

## I Need To Know Punch Up Lyrics

### Verse 1

They don't say you've asked for me  
There's not even talk about me  
I must admit I want to hear about me  
I must admit... that's just me

### Prechorus 1

Leave me alone out here  
Leave me all alone  
Don't tell me what you're feeling  
Girl you've gotta ... leave me alone

### Chorus 1

I don't need to know  
I don't need to know  
Don't tell me baby girl  
I don't need to know  
I don't need to know  
Don't tell me baby girl ... leave me alone

### Verse 2

My every thought is about me  
It's getting harder not to think about me  
Girl I'm getting hard, exactly  
The only thing's I need to think about me
