MOON WOLF CITADEL

THE FORTRESS

Built by our fearless leader, Earl Graymane, Moon Wolf Citadel is the heart of Nova Luna and the first line of defense for Fang Valley. The magnificent fortress that sits at the center of the Citadel is a testament to the enduring impact that Nova Luna will have on this land.

MERCHANT DISTRICT

No matter what you are looking for, you'll probably find it in the merchant district. With stores from all over the world, the shopping opportunities are as plentiful as they are varied, and don't forget to pick up your Night Walker Association badge before you visit for an extra 10% off all purchases.

TRAINING DISTRICT

If you need to polish up on your combat skills, the Training District is for you. Also located in this district is the independent housing and the Citadel's inns and restaurants. If you are interested in building in Moon Wolf Citadel, this is the place to do it, just stop by the property office.

PRODUCTION DISTRICT

Every guild needs production staff and Nova Luna is no different. Housed in the Production District, the alchemist's factories and the blacksmith's forges churn out high quality equipment and gear every day. If you are looking to get your equipment from the source, or you prefer to create it yourself, this is the district for you.

TEMPLE DISTRICT

Rebuilt after the old Temple of the Moon was abandoned, the new Temple of the Moon serves as the base for the Night Walker Order and Dawn Guardian Order. Dedicated to Hati, the Great Moon Wolf, god of the Night, the Temple of the Moon also serves as a training area for anyone who is pursuing the Disciple class or another religious based class.
