

Jan? Are you okay?

Jan? Talk to
me, please.

I don't
know why I
changed back.

But I'm sure
you can too.

Please, Jan. I want to help you.

I guess
it was cause I saw
me needing to be a
better partner in a
relation?

I don't fully
understand it.

Running from
sexual encounter to
sexual encounter was
wrong. I see that now.

I need to be better myself.

And I think I may have dragged you into this as well.

You followed
me into so much sex
with so many different
women.

And all
were meaningless cause
I didn't dedicate myself
to any of them.

I wish there was a way I could make this up to you.

I'm so sorry. I brought this onto you.

You're suffering this terrible situation because of me.

I wish there was anything for me I could help you with.

Jan?

There is.

Make love to
me, Nathan.

What? Jan,
are you sure?

I am. I've never been more sure about anything.

Take me, Nathan.
I beg you.

This is a big step.

I was so shy about everything.

I need you, Nathan. I always did.

I don't
wanna be shy
anymore.

You've
had sex as a
woman.

My pussy is
still virgin.

Please take
me. I want to gift
this to you.
