Training & Stretching

Sun Sep 06, 2015 5:21 pm

Title : **Training & Stretching**

Got this random idea, so might as well post it.

During practice a guard drops his sword on his foot being distracted by a female guard stretching.

Something like the pose here with simple body tight exercise clothes, not full on armor :

– I like it.

2 things:

His right hand should look like it was holding the sword in a normal angle

The other hand looks kinda silly unoccupied, maybe put a training shield?

The rest is good for me!

– Ok, I'll make the changes

– It will happen in a sub-area and we'll see how it goes there but we have no problems to move the guy if necessary

– Yeah well I did write Castle Courtyard in my first post. So I pictured it happening outside in a courtyard, if that is the sub area you are talking about.

Hello,

How about a tavern belly dancing show? 2-3 dancers maybe. You could even add drooling patrons in trance in the background.

Browsing through the Archives

Mon Jan 11, 2016 3:10 pm

I already submitted something for January, but since there doesn't seem to be a poll for SFW events so far, I'll just go and add this.

I got this idea from Rala. Apparently she read a lot about customs and traditions and found references to sex. So there might be books still referencing it in the archives, although most of it must have been expunged already.

Location:most probably the Academy, but possibly the Castle. The Archives might be a sub-area.

Description:Elana stumbles upon two apprentices in the Archives. They have found an old record of trials, more than a century old. They decipher the ancient scroll and read it out loud. In one of the cases, a witch was accused of selling potions of contraception. She was condemned, because ending any life was considered murder. The apprentices have no idea what contraception means and take wild guesses (possibly confusing it with "contraption", "contraction" or other similar words), trying to imagine how it could cause murders. Stupid puns ensue.

Academy Lessons Fairies

Sun Jan 31, 2016 1:41 am

As Elana walk about the academy she over hears a professor teaching her students about fairies. Curiosity gets the better of her and she starts disagreeing with everything the professor says and is becoming enrage with her. She just about to lose it when the spirit bring her back from the edge.

Market Browsing!

I saw this outfit and pose and thought it would look sexy on a young noble browsing goods in the market. (Helps getting discounts you know)

Alchemy

Thu Feb 11, 2016 5:33 am

Alchemy, as an attempt to remove the lust from some of the more apprehensive students at the Academy the students try to make a potion to remove their lust. The one who Elana took the cloak from "made" an error in the substances to make the potion. And once mixed a cloud of color pink (or the color you think best personify lust) forms blocking Elana view but the sound of moaning and heavy breathing can be heard down the halls of the Academy. Elana notice a warmness as though she first met the Sprit and enter the cloud. After a few seconds the moaning and heavy breathing can be hear throughout the tower.

Black market

Sun Feb 28, 2016 5:40 pm

As Elana cause the villagers to express themselves more and enjoy themselves more. A one loss concept is reborn; the black market.

Elana over hears two villagers talking about something but the change the subject as guards come around the corner.

Later Elana hears of a location of a place that has wears of items she can get from Rala. Clothes, sexy underwear, some different types or more powerful potions stolen or sold by wizards in the Tower, and so on. When Elana finds the location she can get past the bouncer. (Even lust is surprised by how big the guy is. Just actual height but Lust does make a conjecture of the other size and feels inadequate). And to make things worse he protected from magic.

So Elana hides and learns the password. And tries again the next night. But the password changes nightly. She is about to get into to a fight when Rala shows up and bribes the bouncer to leave her alone. Rala gets them both in because she is a member. And Elana mets the someone to become a member. And now she can come and go as she pleases.

The Blackmarket due to it being a blackmarket with an unsteady supply has a shuffling inventory, and doesn't have anything Rala sales.

RELEVANT COMMENTS

A: Ok, this is what I thought to make it a "simple" event because if we made it a whole new shop from the begining with clothes, potions... and consequently it's effects, images... could turn this to be a couple of months of work to us.

We are going to add a two new item for next chapter, some kind of magic jars or containers, with the power to contain magic entities and some kind of a visor to see where are magic/spiritual ingredients.

The seller could have four products with a choice text box, and 2 could be not important, Elana don't want or can't buy them and the other two are the mentioned before. Then the black market could remaind as a resource to us to include exotic objects to the game when we'll need it.

Spoiler P.S.: The entities caught with the magic containers, will be other spirits and beings Elana will use for actions, combat, quest (maybe and just maybe with the possibility to train them to make them more powerful) and the the ingredients found with the visor will be used to make a lot of potions with magi effects of all type.

B: More of a shady vibe with kind of like a "speak easy" feel.
Speak easy is a hidden room that back in the days of Prohibition (alcohol was illegal).

A: This will be a sub-area of the renegades settlement so it will take a little until we'll start working on it.

A: We'll adjust it a little to make it fit with how the story is going but the essence will remain the same.

"Fishermen"

Sun Mar 06, 2016 8:11 pm

With the beach being opened up as a sub-area, perhaps Elena encounters "fishermen" in the form of Loola's clone and friends. This could potentially be a way to introduce a black market and/or a very tough opponent to spar against to encourage people to level their combat abilities and get a NSFW scene if Elena wins.

Initially the fishermen would deny being pirates despite being very obviously so and would chase Elena away. Elena would notice the resemblance between Loola and her clone and ask her about it. Loola is fairly evasive about it until she needs Elena to retrieve a shipment of fish and so she puts in a good word for Elena and she is able to return without being chased away. At this point Elena would have the option to spar with Loola's clone(which she'd get beaten pretty easily unless she's spent a decent amount of time in combat training) or drinking with the bandits which could result in another NSFW scene and it becoming the next day. After drinking and sparring enough with the pirates, they decide to take pity on her and teach her some moves which could be a one time bonus to combat damage and HP.

I liked the idea of there being two Loolas for a few reasons, the first two being large and obvious, but I also like the idea of a bandit being just as friendly and good natured as Loola despite being a very dangerous pirate. (and who knows what potential scenes could happen between clones.

Watchful Robin sucks!

Fri Apr 08, 2016 2:13 am
Location: The Houses

During the night, The "Green Spirals" woman is in the alleyway with a can of paint drawing a very unflattering picture of what she thinks the "Watchful Robin" lady looks like on the alleyway wall. One of the younger people is keeping watch for the guards and trying hard not to laugh at the ridiculous drawing.

Hit better, not harder!

Sat Jun 04, 2016 11:24 pm

After Kaeryn watches Elana brawl with a few of the guards and lose, she shows up and breaks her out of jail "just this once" and offers to teach her where and how to hit in order to do more damage to armor. Kaeryn would like more sex lessons but before Elana can show her anything, a bunch of guards show up and they have to escape. (Potentially opening up an NSFW training scene for Kaeryn later)

Watchful Robin revenge (SFW)

And it got me thinking about a follow-up of the "Watchful Robin Sucks" event.

After seeing what the Green Spiral's lady did, the Watchful Robin lady, furious, decides she has to do the same thing but better. She has to put it higher than her so more people can see it.

The event could picture her up a wall/fence, holding herself to a post and trying to paint with one of her hands her picture higher than the Green Spirals lady.

I think the mix of the wall/fence pressing between her legs and her smaller boobs pressing on the post like the reference could be sexy combined with a feeling/expression of clumsiness as she's not particularly agile.

Strange candles

Tue Jul 05, 2016 8:42 pm

While wandering through the crypt underneath the temple, Elana discovers a beautifully carved candle holder and a small box of strange smelling candles. Dust and spiderwebs are all over this section of the crypt, so clearly these haven't been disturbed in some time. Elana decides to take them with her and lights one just before she goes to sleep.

The candles increase the chance of having a good night's sleep and may even chase off some of the nightmares. Separate events with this could involve evil creatures being unable to enter an area lit by the candles or even a prelude to Elana being able to dream walk while one is burning.

Ship-Graveyard

Tue Jul 19, 2016 10:40 pm

So, some of my favorite work of Roots, by far...is his backgrounds. I love how the trees and architecture look and had an idea for potentially a new area or at least a background that could show up for some future events

In the deep waters around the island, scores of broken and ruined ships lay scattered about...some impaled on jagged spires, some strangely intact. Amongst the watery wreckage the darker, more sinister denizens of the sea make their homes and have turned the area into a shadowy city lit with ghostly lights. A massive chasm lies off to the side, it's bottomless depths the home to Scylla...monstrous queen of Sea.

Perhaps it could be another location for Elana to corrupt, not as big as the city with multiple locations but a single area with access to both the merfolk and the sea monsters that come out at night. It might even be a decent spot for the black market since Scylla sends so many ships to the bottom of the sea. Perfect for all sorts of salvage.

I most definitely have a lot more ideas for this, I just wanted to "test the waters" before I flood you guys with info.

Drunk Guy Part 2: The Drunkening

Wed Sep 07, 2016 1:00 am

This takes place at the tavern after Elana has purchased a lock for her door and is sleeping there.

Elana wakes up to her door handle being rattled followed by stumbling down the hall and another door being opened. You hear the couple that normally argues all the time sound surprised as the drunken guy staggers in and collapses on both of them and completely passes out, trapping one or both of them like he previously trapped Elana.

Obviously this could lead to some NSFW scenes with the drunk guy and the couple if Elana comes in and finds a way to wake up the drunk somehow. (Maybe another use for the winter potion?)

What? Not again! How did you even get here?

Thu Dec 01, 2016 9:30 am

This event takes place in the Forest while Elana is sleeping and after she's unlocked the room at the Inn and encountered the drunk.

Somehow the same drunk guy has stumbled into the forest in a drunken haze and has yet again managed to fall asleep directly on Elana and ruin her sleep. This time, when he wakes up and staggers off, he forgets his pouch leaving 30 gold

Maybe it's just me but I love the absurdity of the same drunk guy somehow finding Elana no matter where she sleeps and passing out on her until she can somehow get that guy to pass out on someone else.

OLD NSFW POLL WINNERS:

Taking Cumfessions (August 2015)

Wed Aug 12, 2015 3:39 am

I'll also break the ice to add a few options for polls.

Title : **Taking Cumfessions**

Not a really original title, i know *ahem*

So basically, with all the changes happening everywhere on the island, even in the church of Stalos itself, Supreme Sister Jane decides to take confessions to "exorcise" the changes out of the people of the island.

See sketch posted by Knot Games (**Had to edit, the final outfit looks too good**):

*If it is conflicting with the story you can put a random priestess, but Jane's outfit is sexier imo.

Location : Church

The sister is in a confessional and is giving a blowjob to someone in a another, like a glory hole. She is doing this for her god, but she can't help masturbating while doing it.

I would personally prefer, if it can be Jane, that she keeps her outfit on, but we can clearly see her erect nipples through it

RELEVANT COMMENTS:

A: Provably can't be the supreme sister who will perform that event because of the main story but the texts for her are not wrote yet so we'll try to think in a way it can be

A: The religion will divide int two branches. Could be a service of the new branch for their followers. Maybe they could wear a new outfit to differentiate or have another Supreme Sister (not as a new singular character but with an specific look like the villagers in the fores playing in the lake for example)

B: Yeah I got no problem with that.

Since we know little of the story you planned, i come up with ideas with what you've released.

We'll see how the poll turns out, and then we'll discuss details if needed.

Hard Wood (January 2016)

Sat Jan 02, 2016 6:10 pm

First things first, a happy new year to all of you guys!

I've got this new idea for an event, or possibly several linked events if you think they can be interesting. This should not trigger before Elana has used the Second Ritual at least once.

A woodworker is collecting branches in the forest when he hears some strange noises. He approaches silently and finds Elana pleasuring herself (as seen in the Second Ritual). He had never seen a woman using such an object, and he finds this very intriguing and arousing. (This part could be revealed later or just hinted at, but I would find it funny to have a small chance of a silhouette with eyes wide open appearing randomly in the bushes when you use the Ritual, with a text message saying someone is running away if you click on it.)

The event itself would then trigger in the Marketplace. When Elana is observing the place, she finds the woodworker with a stall full of wooden copies of Spirit, claiming that they bring luck and happiness and explaining how to use them to some clients. A choice could be offered between leaving the man alone (thus ending the event), confronting him (he would admit that he got the idea from watching Elana and offer her some gold coins as an apology) and following one of his clients home to spy on her (voyeur masturbation scene).

If this ends up being implemented in the game, it could be mentioned again at a later time: those wooden dildos could become so widespread that the Church would consider them pagan idols, try to confiscate them and burn them, and/or imprison the woodworker. For those opposing the Church, on the other hand, they would be a symbol of resistance.

Voyeur 4

Sun Jan 31, 2016 1:26 am

So a continuation of this mini story. Where the kids come back only this time instead of her chasing them away she suck them both and then they Eiffel tower her.

Prison Bitch

Sat Jan 30, 2016 8:02 pm

I was thinking that for Prison/jail that every so often when Elana gets caught she in a cell with a career criminal who manages to keep getting out. In this for some gender growth in the game a guy (Elana has the strong urge to have her way with him). Will he not easy influenced by Elana and she ends up being his bitch. like do this, get this, and help him escape. Just not sexually ... yet. Will as Elana get more powerful she starts to influence him. Until Elana use some magic and half jokingly says something highly suggestive. She finds herself getting taken from behind and enjoying it. A female guard hears the moaning and thinks there's a fight and try to pull the two apart. Will Elana not wanting that, uses some more magic and it turns in threesome. The two take the guard's key and escapes. Next time when Elana gets captured he there and tries to be the dominate role the sprit nudges Elana to be the dominate one and a real fight ensues that leads to Elana winning and telling him what to do or Elana lose and get used but doesn't seem to be complaining either.

Hanna and Elana

Sun Jan 31, 2016 1:36 am

After Hanna does her thing with the boys in the woods her friends and the boys go back to town Hanna stays behind. Elana wanting something after that display comes up behind starts playing with Hanna's tits. Hanna moans softly and Elana puts a hand down to Hanna crotch which is soaking wet. Elana changes position and eats Hanna out with Elana pussy right in front of Hanna mouth and Hanna starts to mimic Elana.

Phsyical education

Sun Jan 31, 2016 2:25 am

First Elana hear about the magic detector going off in the professor who insulted fairies going off and how no went to check. The guard said she was just punishing the students for doing something wrong.

Elana run into the professor who was insulting fairies. Elana notices how she looks at the young female students. So Elana feels like it time for some punishment. She get some essences of the spirt in her mouth and gives the professor a surprise and passionate kiss. this has a instant affect on the professor. And Elana whisper show to your room ma I've been a bad girl. The professor seem to really respond to those word and had a glim in her. The professor then grabs Elana's hand without hesitation and drags her to her room and locks the door. The professor tell Elana to take off her clothes. But Elana ask about fairies before doing so. This enrage the teacher and she goes to perform magic but Elana had the draw on her and the professor seems to not be able to control her magic or even handle due to sudden warmth in the room and in her crotch but Elana was untouched. Elana then disrobes with her back turned to show her wings. After a second Elana hear wet noises. Elana see a paddle on a chest she next to and grabs it. The professor continues to touch herself and then Elana commands her to stop but she doesn't. Grabs her and bends her over the bed. Tthe professor still playing with herself as Elana use the paddle and a scream comes from the professor. She then stops. Elana then ask about fairies again she start talking about them insultingly. Elana use the paddle till the professor cums violently. The Professor stops bad mouthing fairies and now comes to Elana to be punished.

Sea monster

Sun Mar 06, 2016 10:50 pm

I thought of idea. Of course it a cliché but some of the best ideas can be. Elana takes a stroll on the beach notice some swimmer in the water. Loola offers to give her swimming lesson (Loola makes the most sense due to her being a fish monger and for other reasons). After a while of the lessons Loola tells Elana to get out of the water but Elana still new to swimming and manages to get tangle in some seaweed. Loola with her natural flotation devices ties to pull Elana ashore. As the get close to the shore (the cliché) the tentacle monster garbs hold of them. Loola is defenseless against the monster. Lust then tells Elana to use her magic as it is their only hope. Elana use a spell on the monster the first to come to her mind; Arousal. Will you put the rest together. And now Elana has a second pet.

Wet Floor

Mon Mar 07, 2016 3:57 am

Church

Supreme Sister Jane is caught off guard when one of the faithful drops her mop and bucket and while picking it up accidentally slides the mop handle between Jane's legs and partially into her vagina. While shocked, Jane doesn't have time to compose herself and looks like she might have actually enjoyed it. The faithful is completely clueless to what she just did and paying attention to her own wet robes and spilt bucket.

(Is that too complex for an animation event?)

The Mermaid

Tue Mar 08, 2016 7:19 am
Here's my NSFW beach event

Location : Beach

Here is the picture of how the mermaid should look like, off course with a Knot/Root twist.

Makes me wonder if a mermaid could be a singular character, would that make sense story-wise?

Pirate's bet (Updated with Leela)

Tue Apr 05, 2016 4:57 pm
Location: Where it fits, tavern, beach...

Clara (see picture below) would be a rival pirate coming to the island, since she comes from another land, she could already know a lot of sexy things and be close to a nympho.

She would engage Lola's look alike in a game of dice. The winner can punish and humiliate the other. Clara would cheat of course and win.

She would wear a dildo strap-on and punish Lola's look alike. I would prefer their clothes to be kept on but opened enough to reveal their "assets".

And Voilà, the way's open for Lola's lookalike to have her revenge

The pose I have in mind is this, of course replace the male by Clara with a strap-on.

Bath with an Audience

Thu Apr 14, 2016 1:21 am

One of the mages from the Academy is looking into a scrying bowl and watching Supreme Sister Jane bathing while she's masturbating. Suddenly Jane looks up directly at the mage, smirks and the scrying ends much to the mage's surprise.

A church service we'd all enjoy!

Sat Jun 04, 2016 11:06 pm

This obviously would have to be far into the game, where Elana has seriously corrupted the church and is in her 2nd or 3rd form.

Holy Belle and Supreme Sister Jane are having sex with the entire congregation, both of them have every hole filled and you can see people slumped against pews in the background that they've already fucked senseless. The church statue has also been corrupted and instead of standing in chains, it's now fingering itself and the chains around it are broken. "Holy water" that looks suspiciously like spirit's cum is dripping down from the statue's pussy.

Tina's Skilled "Milking" Techniques

Location:Farm

Time:Sunset

Characters:Tina, Male Villager

Premise:

A young farmer is having trouble concentrating on his work ever since he saw Tina masturbating with turnips. When Tina confronts him, he tells her the cause of his distraction, yet with a shy face of red, she quickly explains it was a plant-growing technique. The young man then points to his erection, that wouldn't settle down unless he touched it similar to milking cows. But milking cows was never his particular job, so he's not too skilled at it, and asks Tina--who has the milking experience--to help him.

A young farmer is having trouble concentrating on his work ever since he saw Tina masturbating with turnips. When Tina confronts him, he tells her the cause of his distraction, yet with a shy face of red, she quickly explains it was a plant-growing technique. The young man then points to his erection, that wouldn't settle down unless he touched it similar to milking cows. But milking cows was never his particular job, so he's not too skilled at it, and asks Tina--who has the milking experience--to help him.

Event Description

A young man stands in the distant field with a distraught look on his face. He glances over his shoulder, and spots Tina furiously marching towards him.

Tina:"Hey, you!"

Man:"Y-Yes!"

Tina:"You've been working much slower than usual this week. What's wrong with you? You should be able to work twice as faster than this."

Man:"I'm sorry, Tina. I've been really distracted lately because I.... well..."

Tina:"Yeah? Spit it out."

Man:"I, umm... saw you while you were with the, uh.... the turnips?"

Tina's face blushes to a full red.

Tina:"It was a technique I was practicing to help the plants grow! And hey, what were you doing watching me?!"

Man:"I didn't mean to! I was about to leave the fields when I heard some strange.... squishy sounds, and some moaning. I went to see what it was and I saw you."

Man:"It did something to this spot in my pants. Every time I think about seeing you that day, this part of me becomes uncontrollable and I don't know what to do."

Tina:"A spot in your pants? Well, where in your pants?"

Man:"This area right below my waist."

Tina:"Well, show me. How else am I supposed to know what you're talking about."

The man pulls down his trousers and reveals his full erection.

Tina:"You were hiding that in your pants? It's as big as a turni--- ergh, nevermind. So this is why you've been slacking lately?"

Man:"Yes, when this happens, it's very uncomfortable, and I'm not sure what to do."

Tina: "Well, didn't you fix it once before?"

Man:"Um... once. I tried touching it. At first, nothing work. But then this thing kind of reminded me of how the cowgirls retrieved milk, so I tried copying that stroking motion and then...."

Tina:"What?"

Man:"Something hot, but white like milk burst out of it! It finally calmed down, but I felt exhausted afterwards. I think that's the only way to fix it so I can work like I used to, Tina."

Tina:"If you knew that, why haven't you already done it?!"

Man:"I've never really milked cows before. My job's mostly been tending to the crops, so I'm not very good at the milking technique. I tried doing it again, but I didn't do a very good job at it. And I've been too embarrassed to ask anyone else for help."

Tina:"Ugh! Look, you should have said something earlier. When you don't do your job right, it affects everyone else on this farm."

Man:"I'm sorry, Tina."

Tina:"I'll help you fix it. I'm no stranger to milking cows, so I can show you the technique. That way, you'll know how to fix this problem yourself next time."

Man:"Really? T-Thank you, Tina! But... should we really do this here?"

Tina:"No one will see us this far out in the fields, and this won't take long, so just relax, okay?"

Man:"Um... Okay. You're the boss."

Tina:"Lemme get my clothes off first."

Tina strips down until she's completely nude now.

Man:"W-Wait, Tina! Why are you getting naked?"

Tina:"You said seeing me like I was before got you this way? Well, I was naked then. So if we get you as excited as possible now, it will be less of a problem later."

Tina:*Hmmm. I wonder if that "distraction" of his would feel anything like those turnips did. It certainly looks thick enough.*

This is when the image based off the above reference is displayed.

Tina presses her bare chest against the man's back, and rests her chin on his shoulder. She reaches around his waist, and firmly grips his cock with both her hands. The man trembles from the shock of feeling her hands on such a sensitive place.

Her eyes are fixated on his throbbing cock, and its heat begins pulsing through her palms. Tina's face grows bright red as she begins sliding her fingers along his dick.

Tina:"See? All you have to do is move your hands up and down in a steady motion, but you have to make sure you squeeze it a little so the milk pours out. Then you-- Hey! Are you listening?!"

The man struggles to stifle the moans caused by Tina's caressing of his cock, but to no avail. Loud moans begin to escape him, and he reveals a shameless look of arousal on his face.

Man:"I'm trying, Tina. Your hands...! Please, just keep going!"

Tina:Hmph!

Tina tightens her grip around his cock, and squeezes the entirety of his shaft.

Man:"Ah! Careful, it's sensitive!"

Tina:"Then consider it punishment for you slacking in your work!"

Her small hands continue to mercilessly stroke his dick. The man can barely control his breathing, releasing a fierce moan from each thrust of her hands. Tina then begins to rub her breasts against his firm back, grazing her tiny nipples.

Man:*I think it's close to calming down, but for some reason, I want her to do it harder! I bet if I made her a little mad...*

"Hey, Tina.... Is that... is that the best you can do?"

Tina:"What did you say?"

Man:"I said.... uh... For a bossy bitch, I thought you could do a better job at this!"

Tina:"You little bastard! Fine, then."

Tina quickens her strokes, gripping the the man's cock with nearly all the muscles in her hands. She grunts with each forceful movement along his dick, holding nothing back.

Man:"Hah...hah..hah! Yeah, that's it!"

Tina:*He's just like the brainiac. He likes this kind of punishment.*

Wrong hole. Probably. Maybe not...

Scylla in her human form has been observing the corruption of the merfolk and villagers on the beach and decides to try some of the things they've been doing out for herself. Only having a limited grasp of how sex works and being in a hurry, she demands a nearby villager come over and show her and he happily obliges. In her haste she accidentally puts it in her ass and is more than a little surprised and excited and calls over another villager once the first one cums. Soon a line forms on the beach.

The sister is in a confessional and is giving a blowjob to someone in a another, like a glory hole. She is doing this for her god, but she can't help masturbating while doing it.

I would personally prefer, if it can be Jane, that she keeps her outfit on, but we can clearly see her erect nipples through it.

If people like this. Sister Jane could take her confessions to another level and take 2 at the same time. It would still be through holes in the walls of the confessional.

Well at least a priestess with the same outfit? maybe?

Sweet Dreams...

Thu Dec 01, 2016 9:06 am

Event takes place while Elana is sleeping (Dream)

In the dream, Elana has traded places with Loola and is at her fish stand. (She looks like/is

dressed like Loola except that her skin is still blue) Elana decides that selling fish is boring and decides to have fun with her new body by having sex with a customer right in front of the fish stand where everyone can see. (My preference would be the guy under her and her riding him while facing the viewers. "Reverse Cow-Girl" style)

What Elana doesn't realize is that Loola is also having the same dream.

Artwork wise, I'd have Loola and Elana asleep/looking excited in the bottom corners... with the bulk of the picture being the dream itself.

This dream-sequence could be a prelude to similar dreams with other notable citizens and may be an introduction to a possible Dream-Walking power if Root wants to go that route.

NEW EVENT WINNERS

NIGHTS AT LOOLA'S:

A great event that can be unlocked once you have maxed Loola and the Houses district, the more lusty version of everyone in her building "Snuggling" with her. it's already described in the game:

I want to see Loola and the sex-charged tenants in her apartment engage in more sexy snuggling, resulting in a double penetration while she lays on her side, kinda like this:

RELEVANT COMMENTS:

-Didn't i already recommend this? Not trying to shoot you down i can't seem to find it but i know i wrote about it. Never mind i found it. What do you think of the idea?

-Under Loola and Elana. Would this idea be better, Ezyk?

(This is a great mini game but the one thing I noticed is Elana never does anything to Loola's boobs, even though being highly focused on and being the reason why Elana takes an interest in her. I was thinking that Loola does sleep on a flat with other people and after the a few times of winning the game a event happens when Loola learns that Elana sleeps in the woods and makes Elana come home to sleep under her roof. Will Elana take this chance to play with her boobs. The sprit warned her that Loola was already influenced by her but Elana want to be sure. Elana Starts to cast a very strong spell of arousal but Loola was influenced by her comes out in all her glory carrying one of "Hard wood" items. Elana not ready for this loose control of her spell which cause the entire flat be influenced by the spell, Elana and Loola included. This causes the flat to have an orgy. The guards come but the spell seemed to linger due to the excesses magical power used. After this event Elana doesn't sleep in the woods anymore. (maybe this could be a NSFW poll option?))

-yours is similar, but I just like the idea of a Loola sandwich. Elana doesn't have to be involved. i was under the impression these were the observing events, where Elana isn't

partaking. I know that she could be, I just thought this stage of the Loola snuggle time would be perfect to add in when walking through the house district at night when the influence is high enough, and Loola has been affected. it could have different stages, from normal snuggling, to dry-humping, to a full-on gangbang.

-But both ideas are great and I really like mine. Enough that i remember writing it 8 months ago. I know i posted my idea but the ideas while similar are very different. One is Elana being more peeping like in level one the other Loola more aggressive which seems to be a later phase of the game.

MEAT FLUTE :

Elana feeling mischievous decides to play a prank on the two lovely bards and the spirit. As the spirit sleeps or deep meditation, whatever he does to rest himself.

She come to them, spirit in hand, "Well i heard that you two can play any instrument."

The reply in the twin unison, "We can."

Presenting them with the spirit, "Will, I have this this flute that I bet you two can't play. If you can play it i'll do whatever you say. If you can't you have to do whatever I say."

Twins reply bragging they have master every instrument made, taking the spirit they examining the "flute." The look at it as though they never seen a flute like this one. After a few minutes they start blowing on the head of the flute.

Spirit responce is still somewhat asleep or mind eles were "Not now Elana." Twins keep at it. The blow in to the ass end of the flute, still no music.

Spirit complains, "Elana what are you doing? What the? What are they doing?"

Elana out loud as to taunt the twins and inform the spirit, "Trying to play the flute."

"Will next time teach them, The 'play the flute' as well as you eat with manners," Spirit replies.

"I guess I win the bet you two," Elana say gloating. Taking the spirit away and putting him away.

"We know how to play any instrument," Twin 1, "we just forgot how." Twin 2. "will you give us a refresher" the twin say in unison.

"I will but first a bet is a bet," Elana says with a grin from ear to ear.

Elana has them follow her upstairs. And has the spirit take humanoid form to help with the bet. Lead ing to a sence like this with the twins making out while Lust "rest" while Elana masturbates watching.

Kaeryn's Roundtable Diplomacy :

Description: Kaeryn hides under a round table full of angry nobles who bicker and fight over lawmaking and policy. she accidentally brushes against one of the nobles, who notices her under the table.

Before he can say anything to the others, she puts his cock in her mouth, squeezing a little with her teeth to keep him quiet.

After he cums, in an uncharacteristic act of generosity, he compromises on a point he had been adamant about before.

Intrigued about the effect, Kaeryn moves from seat to seat, blowing everyone under the table. and the meeting becomes a well mannered discussion. Kaeryn resolves to use the new form of diplomacy to influence policy making about the elves. the picture would be her sucking off the last one, with spent cocks in a semicircle around her, under the table.

GIRLS NIGHT OUT PART 2 : A WILD RIDE :

Note: feel free to be liberal with the expressions, as they were great in part 1, I wanted to provide some slightly new details in positions I haven't seen before. Notice how the girl at the bottom is both masturbating, and kissing the other girl.
