

Dear supporters and friends,

you surely have heard about the weird politics of Patreon, how they treat NSFW creators. Now it hit me. They suspended my account.

I don't want to write down how ridiculous some examples are they picked, obviously by somebody who hates it when there is anything sexual with mom and daughter or sons. Just one example they listed:

Because I have had way too often such issues, you surely have noted that I don't post on Patreon anymore, only hints and the works are only in my lair, **I made the decision to leave Patreon**. It's a too shi**y place. This is a very, very big risk for me, just for the fact that this is my only income and I already live on the poverty threshold. I still haven't decided where to go, but will inform you either here, or if they give the account free again, as last entry at Patreon.

I'm sorry to make you make you efforts if you want to carry on supporting me, but I would be very happy if you follow me to another, hopefully better place.

Please and thank you.

With kind regards

Gagala
