

Flower Shop Girl
By Calista

Aerith finally finished packing in the dirt around the last of the Hydrangea plants for this job. She didn't normally do this kind of garden work at a customer's house, but Saeko had been willing to pay top dollar.

Normally, Aerith preferred to arrange her customer's plants and flower arrangements in her own quaint and cozy little flower shop. She'd play her music while dancing and twirling. It brought back memories of her childhood, with stories of fairies and gnomes to keep her company.

She'd never told anyone this, but secretly, when she danced and twirled, her flaccid 26 inch (66 cm) long cock would wave in the air and wrap around her leg. Occasionally her cock would brush through the leaves of her plants, bringing her untold amounts of guilty pleasure. The feeling of her body being naked from the waist down was both freeing and exhilarating.

One reason she didn't like coming to client houses were exactly the type of problems caused by her cock. It was so long, and so troublesome to contain and manage, and if it was seen by some random stranger, many people would run off like they'd seen a monster. Which, to be fair, was how she thought of her cock sometimes. It was truly a monster.

It was also unique. She'd never even heard of someone else having a 26 inch (66 cm) long cock. Some other well known futas had truly massive cocks, but nothing like hers. The famous Triss Merigold, both an immensely popular pornstar and sorcerer from another world, had a 19 inch (48 cm) long cock when it was last publicly measured. Triss was well known for plowing through girl after girl, sometimes driving local brothels out of business for weeks at a time as their employees recovered from Triss's antics. Jill Valentine, the absurdly rich and powerful CEO and part-time pornstar, infamous for being able to fuck for hours and hours, had a similarly sized cock at 19.2 inches (49 cm) long.

One interesting thing about Aerith's cock is that its full length was the same whether she was erect or flaccid. The width varied dramatically though, a full 14 inches (35.5 cm) of girth when she was erect, and her cock shrank to 10 inches (25 cm) or so in girth while flaccid. Though only a small number of people and past lovers knew, she reveled at the thought that she might have the biggest cock in the world, much bigger than even the most famous futa pornstars out there.

There was no curve or sag to her cock either. When she was erect and horny, it stuck out in a straight line, thick, long and rock hard. It was beautiful, delicious, and very, very demanding when she had a lover to share it with. Her balls were huge, each one a little larger than a baseball, and they produced a truly impressive amount of cum. Her current ejaculation record was nearly 2 liters after that amazing sex session with Tifa at the train yard. It had taken her nearly 2 full days to recover after almost drowning the other futa in that much cum.

While she was definitely blessed in the cock size department, she did lack a sizable chest compared to nearly all of her fellow futa peers. For the most part, futa girls had very, very large breast sizes, with the smallest generally having FF sized breasts and going up from there. The largest publicly recorded breast size for a futa girl was in the OO cup range. Aerith's breasts were large, but only when compared to standard human females. She was currently wearing a D cup bra she'd been given to her by her parents back in high school.

Today, she didn't have any problems though, despite being on her knees digging in the dirt for the past several hours. Saeko had told her she'd be out for much of the day, and she had free run of the rich woman's mansion while she was doing her contract garden work. Because she was left alone at the house while she worked in the garden, Aerith had removed the long cotton dress that she normally wore and was naked from the waist down. The cotton fabric of her dresses was obscure enough that you couldn't see through it, and it was billowy enough that it concealed the large bulges even her flaccid cock and balls caused. Removing the dress meant she could work in comfort without worrying about getting the dress dirty and having to wash or replace it later.

As she stood up, Aerith stretched out her back to work out the kinks that came from bending over for hours working in the dirt. She next released the binding around her thigh that kept her cock from getting dirty. Her very long cock finally flopped free. The feeling of her cock hanging down unobstructed and in a strange place was exhilarating. A quick look around the garden showed the evidence of her long hours of work. The garden looked spectacular. She'd have to make sure to ask Saeko for a few referrals when she completed the work.

The sound of a car coming up the long driveway to Saeko's hidden mansion startled her. She had just a few minutes to dress and make sure her huge cock secret was hidden.

Saeko arrived back from her mission a bit earlier than she expected to. The flower girl's scooter was parked in the driveway, reminding Saeko that the plain looking girl was working at the house today.

Her mission required her to pick up a suitcase full of money from a businessman her sect had a long arrangement with. As soon as she got in the house, she put the bag full of money down and began stripping off her custom latex bodysuit. She needed to change out of it before the flower girl saw her.

She'd chosen to appear in a latex bodysuit for all her business dealings. She loved the feel of latex on her skin. The only problem with latex was the presence and size of her cock. She had gone to a tailor to get fitted for a number of the custom black outfits and to see if he could come up with a solution for her problem. His idea was to make her a cocksleeve. Her massive cock always attracted attention anyway. Stuffing her dick into a cocksleeve helped her get into character, and helped to emphasize her sexual superiority to anyone she was working with.

The only problem with a cocksleeve made of latex is that it wouldn't expand and contract. While her cock was flaccid, that was no problem, but if she started to get horny, the cocksleeve would get extremely tight, restricting additional blood flow into her cock while she was wearing it.

The cocksleeve was tight enough to prevent her from getting hard while wearing it, but it still needed to be nearly 15 inches long (38 cm) and 7 inches around (18 cm) to accommodate her huge flaccid cock. She loved the way her cock and the cocksleeve added to the mystique surrounding her reputation.

When she got erect, her cock measured 18 inches long (46 cm) and nearly 12 inches around (30 cm). The fact that her cock was nearly as big as Triss Merigold's gave her an immense amount of pride. All of her other futa girlfriends were jealous.

The top of her latex outfit was always the first part to come off. This freed her very large breasts first, before she could start to remove the rest of the latex outfit.

A loud crash rang out, startling Saeko. She jumped to the side and pulled her pistol before spinning around to aim at the intruder. The flower girl stood there with a shocked look on her face. A garden spade was lying on the floor, clearly having been dropped by the innocent girl as she gaped at Saeko's body. "You're a futa?" were the words that came out of her mouth.

Holstering her weapon, Saeko straightened up, and knew at once her cocksleeve was in plain view of the girl and likely the cause of her shocked reaction. "Like what you see?" she asked, more sarcastically than she intended. Saeko had very high and demanding sexual needs, especially after a tense fight for her life, but she preferred the company of her fellow futa women. Saeko didn't really want to have to deal with a normal plain female struggling to stay conscious through the unimaginable pleasure a sexual tryst with her would entail.

"Listen... Aerith, I know that...." Saeko started to say before looking back over at the girl.

Aerith nervously stood there, and she had pulled up the cotton dress she wore to show off what she had underneath to the older futa. Her beautiful but still flaccid cock was in full view, and it projected out from her body to accommodate the space required by her extremely large balls. The magnificent cock hung well below her knees, not quite halfway down her calves. A single drop of sweat slowly made its way over the curve in her cock until gravity pulled it faster and faster towards the floor.

Saeko's eyes bugged out, as she could not believe what she was seeing. She'd never heard of or even imagined a cock as big as the one in front of her now. "Is that...is it...it's real?" she finally managed to ask.

Aerith only nodded shyly, unable to say anything. Her cock swayed slightly with her heartbeat, clearly in the initial phases of forming an erection. Over the course of maybe a minute, her cock steadily rose higher and higher, and got thicker and thicker. Saeko stood there in stunned

amazement, watching the impossible happen right before her eyes. The veins on her cock noticeably stood out, thick and dark against her otherwise pale skin. Once she was fully erect, a small droplet of the girl's pre-cum bubbled out of her cock, building up over the course of another minute or so before dropping to the wooden floor.

The drop of cum falling to the floor shattered Saeko's moment of rapture, and she finally let out a breath. She couldn't believe this was really happening, as the girl's cock was beautiful, long, thick, hard, and pointed straight at her. Her brain finally registered reality after being awestruck by the girl's cock.

Her thoughts and focus were interrupted by a tight, constricting pain surrounding her own cock. Looking down she belatedly realized her cock was still encased in her cocksleeve, which was tight enough to prevent her cock from growing to its full erect length.

Saeko's attention turned entirely to her own cock, and she realized she had to get this damned cocksleeve off immediately. Getting nailed by the flower girl had become the most immediate priority in her life, and this fucking cocksleeve was in the way! She screamed out loud as she attempted to remove the damned thing from her hardening cock.

Her cock throbbed inside the sleeve as it tried to get harder and harder. She pulled, and pulled, and pulled on the garment, and finally, after a furious yank with all of her prodigious strength, she was able to peel it off. Her cock instantly sprang to its full length and girth.

Fresh air surrounded her cock, the freedom bringing her enough sensation that a burst of pre-cum launched out of her cock. She looked up to see the flower girl standing right in front of her, and the woman had a shocked look on her face.

"Miss Saeko!!" Aerith exclaimed. "You came all over my cock!"

Saeko looked down at the girl's huge dick, which was now covered in her cum. She realized that her pre-cum blast had been epicly huge, much larger than her usual pre-cum shots. A long line of Saeko's cum had coated the full length of the girl's huge, 26 inch cock. Even her balls were soaked and dripping with her cum.

The sight of Aerith's cum covered cock enthralled her. The veins popped out, and her cockhead slowly bobbed up and down in time with her heartbeat. Some cum pooled in the crevices between her veins, while cum elsewhere flowed around the side of her cock before dripping to the floor. With a step, Aerith came just a bit closer to Saeko, and Saeko's own very large cock bumped up against Aerith's much, much larger one.

"Miss Saeko, don't you think you should clean your cum off my cock?" Aerith asked somewhat shyly and tentatively, but all Saeko heard was an order to start sucking.

She fell to her knees as soon as the words came out of Aerith's mouth. The enormous cock loomed before her, promising ecstasy, but demanding her worship. Now that she was looking right at it from very close range, Aerith's cockhead was enormous. It was fully half the size of her head, and there was no feasible way she was going to be able to get even the top of her cockhead inside her mouth. A small bit of Aerith's cum bubbled out of her cock, and it looked yummy.

Saeko's first touch on Aerith's mighty cock was with her tongue. She tentatively licked the very tip of Aerith's cock, making sure to get the small bubble of her cum. Aerith moaned out loud and her cock twitched up in the air. Saeko put her hands on the magnificent cock to make sure it stayed in place when the woman's pre-cum shot out at her. It took a surprisingly long time but Saeko knew what was coming. She opened her mouth wide and waited patiently.

An absolutely giant wad of cum burst out of Aerith's cock and thoroughly painted Saeko's face. Saeko was stunned by what had just happened, as it was orders of magnitude larger and more forceful than anything she was expecting. Much of Aerith's cum landed in her mouth, some of it got in her hair, around her eyes, and up her nose. Cum was everywhere. Saeko had intended for the burst of pre cum to land in her mouth, but the size and power of the flower girl's load shocked her.

Her next discovery was that the flower girl's cum was amazingly delicious. It was quite possibly the best cum she'd ever tasted. Saeko even admitted to herself that it was better tasting than her own cum, which was still extremely delicious.

Aerith's cock was blocking her view of her beautiful futa partner on her knees, so she had used her hand to push her cock down a little so she could see Saeko's reaction to her cum. A second shot of cum followed up the first, and when it launched out at her partner, it nearly knocked Saeko over. Saeko's prodigious breasts were now also covered in her cum.

Saeko had to pull away from Aerith's cock temporarily to clean the cum off her face and tits. She was using her fingers to scoop most of the cum into her mouth. It took her nearly a full minute to clean up, but she was more eager than ever to experience the flower girl's cock. Aerith had one of her hands on her cock, which was harder than ever, and she lightly stroked it. The girl had a slight smirk on her face, but she was clearly eager for Saeko to continue her blowjob.

"Are you ready?" she asked Saeko. Looking down at her partner, she could see that her cum had overwhelmed the older woman. The end of Saeko's own cock was a dark red in color, and she knew that the slightest touch would cause her to cum.

Saeko's response was to get back to her knees and kiss the tip of Aerith's cock again. The first of many kisses and licks followed. She proceeded to bathe the flower girl's cock with her tongue, she even tried to get the entire cock head in her mouth for a proper blowjob, but as she knew, her mouth couldn't even come close to accomplishing that feat.

She worked her way down the shaft of the flower girl's cock. For more than a half hour, she worshiped the immense cock in front of her. She licked, kissed, and lightly sucked on nearly every square centimeter of the futa's cock. If this was her only chance to experience it, she was determined that she would show this cock the devotion and love it deserved. She paid particular attention to the flower girl's balls as they hung down. They were large and heavy, coated with a sheen of sweat, and she couldn't wait until they unloaded their full load of cum all over her.

Despite really enjoying the spectacular blowjob she was receiving, Aerith couldn't take it anymore and grabbed Saeko's arm. "It's time." Aerith said cryptically and pointed with her other hand to the couch. Saeko got to her feet and allowed herself to be directed over to the couch. Aerith was ready to get her cock inside the woman's ass. It was all she could think about.

Saeko sat on the couch and leaned back. Aerith leaned down to grip the woman's ankles. As she did so, she surprised herself when her own erect cock bumped herself in the face. Saeko let out a giggle, drawing Aerith's attention.

The flower girl pulled her soon to be lovers legs up and pushed them into a wide V shape. Saeko reached out to grasp her ankles and held them in the position Aerith wanted. Saeko's huge, hard cock lay on her stomach, and extended up between extremely large tits. All she had to do was crouch down a little bit, and she was able to extend her tongue and kiss the tip of her own cock. It had been awhile since she'd done that to herself, but the flower girl inspired her. Aerith saw Saeko kissing her own cock as she was getting ready and chuckled to herself, ideas already springing into her perverted mind.

Aerith lined up as if taking the girl in the missionary position on the couch. She shivered as her balls came to rest against Saeko's. Then she pushed her cock down on top of Saeko's, the size difference between the two futas was readily apparent in this position. Saeko's large cock was long enough to lie between her breasts, while Aerith's immense cock was nearly 8 inches (20 cm) longer and bumped Saeko under her chin. Saeko took advantage of the positioning and began licking the sensitive underside of Aerith's cock, right at the joining of her cockhead and shaft.

At the same time, the flower girl reached down to heft Saeko's boobs together, surrounding both her cock and Saeko's with breast flesh. Grinning, she was able to tiffuck both herself and the older futa with her tits. Not for the first time in the past few weeks of her contract job, Aerith was extremely jealous of the older woman's rack.

After several minutes of massaging both cocks with Saeko's breasts, Aerith looked down into Saeko's eyes and said "It's time." She had to back away to get enough space to get her cock in position to fuck the daylight out of the busty Japanese woman.

“I’m going to need you to hold your balls up,” Aerith nearly moaned as she anticipated getting her cock inside the gorgeous woman’s ass. Saeko’s delicate hand reached down to gently control her balls and obediently lifted them up and out of the way. Aerith nearly came right there as she got her first glimpse of the futa woman’s asshole.

“Are you ready for this?” Aerith asked as she lined up her cock to begin fucking the woman. She wasn’t sure she could stop now even if the older futa said she wasn’t ready. Her cock was extremely wet from all of Saeko’s oral attention in the last hour. She wedged her cock between her soon to be lover’s enormous ass cheeks, and both of them were ready for the final push.

Cum had started to ooze out of Aerith’s cock, providing additional lubricant for Saeko’s ass, and she leaned in and pushed on her cock for several minutes. She felt the girl’s ass slowly begin to spread at her insistent pushing.

Saeko, while keeping her legs in the V shape Aerith requested, had one of her hands holding her balls up and out of the way, while the other lightly stroked the head of her own cock. In all her years, and with all of her different futa partners, she didn’t think her cock ever been this erect before, and she knew that when she came, it was going to be a truly massive orgasm. Cum was going to be everywhere.

All of a sudden, Aerith’s cockhead burst through Saeko’s anal sphincter and into her ass. Aerith screamed out, partly in shock and partly in awe at the unimaginable pleasure. At the same time, Saeko was unable to restrain herself and her long anticipated orgasm finally arrived in full force. Saeko cried out, her balls tightened up dramatically, while her cock exploded and shot cum all over her face. It had been a long time since Saeko had done that to herself, but then again, she normally was the one with her cock inside her lover.

Several minutes went by as Aerith rocked her cock further and further into the busty older woman’s ass. Saeko shot a 2nd and 3rd blast of cum on herself. Much of it went into her mouth, which she was able to swallow, but it was enough cum that the couch, most of her face, her hair, and everything around her was liberally covered in cum.

In anticipation of the 4th spurt of cum, Aerith reached down to grasp Saeko’s cock and directed it toward herself. Her lips wrapped around the head of Saeko’s cock, and she was promptly rewarded with an enormous mouthful of cum. Saeko had a look of tortured pleasure on her cum covered face.

Several more blasts of cum from Saeko went straight down Aerith’s throat as she swallowed the older futa’s delicious cum as fast as she could. Aerith had managed to work about 8 inches (20 cm) of her cock into Saeko’s enormous ass, and it felt heavenly.

As Saeko’s orgasm finally concluded, Aerith began pulling her cock out of the older woman’s ass. She didn’t know how much of her cock she’d be able to get inside the woman, but she was

going to try and get a lot of it in there. Saeko's ass had a firm grip on her cock though, and pulling back, even a little, was a struggle.

Aerith looked down and it was a beautiful sight to see. She wanted to remember this scene forever before the fucking began in earnest. Saeko's cock was still hard and erect, sticking straight up in the air. Saeko's hand held her tender balls, making sure they stayed out of the way. Aerith's hands were underneath Saeko as she squeezed the futa woman's enormous ass. The glans of Aerith's cock edged slightly out of the older futa's asshole, while the tip of her cock remained embedded inside the woman's ass. Saeko wiggled her ass just a little bit, which drove Aerith crazy.

She reversed her momentum and began pushing back inside her busty lover. Her passage was easier this time, and Aerith could feel her cum boiling away in her balls as she penetrated the older futa's ass. She was going to cum soon, and she was going to cum a lot, but first, she was going to enjoy herself.

Sliding through the woman's ass was an exquisite experience. She could feel the woman's muscles squeezing her. Saeko's breasts wobbled back and forth on her chest as her hands were busy holding her balls and jerking off her hard cock. Aerith got around 10 inches (25 cm) of cock inside the futa woman this time before pulling back out.

The third and fourth thrust into the woman got about 15 inches (38 cm) inside the woman's ass. Saeko was more and more delirious as Aerith continued her insistent fucking of the woman.

These initial thrusts into Saeko's ass began one of the best fuck sessions either woman had ever experienced. A sense of euphoria overcame both futas.

A few thrusts later, and she was driving about 20 inches (50 cm) of her cock inside Saeko's ass. She thought 20 inches would be the maximum Saeko could handle. She made sure to pull nearly all of those 20 inches outside of Saeko on each stroke, before thrusting back inside her. Saeko also began grinding her hips in small circles with each thrust. The grinding motions changed the depth, angle and friction of each stroke, making each one feel special.

Saeko pushed her cock towards Aerith, almost begging the flower girl to suck on her cock while she pounded away at older futa's ass. Aerith obliged her and wrapped her lips around the tip of Saeko's cock. She used both of her hands to rub up and down the woman's dick.

Saeko's mouth opened in a silent scream as her body was being overwhelmed. She literally didn't know it was possible to feel this much pleasure from this many places at the same time. Aerith's cock was pounding away deep inside her ass, and she flexed her ass cheeks down on Aerith's cock as the blonde thrust in and pulled out of her. Her balls boiled away in one of her hands as she carefully cradled them. Her cock was being sucked on insistently while both of Aerith's hands moved up and down her well lubricated shaft. Saeko's other hand did much the same thing around the base of her cock. Her breasts wobbled uncontrollably back and forth

across her chest in time with Aerith's thrusts. It felt like the flower girl was going to suck both her soul and all of her cum straight out of her balls through her cock.

Aerith's moaning was becoming more and more insistent. Her thrusts into Saeko's ass became more and more erratic. Her face shifted into an expression of need around Saeko's cock which was still in her mouth. She thrust deeply into Saeko and paused at her deepest point. Saeko could feel her cock swell slightly inside her ass.

Aerith sobbed quickly once, before pulling her cock back and thrusting forward again. Her cock seemed to swell just a little bit more. After another short pause, she pulled back for what she knew would be her final thrust.

Saeko was in the same condition. She clenched her teeth, her hand moving furiously up and down the lower shaft of her cock while Aerith's hands did the same nearer her cockhead. She knew she was about to explode.

As Aerith changed direction and started to push her cock forward back inside Saeko's glorious ass, it started. A giant wad of cum blasted out of Aerith's cock and into Saeko's ass as she pushed her cock as deeply as she could get inside the woman. Her cum flooded out into Saeko's ass to fill her entirely.

Saeko's balls flexed out of her hand that cradled them. Saeko shrieked out loud as she flooded Aerith's mouth with her cum. The flower girl swallowed as much as she could, but cum still burst out of her mouth and all over Saeko's cock. Aerith's hands were instantly covered in cum as she continued to move them up and down Saeko's shaft. Cum was everywhere

Aerith was able to get her cock as deep inside Saeko's ass as she could before she came again. She felt Saeko's overfilled ass squirt out some of her cum, with some of it impacting her balls as they hung down between her legs.

Saeko pulled her hands up to grab, manhandle and squeeze her tits as she thrust up slightly, trying to get more and more of her cock in Aerith's mouth. She felt Aerith's cock in her ass angle up slightly with her thrust as the flower girl pumped another load out inside her.

Both Aerith and Saeko came again, and both of their cocks were harder than ever in the midst of orgasm. Aerith couldn't hold herself up any longer and fell over on top of Saeko. Saeko's cock sprang free of Aerith's mouth during her fall and came to rest between her large tits again. With her cock pointed straight up at her face, Saeko had time to close her eyes and open her mouth before she came all over her face again. Much of it Saeko was able to swallow as her orgasm began to taper off.

Aerith was delirious as she continued to slowly pump load after load of cum inside Saeko's ass as she lay on top of the woman.

Minutes passed as both futas lay there, breathing hard and trying to recover from their exertions. Neither had the strength to move.

Aerith was the first to open her eyes as she took stock of the situation. Her cock was still extremely hard, and still inside Saeko's ass, but she was utterly spent.

"Holy moly," she said, back to using her normal speech pattern. The only 'naughty' word she used with any regularity was the word 'cock.' Maybe you could count the word 'pussy' but since she rarely hooked up with normal females, she rarely had a chance to use the word.

Opening her eyes to look at Saeko, she saw the futa girl breathing heavily, but her eyes remained closed. Glancing at the futa's cock, she saw that it was still rock hard, but resting between the woman's large breasts.

Shifting herself to an upright position, she looked down to see her cock which remained lodged inside Saeko's asshole. The other futa's balls blocked her view, so she carefully lifted them up to see how much of her cock she had gotten inside the futa woman.

"Wow," was all she could say. This was the furthest her cock had been inside anyone before. Even Tifa hadn't been able to take as much of her dick during their epic sex session at the rail yard a year ago. She had maybe 5 inches of cock (12 cm) protruding out of the woman's ass. Her cock was still 13, maybe 14 inches around (33 cm).

Glancing up at Saeko, she began to slowly withdraw her cock from the older futa, inch by inch. Saeko moaned and opened her eyes as Aerith began the process. It took several minutes, and when the tip of her cock finally popped free, a veritable flood of cum gushed out of Saeko's ass with it. That had to be at least a liter of the substance, but Aerith was too tired to really think about it.

As her cock was finally free, she half fell, half lay down on the floor spread eagle, letting the exhaustion overtake her body. Before closing her eyes, she looked at her cock.

There it stood. 26 inches high (66 cm), 14 inches in circumference (35 cm). She had just fucked the daylights out of an rich older futa, more experienced than her in every way. Her cock was hard, tall, proud and covered in cum. She loved it.
