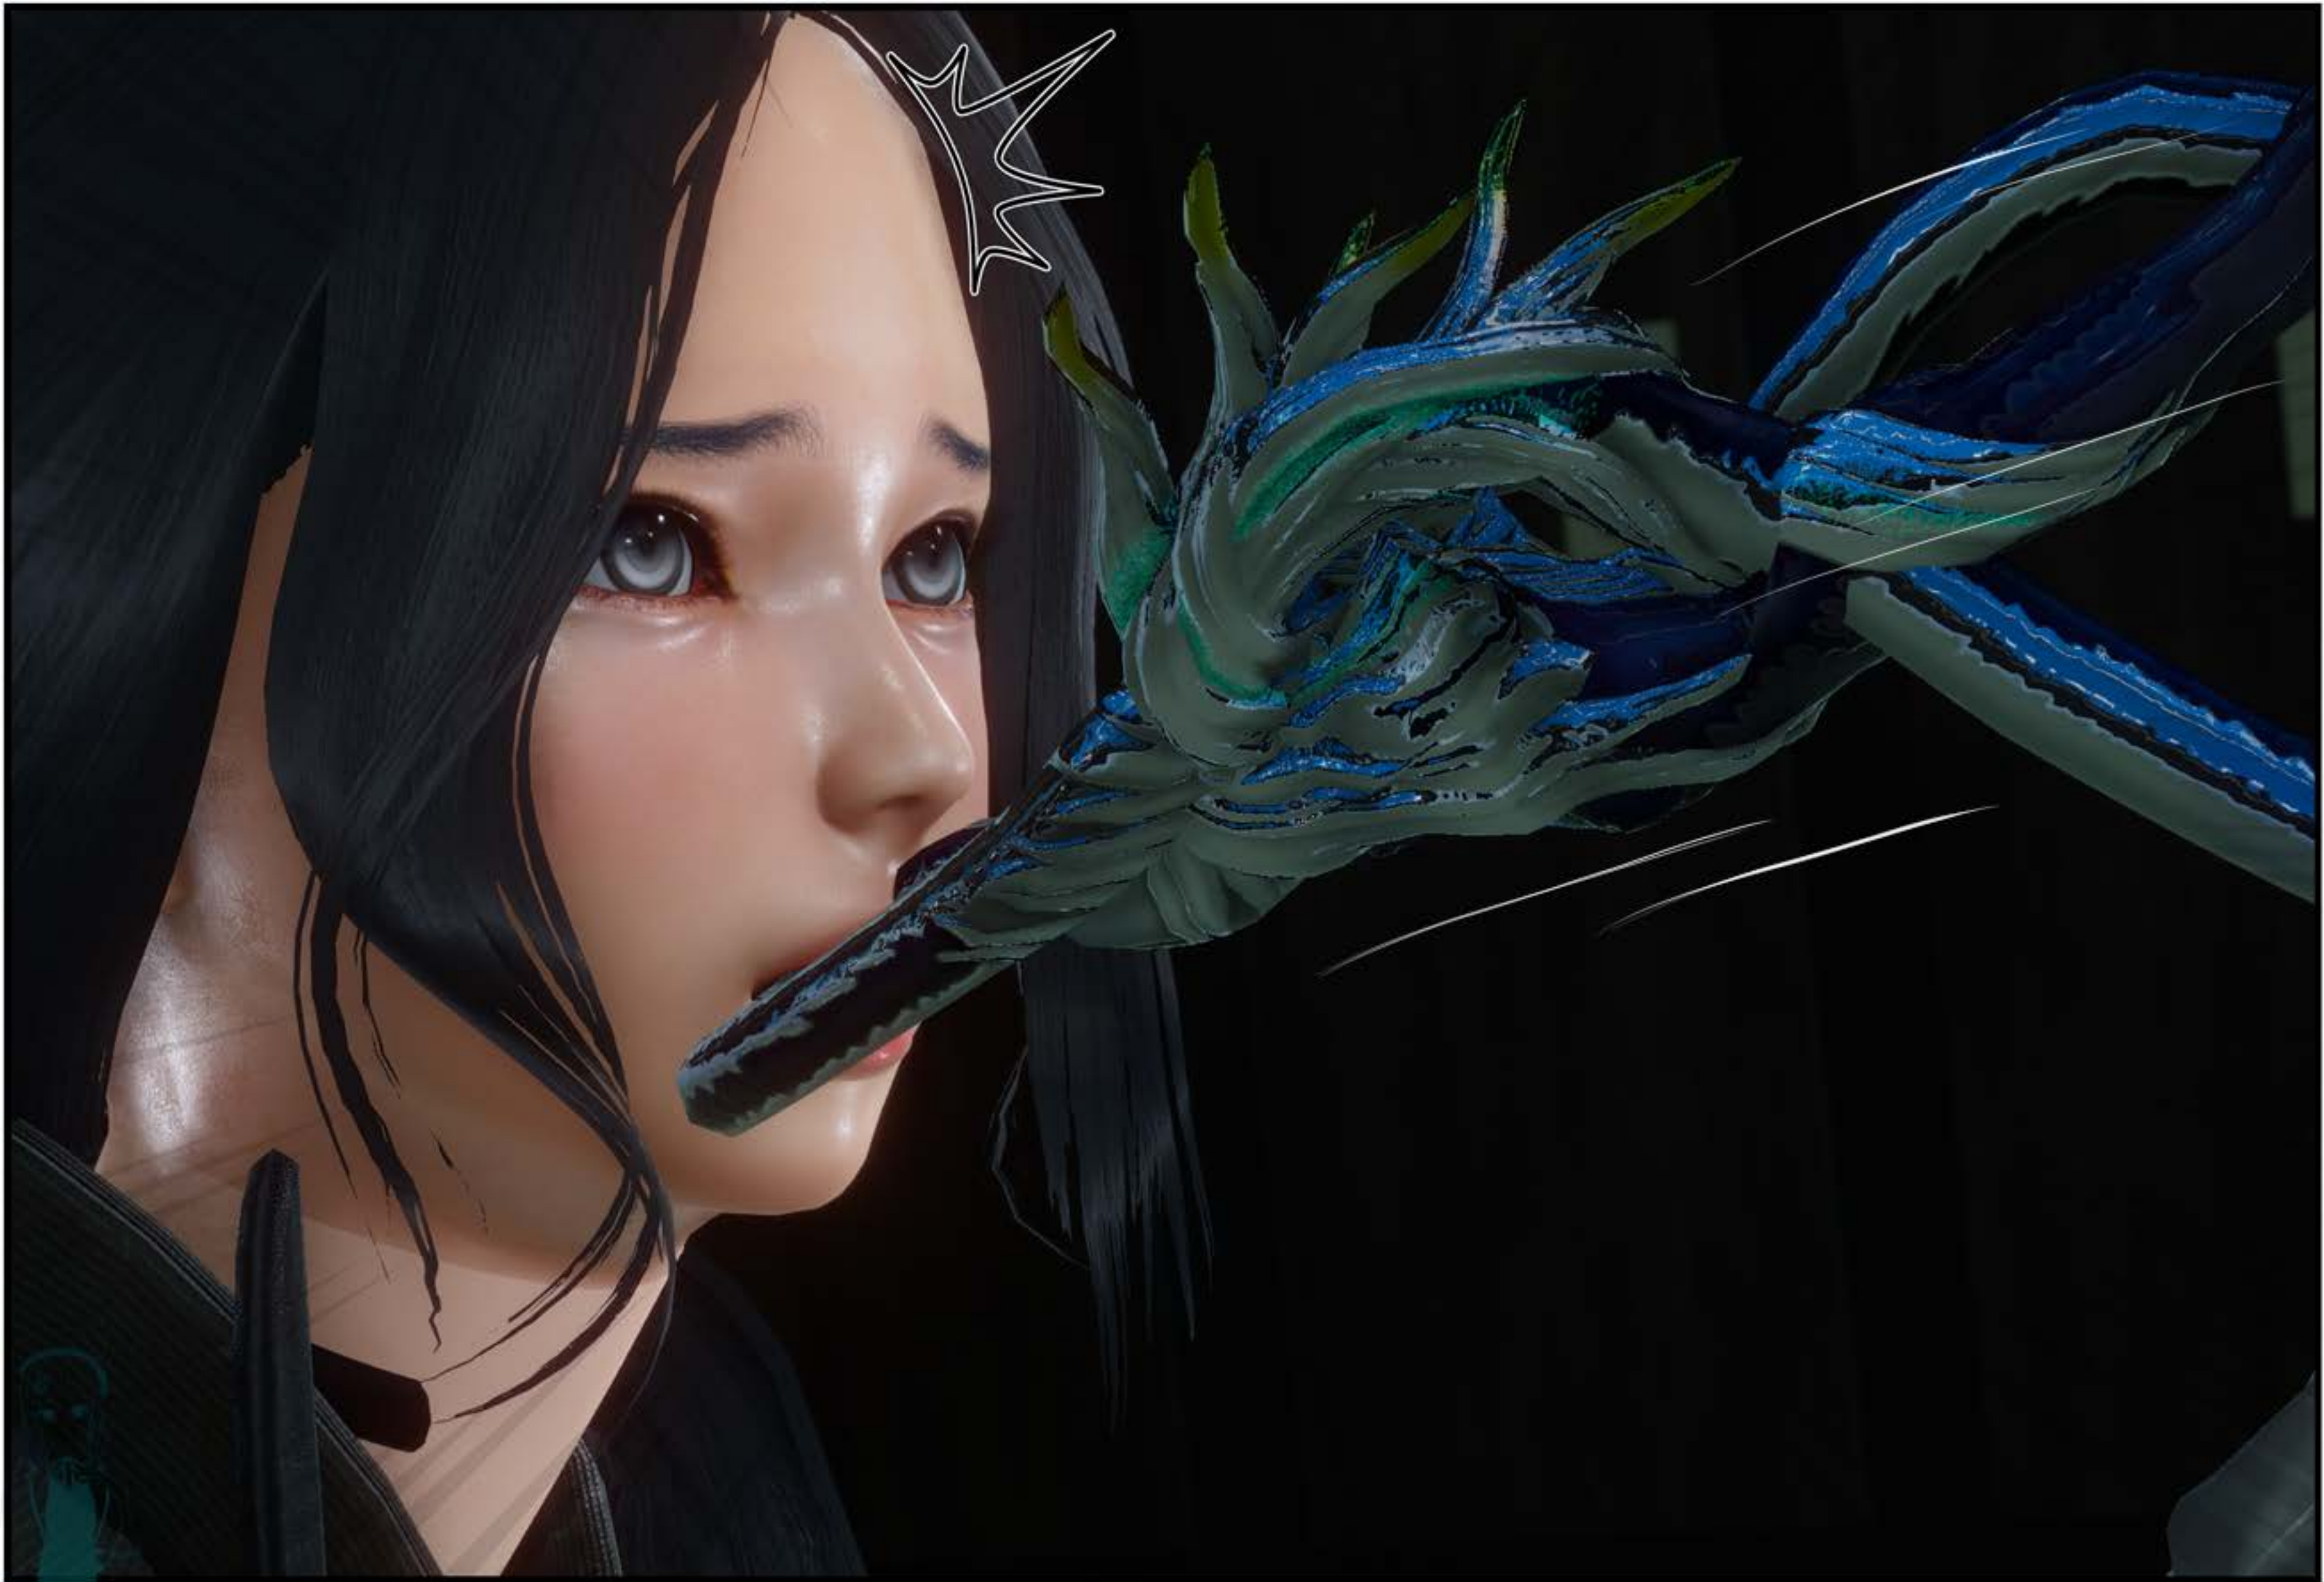

..is to take over,  
and dig inside your head.

Gyyyaaaaa!!!

Un.. Gulp.. Mm..

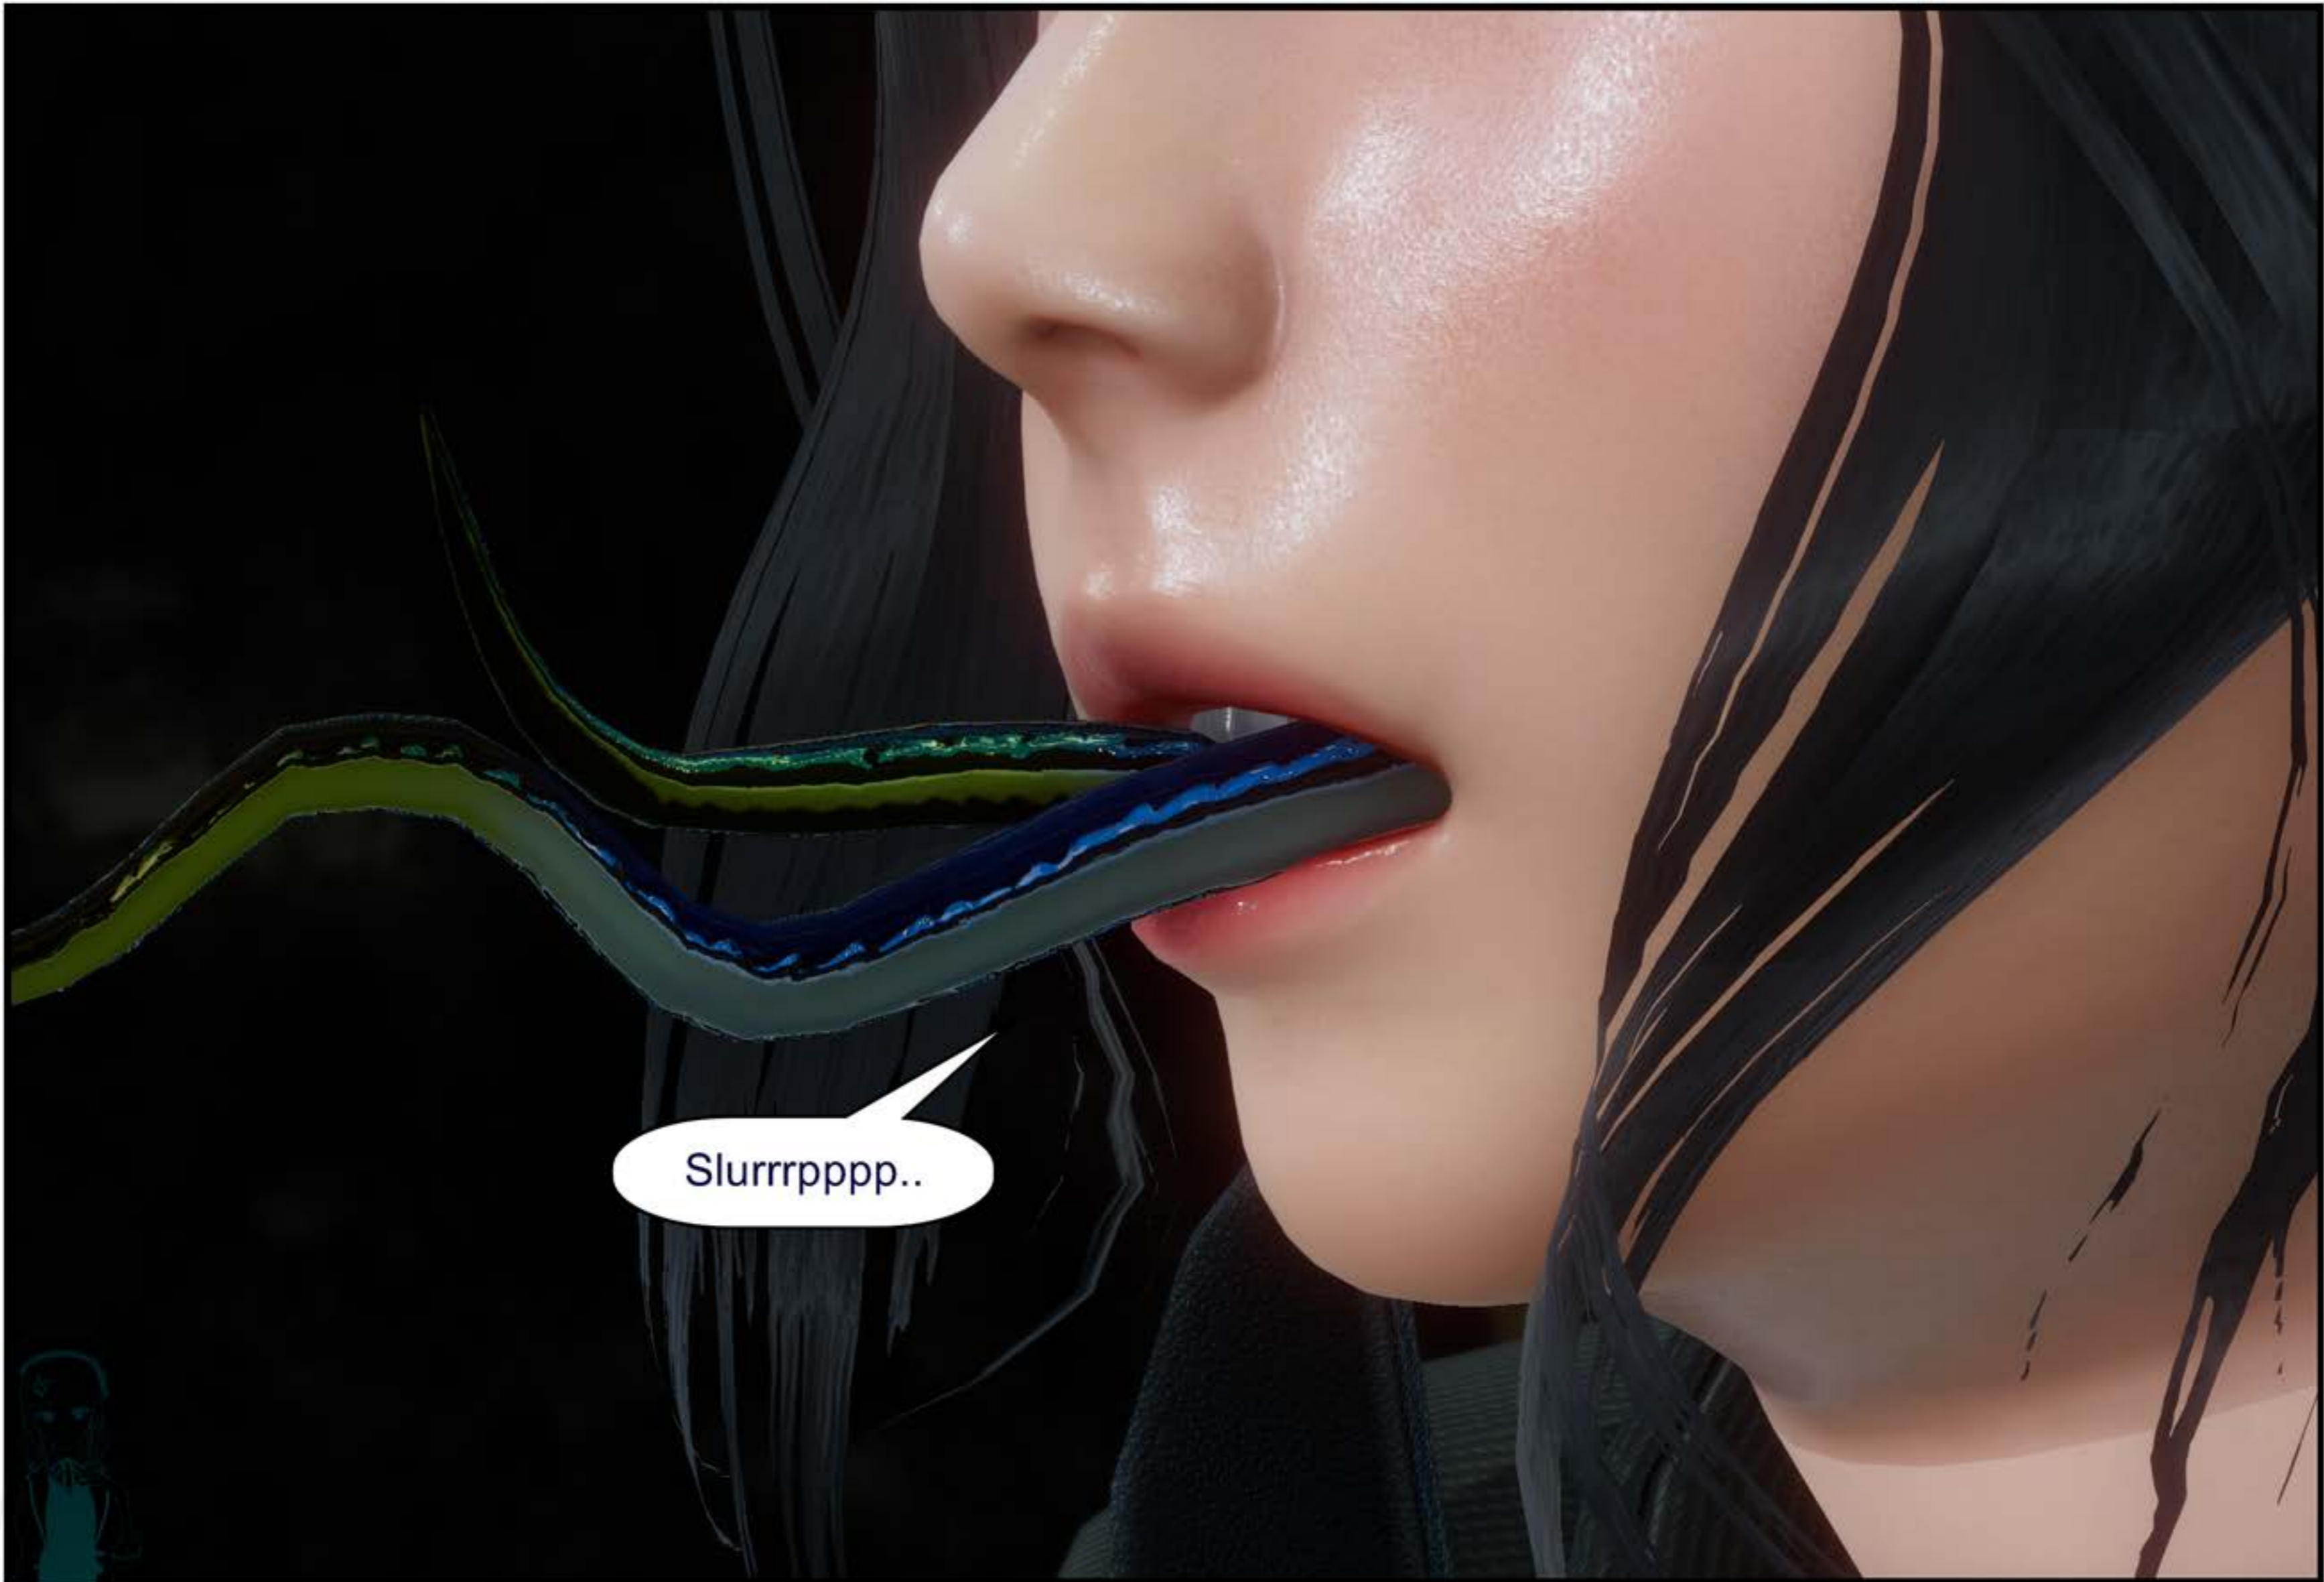

Um.. Nn.. Slurp..  
Gulp.. Gulp.. Un..

Slurrppppp..

Gulp.. Gulp..

"A compatible body..  
A little better than Yuika."

"Hm.. The blur memories..  
I couldn't read from her much.."

"Seem like.. I have to 'ask' the next one."

We should perform  
an attack on the human!

Huh..? What do you mean?

Mother was afraid,  
she has been in  
failure once..

..which is why we, her children, should do this for their Mother!

I say we are going to take over this ship, and wait until she came back..

With only two of us?

How naive you are..  
Do you think we can  
take all hundred of  
human on this ship?

A character with red, segmented tentacles is shown from the chest up. They are wearing a white, long-sleeved shirt. The background is a dark, industrial-looking environment with some text and graphics on a wall. A speech bubble is positioned to the left of the character's head.

Beside, Mother hasn't  
accepted you yet..  
And you got none of  
her ability.

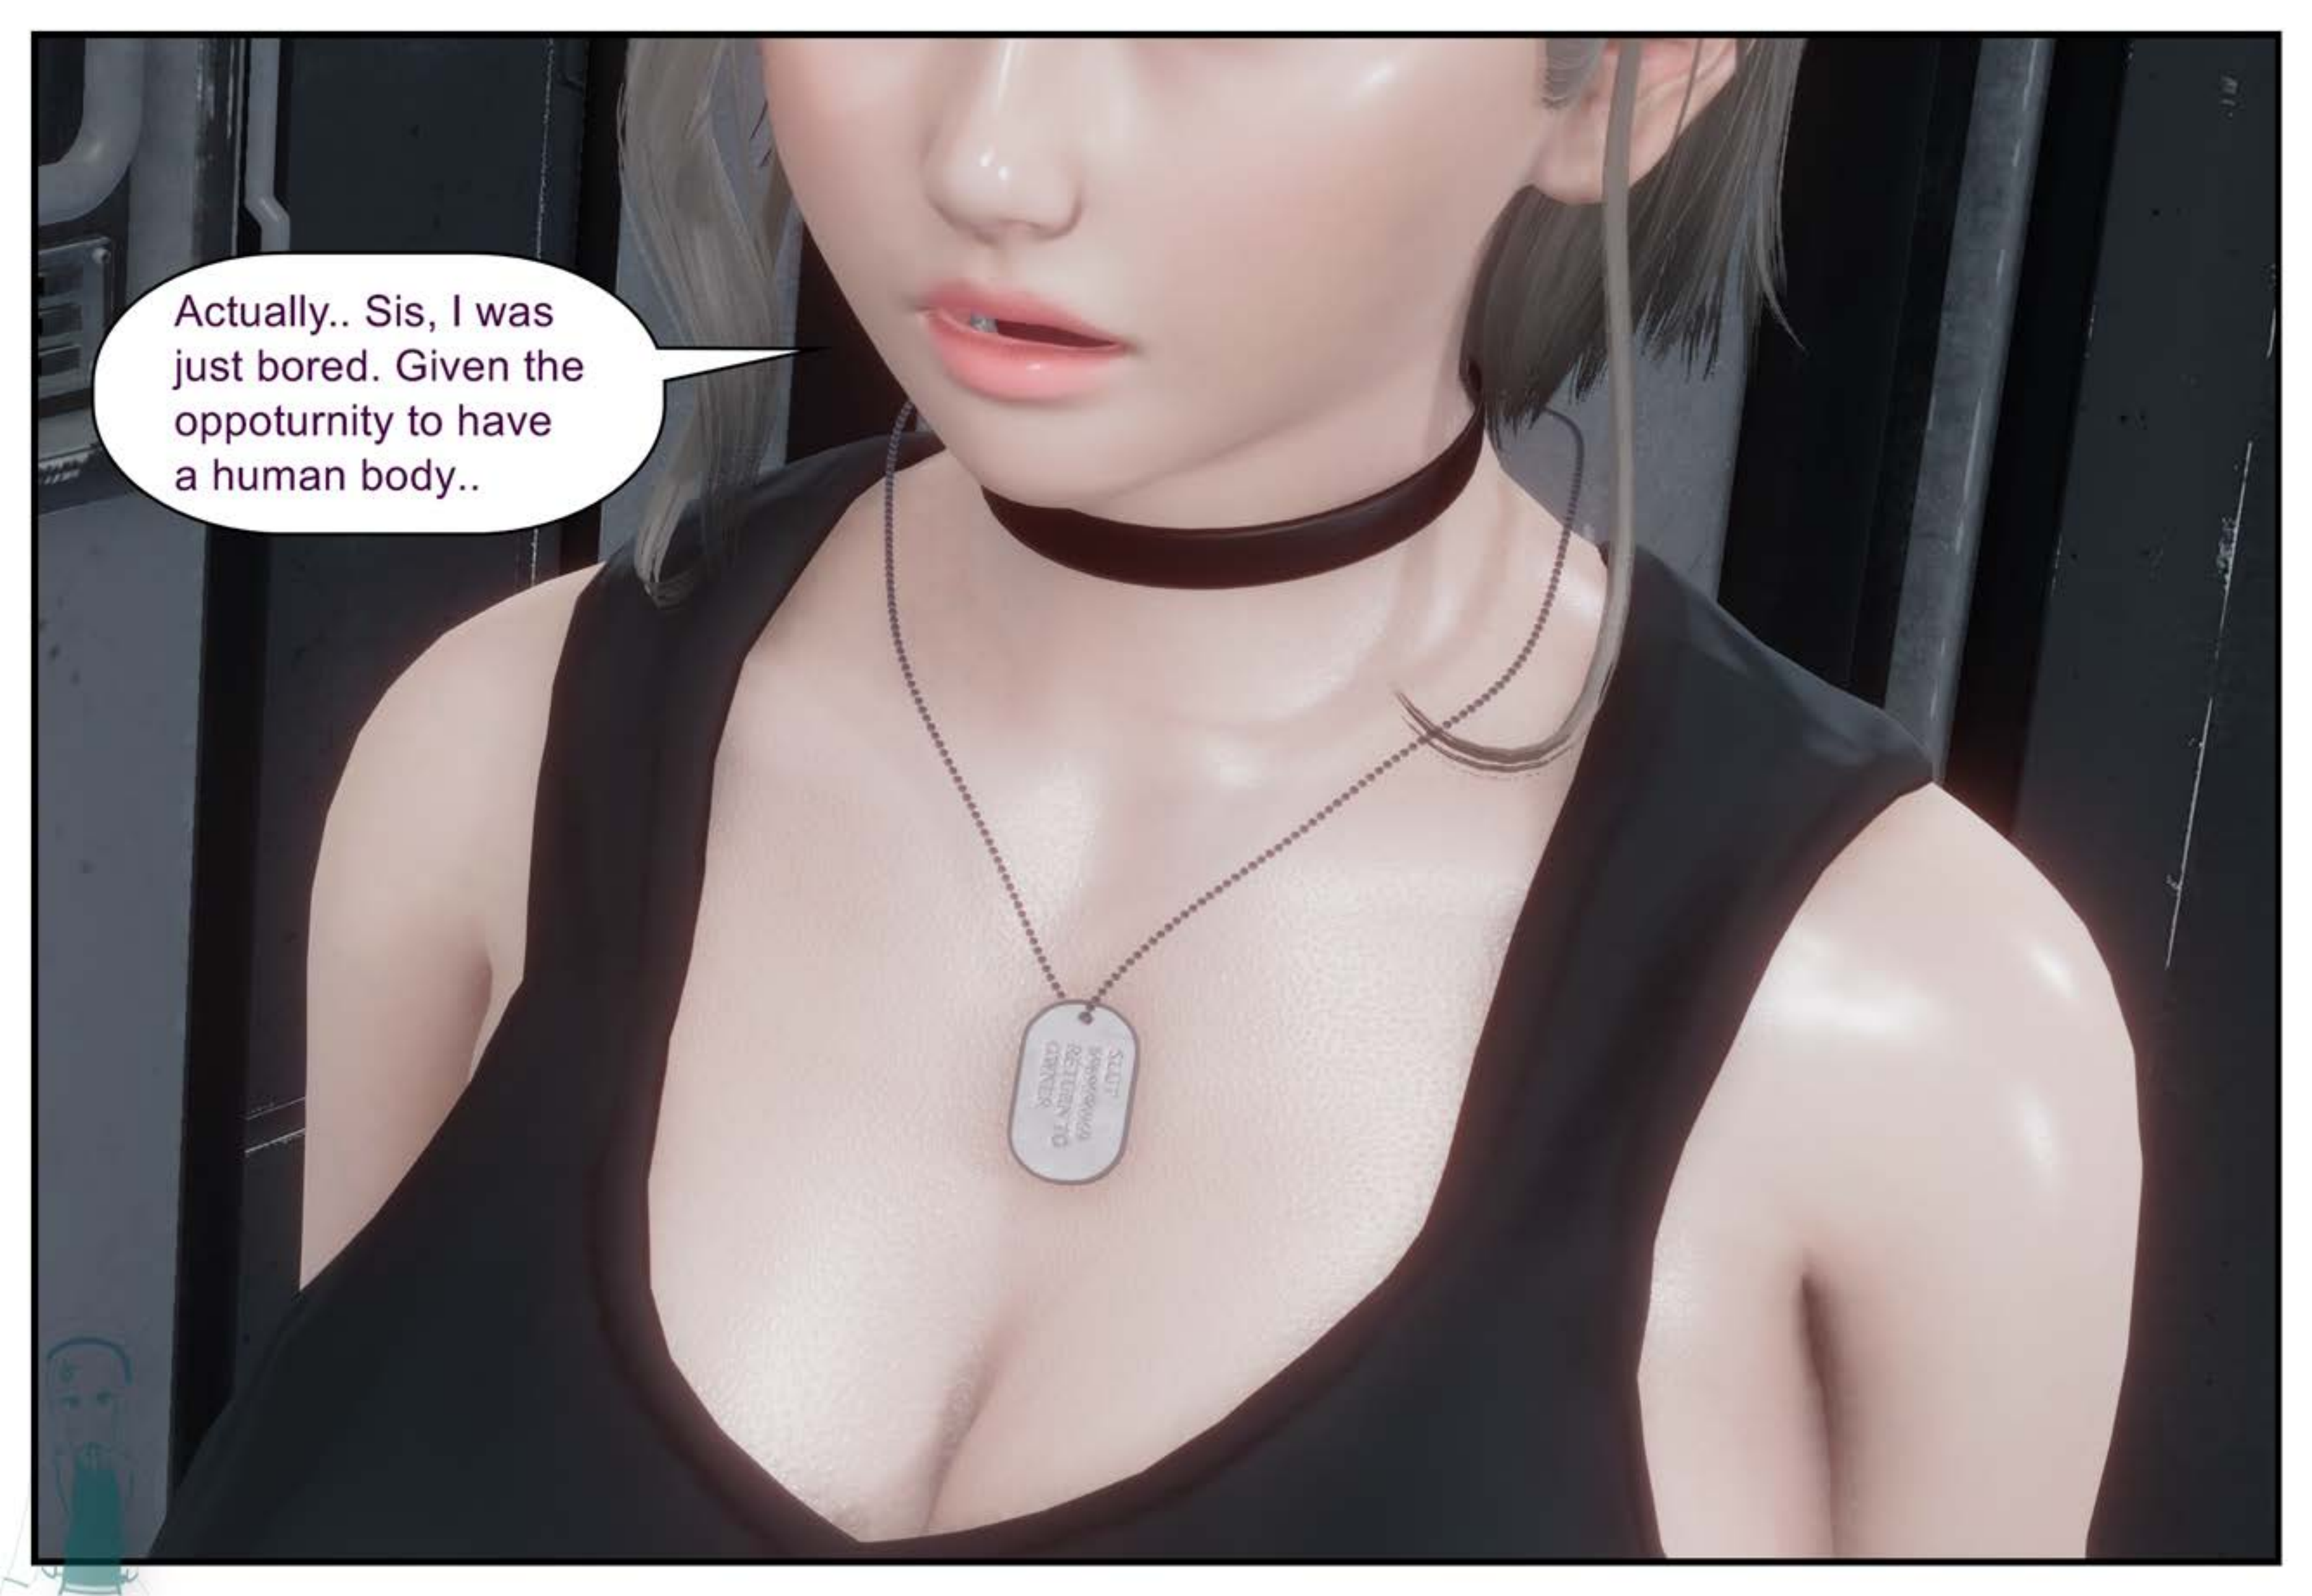

She already gave us  
a direct order is to  
stay and wait.

Are Mother's words  
mean nothing to you?

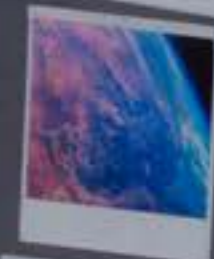

Actually.. Sis, I was just bored. Given the oppoturnity to have a human body..

SCALP  
PROPERTY  
RETURN TO  
OWNER

My mind was just  
a mess since Mother's  
lecture so..

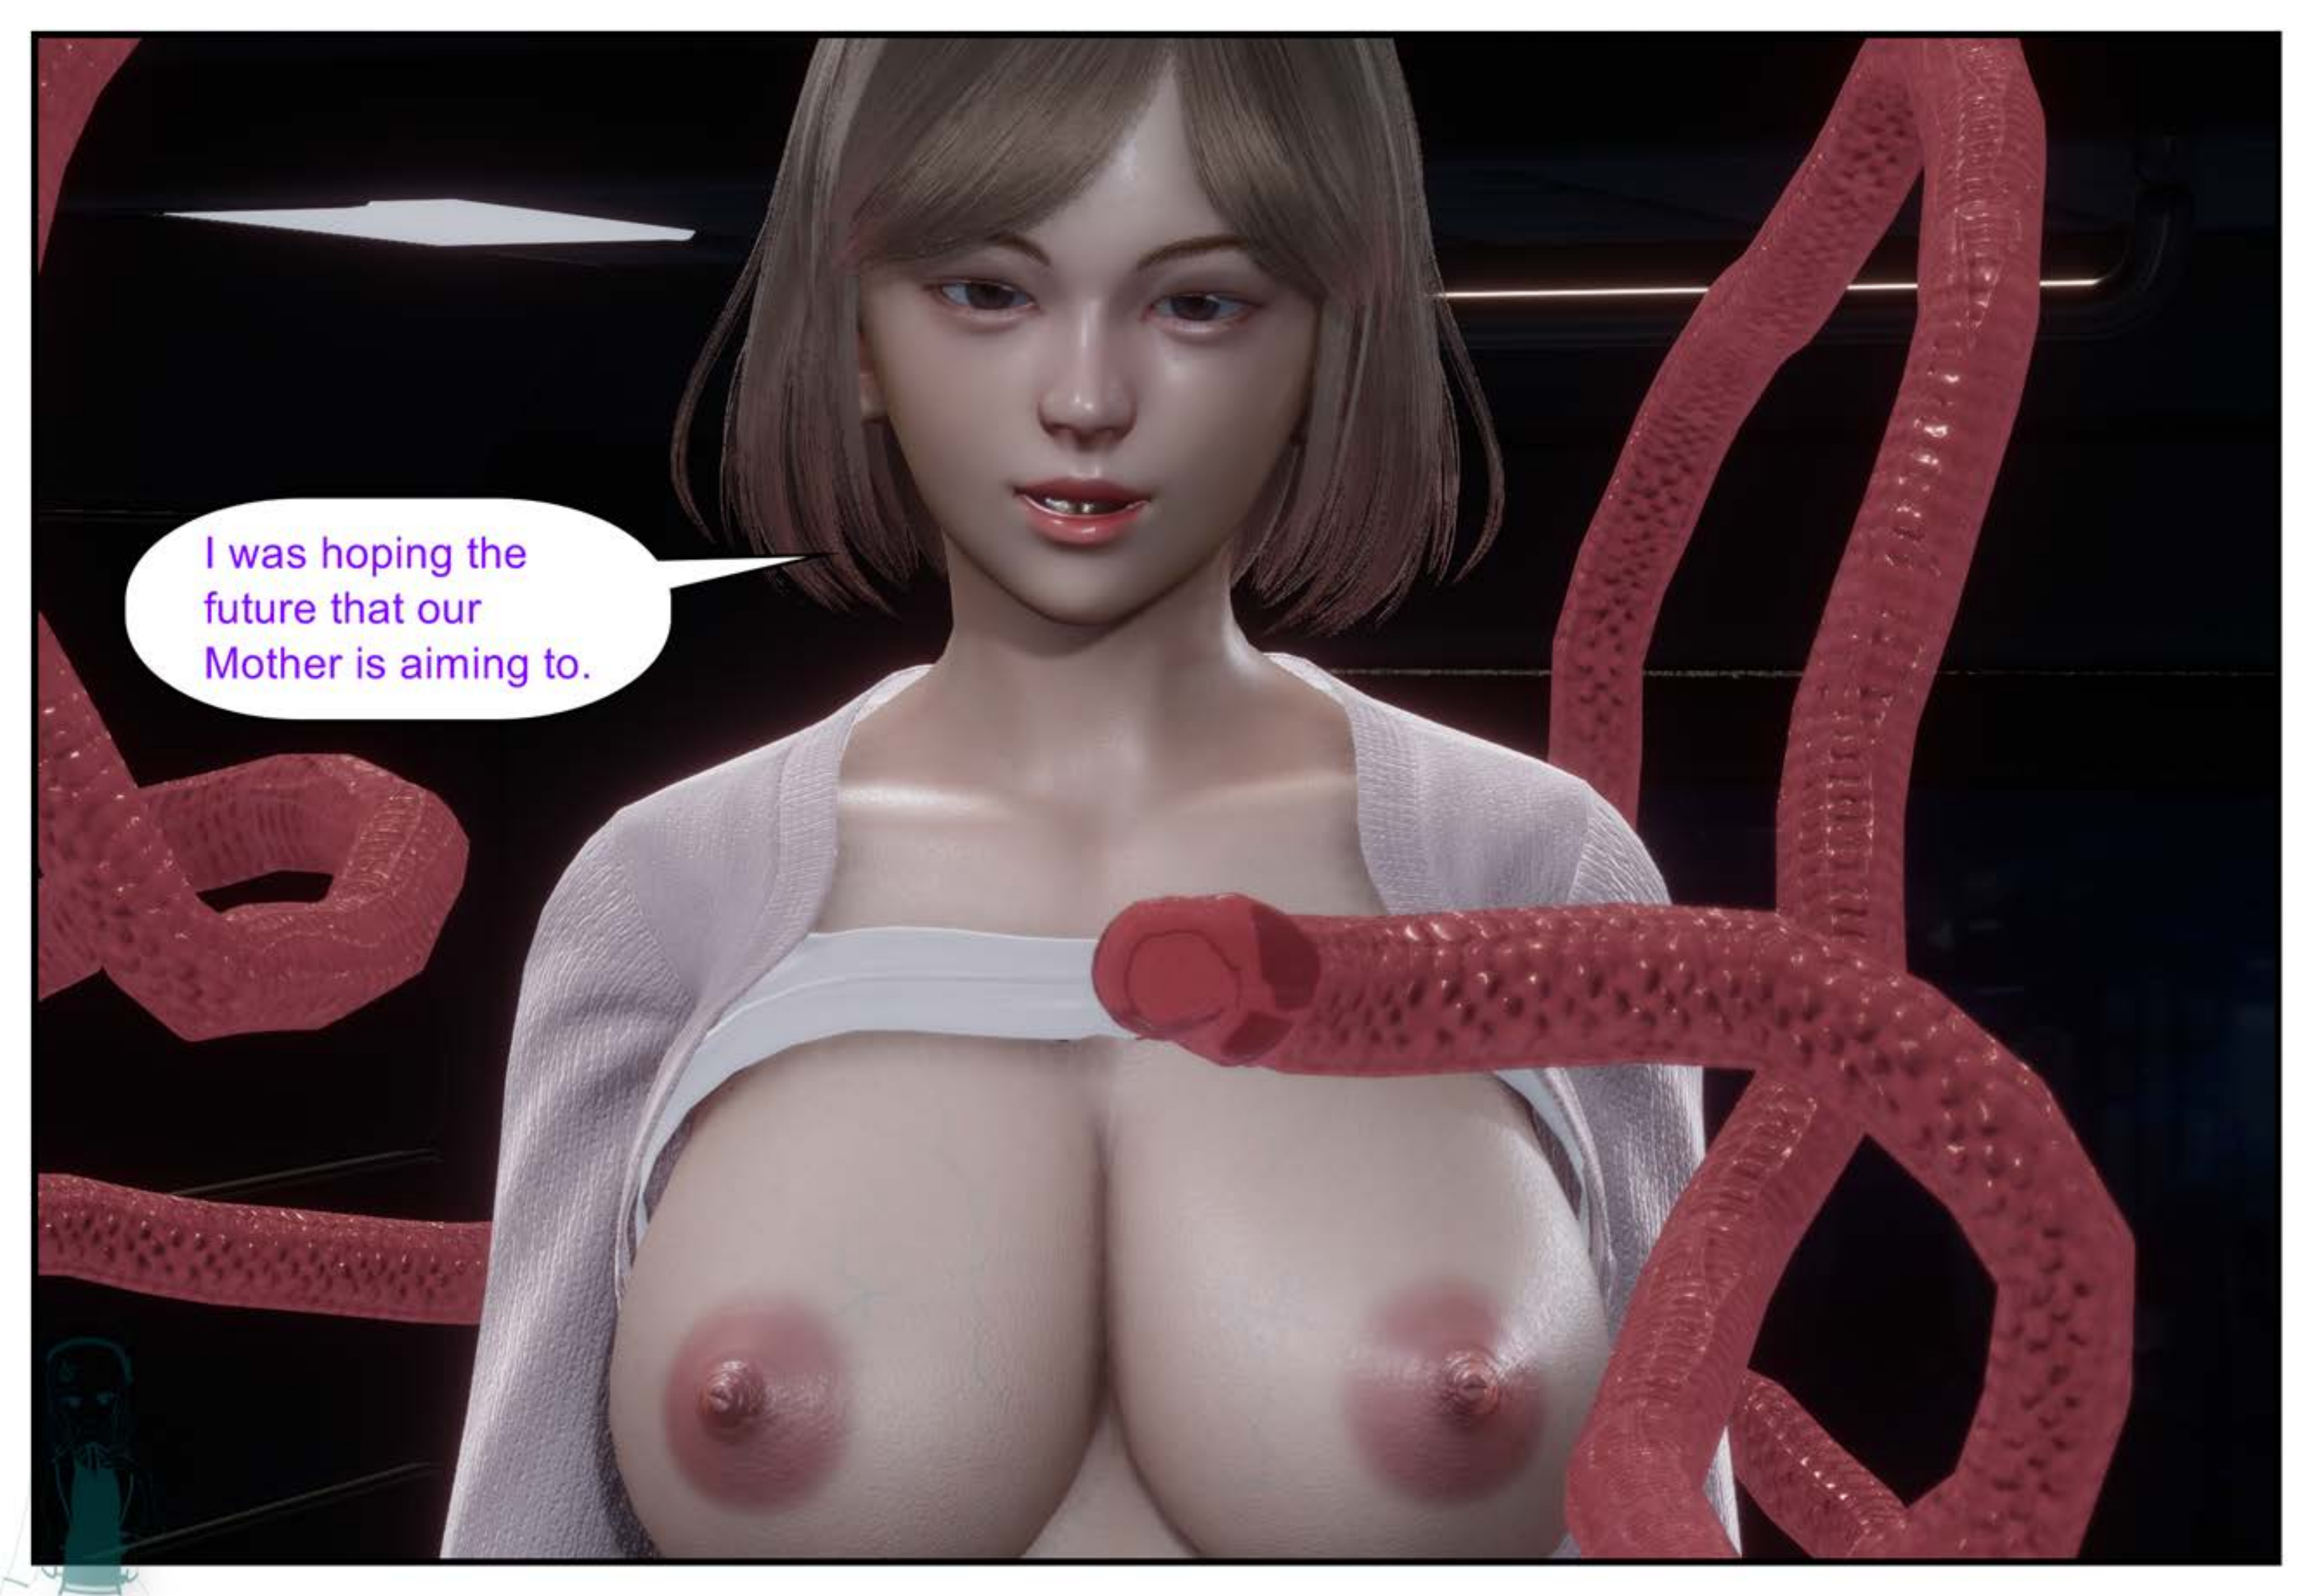

Do nothing make me  
feel a little itchy.. Mind  
helping me out, Sis?

Hah.. You almost  
made me surprised  
back there..

I was hoping the future that our Mother is aiming to.

Maybe.. she realized something after that incident?

Uhm.. Nn.. Un..  
Mm.. Slurp.. Un..

Y-Yes.. Ah.. Un..  
Ah.. Ah.. Nn..

A close-up, high-angle shot of a woman with short, layered brown hair and bangs. She has a soft, slightly pouting expression and is looking upwards and to the right. She is wearing a red, textured, possibly sequined or ribbed top. Her right hand is visible, resting against a dark surface with a large white letter 'A' on it. She is wearing a silver metal link bracelet on her right wrist. In the background, the word 'GALAXY' is partially visible in a stylized font. A white speech bubble with black text is positioned on the left side of the frame.

Hey.. Sis..

I would like.. to  
have your tentacle..  
insert into me..

You ready?

Always..

Um.. Nn.. Slurp..  
Nn.. Um.. Um..

Un.. Nn.. Mm..

Um.. Slurp.. Nn..  
Slurp.. Nn.. Mm..

I thought you would  
betray us..

Then, let's wait  
for our Mother to..

Sis.. You are the one  
who so naive.. Do  
you believe that we  
can live with the human?

Don't you worry..  
When Mother back,  
I will let her know.

A 3D rendered female character is lying on a table, viewed from the side. Her body is highly detailed and realistic, with a focus on her skin texture and lighting. She has a speech bubble above her head. In the background, the legs of another person wearing stockings are visible, suggesting a clinical or medical setting.

Now, I will be one with you, Sis.

So that I can get  
to your ability that  
Mother gave you..

I will do everything  
to take over this ship..

Ah.. I like the big  
shape body like the  
previous one..

A 3D rendered female torso is shown from the chest down to the waist. Her hands are placed on her breasts. She is wearing a silver bracelet on her left wrist. The background is a dark room with a blue starry pattern on the left and a bulletin board with various photos on the right. A speech bubble is located in the upper right corner.

I will adjust this  
host.. into the same..

A close-up, high-resolution image of a woman's upper body. She has short, light brown hair and is looking slightly to the left with a neutral expression. Her skin is pale and appears to be covered in a light, shimmering oil or sweat. Her right hand is placed on her left breast, with fingers gently touching the skin. The lighting is soft and focused on her chest, creating a sense of intimacy and sensuality. The background is dark and out of focus, with some architectural elements like a vent and a blue light strip visible.

That's better..

Hah.. This new outfit suit me well..

"Beta ship is a huge one, maybe I should aim for the smaller one instead?"

Oh.. Look like  
my tentacle wanted  
to act soon..

I was a bit surprised..  
That beside me, there  
were another parasite.

You seem to  
have a clear purpose.  
But definately not  
taking over humanity.

Well, before you try to silent me, I would like to ask some quick question.

Also, see if we  
can help each other.  
What do you think?
