I can't believe
Maribel is a
Magical Girl!

Did... Did you
just forget
the plan?

Huff!

I-I...
I Did not!
M-Maybe
What was
the question
again?

Ha... I swear your
brains went straight
to your chest!

Come on...
I couldn't
sleep....

**I WONDER
WHY!**

There!

**Let's do
this!**

Welcome

Your destruction
of our shades
will cost you!
For I am...

CLANG!

Thud!

Dont jinx us!

Isn't that just a superstition?

Opal
So was being a Magical Girl...

So?

T-That...

Morgan

H-How did she find out?

Can we talk about this somewhere private... Like the... Campus!

Sure.

Maribel

So She is one...

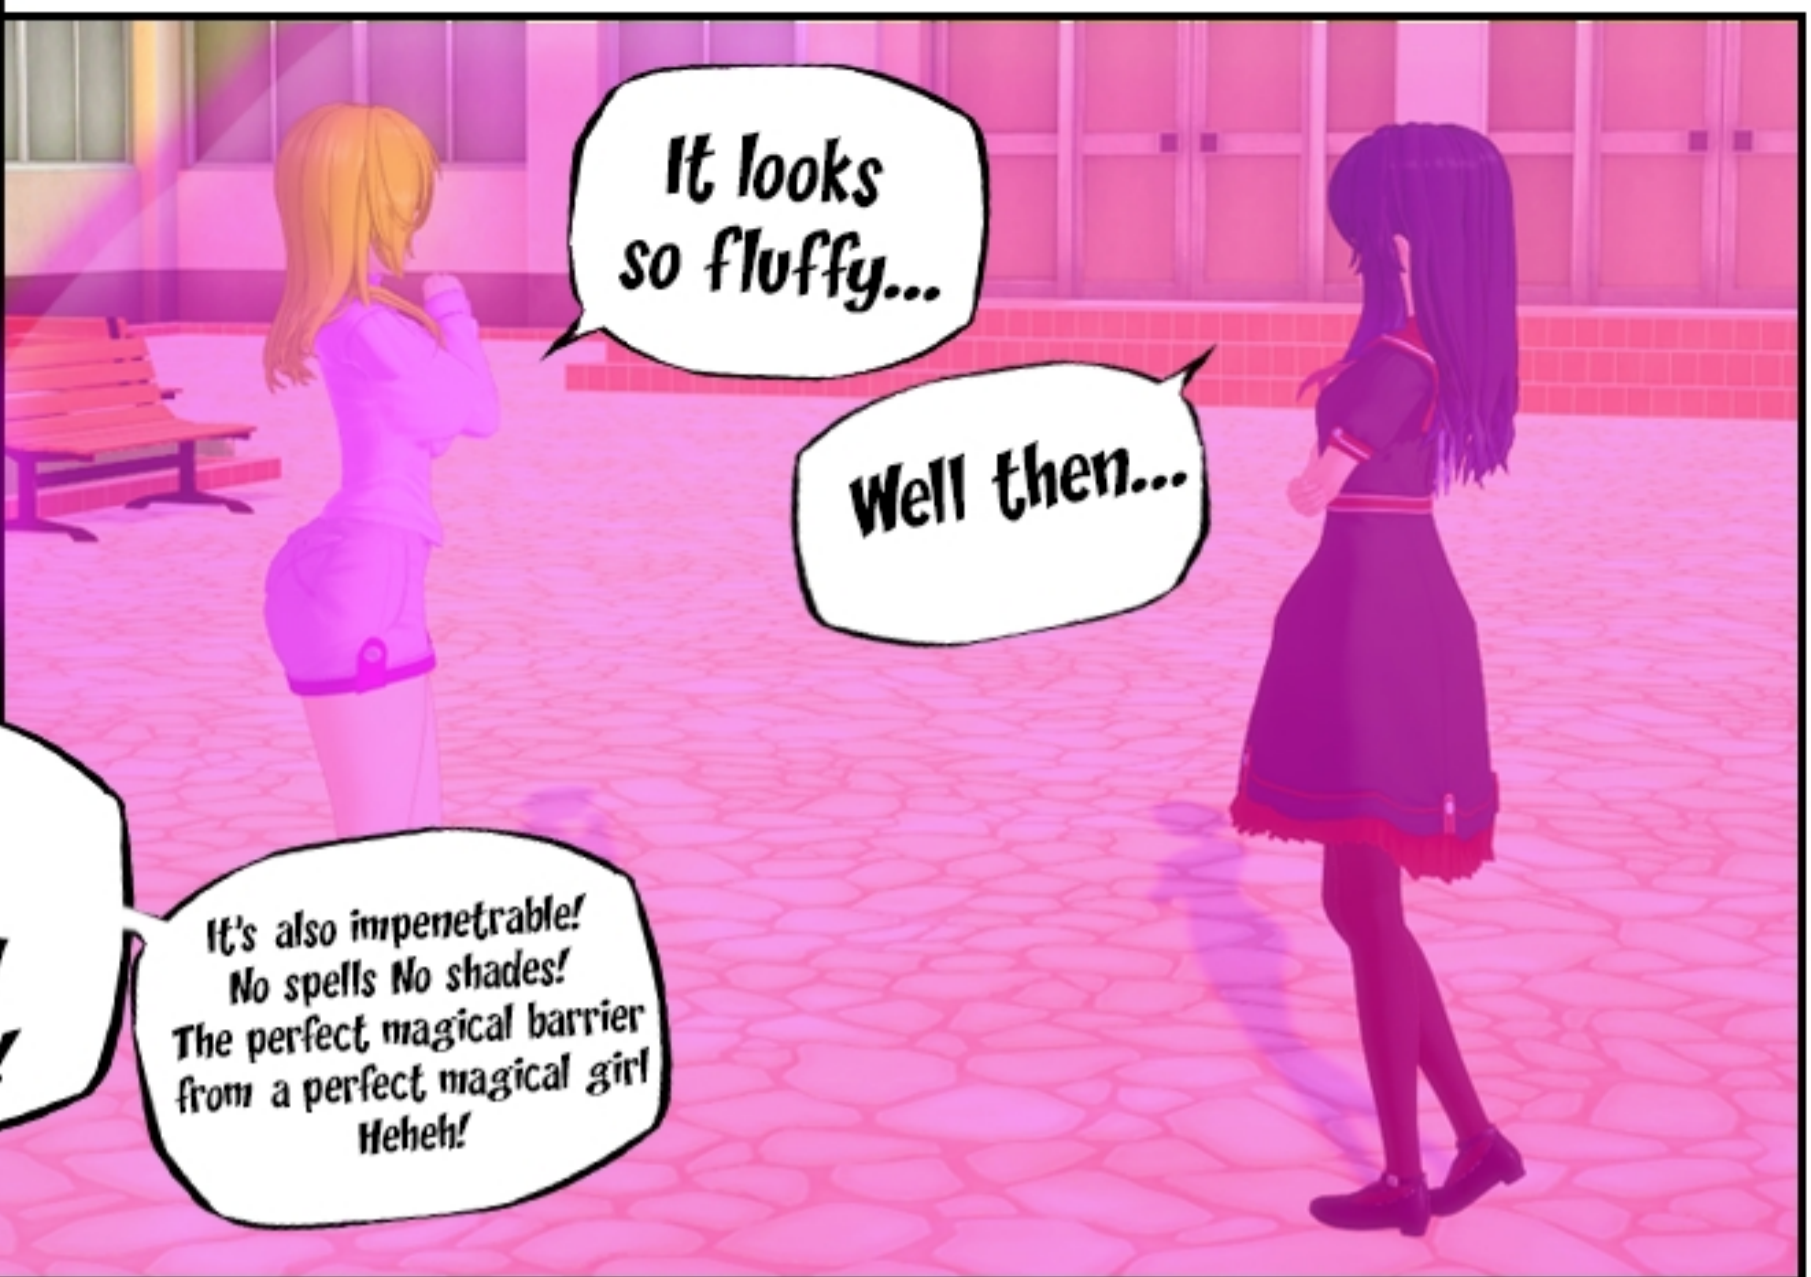

People could still hear us here... Hmm

Is that your way of refusing?

Have no fear Opal is here!

Cutie Barrier!

It looks so fluffy...

Well then...

My barrier will prevent all unwanted eavesdroppers!

It's also impenetrable! No spells No shades! The perfect magical barrier from a perfect magical girl Heheh!

It's bouncy just like my bre-

I'm an Evil Magical Girl.

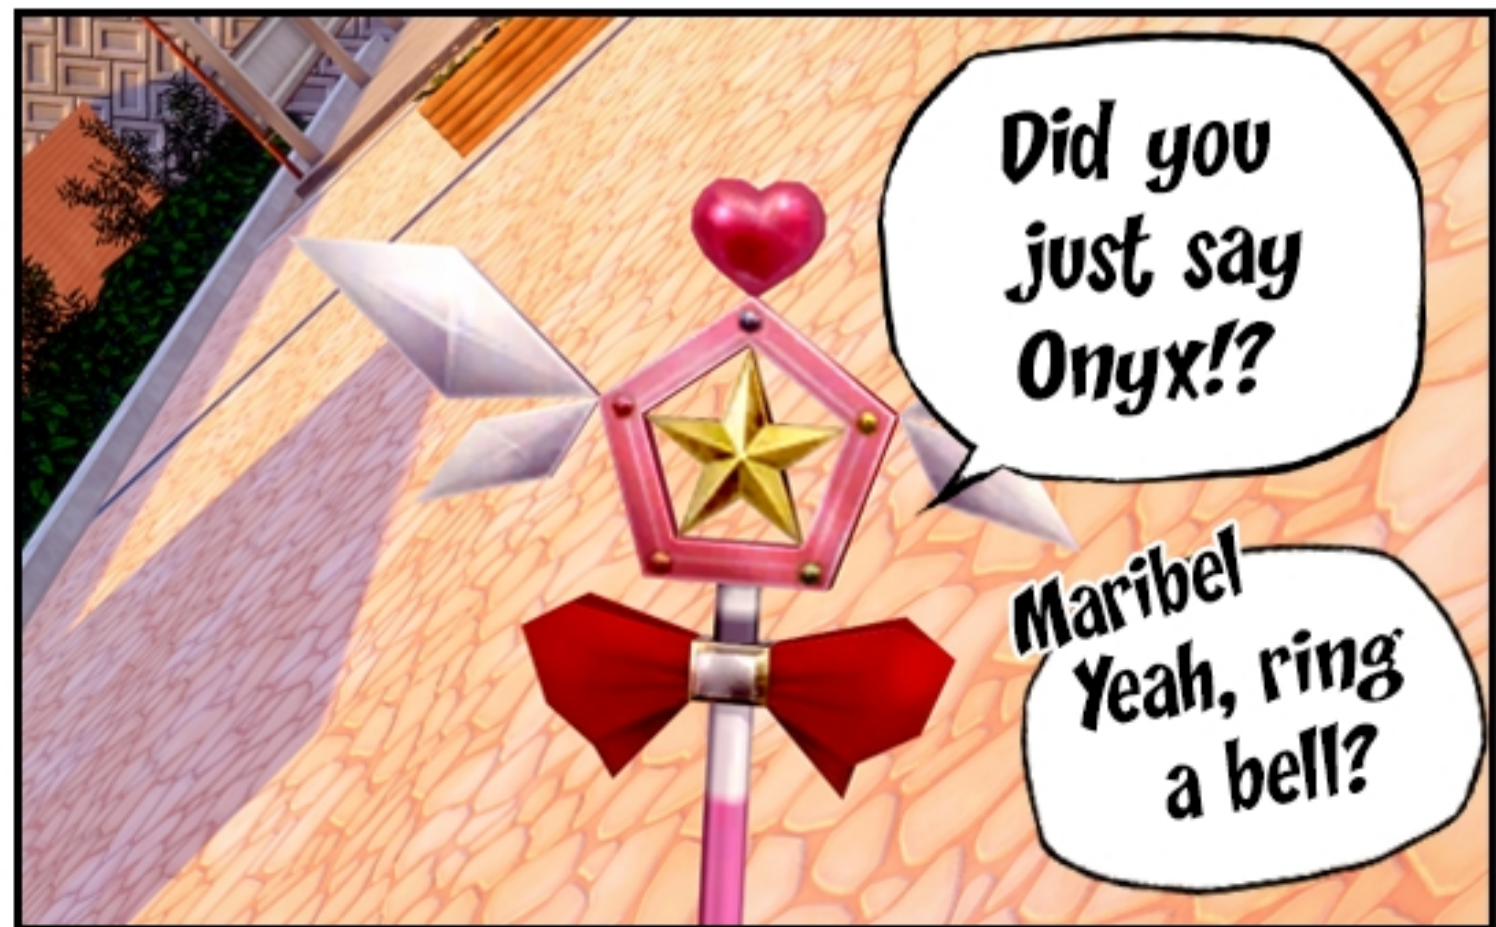

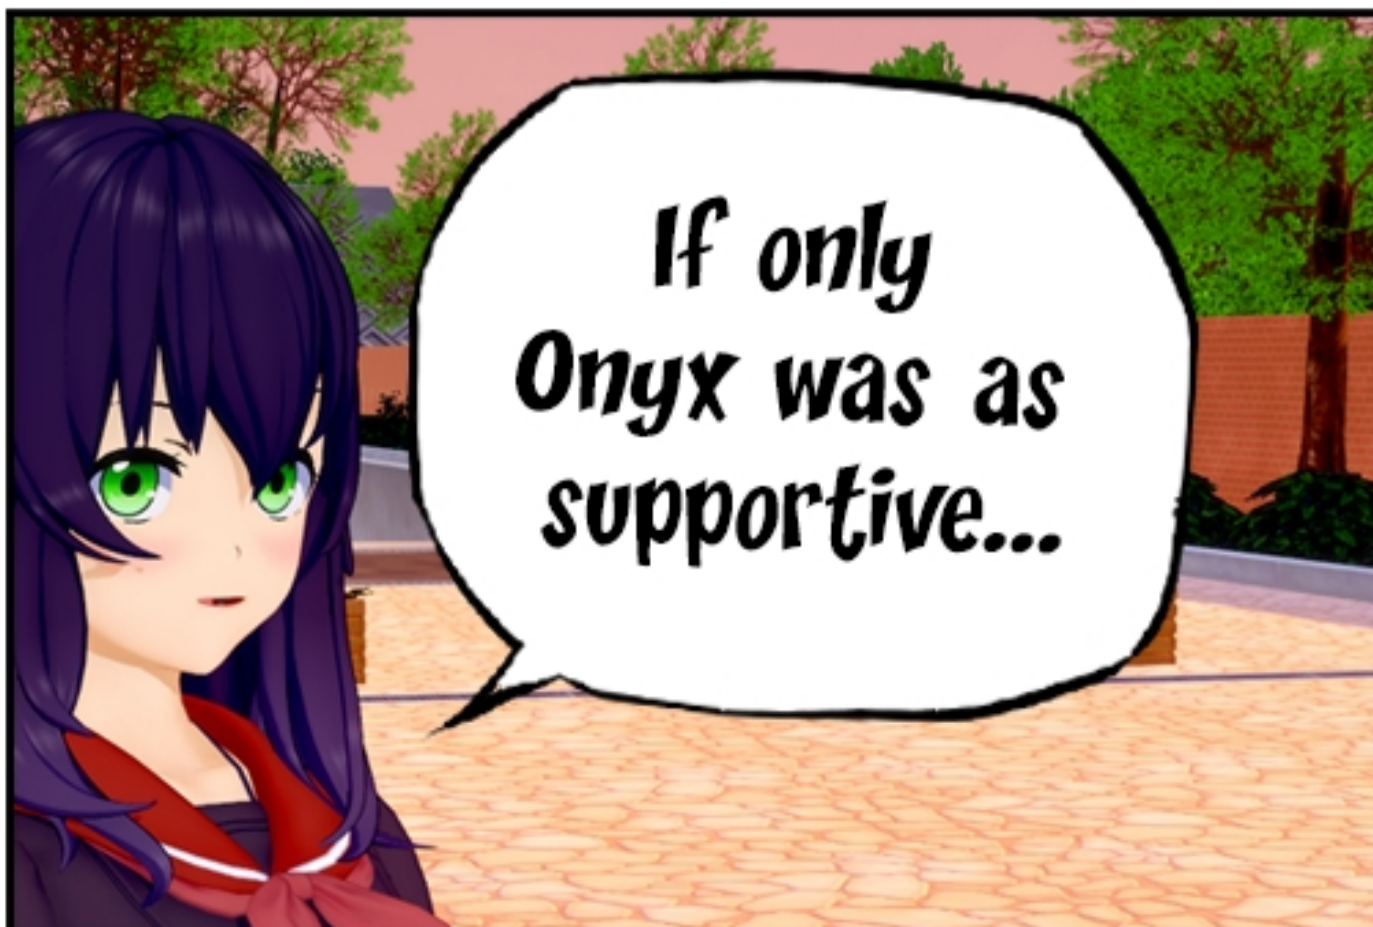

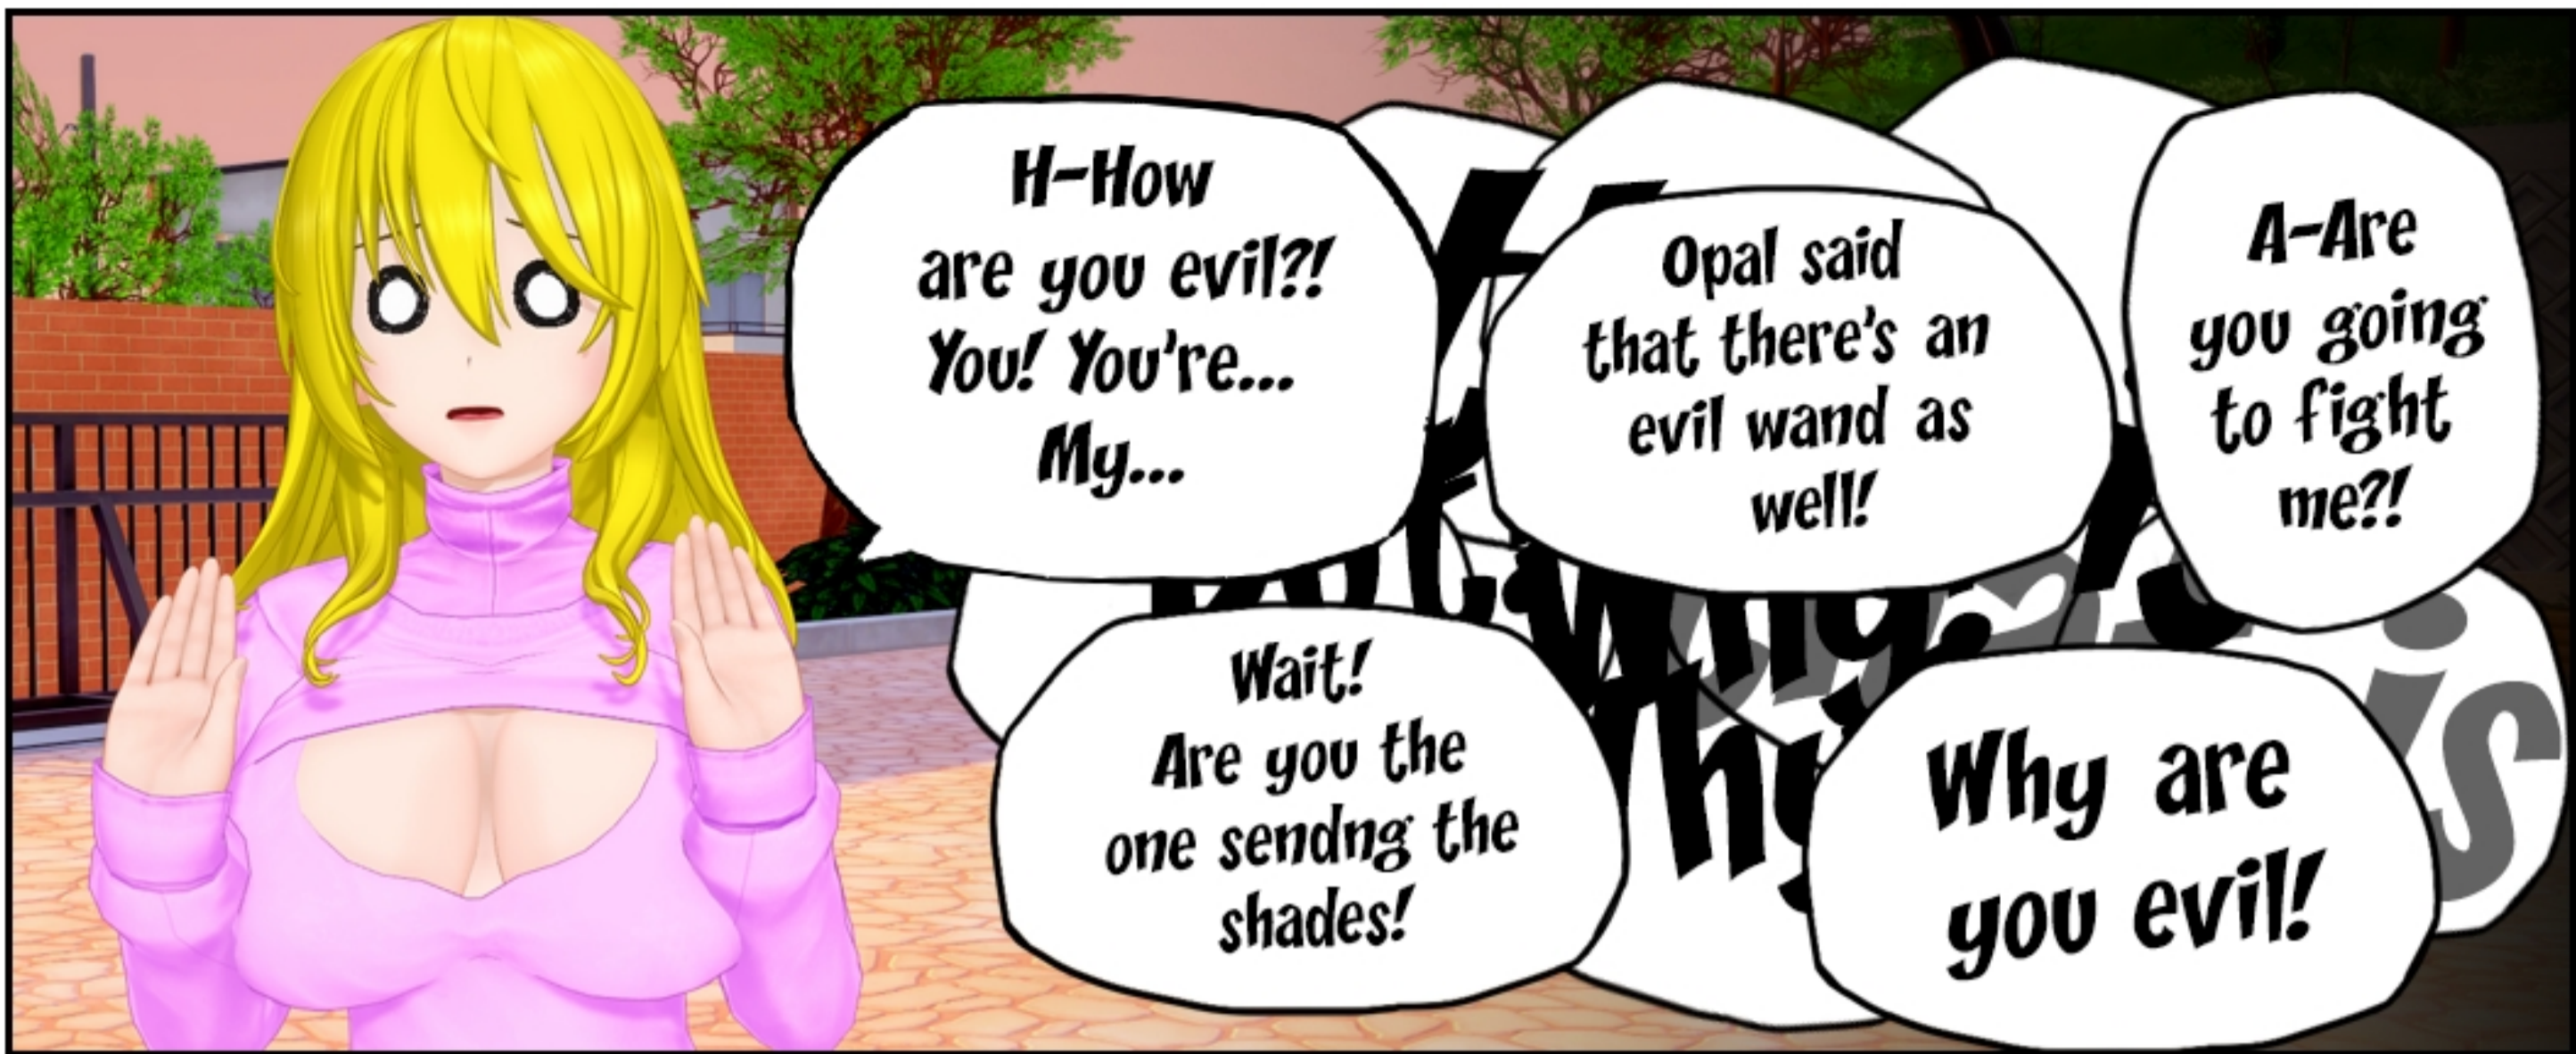

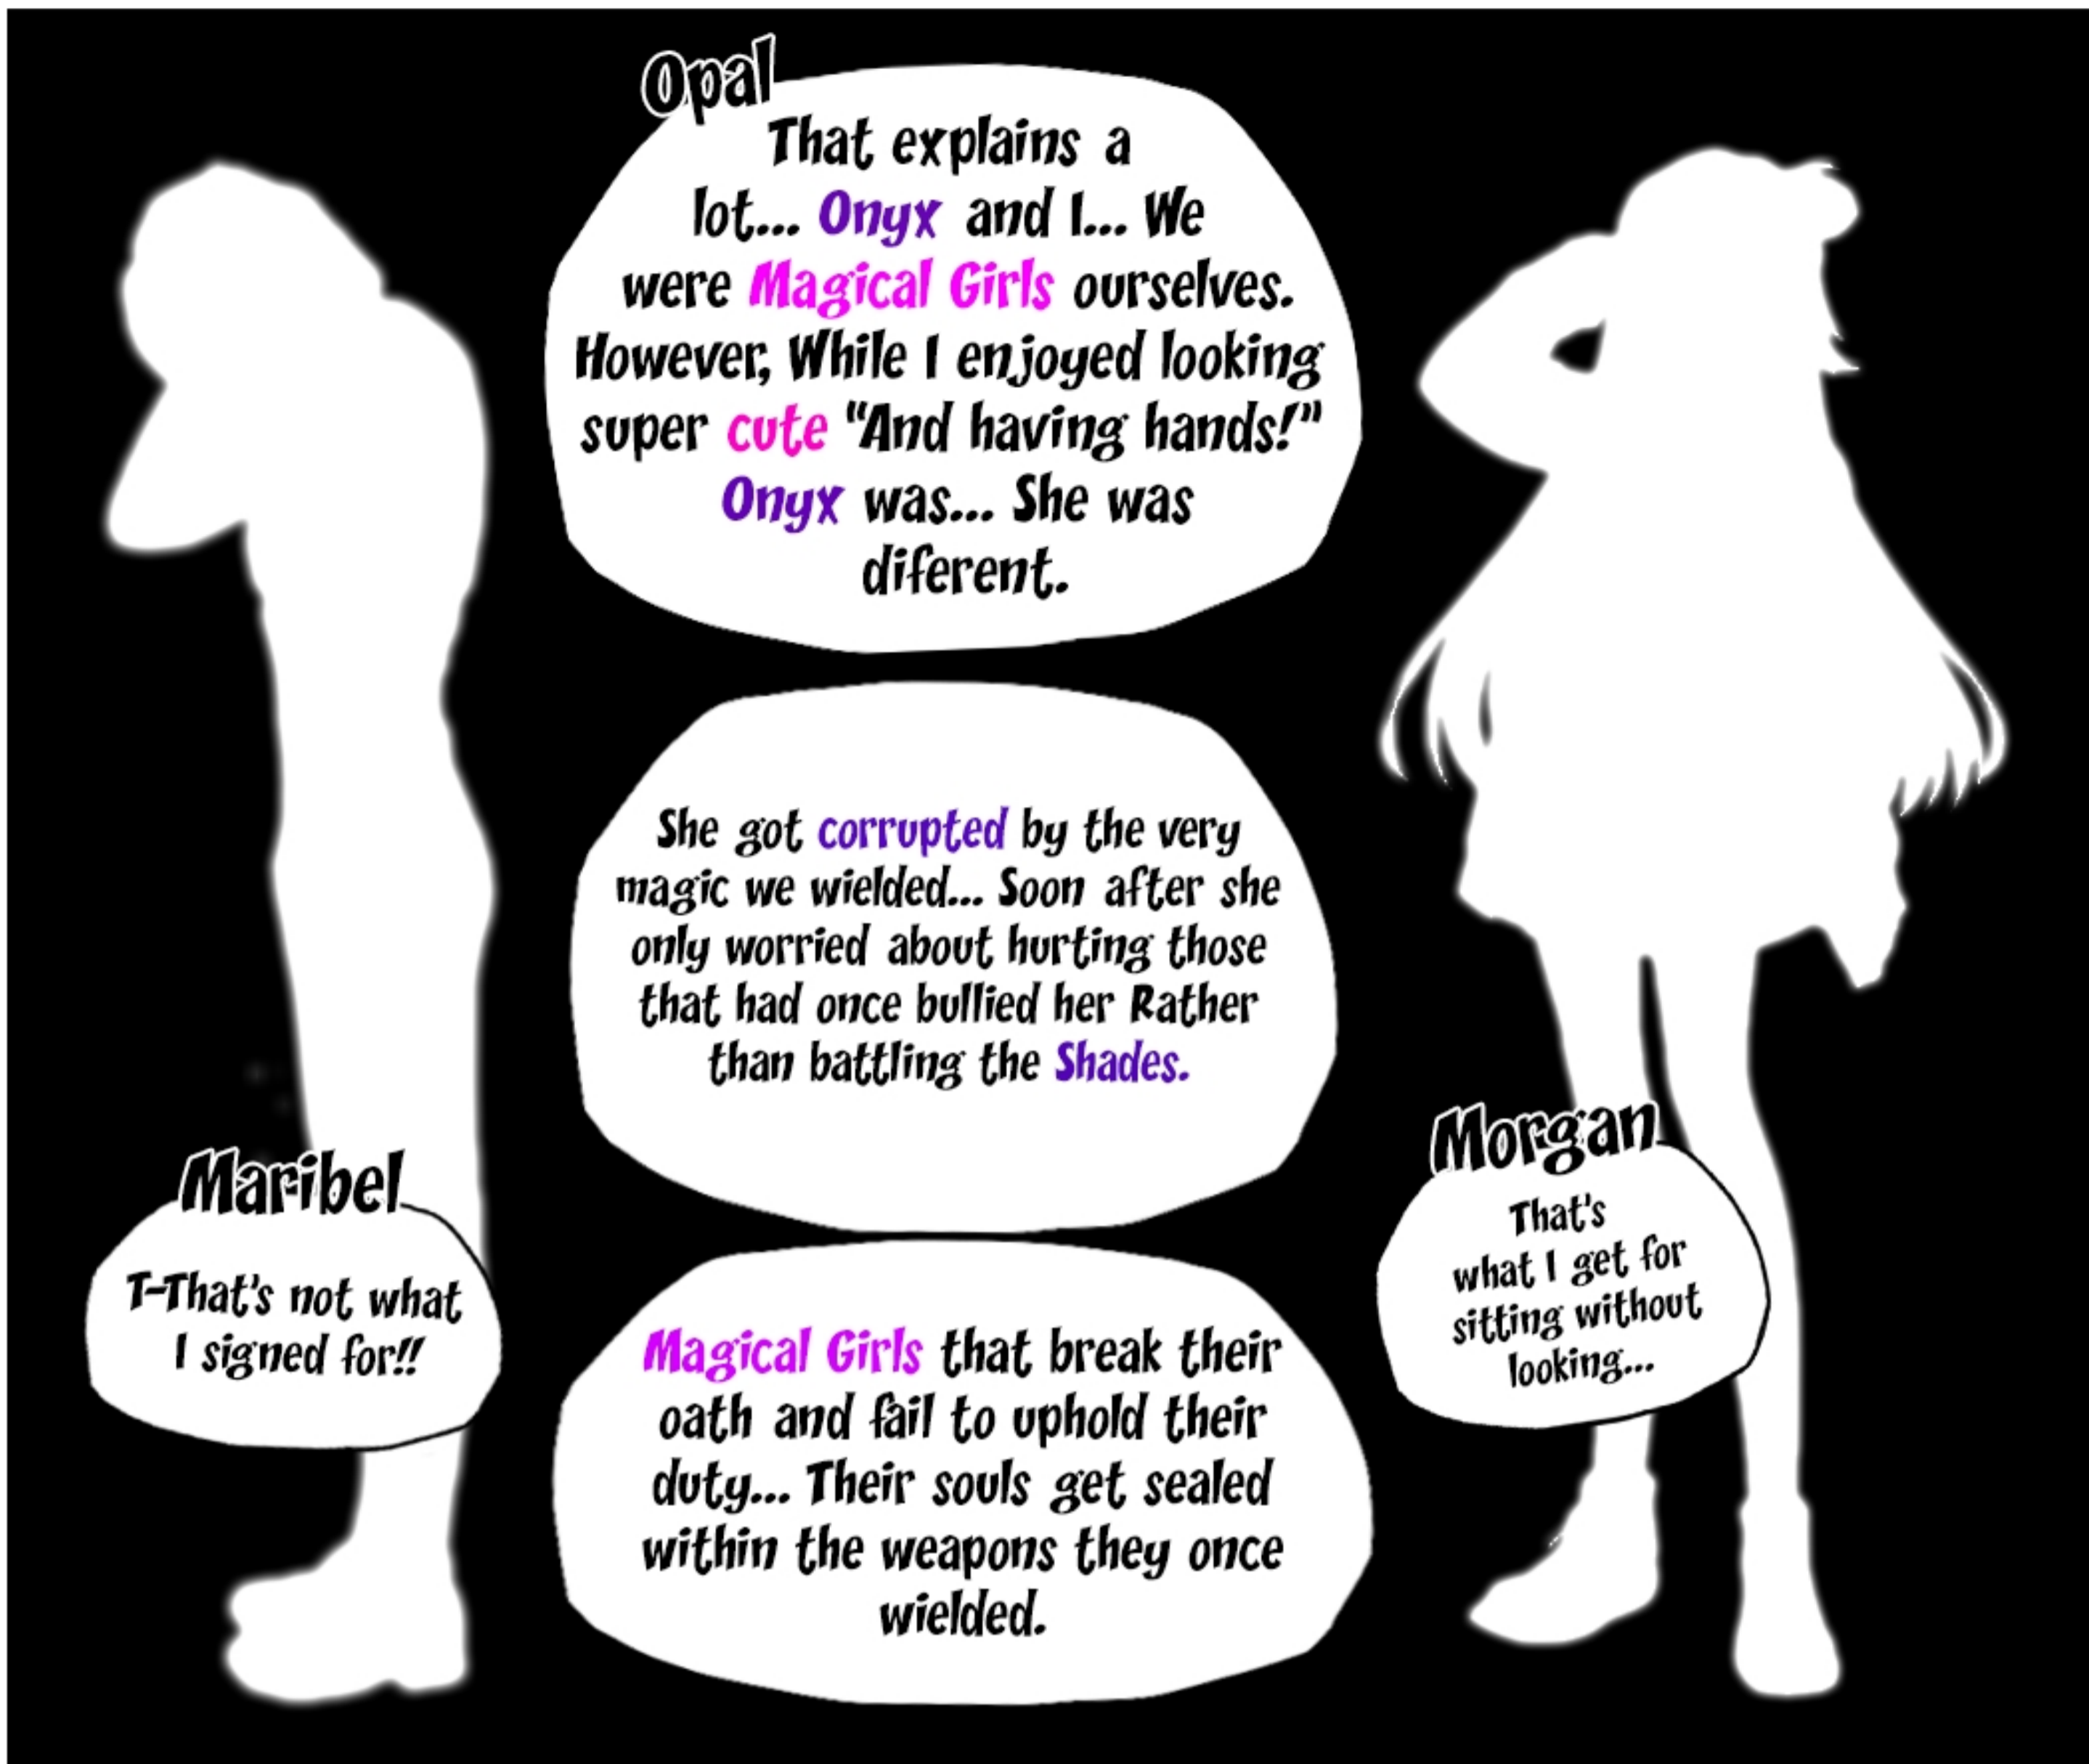

Opal
That's suprising...

Evil? That's nice. Eh?

SHE'S EVIL?!

Opal

That explains a lot... **Onyx** and I... We were **Magical Girls** ourselves. However, While I enjoyed looking super **cute** "And having hands!" **Onyx** was... She was different.

She got **corrupted** by the very magic we wielded... Soon after she only worried about hurting those that had once bullied her Rather than battling the **Shades**.

Morgan

That's what I get for sitting without looking...

Maribel

T-That's not what I signed for!!

Magical Girls that break their oath and fail to uphold their duty... Their souls get sealed within the weapons they once wielded.

If only we had a way to break the contract...

T-That's it! The barrier it blocks everything right?!

Opal
Yeah... Why?
