

Bim U - Chapter 21

All sorts of craziness is going on, but at least it's safe to go grocery shopping. Right?

While Maya struggles with what she just saw in the mirror, Chris gets a little bored waiting for them. Not to mention the odd looks he was getting. So he starts to wander the mall instead and finds himself back at the poster for the grocery store looking at what is on special today.

Sweet!
A good
amount of items
on my list are
on special.

But the poster is kinda simple. Fine for just getting the weekly ad out, but it should be more "fetching" to get more customers and sales.

Chris finds quite a few of the items he needs happen to be on sale, but his eyes are drawn to the female model as he takes a closer look at the poster. He stares for a moment, thinking that it lacks advertising potential. It's just so plain.

I **wish** the store's poster would be more appealing to get some more customers.

He raises his right arm which holds the magic bracelet and points at the poster. He speaks his next wish, hoping for the store to get more customers and be more successful. Maybe then the sales will be even better than they are now.

Cool!
It also
works on inanimate
things. That's
good to
know.

The camera turns to focus on Chris, as a bit of blue light washes over him from the bracelet. It seems the wish is starting to affect the poster, as some of the blue glow is clearly coming from it as well.

Seeing that his work was done here, Chris heads for the front door. The grocery store is nearby, and he has decided to finish that errand while waiting for his two friends to be done. The blue glow and sparklies envelop the poster behind him as he leaves.

Well no sense in wasting time. Off to the market! I'm sure I'll be back before the girls are done.

A person's legs and feet are visible on the left side of the frame. They are wearing a tan skirt and blue sneakers with white soles. The person is walking on a multi-colored tiled floor. In the background, there is a white wall with a colorful graffiti piece. To the right, a large blue screen or wall is visible, and further back, a store window with a sign that says "KYANON" and "A Diamond Is Forever" can be seen. The scene is lit with bright, even lighting.

At
least I
hope I am. I'm
sure the others are
having fun
shopping!

As Chris walks out the main doors of the mall and transitions off camera, we change our view to focus on the poster. It flashes a bright blue, blotting out the image on it, as the blue sparklies begin to fade. The magic has taken hold and is clearly altering it, but to what?

The rest of the blue light fades away and reveals exactly what happened. The new poster shows two Green Boat Grocery (GBG) employees who are now very sexually appealing. The two female models are now more like bimbo store models. Their previous outfits now more skimpy and yet still mostly acceptable for the public. They'll certainly bring in customers!

SPECIAL OFFERS

groan
Man, we're
selling a lot
today.

Well
what do you
expect? Ever since
we volunteered to be
on the poster for this week's
specials, we've had an
increase in customers!
How cool is
that!?

The screen fades out for a moment,
and then comes back to a different
location. We find ourselves in a
warehouse somewhere. We see
shelves upon shelves of items
waiting to be categorized and
brought out to sell. From behind
the shelves walk our two poster
models: Dana and Alex.

Obviously!
Hehe, I told you
we would draw
attention.

Heh,
you think
people started
showing up
because
of us!

Hardworking people! That is what makes this fine town so much fun. Now let's see, on our left we have Dana. This young part-timer is a first-year student at BIMBO U. And the large fellow beside her is a fellow co-worker and second-year classmate Alex.

Alright just one more box and we can head back out! I hate inventory duty.

I don't mind. It's quiet most of the time back here and not so many people or so much traffic.

Nearly finishing their inventory task before heading out to stock the produce, Alex begins scanning a box of instant noodles. Dana takes notes, but the bigger thing is the sparklies slowly appearing undetected on Dana to make sure the "poster models" were actually consistent with Chris' wish.

I guess,
but I don't want
to be stuck in the back
my whole life. I want to be
noticed by the store manager
so I can get a raise and
help pay for tuition
and supplies.

And trust
me Alex, you
should too! We
can get a
pay...

...RAAAISE!

Pointk!

Pointk!

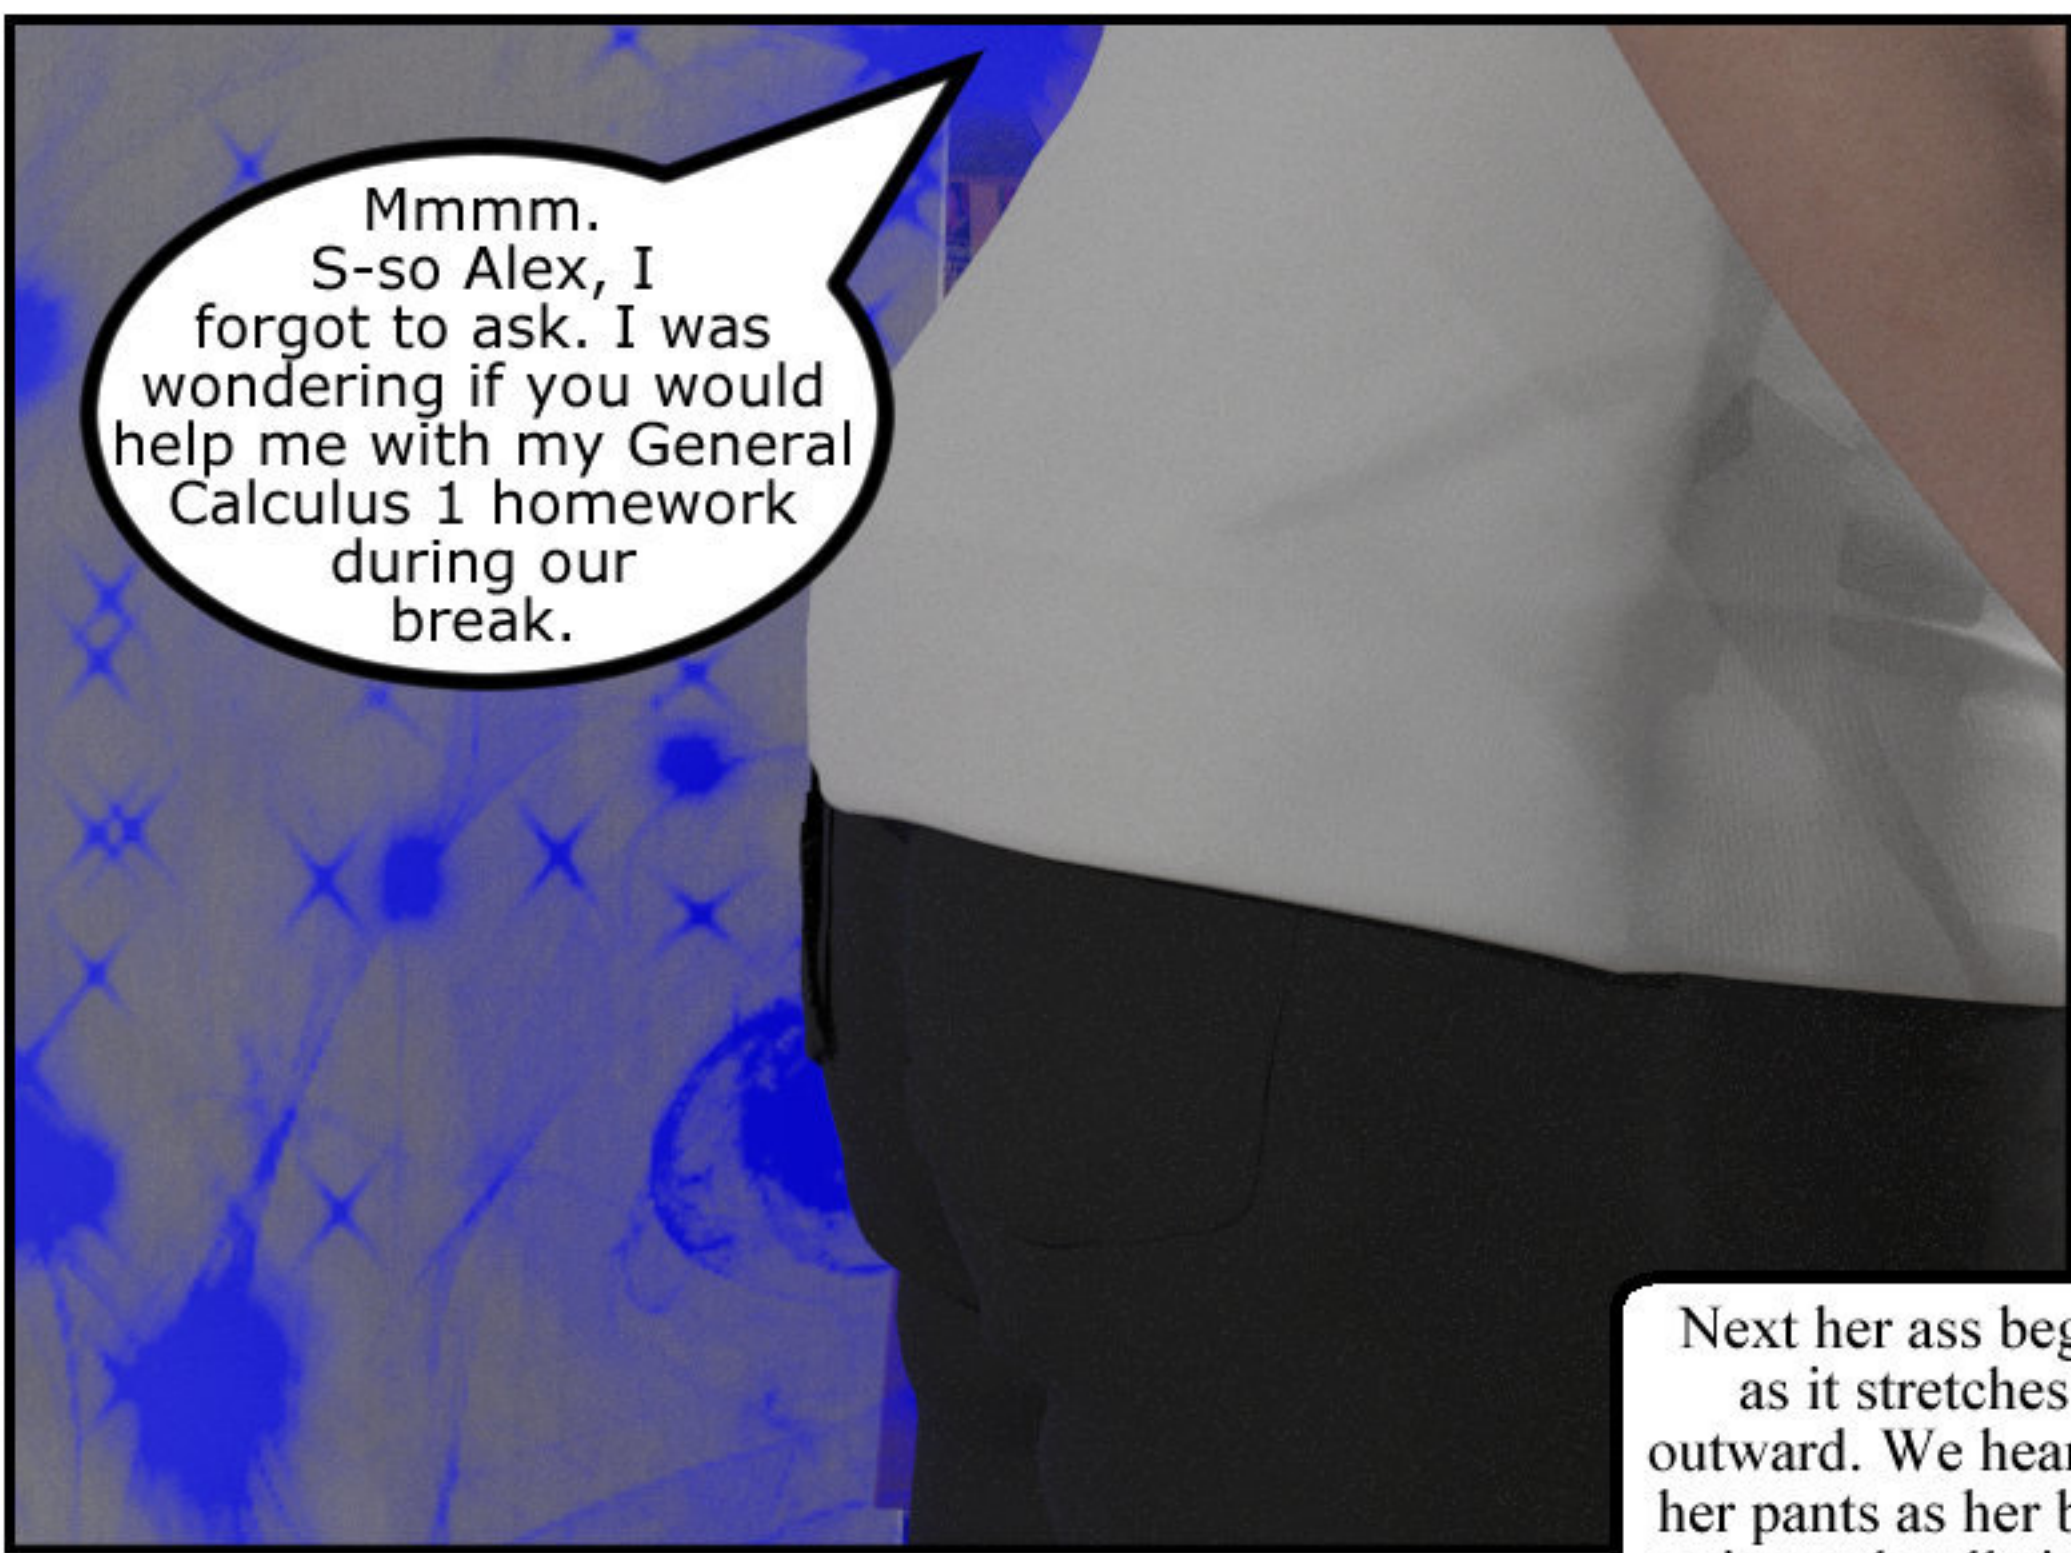

Dana talks about how she wants to work harder and be noticed to earn a raise to help fund her classes and other necessities. We see the blue sparklies make her quietly gasp, and mess up her speech, as her nipples become erect through her shirt.

Like the Poster upstairs, Dana soon begins bending to the magic's will to have her match her new persona. The first to change is her hips that widen, as she responds to Alex's inquiry unaware of her changes just yet.

You OK?

Y-yeah, just felt a chill up my spine is all.

Widen!

Mmmm.
S-so Alex, I
forgot to ask. I was
wondering if you would
help me with my General
Calculus 1 homework
during our
break.

Swell!

Next her ass begins to take shape,
as it stretches her work pants
outward. We hear the slight creak of
her pants as her butt slowly fills the
attire and pulls it tighter against her
body. It is not clear to Alex though,
as his focus is on the slight change
to her tone. Even her sentence
seems to be slightly altered.

Bulge!

Bigger!

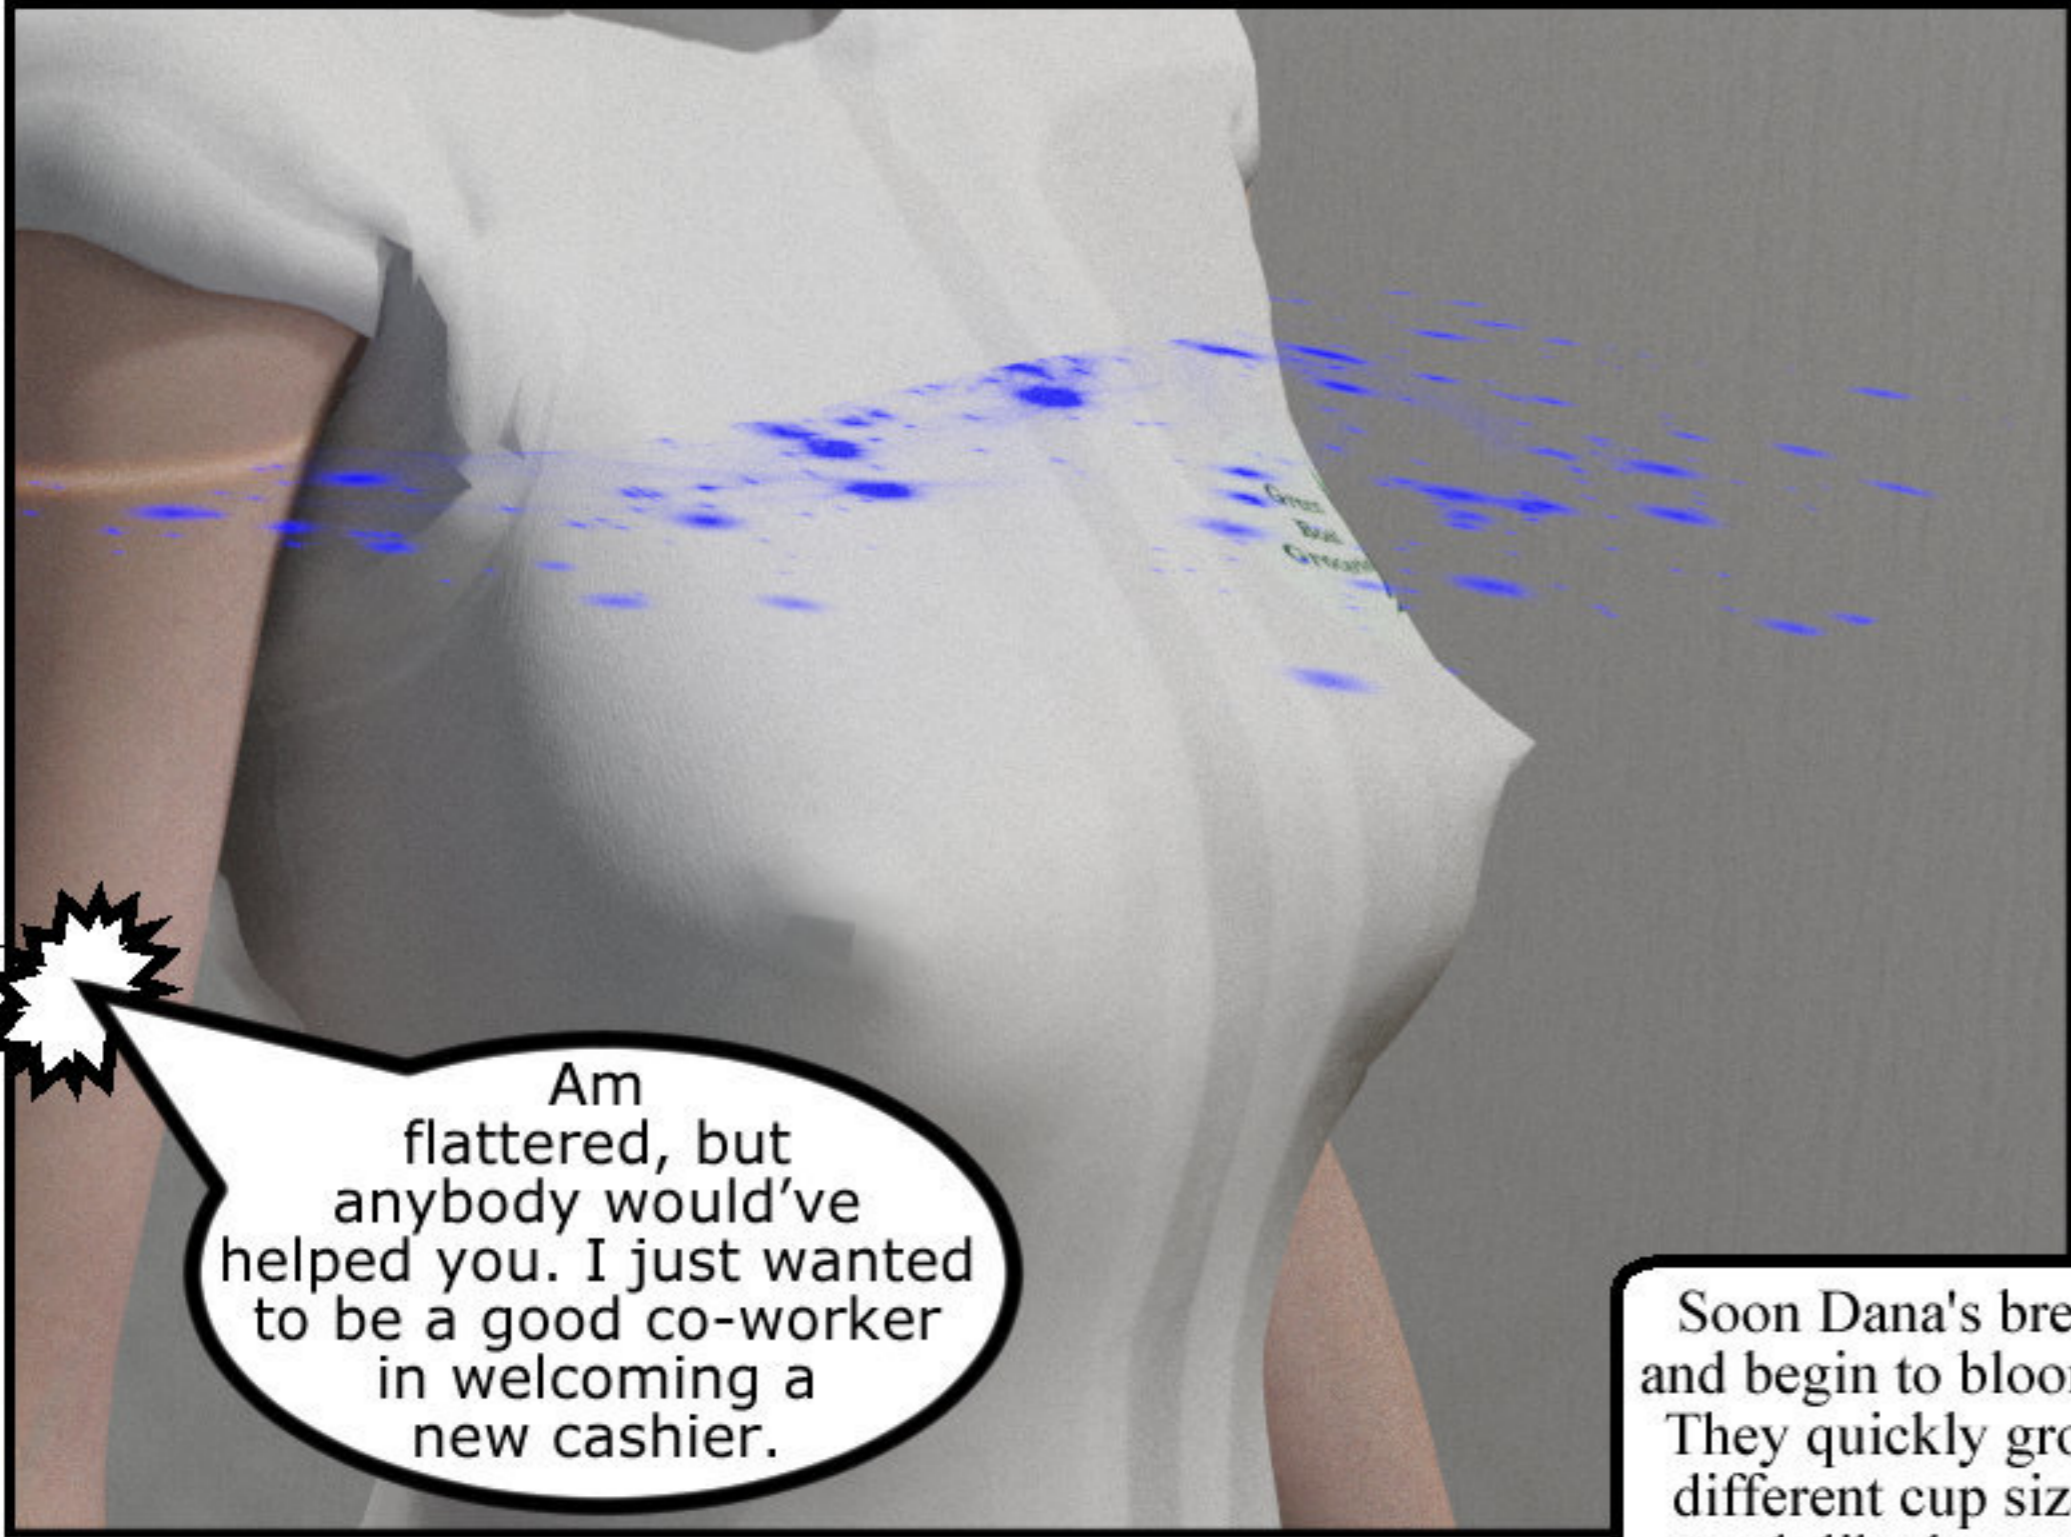

Sure, though you are kinda ahead of me in that course. Hehe. I don't mind learning and assisting you!

Good! Cause I **want** you! You're such a sweet guy. You've helped me since day one here.

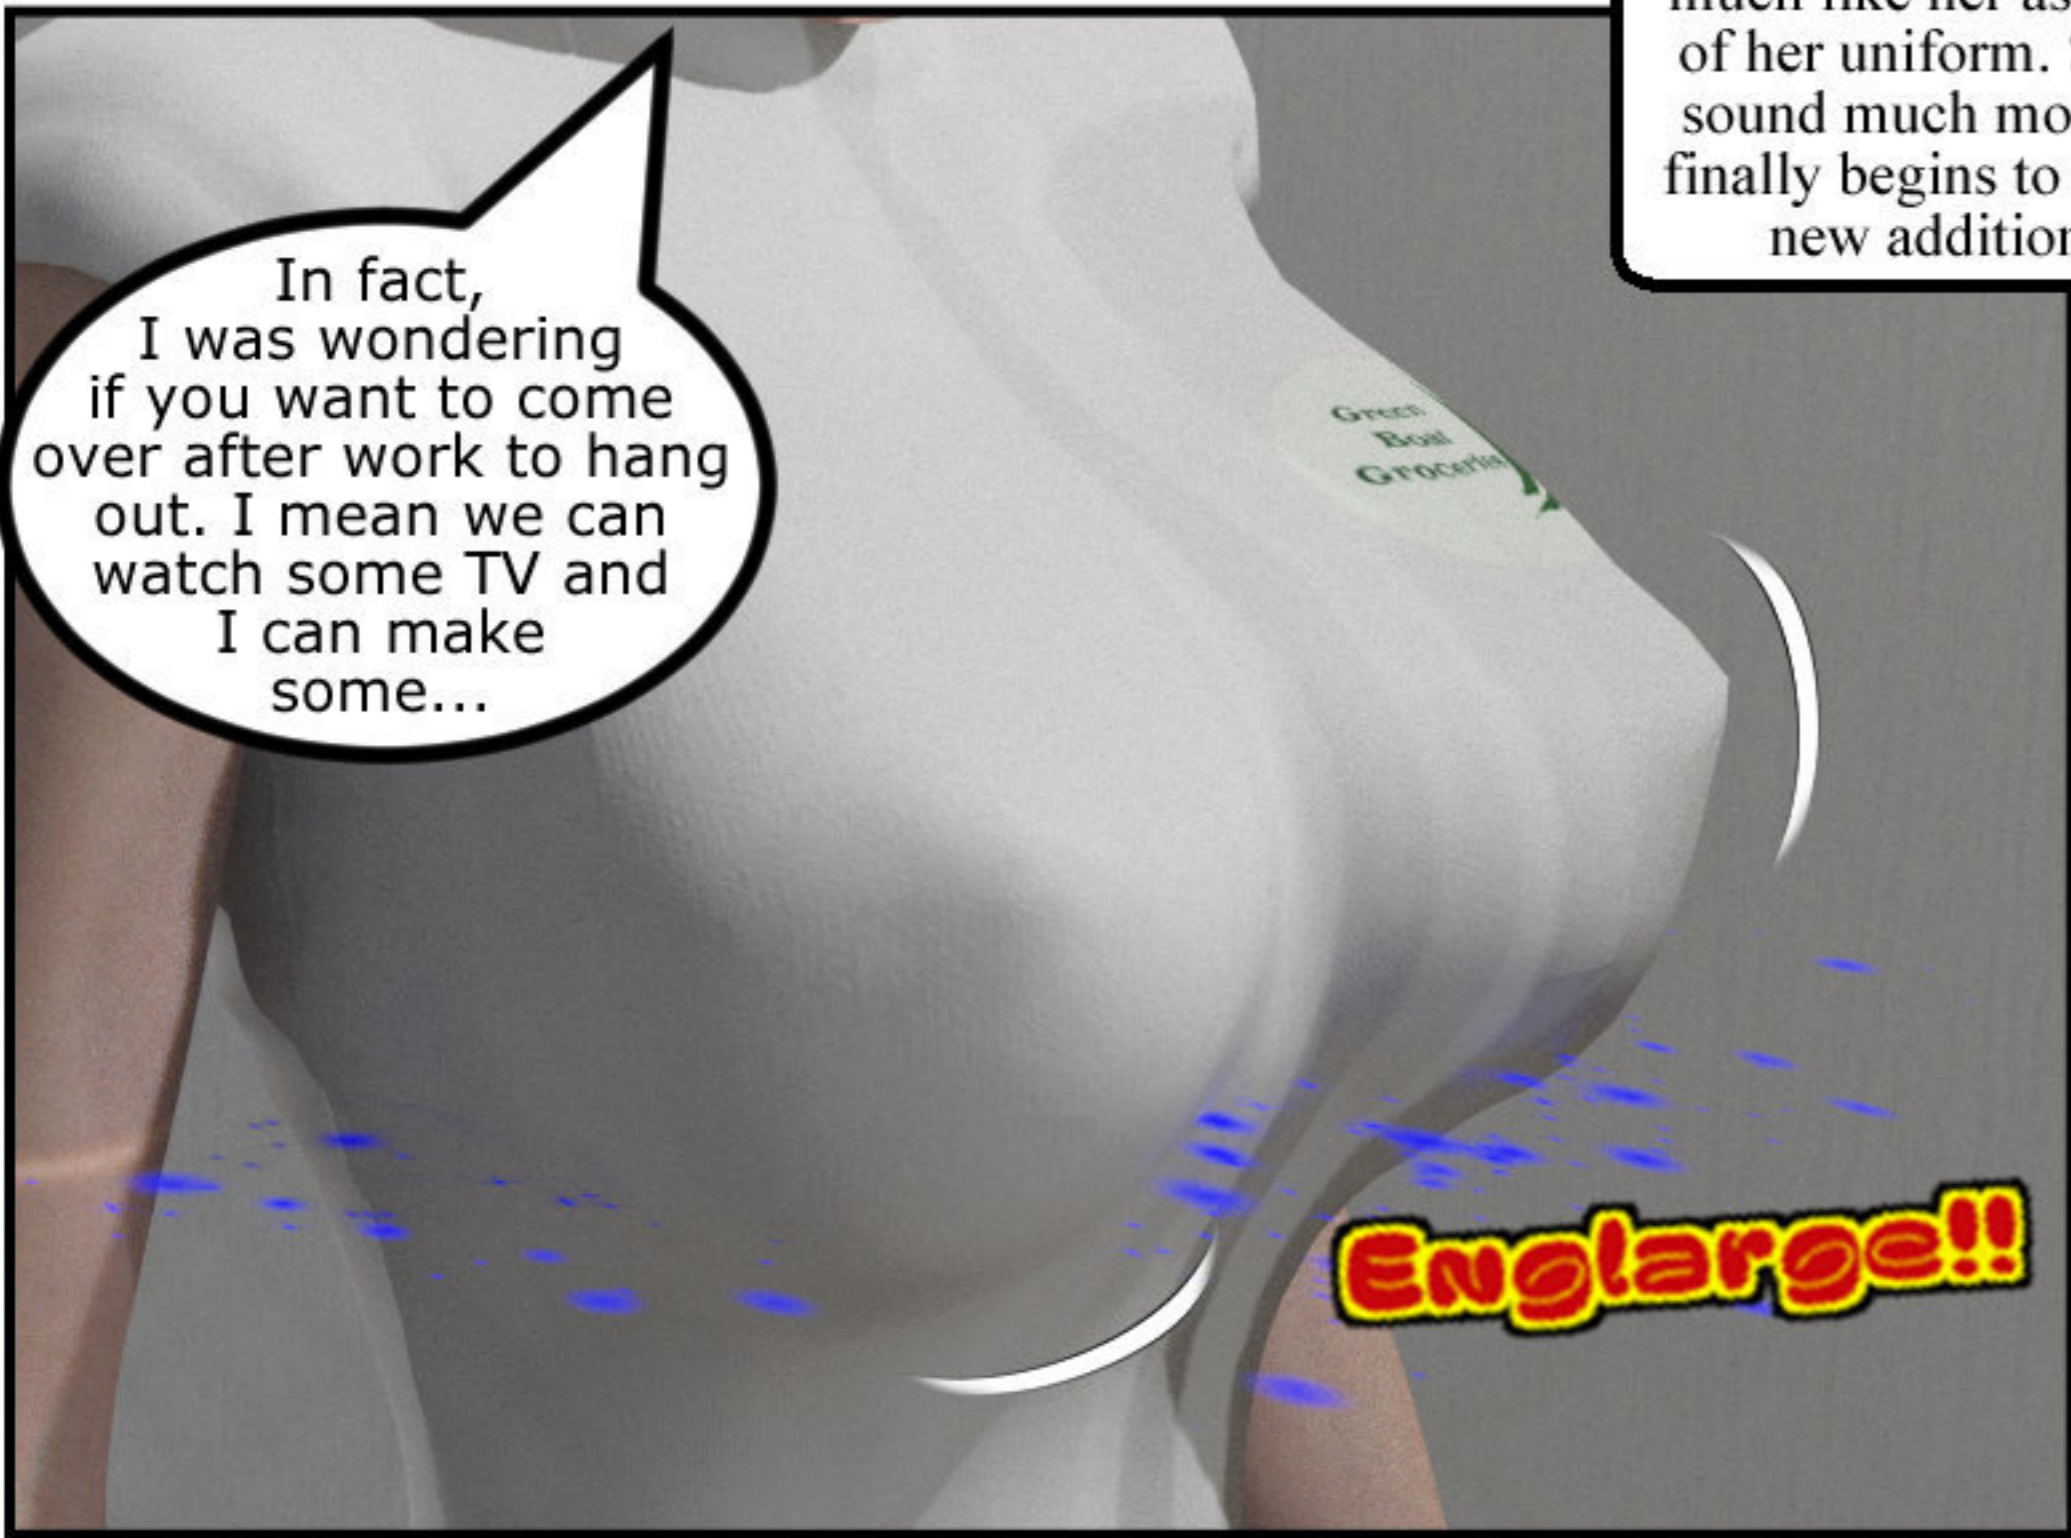

We now begin on her waist, as it gets slightly smaller and sexier. The two co-workers keep talking, totally oblivious to the alterations the magic is making to Dana's personality and to her rapidly developing figure.

Shrink!

Soon Dana's breasts join the show and begin to bloom larger and larger. They quickly grow through several different cup sizes, filling the shirt much like her ass now fills the rest of her uniform. She also begins to sound much more forward, as she finally begins to notice some of the new additions to her body.

What was that Dana?

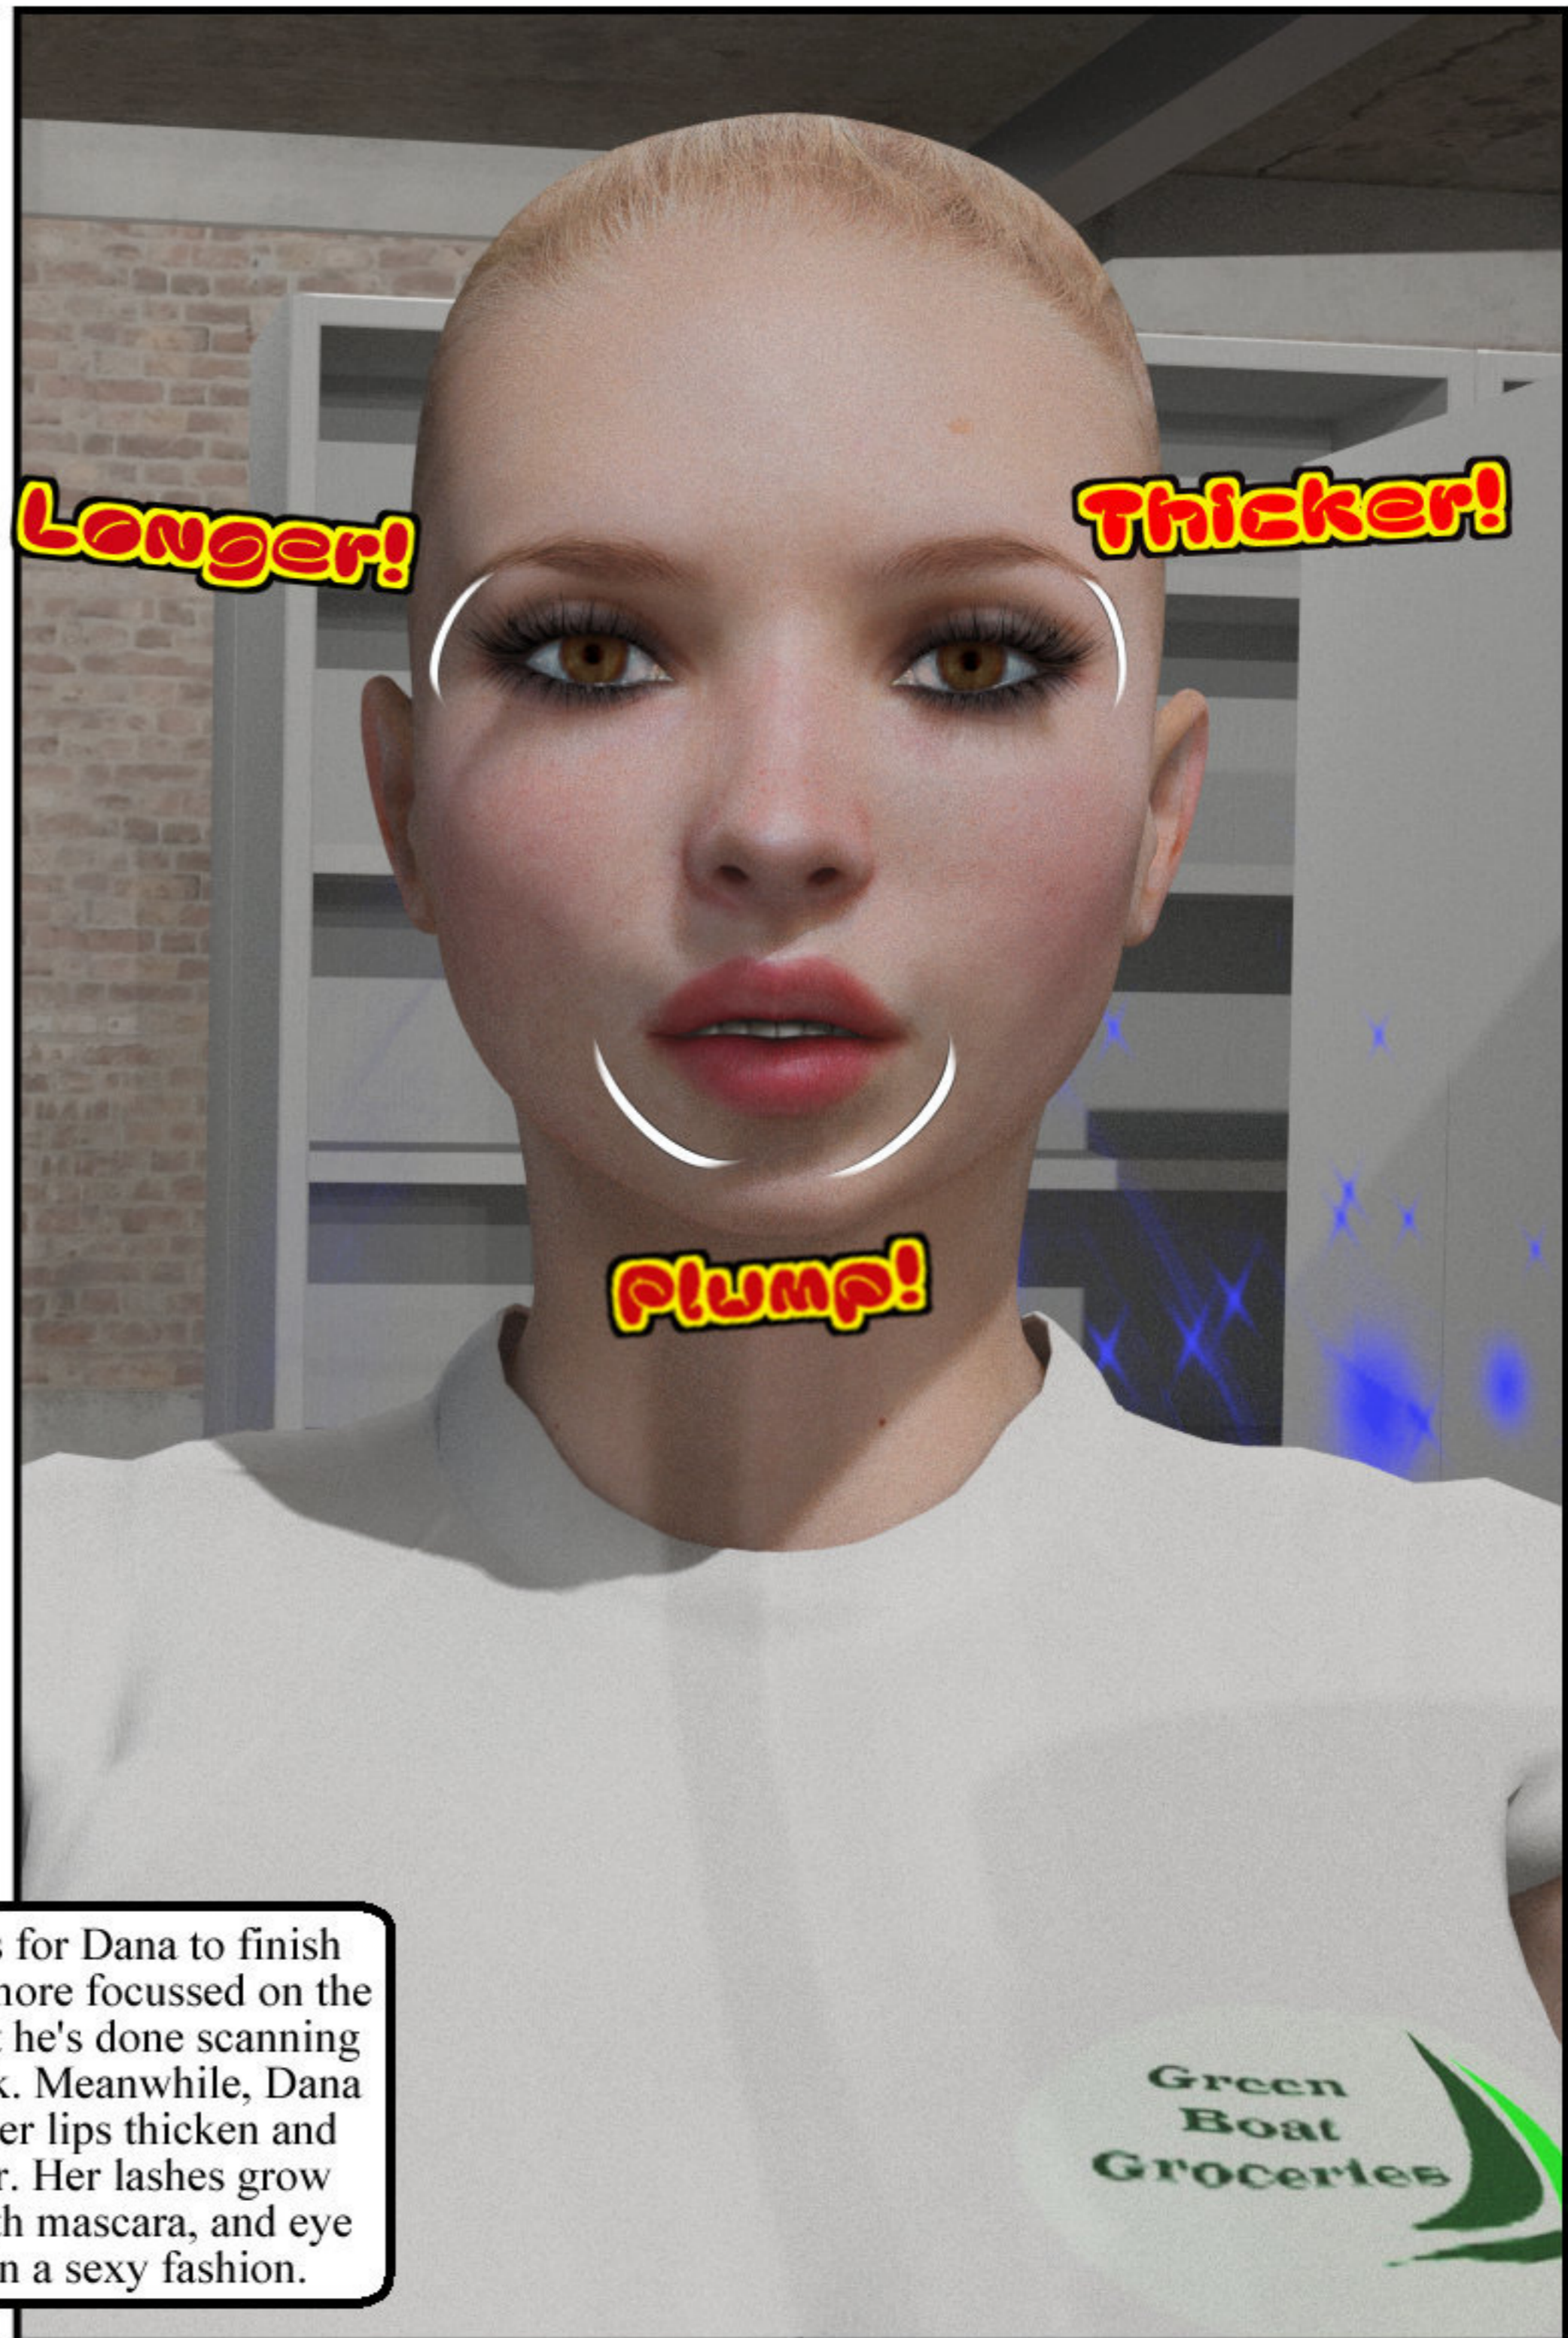

Dana finally notices her ample growths thrusting from her chest. She pokes one with her pen with a shocked expression on her face. She tries to alert Alex that something odd is going on, but her voice is suddenly silenced. Her face seems almost frozen in a completely blank expression.

My... my chest! It's grown so big! I'm huge!

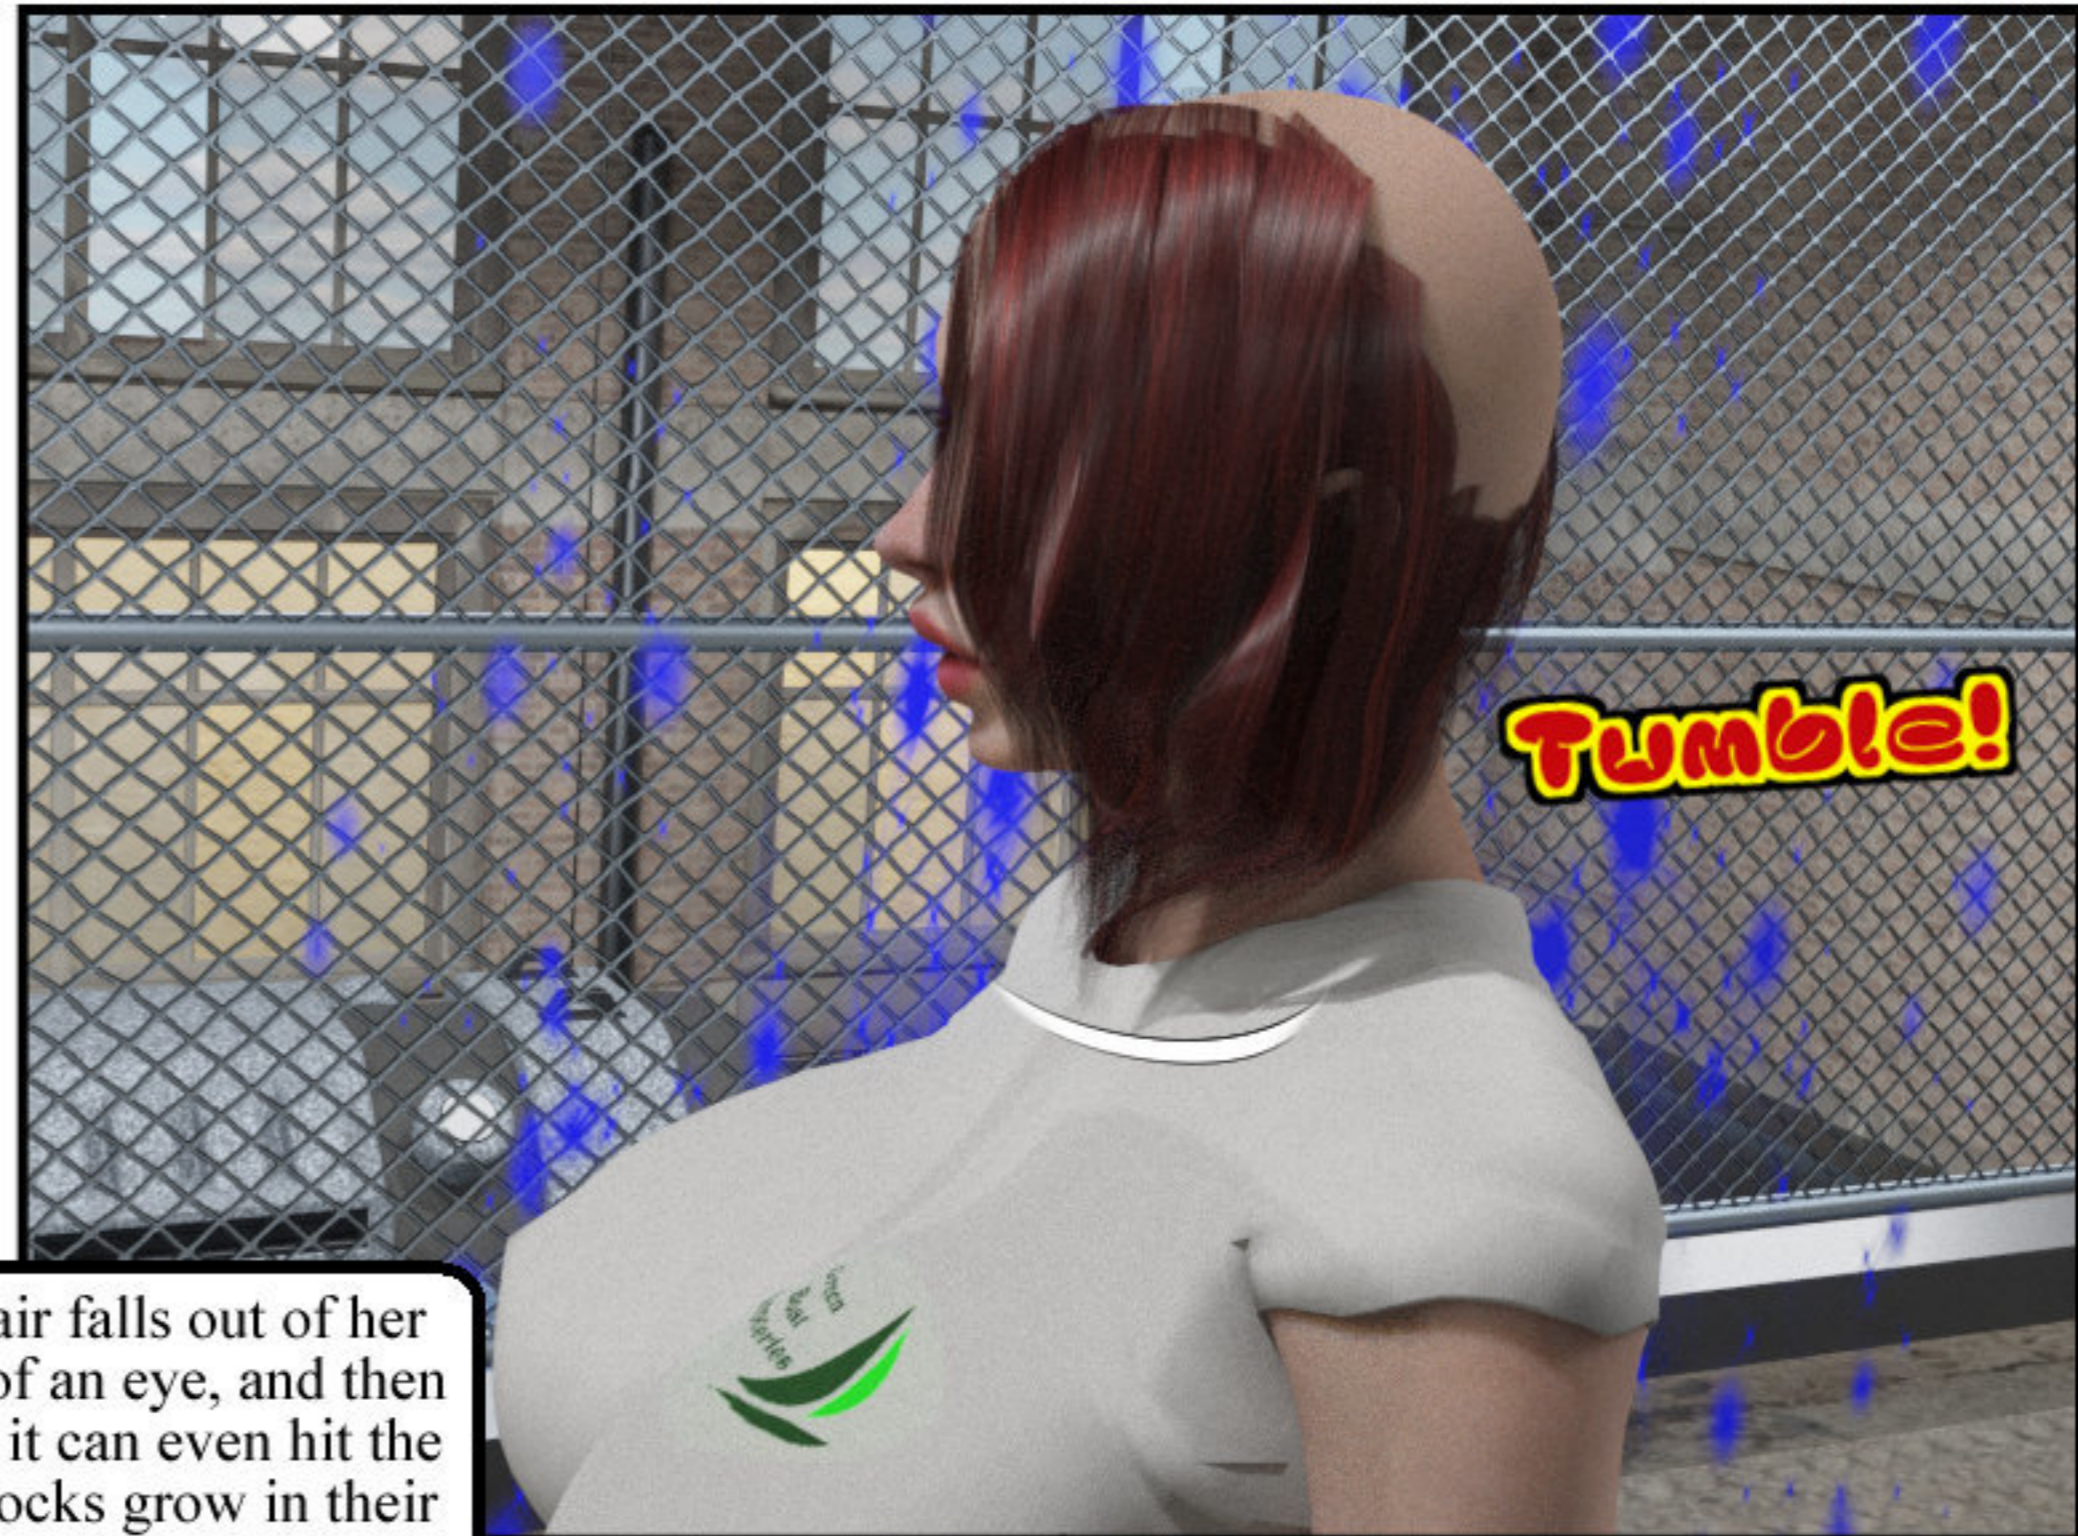

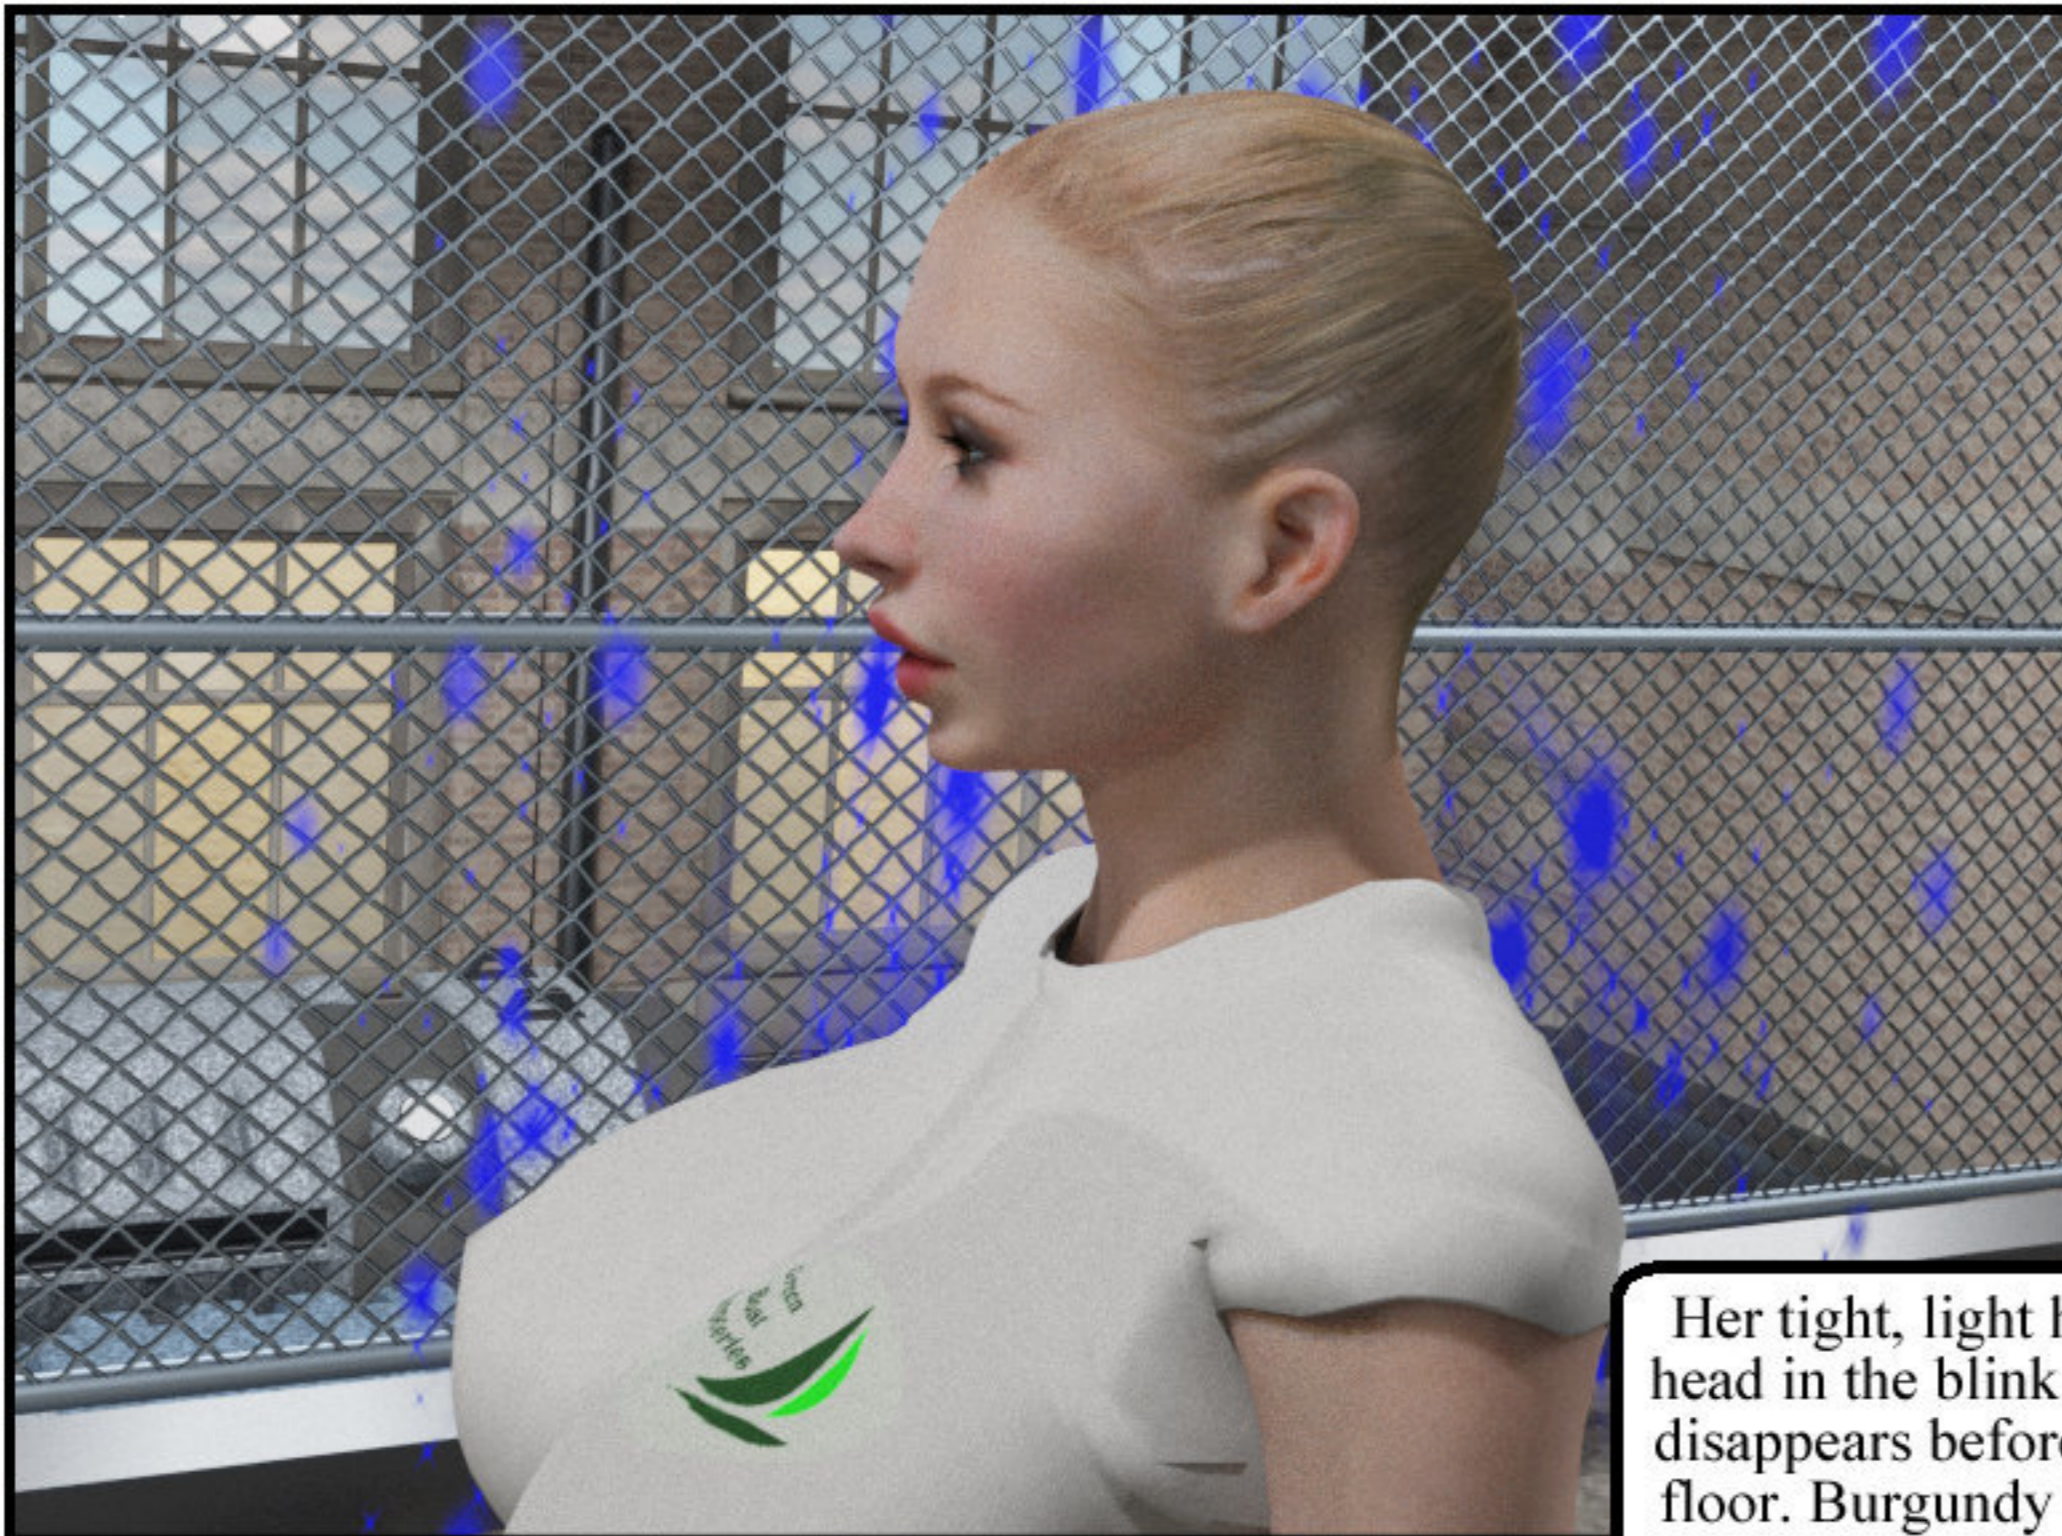

How did this happ--

Alex quietly waits for Dana to finish her sentence. He's more focussed on the box of noodles that he's done scanning and needs to repack. Meanwhile, Dana stands frozen as her lips thicken and change their color. Her lashes grow longer, thicken with mascara, and eye liner is applied in a sexy fashion.

Green Boat Groceries

Her tight, light hair falls out of her head in the blink of an eye, and then disappears before it can even hit the floor. Burgundy locks grow in their place and start to tumble down her shoulders. Her new hair soon reaches all the way to her full, ripe tits. The tips almost tickle her erect nipples, as lighter streaks appear in it.

giggle

DLING!

The sparklies show no mercy! Once they release Dana from her frozen pose, she changes stance to better show off her new figure. Just in time for the magic to alter her clothes to match the skimpy attire from the poster. An outfit that Dana now fills far better than she would have a moment ago.

Alex finally pulls himself away from the task at hand long enough to notice an odd blue light off to his left. He turns to look at the bright blue glow and wonders where it's coming from.

Where did this bright light come from? Dana! You OK?

The bright blue begins to fade, and Alex's jaw drops open at what he sees revealed. A sultry voice responds to his question from off screen, as Alex stands agape with shock and confusion.

D-dana!?

OK?
Mmmm,
I feel better
than OK.
I feel...

TROPICAL Juice

With the blue glow now gone, Alex gets introduced to Green Boat Grocery's store model and employee: Dana. She stands in a sexy pose with a flirty and hungry smile on her face.

...SO
hot baby!

Dana!?
How? What?
When did
you?!

Like, I've always been like this. Speaking of which, we should totally take our breaks now instead of later. Especially here and now... in the back... just you and me cutie!

Approaching her co-worker, Dana offers Alex a chance to go on break early with her in the back room and study a better subject. Alex stands slack-jawed, staring at the stacked slut that used to be his cute co-worker Dana.

Alex's brain is still scrambling to explain what has happened, as Dana closes in on him and presses her new and enhanced figure firmly into him. Especially those full, ripe breasts, which she mashes against his chest.

Wait, what do you mean?! How did this even happen?! You weren't so beau--

Busty? Why thank you for noticing Alex. And yes, I mean like you and me and our naughty ideas!

Like totally! Let's go have our break and like have some fun.

But wait, there's more! The wish is clearly still active, as we can see the blue sparklies now slowly appearing behind Alex. The magic alters his confidence first, and he gives Dana her answer with an eager smile.

The story will
continue in the
next part.
