

Okay,
I'm out
Lola...

This
hard-on... if
it gets harder I'm going
to begin worrying... with
all the blood rushing to
my face I'm suprised
anything is pumping
into my tiny
guy.

I shall
be out
momentarily Katy,
hold on! I don't want
to steal your 'reveal
thunder'. Why don't you
show Emily and Madame
Belmoi your bra and
I'll be out in
a jiffy!

Ah... zat
bra...
understated, yet
fashionable, ze
polkadot is a pattern
that 'as stood the test
of time. If you 'aven't
realized yet Katy; it is a
'push-up' bra to give
ze chest more 'oomph'.
One for ze woman
who believes 'bigger
is always
better'.

Yes, and
something that isn't
discernable with just your
eyes is that it's quite apparent
whoever chose this bra not only
had exceptional taste but is
also an unparalleled
friend.

Emily!
I told you no
cheating!

Miss Mendel,
please keep ze spirit
of ze competition
fair.

Hmph!
Sure, as if I need
any sort of advantage
anyway.

A push-up?
I thought it was
squeezing my chest
weirdly. No offense to
'whoever' chose this
but I'm not going to
be getting it; I don't
need to look
bigger...

The odd pressure
this bra is causing- I'm
glad Emily got me those
pads as I'm certain I'm
leaking milk.

The polkadot style suits you Katy!

Ha I- Lola- Wha- You- But-

BLUSH

...

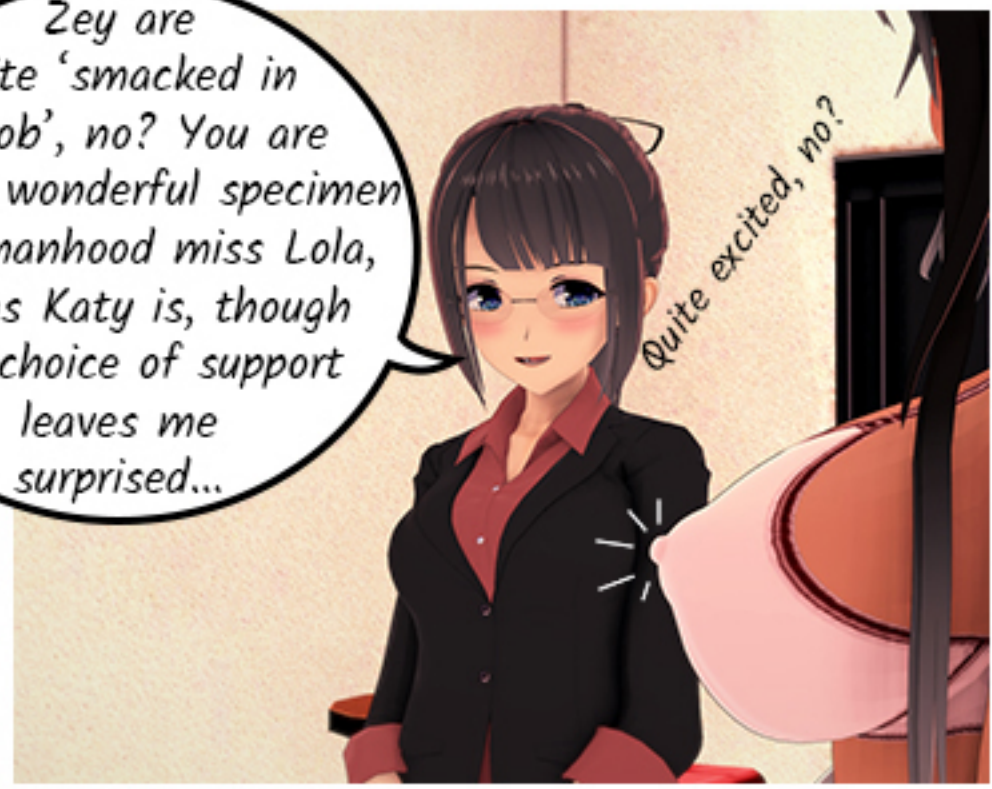

GLOW

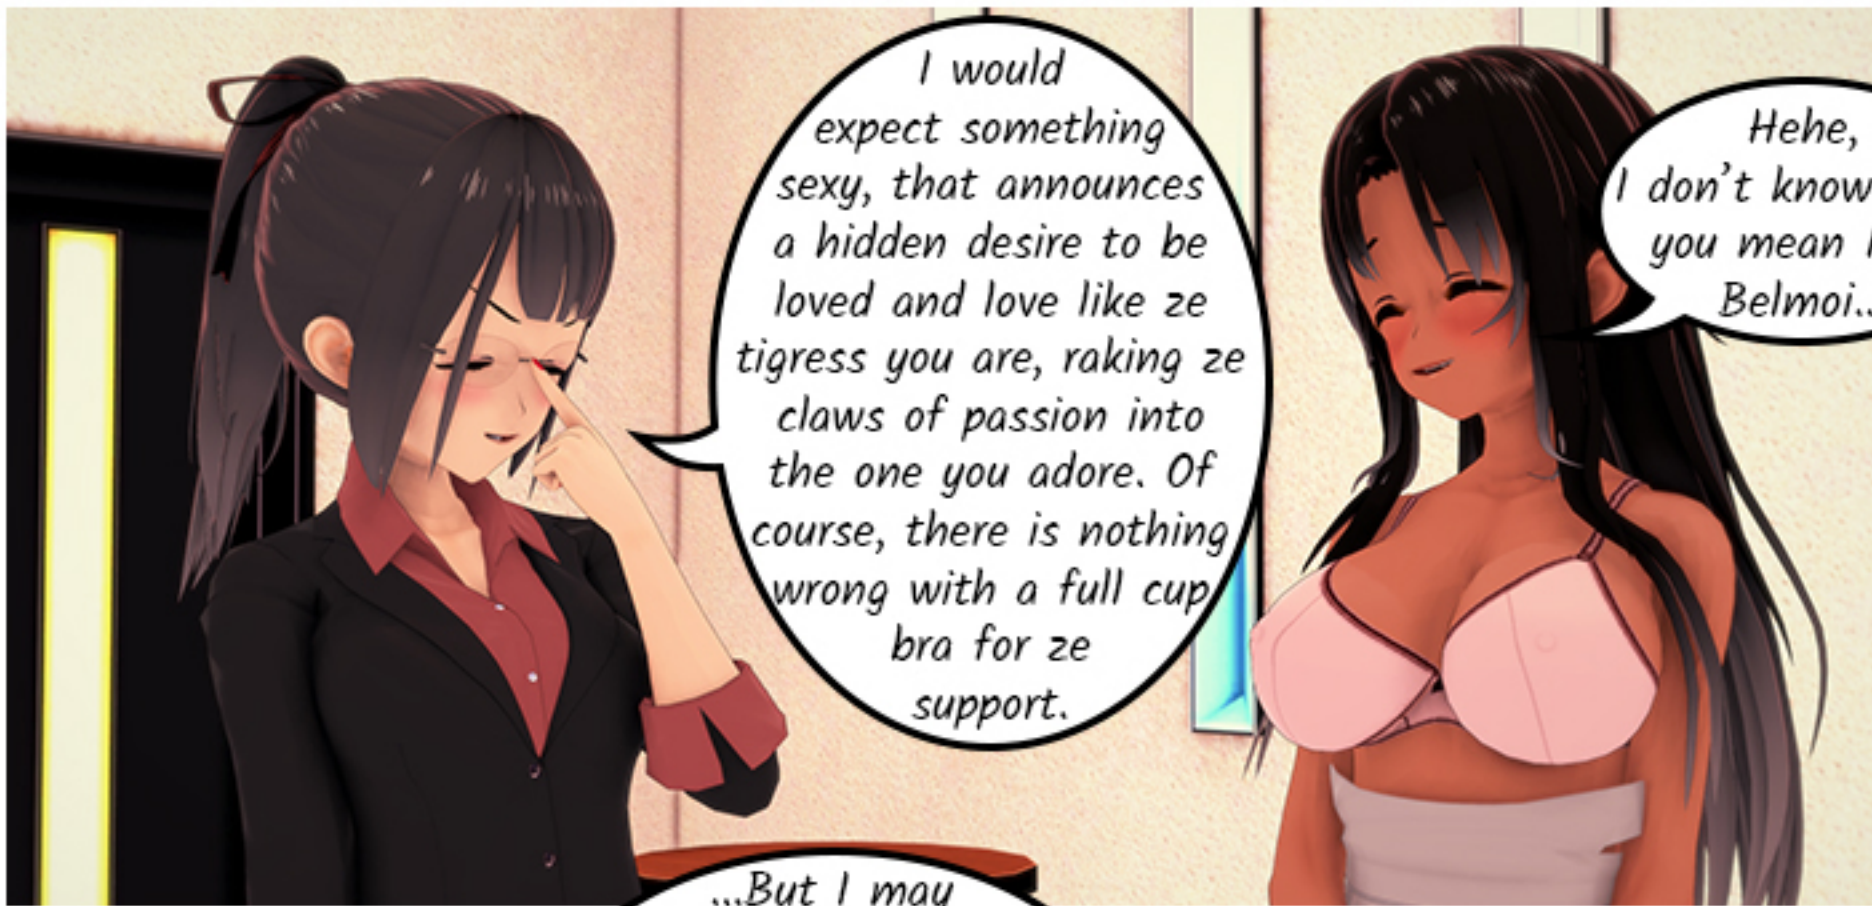

Hehe, I'll take that as a compliment you two. I guess I don't need to ask how I look?

Zey are quite 'smacked in ze gob', no? You are another wonderful specimen of womanhood miss Lola, just as Katy is, though your choice of support leaves me surprised...

Quite excited, no?

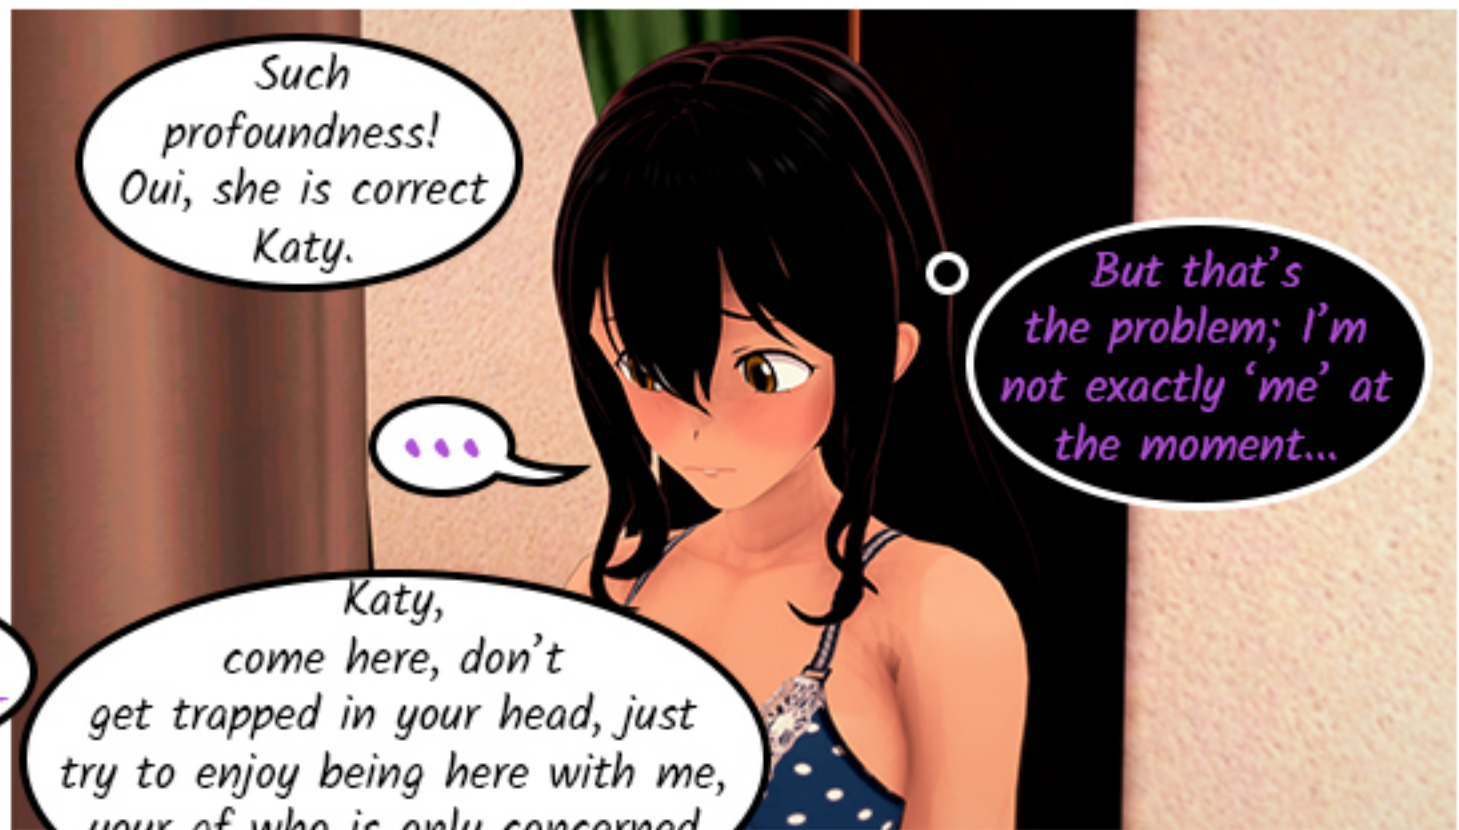

Katy,
I know that you suffer from shyness, but you must realize that even I feel a little self-conscious right now. It is okay to be, honestly. But you cannot let it rule you.

Lola, you can't know how I feel-

Uh-huh,
I know. I never said that I do. But what I wish to believe is that when you push yourself you can learn to enjoy things that are even outside of your wheelhouse. A reason I'm fairly comfortable right now is because I have practice changing in front of girls due to cheerleading.

But...

As long as you are secure in yourself, whatever life throws at you you'll be okay.

Such profoundness!
Oui, she is correct Katy.

...

But that's the problem; I'm not exactly 'me' at the moment...

Katy,
come here, don't get trapped in your head, just try to enjoy being here with me, your gf who is only concerned about your happiness.

Okay... I'm here.

Thank goodness, I was feeling a bit awkward holding this pose! Come on Katy, you've done it once you can do it again!

No, this is both an ingenious and devious play by Lola. Her actions are simultaneously distracting Ken and making positive associations. Perhaps I have underestimated her...

After some more joking, flirting and a bra change...

Lola, I'm back out again!

I wonder if Lola shall like this bra?

Just a moment cute stuff, I'll join you shortly!

'Ere it is, ze final bra. Full cup, full support. Modest, but that is what you really want, non?

This is going to make it more difficult finding something or someone to substitute Lola's part in my plans... it is frustrating how his attitude differs so much with Lola as opposed to me.

I think so. I don't want anything too flashy and they feel great on my back and boobs.

Another that suits you nicely, honestly, I think you could wear a bin bag and make it look good!

O.M.G. Lola, you're only in your-

Calm down dick. Calm down dick. Calm down dick!

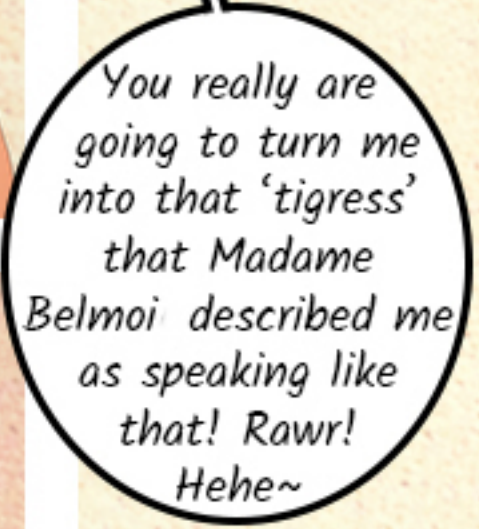

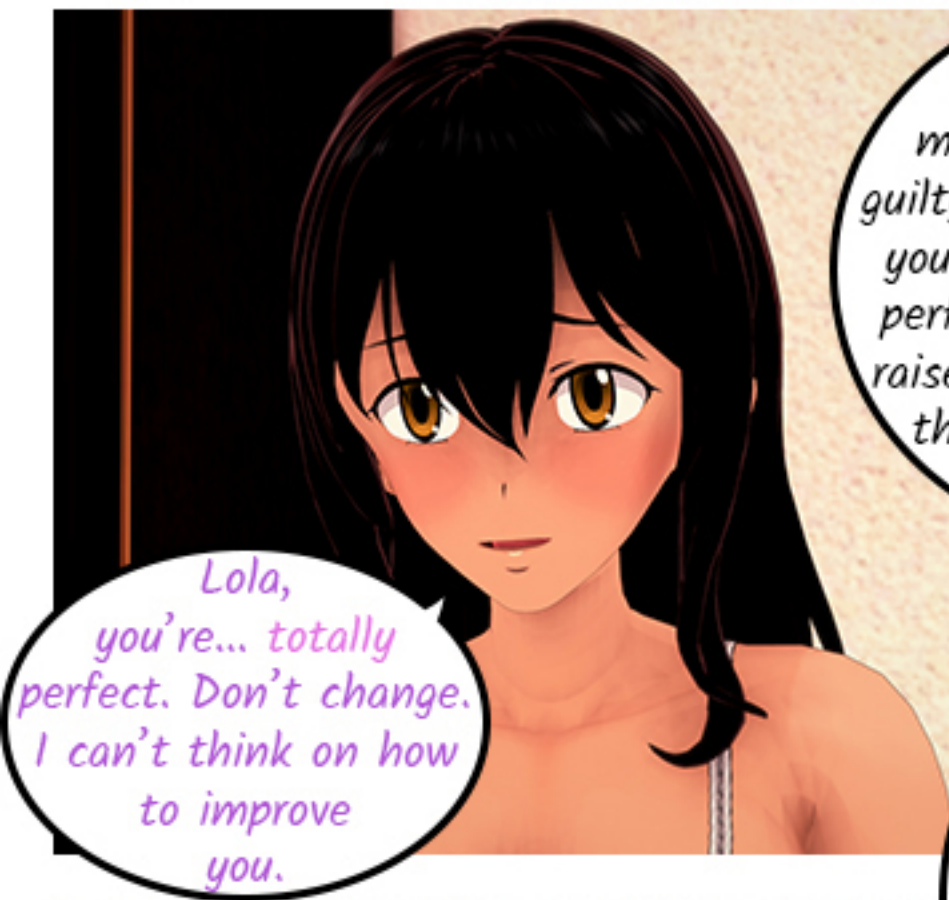

Well... to be honest there wasn't much else to take off hehe~ To tell you the truth I've never been too confident in my ass...

Not with these on me. Sometimes I feel a little... 'unbalanced'.

Even Lola has a complex about her boobs and ass... for different reasons than me, that's obvious.

Hmph!
Get a room you
two.

You're a
tiger. Youuuurre
great!

Downright
shagadelic
baby!

Ohh... It is
unfortunate that I must
interrupt ze flirting,
and **humoristique** jokes
but zis outfit was chosen
as it isn't too 'loud' or 'as
ze 'frills zat Katy
objects to.

Hehe, I'm
impressed you
got the
reference!

How could
I not Lola,
it's one of your
favourite film
series...

I'm still not
too happy showing
all this skin, but it isn't
as flashy as what 'Katy'
chose.

Thanks
guys, it's still
showing my legs off,
but these shorts are
a bit better than a
skirt.

An anarchic change later.

Now we're a couple of no-hopers. Rebels without a cause ready to cause a ruckuss!

That's the spirit Katy! I'm so glad that you're enjoying this!

Feh. Like I care about that or the establishment. I just wanna score some smokes, ride motorbikes in churches and spread anarchy!

I'm not convinced on the 'goth/ punk' look. I can feel my ass straining against the denim shorts. Wearing silky stockings on these legs is turning me on, I think I'm more mentally fuc- goshed in more ways than one...

How is Ken so okay with this? Is it the stress amplifying his disorder? No, the state that Ken is in can hardly be described as 'stressed'. Is Lola's gentle manipulation really this effective? Whatever the situation he is unrecognizable at the moment. Has Katy-?

We all have a little rebel inside... hidden next to ze tigress of course! Zis ensemble shows a little, but makes a big statement. 'Ow does it feel? Does this capture 'Katy' well?

Nah, not so hot on the style or on authority. The prior outfit was more in tune with 'me'.

Then it is time to wear the next 'Katy'. This is one that I know you shall like, it has been chosen by a 'bestie' after all.

Oh, and I wonder who that is?

I must say 'Katy'; that clothing is very 'you'!

She may be right about the skirt, but the fact that I'm wearing something that another girl in close proximity to me is has really made me self-conscious for some reason.

A-are you kidding me Emily? This is what you're wearing!

But it even has your necklace- and this skirt feels tiny!

I'm sorry, I can't do this, I want to change.

What on Earth do you mean? Have your observation skills left you? Of course I wouldn't give you the same outfit as I wear - that would be creepy.

Calm down Katy, it's no shorter than what you usually wear.

You haven't even posed in it, try walking around at least before you dismiss it! Or is this a rigged competition with the bias in Lola's favour?!

Miss Mendel, patience s'il vous plaît. You cannot push an identity, even your own, onto others, allow the girl finding 'erself to do just zat.

I'm gonna go get changed...

Hmph! No, it's fine, I'm not a baby, even if 'Katy' is!

A flowery switch later.

This is... a bit flowery... Have I seen this somewhere before?

Oui, "flowery" and retro. It is a set that many aspiring women wear, even if that have a very masculine part to zem. It is très effeminate.

Haha... what a coincidence... *Sigh* I don't think I want this one.

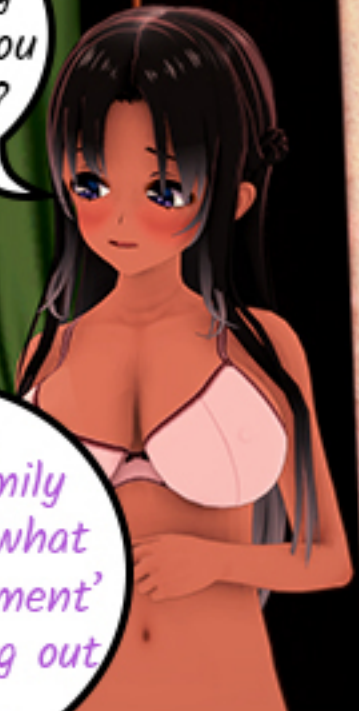

I wanna get out of here. I feel like such a fool now reflecting on all that posing. What was going through my mind?

Back in a skirt again...

Hey, why the long face? Have you had enough?

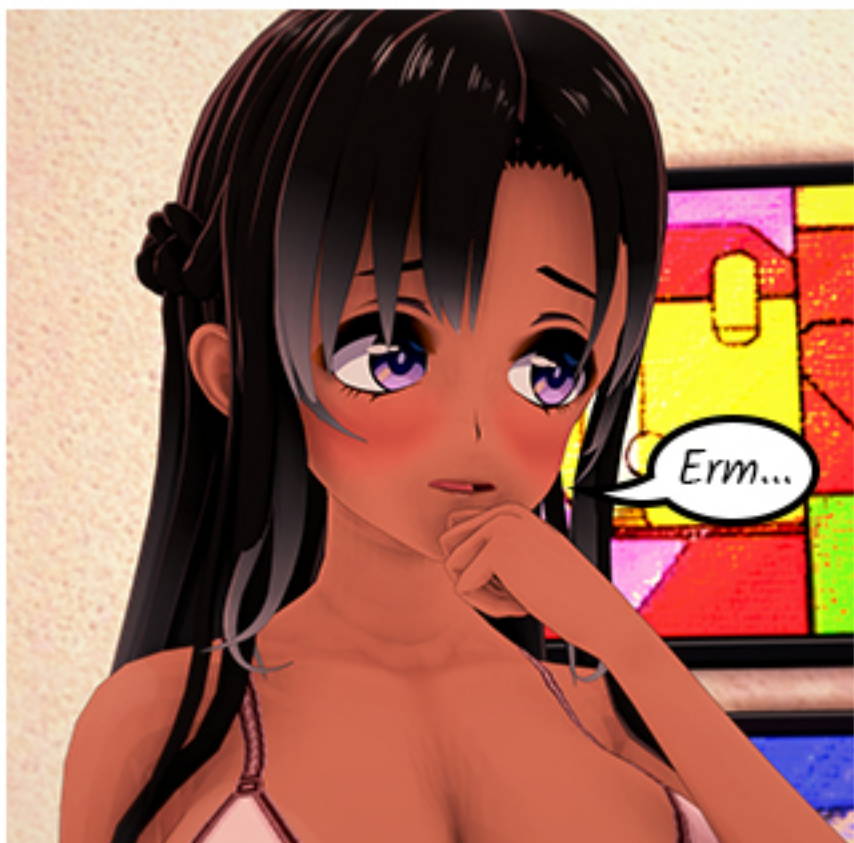

Yeah... I think Emily has taken what little 'enjoyment' I was having out of this...

What?!

Erm...

Katy,
can you
come here for a
moment? I want
to tell you
something.

Katy,
now we're here
think on the fun
we've had, you did
have fun right?
Just a little?

I've...
enjoyed the time
with you Lola but
this has
been-

Then don't
let a minor bump ruin
the day, pose with me
to end what I think
was my best
date.

Sure... if it'll make you happy... Wait- this is your first date ever, isn't it?

Hehe~ You caught me out. I don't know how you knew, but unfortunately I have to say this is also the worst date I've had- sorry Katy!

Pfft! You're just... incorrigible.

...

See, it is ze love that truly 'elps people to change.

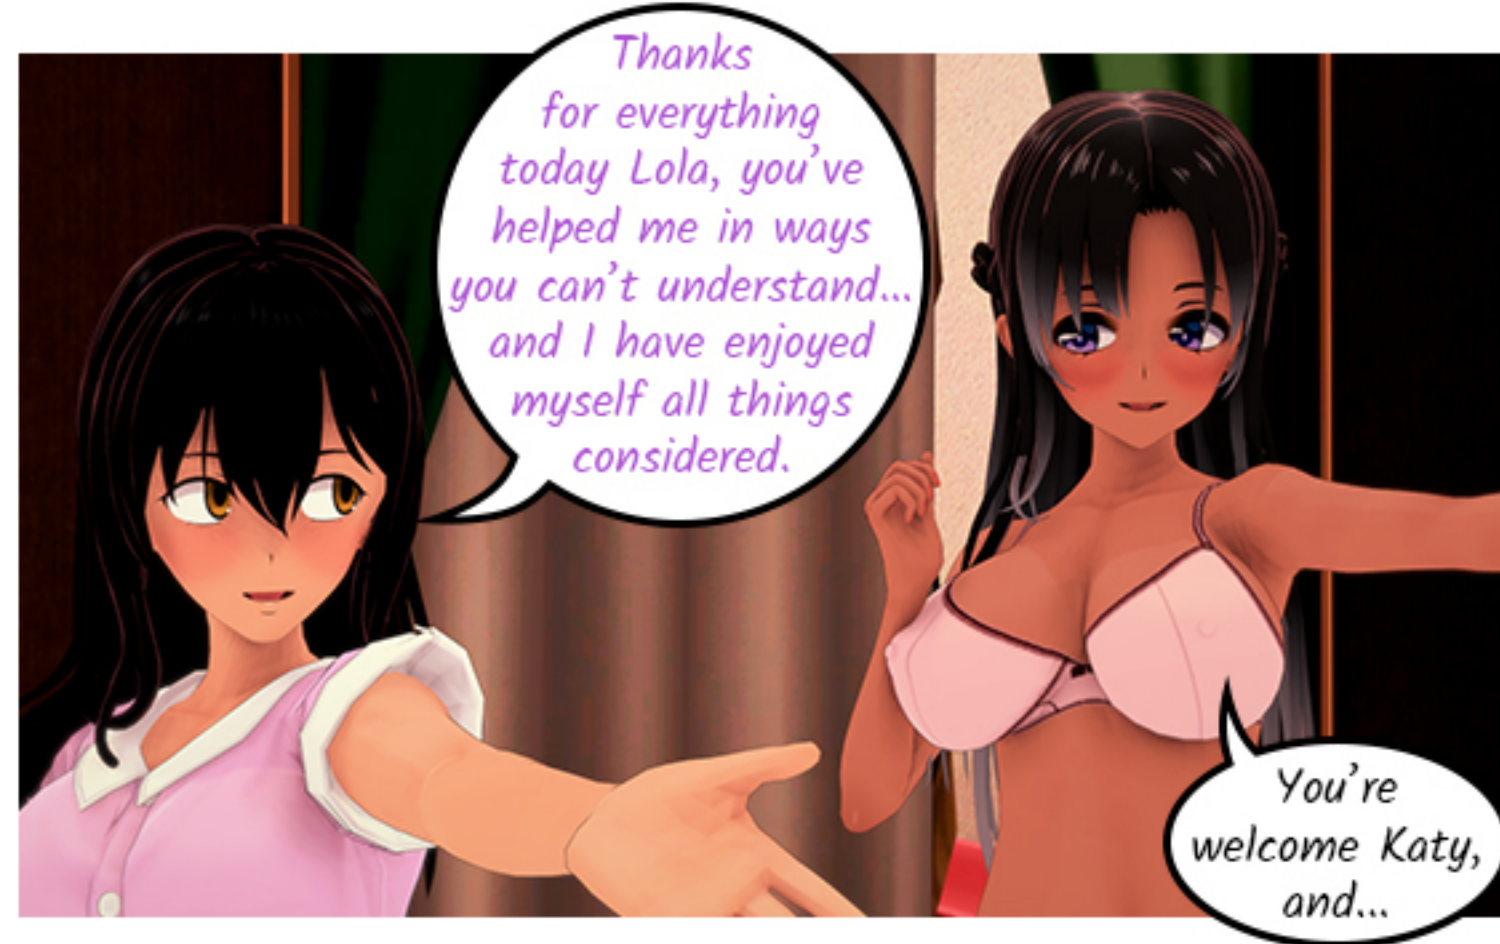

Who says it's "love"?! Anyway, this "love" you refer to is just a biological stimulation of certain centres of the brain.

My my, how, as zey say 'reductive'. You and I know you too are captivated, non? And you must have also realized 'love' 'as more frustrating parts than just that, oui?

blush

...

After a few minutes of fresh air...

Uh, yeah...
so where's
Emily? I need
to talk to
her.

Is everything
alright Katy? Has
the headache
gone?

Some 'chaperone', it
seems that I didn't even
have to try those clothes
on, she was gonna buy
them all anyway...

She was insistant
that you knew she paid
for it...

Hehe~
Sorry, you were
forcefully parted
from your
chaperone, huh?
She's inside
paying for your
clothing.

I think you
missed the point
of what we were
trying to do
gf.

Yes...

No... we wanted
you to have fun,
while having a bit
of fun ourselves.
Did you have
fun?

I know, I know,
'to help me realize my
inner woman'...

I had fun
being with you.
Joking and doing
some ridiculous
posing. Feeling a
bit 'exposed' in
public wearing this
now though...

Well, you
looked very cool to me. You
have a bod that can do justice
to any clothing. Don't snap-
I didn't say 'cute'
hehe~

Those poses
were ridiculous. But
it was great seeing you
become a bit more
confident.

Girl to girl, what
do you think of pantyhose and
stockings? It always excites me feeling
that silky smoothness creep up my leg
when putting them on... and the
feeling of my legs rubbing
together....

"BLUSH"

Oh, huh,
I guess... they
were pretty
sensual...

Sorry, TMI for
a first date! Hehe~
Though it hardly feels like
our first date...

Huh?

GLARE

...

What's this girl's deal?
Wait...

I... know
this girl from somewhere...
I think? Why does she seem
so familiar to me?

Wonder what her problem was? You didn't have to do that by the way.

Of course I did; no one messes with my girl! Teehee~

"Girl"... Wait is that- no, it can't be!

I do feel sorry for her though; her back is going to be in agony with walking so slouched with boobs that large.

A-Aran!

Hm, did you say something Katy?

Crap!

L-Lola, Quick, I... need the toilet. I think there's a hotel over here, let's nip in there so I can leak the lizar-clam!

blush

Ba-Dump

Ba-Dump

Oh, okay Katy. Lead the way!

Inside a room at the love hotel.

Ummmm...

...

Crap, crap!
I only wanted to duck in here to avoid Aran, I didn't know it was a love hotel! When Lola realized she thought I was sending a signal and booked a room! What do I do, can I even back out of this now? I still kinda want this, but my dick-

So...

"Ba-dump" "Ba-dump"

WHUMP!

He...he...
I must say Katy that you've surprised me... acting so bashful and then propositioning me on our first date. But... this feels right. If I'm to lose my first time I'm glad that it's with you.

OMG
It's now or never Ken, say something! Don't allow the dick that's about to get you into trouble make this decision!

"Ba-dump"

"Ba-dump"

I'm going to show you Katy just how much of a tigress I am, with you taking the role of the helpless deer. You are quite deer to me after all! Hehe, sorry, I shouldn't joke, but you seem tense.

When I'm done you're going to be thanking fate for being born a woman Katy. Hehehe~

Oh,
what is this?
Milk?

You're Lactating?
