

MACRO MICRO VR SERVICE

UPDATE AND GOALS

Preview

The image shows a preview of a VR update menu. On the left, a purple box contains the text "You can vote the content you want for the next update." with two curved arrows pointing to the "New Talas animations" and "Blood and Gore" items. The menu itself is a vertical list of items, each in a colored box with a dashed border. The items are: "New Talas animations" (green box), "Modding Character Tool" (blue box), "Talas House Bathroom" (blue box), and "Blood and Gore" (green box). Below these are seven grey placeholder boxes. The background of the menu is a light purple and blue gradient.
