

Hi everyone!

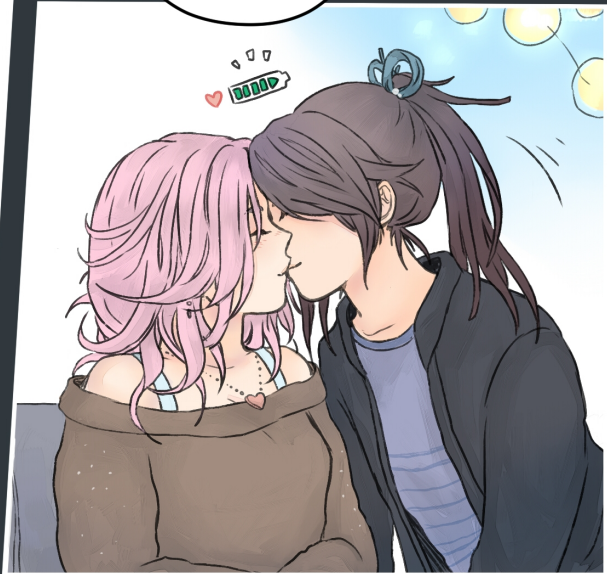

Juno !!!

Oh man,

work was hell...

I'm so glad it's finally weekend.

Hey there,

what can I bring you?

Hi! Just a beer, please.

For me another one, too!

Alright~

Anything else?
Vivi, you?

I'm good, thanks!

Ah, wait!
Can you sneak some snacks to our table?!

Like you always do~
Pleeease?

.....
sure.

But,
this whole situation,
and how he's been treating me the last few months,

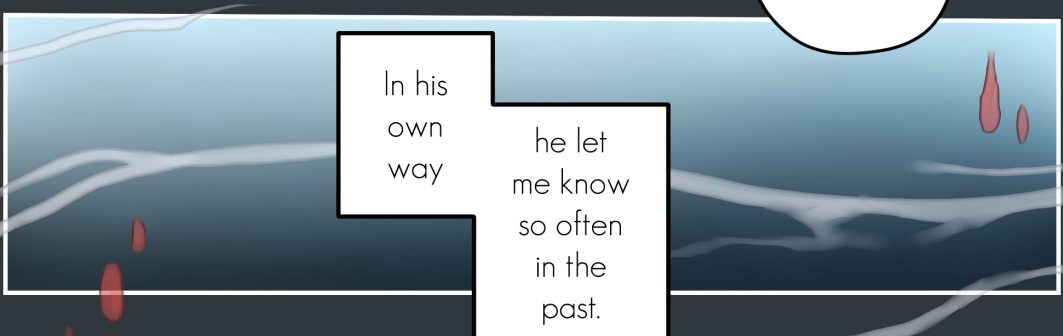

and the things he says to me sometimes...

I can't deny,
that it really makes me hope for more.

But I shouldn't ...!

I probably still don't have a chance.

In his own way

he let me know so often in the past.
