Interview With The Characters #1

TS: "Listen, guys. Your fans have questions, and you need to answer them."

Erika: "Why? I'm busy..."

TS: "Because they are nice, and they care about you."

Erika: "I do too, but I'm busy."

TS: "You don't have a choice."

Erika: "I'm quitting then."

TS: "You can't do that. Else I'll make you wear a chastity belt."

Erika: "Do that, and I'll gut you like a fish!"

TS: "Alright, that's enough. Let's get to it. Here is the first question. Remember, I'm asking them as I received them."

To Kitty: Does the smell of Erika and latex go well together?

Kitty: "Yay! I'm first! Mmm... let's see... YES! When she wears it, it's like a magnet, and I can't get off her. It's like catnip or something."

To Erika: Does the smell of Kitty and latex go well together?

Erika: "The first time I touched Kitty while she was wearing her latex catsuit, it was magical. She was the cutest thing I had ever seen, and I knew I was screwed. I needed her. And yes, her smell was totally part of that amazing experience."

To Kitty: How big is Mark's dick?

Mark: "Wait a minute! Do I get a say when the question is about me?"

Kitty: "Hey! It's my question! You can't talk!"

TS: "She is right. That is part of the game."

Mark: "Tiger, I'm going to slash your car tires."

TS: "Then I'm going to turn you into Erika's pet."

Mark: "Ah, come on!"

TS: "Let Kitty answer. Go ahead, Cathead!"

Kitty: "Only Mark can call me Cathead. Anyway. So, the first time Mark lowered his boxers, his cock shot at me like an anaconda. First, it wrapped around my wrists and pinned them on my lower back, then it crawled up and slid around my neck, choking me slightly. As I was gasping for air, it ran across my mouth, acting as a bit gag. Then his dick went back down, brushing on my sensitive nipples on the way, and when it reached my crotch ... aaaaanh! AAanh! It's so HOT! aaanH!"

Mark: "..."

TS: "Kitty ... What are you doing? Just answer the question."

Kitty: "Awww ... Okay, then... Average."

Mark: "HEY!"

To Kitty: Have you or Erika had your latex suits polished by Mark? If not, why not?

Kitty: "Yes, it happened, but I try to avoid it."

TS: "I didn't know that. Why?"

Kitty: "Because when I'm wearing my suit, I want him to see me only as a shiny rubber cat. I'm not comfortable letting him see me transform for some reason. I find it awkward. But after over a year together, yeah, he had to do it a couple of times for me. Not anymore, though. Erika and Syr do it better."

To Mark: Before meeting Kitty, did you have much experience in the kink scene? And since meeting Kitty, have you and the others kept your lifestyle private, or do you explore your local scene (if there is one)?

Mark: "That's a long question."

TS: "You still have to answer it..."

Mark: "Before Kitty, uh? I didn't have experience in the kink scene; I'm not an outgoing person. However, as far as I can remember, BDSM has always been the main thing I was fantasizing about. So, when I met Kitty, and she wore that latex catsuit at my place, she hooked me even more than I was already."

Kitty: "Meow! I like those questions!"

Mark: "And since we are together, and also with Erika, we keep things mostly private, except when we go for walks when the sun goes down, then we are totally exposed."

TS: "And would you like to go to events and fetish clubs?"

Mark: "I'm not that much into it myself, but I know Kitty and Erika talked about it more than once. Maybe they are the ones that should go explore."

TS: "You are not scared that other guys try to catch them."

Mark: "Nah, things are going so well between us. None of us want to jeopardize that little something we have. They would get a lot of attention, but I know they can handle it."

To Kitty and Erika: Have you only got your full latex kittysuits in terms of latexwear? If so, what have you got, and what would you both be interested in having?

Erika: "I can answer ..."

Kitty: "Sure."

Erika: "Right now, yes. We just didn't have time to look into more. You know, with the move, we..."

TS: "ERIKA! I told you to keep quiet about certain things."

Erika: "Oops ... Yeah ... well ... I mean ... For now, we only have our kitty suits, but we will get more."

TS: "And what would you like to buy? Kitty?"

Kitty: "I'm fine with my Kitty suit only. But I do want a sleepsack. It would be so hot not to be able to move and escape ... aaanh!"

Erika: "I want a normal latex catsuit with no hood, hands, feet, and tail. Contrary to a certain latex cat I know, I like to be productive during the day."

To Kitty: after many months as a cat, did you adopt any cat behavior? I know a pony player who started reacting subconsciously to whistling commands.

Kitty: "No."

Mark: "That is such a lie ... You adopted tons of behaviors."

Kitty: "Meow! Like what?"

Mark: "..."

Kitty: "Alright, alright. Maybe a couple. Well, I say Meow occasionally. I also started to walk differently. I'm much more gracious and silent than I was. I don't walk like a tank, like Erika."

Erika: "Hey! I don't walk like a tank."

Kitty: "I also curl into a ball when I sleep. It feels so good. What else? I do sit like a cat all the time, and I like sleeping on top of Mark's chest. I do love my crate way too much as well."

To Erika: are you a furry?

Erika: "What? Because of my furry suit?"

TS: "What else?"

Erika: "Well, I'm not part of that community, no. But I do appreciate what they do. I may have a thing for fur. Maybe we should go to one of those furry conventions, it might be fun. I can't say where I got my suit from else TS will scold me again, but it was my idea. With all that cat play, I wanted to give Mark something special for his birthday, and that's what I decided to do. Somehow that dark evil cat concept was very appealing to me."

Mark: "... unfortunately for me."

Erika: "Aaah... poor Mark. What about we go for a little clawing session tonight?"

Mark: "I don't think so."

Erika: "Awww!"

To Kitty: Do you have a non-sexual cat toy that you like? A squeaky mouse or something?

Kitty: "Mmm... I don't think so... Oh! Yes! I do! Well, it's not really a toy, but I do have this heart-shaped pillow in my crate that I love very much."

TS: "Would you like a little cat toy?"

Kitty: "I don't know... What I like are sex and bondage."

Erika: "Oh! Yes! Mark, we must get her a squeaky mouse! I absolutely want to make her experience some serious pet-play!"

Mark: "That is totally going to happen!"

Kitty: "... Guys... I can just be the same Kitty I've always been..."

Erika: "I want this badly now."

To Erika: Besides your claws, is there anything else that you especially like about your furry costume?

Erika: "I feel WILD! When I wore it the first time, with the contact lenses and all, I looked at myself in the mirror, and I felt empowered. The latex kitty suit makes me docile and useless. I love it. But the furry costume triggers my inner woman who LOVES to be on top. Rawr!"

Mark: "That's bad news..."

Kitty: "I would say, yes."

Erika: "I don't care what you say... After this interview, I'm wearing it ... I just got really turned on by the question. We are going to have so much fun tonight!"

"Mark: "Oh, God ..."

To Kitty: Which activities do you have the most problems with your paws? Any anecdotes?

Kitty: "I have no problems because Mark and Erika take care of me."

TS: "We know that, but you must struggle with some things."

Kitty: "Texting. I love texting, but most of the time, I have to use a touch pen with my mouth. Also, I wish it was easier to pleasure myself with a vibrator... It can get very frustrating when I'm about to cum, and I drop the damn thing."

TS: "I can see that happening. What about anecdotes?"

Kitty: "Juice boxes..."

Mark: "Oh, God..."

Kitty: "I drink a lot of juice from juice boxes. I don't know if you knew that or not. Anyway, Mark gives me those because they won't smash on the ground if I drop them. But sometimes I squeeze them too hard and spray myself or Mark by accident."

Mark: "Grape juice is banned from our house."

To Erika: Were you kinky before you met Mark?

Alex: "Hey! When am I supposed to get a question? Why did you ask me to come here if you are not asking me questions?"

TS: "The question is for Erika... You can wait a bit longer. You will get questions later."

Alex: "Why later? I'm busy, you know. I had to take time off from work."

TS: "Your fans are more important than your job."

Alex: "Why is Miles not here?"

TS: "A bunch of people are not here because I had no questions for them. Chloe, Miles, April, Tracy didn't come. You should feel honored to be here."

Alex: *mumbles*

Erika: "Can I answer now? Technically, no, I was not kinky before meeting Kitty and Mark. I only did vanilla stuff. That said, it was burning inside of me for a very long time, and the more I think about it, the more I understood that my life was based around my unsuspected kinks. As an example, my career has always been about power over other people. It was not because I was evil. It was because I knew I could control them to achieve great things together and make sure they best themselves instead of being lazy and dumb. Kitty knows what I'm talking about."

Kitty: "Meow! Erika is forcing me to study so I can get my secondary school degree."

Erika: "That's right! I don't mind being a dominatrix if it's what it takes."

To Erika: Did you have any experience with BDSM before you met Mark?

Erika: "No. Not even fuzzy handcuffs. I always thought it was not for me even though I was thinking about it all the time. Now that I've started to try things, I feel like a fool for waiting so long. Ah well..."

To Alex: Can Alex use echolocation, like a bat, to find her vibrator if it falls out?

Alex: "... SERIOUSLY? You made me come here for that?"

TS: "A fan asked..."

Alex: "... I'm blind ... I'm not a bat. So, no! I use my ears and my hands. I can't fly either ... and I don't eat insects..."

TS: "Okay, that is enough."

Alex: "I don't live in a box or a tree ... oh, and I don't get tangled in women's hair. "

TS: "Alex ..."

Alex: "I don't have rabies ... I don't suck blood, and I'm not a rodent either."

TS: "Mmm ... Those are all myths, you know?"

Alex: "... Are they?"

TS: "Yes."

Alex: "... well ... whatever... I'm still not a rodent."

TS: "Good... Thank you for your ... interesting answer."

To Kitty and Erika: Ear or chin scratches, which are better and why?

Kitty: "Ear! I don't know. It just feels better. My chin is rather ticklish. Call it a fetish if you want, but when someone scratches my ears, I just feel cute and adorable."

Erika: "Kitty's ears!"

TS: "That's not the question."

Erika: "Well... You asked ears or chin ... I say Kitty's ears."

TS: "That's not what the fan wants to know."

Erika: "Who asked this question then? Leave me in a room with him for then minutes, and I guarantee you, my answer will be acceptable."

TS: "You can't threaten your fans, Erika."

Erika: "Why not?"

TS: "Alright, alright. So why Kitty's ears?"

Erika: "Cause it means she is licking me between the legs."

Kitty: "Meow! I like Erika's answer a lot!"

Erika: "Come here, cute Kitty."

To Alex: When you cum, do you see brilliant flashing lights in your head or is it just total darkness?

Alex: "Finally, a good question!"

TS: "See... You can share important knowledge with people to sensibelize them about what blindness is like, so they become more accepting of people who have different characteristics. So what is your answer?"

Alex: "My answer? I dunno!"

TS: "What do you mean, you don't know?"

Alex: "Well... I don't know what light is. I was born blind. I have no concept of light."

TS: "... I don't know, find something to say."

Alex: "Total darkness, I guess. Even if I saw something, I would not know what it would be because I don't know what light is. If you never saw a tree your whole life and people couldn't find a way to describe it to you decently. Would you know what a tree would be if you saw one? Anyway ... Total Darkness ... but it feels amazing."

To Kitty and Erika: When you are both in your kitty suits, how do you manage to play with each other if Mark doesn't leave your crotches open?

Kitty: "We force him."

Erika: "We threaten him."

Kitty: "We give him a blowjob, and when he unzips us to fuck us, we run away."

Erika: "We get him drunk."

Kitty: "We hide his light novel and blackmail him."

Erika: "I tell him I'll slash his car tires."

TS: "No way... You didn't do that?"

Erika: "To be able to lick Kitty, Hell yeah."

TS: "Seriously? What do you do if he is not around?"

"Kitty: "Teeth ... if I'm not gagged. I'm getting good at it."

To Syr: A small series of random questions

TS: "Syr, I received a bunch of small questions for you. But be careful about what you answer. We don't want to spoil anything."

Syr: "I'm aware. Master Mark briefed me. I don't want to disappoint him."

TS: "Right, so the first question. **How do you pronounce your name?**

Syr: "Syr."

TS: "You know they can't hear you, right?"

Syr: "Very well. It doesn't pronounce like "Sir"... it is pronounced like "Cyrano"... or like "Sear a steak" or "Seer"... Whatever makes you comfortable. Just not Sir ... please."

TS: "Good. Now, **If you are such a good looking, cute gal, why don't you have a boyfriend?**

Syr: "I had many short relations, none of them worked. Nobody so far accepted me for who I was. I am not interested in a loveless relationship. They may like what I look like, but they have to love me... and they didn't."

TS: "I'm sure you'll find the right one soon. **Next question. What's your motivation to serve Mark as a maid?**"

Syr: "Erika told me to."

Erika: "Hey! That's not true at all!"

Syr: "... No, but since you are bossy, they might believe my lie. I was told not to spoil elements that might be part of the next chapters. So I decided to blame you."

Erika: "... Great."

TS: "Alright, alright ... next question. **What's your relationship with Erika?**"

Syr: "She is my mother."

Erika: "WHAT? What the hell Syr! That is totally not true!"

Syr: "I'm aware. Again, I'm using lies to cover for the elements I can't talk about. Your advanced age makes it plausible for you to be my..."

Erika: "ENOUGH! We got it ... you can just say you can't talk about it instead of coming up with those stories."

Syr: "I do love stories."

TS: "Oh my ... ok .. next question. **Why do you want to protect your real name?**"

Syr: "... Erika? What should I answer?"

Erika: "Now you are asking me? Right. Just tell them that they will have to read chapter 10."

Syr: "It is an unpleasant answer."

Erika: "Then answer what you want."

Syr: "... Erika is very jealous and doesn't want me to share my real name."

Erika: "Ah! Come one now!"

TS: "Ok ok ... enough you two. Next question, it's a long one. **How do you feel about your place in this polyamory. From an outside perspective it looks like to the cat ladies you are more like a governess than anything else. While to Mark you are the outlet for his (and your) classical romantic needs. Do you feel for instance more like a matron than a classical maid or is this just too complex for such simple words?**

Syr: "This question is based on a faulty premise. I'm Master Mark's maid. I am not his girlfriend, and he cannot touch me."

Mark: "I seem to recall you saying that once or twice ... yes."

Syr: "... therefore, I am not involved in this polyamory. Master Mark likes it, and I'm not troubled by what they do. I'm just fulfilling my role as a maid."

TS: "What about the governess and Matron thing?"

Syr: "I'm no such thing. I'm simply Master Mark's maid. I'm Erika and Kitty's friend. It is possible that my actions to please Master Mark provide benefits to his girlfriends, but it is not on purpose."

Erika: "Oddball!"

Syr: "..."

TS: "Alright, that was the last question. Sorry, Syr, for putting you in a tough spot. Chapter 10 is coming soon, then you'll be able to talk more."

To Kitty: You can be quite a bit of a tease. What's your favorite memory, who was the victim (Mark, Erika, revenge on Syr?) and how did it make you feel?

Erika: "She hid one of my shoes."

Kitty: "Cats must not wear shoes."

Syr: "She mixed all my light novel series in my bookshelf."

Kitty: "You are too strict ... a bit of chaos is good for you."

Mark: "You did hide the key for your crate padlocks, causing Erika to be stuck in it for two days."

Kitty: "It was only two days. Erika liked it, but we had great sex in front of her too."

Mark: "True... It was kind of fun."

Erika: "If at least you had provided me with a vibrator ... cruel boyfriend."

TS: "So, Kitty, how did it make you feel?"

Kitty: "Adorable!"

To Erika: It's hard to look at one's own emotions and motivations clearly, but what would you say are yours for the current relationship you are in?

Erika: "Annoyance."

Mark: "Hey!"

Erika: "Discovery. I feel that I'm at the right place at the right time around Mark and Cathead. I feel wanted, appreciated, plus they let me have all the fun I want with them. Kitty is so fun to make come endlessly. I can try whatever I want with them, and they are not judging me."

To Erika: What is the thing/ emotional ground that it gives you (in addition to crazy latex catgirl sex) that previous relationships could not provide?

Erika: "My previous long term relationship was boring. For over ten years, we did nothing exciting, and it was going nowhere. Part of it was my fault as I was focusing on my career and didn't take care of my relationship as I should have. That said, my current relationship with Mark and Catbutt is not a long term one. We just started dating as a trio. So it's different. But I'm committed to taking better care of US instead of just ME. Plus, we have tons of sex."

To Erika: How did you meet Mark?

Erika: "Dating site. He didn't fill up his profile, but I sent him a message, and he replied. We both liked beer, and we decided to go to our local pub. It's super boring."

TS: "Simple enough ... **So why do you feel attracted to him?**"

Erika: "I don't."

Mark: "HEY!"

Erika: "Just kidding. I'm using him to get close to Kitty."

Mark: "HEY!"

Erika: "Alright, alright. I like his smell."

Mark: "My smell?"

Erika: "Yes ... you smell like Kitty."

Mark: "Ah! Come on now!"

Erika: "I'll show you tonight why I am attracted to you."

Mark: "Mmm... that's better."

Kitty: "Erika will lick me while Mark is fucking her."

TS: "Geez, you three ..."

To TigerStretch: You wrote that English is not your native language. I love your writing style. It's easy to read for non-english natives, but not trivial. May I ask what your native language is?

TS: "Sorry, the interview is for the characters only."

Erika: "If you skip your question, I'll gut you like a fish!"

Syr: "I will ask for a raise."

TS: "Enough with the violence. And Syr, you are not getting paid. Alright, I guess I can answer a couple of questions too."

Erika: "Darn right, you will."

TS: "I'm Canadian, and grew up in Longueuil, Qc. So I speak French. I had to learn English 15 years ago when I moved to a mainly English city for work. That's the reason why my texts are easy to read. I use simple vocabulary and sentence structure and easy to follow dialogues."

Kitty: "You speak funny."

TS: "I know, but that is a good thing. English is not a phonetic language. It is not spoken the same way it is written, AT ALL. Because it is not my native language, I speak it as I write it. So my dialogues are written as I would say them, which makes it easier to understand."

To TigerStretch: Have you written (and published?) stories before "Feliformia"?

TS: 2 years ago, I had never read a single book in my entire life. I bought some Japanese light novels and loved them. So I read and read and read. Then in November 2019, I decided to try writing something. So I wrote a 60k words sci-fi novel. I failed miserably. I didn't have any concept of writing. So I reviewed it over and over and over, learning things like tenses, passive/active voices, dialogue tags, syntax, punctuation, etc. reviewing a 60k document over and over was stupid. So In January, I decided to write a small Erotica story, which was Feliformia. Teann from Gromet reviewed it for me, it was barely 5000 words long, and when it was published, I got FLOODED with positive comments. So that same week, I wrote like three more chapters ... they were horrible, and I felt ashamed. I recalled them and worked really hard to improve my writing. None of my older feliformia chapters are as they were originally. I reviewed them all at some point. The originals were catastrophic.

And that is it for today.

Thank you, everybody, for sending so many questions. I hope you liked the answers and that it brightened your day. Let me know if you liked it and if you want to do it again. On my side, it was great because I need to have one week off per month to work on new content, and this playful interview only takes me a few hours to complete.

Also, I didn't expect this, but your question gave me plenty of new ideas for my stories. I would like to do this again.

Did you like what you read?
