[Narrator]

Mako-Chii~ Reads: My Growing Breasts - Written by SGA

[Narrator]

I was just sitting at my desk when the tingly feeling began in my breasts. At first I thought it was one of those weird tricks of your body, but the tingling continued.

[Girl]

Weird... What is happening to... \*m\*

[Narrator]

I watched as my breasts visibly swelled out, and a moan escaped my lips.

[Girl]

Oh wow, I don't know what this is but \*m\* I definitely like it!

[Girl]

[Narrator]

I quickly removed my top for a better view as they continued to swell. I watched eagerly as my breasts periodically just swelled bigger. I could feel them getting heavier on my chest as well as they grew up through the cup scale. When they'd passed D's, I couldn't help myself and grabbed them. I tried to squeeze them then, but something even stranger happened...

[Girl]

\*big moan\* Oh woow~

[Narrator]

As I pushed at them, my breasts shrank away, but this wasn't as disappointing as you might expect because that increase in size seemed to flow out into the rest of me, and my body as a whole pulsed larger. That sensation all over me was even more incredible than just that of my breasts swelling.

[Girl]

\*m\* Ooh, I guess they're not done either.

[Narrator]

My breasts were at it again, swelling out bigger, and I knew now I could transfer their size into height whenever I wanted.

[Girl]

Now, this is gonna be fun~ \*m\* Yees, get bigger you cuties~ \*m\*

[Narrator]

I watched again as my breasts began to swell back out, each spurt pushing them bigger once more. I grinned as I watched my girls growing bigger and bigger, again quickly scaling the cup scale and becoming quite heavy as they swelled bigger. I watched them swell out to the size of small melon's this time before growing once again.

[Girl]

Here goes... \*big moan\* Ahh, awesome~

[Narrator]

With my second surge bigger, my skirt snapped leaving me in just my panties now, but if things kept going like this I didn't think they'd last all that long. My butt was also really filling my desk chair now. It seemed like the larger I let my breasts swell up, the bigger my growth spurt would be when I cashed them in.

[Girl]

\*m\* And there they go again, come on girls \*m\* I'm gonna need you both to get much bigger, \*m\* ahaha~

[Girl]

[Narrator]

I'd got the hang of this now, as my breasts began to grow out again. This time I was gonna let them grow and grow and see how big they could get, before I got any taller, just out of curiosity. I watched them bulge out bigger again, and just sat back and let them swell even larger. Their mass increased and again they became quite heavy, but I certainly didn't care as I let them swell on and on, the flesh pouring out and flowing down my belly and towards my waist. Already they were larger than any other breasts I'd ever seen, far beyond the cup scale now and still growing and growing. I loved feeling the smooth breast flesh swelling out between my fingers as their weight rose higher and higher! As their size began to approach beach ball sized orbs, practically filling my desk, and my nipples were almost out of my reach, I decided it was time to get taller once again.

[Girl]

\*m\* Okay girls, time to give me back some of that size! \*big moan\*

[Narrator]

My panties tore away as my breasts shrank slightly and my body surged taller once again, though they were still much bigger than they had been.

[Girl]

I guess there's more to come. Here goes! \*big moan\* Oh yeah~

[Narrator]

The arms of my chair snapped away as my butt smashed it's way free as the rest of my body surged out once more.

[Girl]

...and again! \*big moan\*

[Narrator]

The rest of the chair gave up and I found myself falling to the floor, but as I looked around, everything looked as though I was standing up. I actually got to my feet then, surprised to find my vision rising and rising up and up, until I realized it couldn't go any further.

[Girl]

Oh wow, my head is up against the ceiling in here already! \*m\* Oh my, you girls are really persistent in \*m\* growing bigger, aren't you~ Ehehehe, let me get you outside before \*m\* you and me out-grow this place altogether \*m\*

[Girl]

[Narrator]

I rushed out of my room and down the stairs, ducking through every doorframe. My breasts were busy beginning the cycle once again as they fought to regain their previous size. If I let them get much larger than I had that last time, would I even be able to shrink them back down? They were hard enough to squeeze then, let alone if they were bigger. They were already back to H cups by the time I squeezed my way underneath my back door and was finally out in my yard.

[Girl]

\*m\* There we go, now there's nothing to \*m\* worry about, you girls can just grow and \*m\* grow out here!

[Girl]

[Narrator]

They continued to grow and grow, and without the desk to rest them on I began to feel their true weight as they swelled bigger once again. I admired my new standing height, already as tall as the first floor of the house, and I knew in just a few moments I'd be even taller. I continued to watch as my tits grew bigger and bigger once again, clasping my hands around them to help support their weight and also to prepare to squish them back down again when they were getting too big. Soon enough, they began to approach that massive size once again where my nipples were almost evading my grasp.

[Girl]

Okay girls, let's \*m\* do this before you get much bigger!... \*big moan\*

[Narrator]

I watched as my height soured upwards till my eyes were level with the second floor window.

[Girl]

And... again! \*big moan\*

[Narrator]

The world shrank down again as my eyes came to rest level with the roof, and my tits were still big enough for one final spurt.

[Girl]

Time to be big! \*big moan\*

[Narrator]

My breasts finally shrank back to their original size as my whole body surged once more, leaving my view several feet above the roof.

[Girl]

Whew, now that was a big growth! I must have like doubled in height to get this tall! Even more than that, actually. \*m\* Oh, you girls are back to it again are you? \*m\* how great! Grow my girls! \*m\* grow to help me get even bigger than this! \*m\*

[Girl]

[Narrator]

I watched as my breasts swelled out yet again, I'd lost count of how many times I'd done this now, but all I knew is I just wanted to do it again, and again, for as long as I could. My breasts quickly found themselves resting atop the roof as they grew bigger and rounder, which gave me another idea.

[Girl]

\*m\* Well let's use this opportunity \*m\* to test how strong this roof is \*m\* ehehehe~

[Girl]

\*growth moans to go under narration\*

[Narrator]

I moaned and moaned as my girls swelled and swelled onto the roof, their mass rising all the time. I very quickly began to hear the roof start groaning under their weight, but I watched as they grew even bigger. Then, when they were about melon sized compared to me, but much bigger compared to the roof, it cracked and my breasts fell with a sudden force down into the attic.

[Girl]

W-Whooa!

[Narrator]

The mass of my huge girls dragged me into the house as well, and their momentum dragged me through each floor of the house, smashing each as I came to it until the entire house had collapsed around me, and I was left lying in it's remains, my breasts still swelling.

[Girl]

\*m\* Oh wow, you girls just \*m\* never stop, do you? \*m\* That's good, because I \*m\* don't want you to stop either! \*m\* so keep growing!

[Girl]

\*growth moans to go under narration\*

[Narrator]

I watched as my massive breasts swelled onwards, effortlessly growing over bases of walls and fragments of furniture still remaining. I reached out my arms and wrapped them around my big soft chest I was now lying atop off and waited for the moment where I'd need to squeeze them once again. It came soon enough, when they took up about a quarter of the ground floor, and were beginning to escape my grasp.

[Girl]

Now then, it's time to \*big moan\* outgrow this house of mine \*big moan\* once and for all! \*big moan\*

[Narrator]

Looking around, my body had at least doubled in size again, and as I sat up I found myself kneeling over what had been my house, my eyesight already above the other houses in the area. As I stood to my full height, the effect became even more nauseating. Everything looked so small now, like toys. I grinned, as I felt a familiar sensation begin again.

[Girl]

\*m\* Oh, hello girls, welcome back \*m\* we're going round again, are we? \*m\* ehehehe
