## **BLONDE AMBITION**

Sometimes life gives you lemons, and sometimes it gives you big fat steaming piles of shit! It differs from person to person on which is the lesser and greater though. This is a true story about how I came upon being a toilet for the most beautiful blonde goddess with pics and videos!

I first met Leah on a site for sugar daddies and sugar babies, as soon as I saw her photos I was locked in! She is a tall thin blonde with an adorable smile and a small upturned nose! She has beautiful green eyes and a slim body with thick curves around her hips and a very bubbly ass! I messaged her immediately asking her if she would be interested in joining my studio as a model and she messaged me back almost instantly! Unlike most women, she was not concerned about privacy, just money! She wanted to know how much she would make off the bat and how much she would have the potential to make long term. We spoke a bit further and she agreed to come over and meet!

Tuesday arrived and at noon she arrived on the dot! She drove a baby blue Volkswagen and it completely suited her! She pulled up and began waving at me through the window with a big smile before she had even parked the car! When she got out she waved again and walked up with one arm stretched out to hug! I hugged her back, albeit a bit awkwardly which she noticed!

“Sorry, I’m a hugger!” she said with a laugh

“It’s totally okay! I’m just not used to that in the covid age!” I joked! I let her into my house and we sat down at the kitchen table to talk over contracts etc.

We sat down for about an hour, going over the contracts I have and talking about the videos and such. But that was when we came into a problem. Leah had the understanding that she would be making much more money than what the studio provided.

“Is that it? The models only make \$\*\*\*\*\* per month?” she asked in an almost shocked tone.

“Well, it’s a lot of money when it’s per month, it really adds up,” I said, trying to convince her.

“I’m not trying to shit all over your other models, but I’m a bit hotter don’t you think?” she asked while batting her eyelashes

“You’re ridiculously hot! But I just can’t confirm that you’re going to make that amount of money! I would hate for you to be disappointed!” I said trying to sound professional.

“Good, I’m glad you’re being honest, but I just don’t think this is for me! I turn my own business too and I’m really only interested if there is bigger money involved, ya know?” she said with a smile while pushing the contracts away.

“Ya I get it” I answer back trying to hide my disappointment.

She walked to the front door and began putting back on her ugg boots (those are a straight-up way to my heart easily! Those boots drive me over the edge). She bent over and even though she was wearing sweatpants, I could see how thick and defined her ass cheeks were! I wanted to plunge my nose so deep in there and take a whiff more than anything in the world! I wanted to smell her farts, drink her piss, and eat her shit! She put on her jacket and flipped her blonde hair back a bit before looking back at me.

“Are you gonna walk me to my car?” she asked while waiting for me to get the door.

“Do you fart a lot? By any chance? Sorry for the weird question” I asked very abruptly...

“What haha?” she asked with a small laugh...

“I know it’s weird to ask, but do you fart a lot?” I asked again...

“Uhhh, well, if I eat the right foods? Yea, I could burn a hole through my panties!” she said with a laugh as I began blushing from a mix of arousal and embarrassment.

“So, I have never asked this from any of my models, because I always try to be professional, but if you wanted, I could pay you cash upfront to hang out, I’ll feed you any food you want! You can stay over the night, fart in my face all evening, and then use my mouth as a toilet in the morning!” I said while trying to look her in her eyes!

She paused for a moment until her lips began to curl in a smile, she started to laugh a little bit as she stepped a bit closer to me, slowly reaching out and hooking the collar of my shirt with one finger.

“Hmmm, and how much would you pay me to stay over... all night?” she asked...

“\$\*\*\*” I offered.

“Really? Only \$\*\*\*, for this booty?” she asked while turning around and bending over, sticking out her ass! I wanted to drop down on my knees right there and SHOVE my nose into her crack!

“I think I could stay and destroy your nose with my gas for \$\*\*\*, and let you enjoy all the pee you’d like in the morning!” she smiled...

“What about brown? Poo?” I asked. Suddenly her smile went flat...

“You’re kidding, you want me to poo on your face?” she asked in a state of shock.

“In my mouth!” I replied with a cheeky smile as she suddenly burst out laughing!

I stood there blushing and trying to hide the burning embarrassment inside of me as this very young woman laughed in my face! She was laughing hysterically for about a minute before she could calm down enough to speak.

“Can’t you like, get really sick from that? Like e coli and shit? No pun intended!” she asked!

“Well, only if you’re sick, if you are healthy and have a healthy diet then it’s fine!” I answered

“Are you serious?” she asked again, still smiling... I nodded.

She stood there for a moment, seemingly debating with herself if this was something she could do! I was secretly praying inside my head that she would say yes! After what felt like an eternity she smiled wide and said

“Fuck it, let’s do it! I just hope I don’t kill you” she laughed

“Trust me I’ll be fine!” I said with a big grin!

“You have no idea what this thing can produce! I just finished a cleanse today. I’m going to meet up with a friend for lunch, can I come by right after and stay the night?” she asked...

“Today?” I asked in a bit of shock

“Yea, sorry, is that too soon!?”

“No, no! Today is perfect!” I quickly got out my wallet and gave her a hundred dollar bill!

“Lunch for you and your friend is on me!” I smiled as she took the money!

“You’re gonna regret this!” she smiled and jiggled her butt a bit as she left for her car! I watched her go and she turned to look back at me...

“I’ll see you soon **BITCH!**” she yelled loud in the driveway I guess trying to embarrass me in front of neighbors but there was no one around! I just laughed as she drove away!

I was literally on cloud nine! I was so excited! I know all of you see me staring in videos **ALL THE TIME** but it’s not the same! When I am filming I always go out of my way to act and make sure we produce the best content, I rarely get to enjoy myself. I was pacing around the house as

the minutes dripped by, I couldn't get any work done waiting for this goddess to return! Around 4 pm I got a text message from her!

***I hope you like Chinese! See you soon! - Leah***

She pulled into my driveway a bit after 4 and I was waiting at the front door for her! She walked in like she owned the place, leaving her ugg boots on and walking upstairs leaving a trail of snow and dirt behind her!

"How was your lunch princess?" I asked

"How kind of you to ask, it was wonderful, especially because you paid for it!" she smiled and looked back at the trail of snow and dirt she had left through the house.

"Hmm, clean this shit up and then come join me!" she smiled and hopped onto my bed with her boots hanging off the side!

"Gawd this is fun" I heard her say to herself as I rushed off to clean the floor! It took a few minutes as I followed her footsteps with a paper towel cleaning them.

When I came back into the bedroom, she was sitting with her bare feet hanging off of the bed! They looked so smooth and perfect! Her toenails were perfectly painted! I got down on my knees at her feet and **IMMEDIATELY** could smell the strong scent of sweat and cheesy vinegar! She looked down at me past her toes and smiled as she wiggled them back and forth.

“You can make yourself useful while you’re down there and massage my feet! Do you like smelly feet too?” she asked while moving her soles back and forth.

“Yes, princess!” I answered while nodding!

“Good, then take a BIG WHIFF!” she said while pushing her feet out into my face and wrapping her cheesy sweaty toes over my nose! I can’t explain how badly her feet stunk but also how sweet and erotic they were! It was such a foul stink, but also so fruity and girly, it smelled like a mix of vinegary cheesy and berry body lotion.

I took both her feet in my hands and sniffed deep taking in the odor before kissing down her soles! She began laughing as she sat up and looked down on me! I could tell she was enjoying

it from the way she was watching me. She began trailing my lips with her big toe while she played on her phone and looked over youtube videos.

“What kind of food makes you fart princess?” I asked... she did not respond... I continued to massage before asking again thirty seconds later.

“What kind of foo” she silenced me by putting her sole over my lips

“I heard you the first time, I’m thinking!” she said while giggling a bit.

“Are you thirsty?” she asked with a grin...

“No, princess! Why do you ask?”

“Hmm, then I guess you don’t want to drink my precious urine?” she said with a teasing tone and a tiny glare! I immediately realized what she had meant and began blushing as I apologized!

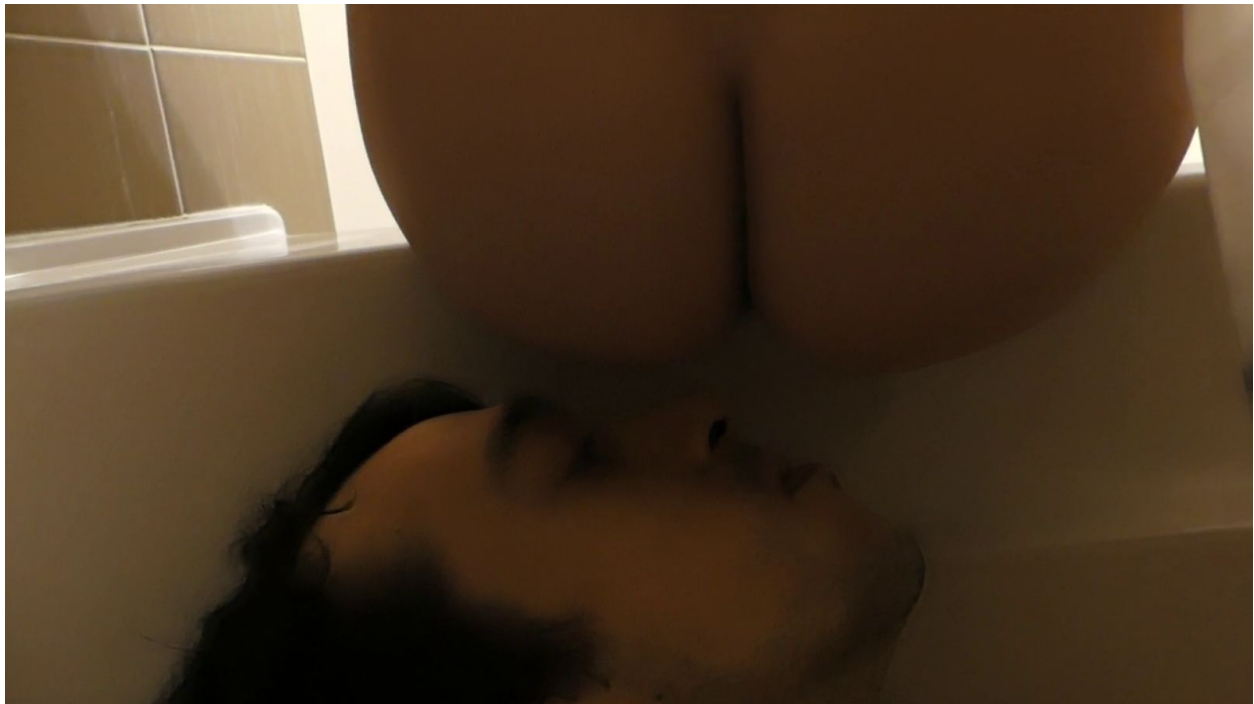

“No, please Princess! I would love some! Please! Can I drink?” I asked while feeling kind of stupid. She laughed and tapped my nose with her stinky toes...

“How do we do this?” she asked

I led her to the bathroom and got undressed before laying down inside the tub. She is brand new to all this so I figured the best way for her to adjust would be with me out of sight and out of mind! She could just sit over the side of the bathtub and go as she used her phone, while I served from below! I showed her the tub and she agreed that would be fine for her! She left the room to smoke a bowl and while she was doing so I promptly turned on my camera! The videos I took were all filmed with one hand inside my bathtub while laying down and serving as a toilet, so you should be impressed by the views lol

She came rushing in and sat down with her plump bubbly ass hanging over the edge of the tub! I could smell the scent of her asshole right away! It was very fragrant and earthy, it had that smell from being unwashed and confined for a long time! She moaned and pushed a bit as a thick strong stream of urine began spraying out!

For me, the act of toilet slavery is about beauty! It doesn’t matter what the smell or taste is like, I can work through it if the woman is gorgeous enough! I swear, Leah is more beautiful than anyone I have laid eyes on, there is just something about her that I couldn’t put my finger on! Her urine burned my throat but I drank, chugging it, desperate to show her I was a worthy toilet. I caught her looking back at me a few times, watching as I inhaled her piss! When she was done she pulled up her pants and left like it was nothing, it was all so natural for her.

Being underneath her was like a dream! Her piss in my mouth was so tangy and lemony, I felt a shiver run down my spine as I started to masturbate furiously! I could still smell the subtle scent of shit on my nose from her sweaty asshole when she giggled and called out.

“I can hear what you’re doing in there! So gross!” she laughed!

I finished up and took a quick shower because her piss had gotten on the back of my head and neck. When I was done, she was laying on my bed in just her panties! Her ass looked so big and plump, it was jiggling left and right ever so softly like a jello platter! She looked back at me and smiled...

"What's for dinner?" she asked...

"What would you like?" I asked while also opening up my uber eats app and handing it over to her. She took a few minutes to look through it before handing it back to me, she had selected almost \$35 worth of taco bell. She had seen the reaction on my face as she started to laugh.

"What, you said you had a fart fetish, right?"

"Yes! This is perfect!" I smiled and placed the order as she put on Netflix and turned on a horror movie. I can not for the life of me tell you which one, I was way too distracted!

I got to my knees beside the bed and began massaging her feet while we waited for her food to arrive. I had not ordered anything, I wanted to have an empty stomach for what was to come. I have learned from experience it's not great to have a ton of food in your belly when eating waste! She wiggled her sweaty feet in my face, curling her toes under my toes and commanding me to take deep sniffs. It smelled orgasmic!

"Do you like sweaty feet too? Like, as much as farts?" she asked.

"Yea! I have a big foot fetish" I answered!

"Oooh, you like BIG feet! So gross!" she laughed and mocked me

"No, I was just saying"

"I know what you meant!" she rolled over and shoved her bare sole to my face!

"I should make you sniff and lick clean the insoles from my dance shoes! They get filthy! That would probably be a reward for you though" she snickered and laughed...

"Oh, you dance?" I asked...

"Mmhmm, Ballet, I just graduated from \*\*\*\*\* Art School"

My heart stopped and skipped a beat. That was my highschool! It was just then that I realized how young this woman was! Only 18! And also, the reason why I was so attracted to her! She is a literal doppelganger of someone I went to school with, like a younger twin of the **MOST POPULAR** girl from my high school class! The Queen Bee, the girl every other girl wanted to

be! I was by no means a loser in highschool but this girl was so far above my group and class, she only spoke to those directly around her!

I thought to myself, there is no way, the age gap is too big, there is no possible way, but I have to check...

"Do you have an older sister named \*\*\*\*\*?" I asked...

**"OH MY GAWD**, do you know \*\*\*\*\*?" she asked with surprise!

"We went to school together! But we were not friends! She wouldn't know who I am" I admitted right away as she laughed. I was still in a state of shock. The most popular girl from my high school, her younger ballerina sister was laying on my bed, in her panties, and had just pissed in my mouth, and was preparing to fart in my face and shit down my throat, this was unreal!

"I'm gonna text her now and see if she remembers you!" she said while whipping out her phone...

"She won't know who I am!" I reassured her as she laughed.

"That's for me to decide! Now go get my food!"

As I was getting the TacoBell I couldn't stop thinking about how I was about to be a toilet for the little sister of the queen bee of my high school class! This was such a coincidence and a gift that I truly do not deserve! I brought the food up to the bedroom and she smiled at me...

"What do you know, you were right, she doesn't know who you are! But then again, I can't blame her, I don't remember every toilet I have ever shit into! That would be such an effort! Now give me the food!" she smiled and reached out for the bag which I passed over.

"Your sister never used me as a toilet!" I laughed

"Yet," she said with a sexy wink and I almost died right then and there! I swear to god, the idea of her and her sister using me would be too much to bear!

She was sitting up cross-legged while she ate so I simply sat with her and smoked some weed while watching the horror movie she had put on! I was not concentrating on it at all though, I was just watching her inhale her food! She was eating like a fucking machine! And she had ordered **SO MUCH**. I can eat a lot of food but my god, this girl was putting the taco bell away! She saw me watching her and began to laugh!

"Don't watch me while I eat!" she complained as I turned back to the t.v

When she had finished eating, she flipped over and laid down on her stomach, her big butt poking up into the air. I was staring at her butt and she cleared her throat to get my attention. I looked over to her face and blushed a bit.

“Sorry Princess”

“It’s alright, my ass can be hypnotizing I know! But you may wanna get closer!” she smiled and jiggled her ass behind her a bit!

I crawled up behind her on the bed, my heart was racing! I hadn’t asked her to, but she reached back and pulled down her panties revealing her bare ass! I swear I thought I had died for a moment and gone to heaven! I pushed my face forward feeling the warmth and spongy softness of her ass cheeks! Right away I could smell it, the bitter shitty odor, her asshole stunk! I grabbed each cheek and spread them wide revealing her bare asshole! It was pink and light brownish! I pushed my nose flat up against it and began sniffing deep just as she let loose!

**BBBBBFRRRTT**

The fart was short, but **OH SO LOUD!** I thought my housemate was going to hear it through the walls! The hot air sprayed down my nose and vibrated off the sides of my face making a loud clapping noise between her cheeks! She began laughing immediately! The odor was **FUCKING TERRIBLE** but in a good way! It smelled so strong of cheese, but a sour rotten one! More like sour cream that had gone bad sitting in the sun! It had a spicy tinge under it that was from the Chinese food she had eaten earlier, all of it was rancid!

I choked and coughed while sniffing deeply with my nose still pressed to her butthole! She wiggled her ass a bit back and forth.

“Haha smells good?” she asked.

“Mmmhmm” I nodded with my nose rubbing her anus.

“Good, then have another one!” she laughed as a second fart ravaged my face, this one twice as powerful in heat and odor!

**BBBBBBBFFFRRRTTTspprrttt**

This fart was bad, really bad! The heat was really powerful and it made me physically gag from the amount of methane I inhaled! When the fart was over her anus squeezed closed and let some wet diarrhea leak out! She sat up instantly and looked at me with a face of serious concern!

“**I NEED TO SHIT NOW! MOVE TOILET!**” she rushed me to the bathroom!

**(this shit I, unfortunately, did not catch on camera because of the rushed nature! She was practically shitting on me before I had even gotten into the tub and I hadn’t had time to turn on the camera! Also, it needed to be done without her knowing!)**

Leah sat down over the tub and, I swear, she began spraying diarrhea from her asshole before she had even sat down fully! The hot stream of shit soaked my body from my left to right shoulder before I could get my head under her asshole! It tightened and flexed for a moment before letting out another liquid blast that filled my mouth and painted the back of my throat! That was too much, just that, it was so terrible, probably the worst tasting shit I had ever experienced! I could feel bits of rice and skins of beans that had come from her taco bell, literally traveled right through her system!

“Are you okay down there?” she asked in a nasally voice before letting another blast loose.

I couldn't respond! My mouth felt like it was coated with a layer of hot black tar and the last blast she released flowed down over the top of my head! I was wearing a mask of her feces now! I wanted to puke, scratch that, **I NEEDED TOO**, but I didn't want to spoil her first time using a human toilet! I had to physically close my eyes and hold my breath to stop myself from losing it! Her shit flowed down over my face, pooling under me in the tub as she moaned and groaned, complaining about her stomach.

Slowly she got up and began cleaning her ass before turning around to look down at me! When she did, she nearly puked! I saw her cup both hands over her mouth as she took a step back from the tub.

“Do you want me to vomit on you?” she asked in a sick tone, I had to use all my strength to respond.

“No please don't princess!” I begged as she rushed out of the bathroom!

I had never had such a hard clean up job in my entire scat career! The tub was filled with her shit! When I turned on the water, even after cleaning as much as I could, the water turned into a pool of brown that accumulated at the drain forming a blockage! I had to push her shit down with my fingers as her liquid feces dripped down my face! I cleaned the entire tub and then showered **MULTIPLE TIMES**. Her shit was everywhere, in my ears, in my hair, all inside my nose!

I turned off the shower and opened the curtain, ready to grab a towel but was caught off guard and jumped at the sight of Leah standing there! One hand over her stomach!

“I have to go again! Lay down!” she said with a cruel smile.

Leah took two more consecutive horrible shits over me before I could leave the bathtub! Her stomach was reacting so badly from the massive amount of TacoBell she had eaten that I hardly got a break! It wasn't until midnight until I finally was able to shower and leave the bathroom without any feces on me! The smell of her shit was **SO STRONG**, it had such a foul cheese odor that I could still smell it, even after soaping my hair and body over five times. Leah was in bed, on her side with her butt poking out. My pillow was at the bottom of the bed, right by her butt and by her feet. I crawled into bed by her butt and shoved my nose between her cheeks as she giggled.

“Perfect timing!” she said with a cheerful tune as a wet fart ripped across my face! The sweatiness of her ass cheeks baking under the bedsheets combined with the dampness of my face coming out of the shower caused the gas to have a ferocious wet slapping sound. I pulled my face from her ass and began violently choking on the cheddar sour odor while she laughed.

**BBBSFFPPPRPPPppprtttttttt**

The fart ended with a splatter that caused a dribble of wet diarrhea to start leaking down her ass cheek! I quickly stopped it with my finger and licked across her cheek to her asshole, cupping my mouth over it and licking, tonguing her asshole deep. She moaned and cooed softly...

“Mmmm good toilet! I could get used to this kind of treatment! Never heaving to leave my bed!” she teased me as another tiny airy fart left her asshole, it was practically silent but fucking deadly, the heat was unreal, I had to close my eyes and move back a bit, it felt like the wave of heat you would receive after opening a preheating oven, yet on a smaller scale of course. I was coughing and choking behind her, trying to hold my breath so I wouldn't make her farts seem so terrible.

“When you are done choking to death, would you turn off the lights please?” she asked in a sweet angelic tone.

“Of cour...

**BBFRRTTTTTTTTTT**

Leah ripped another massive short fart that made me jump from how powerful it was! I leaned down and sniffed deep taking in the sour rotten odor before getting up to turn off the lights. Her gas was getting worse, not better, the heat was increasing, which was weird after just taking a shit. I felt like something worse was coming, and knew I wouldn't be able to take it.

Leah fell asleep quickly, I on the other hand did not sleep a second all night! I was on my side with her plump fat ass right in my face! I Could hear her stomach rumbling, the watery sound of something passing through her. Seconds later she would stir, push her butt out, and **BBFRRTTTTTPPPPRRFF**. It never ceased for more than ten minutes the entire night!

By 2 am I felt like the room was overheating! I had to crawl out of bed to open the window allowing cool winter air to flow inside! I got back into bed from the bottom, curling up by her warm butt when I heard her speak softly.

"I need to shit," she said in a sleepy tone.

I was a bit torn, she is so beautiful, so incredible, but she had shit so much on me already, and the sour cheesy odor still clung to the inside of my nose, I had taken so many showers and didn't want to take a fifth! I pretended I didn't hear her, pretended I was sleeping, maybe then she would just use the toilet, because surely she doesn't WANT to shit on me, right? I am paying her? I felt her bare foot kick my side HARD, hard enough that I got winded for a moment, it felt like she had cracked a rib.

"I said, **I NEED TO SHIT!** Or did you forget how to speak English you fucking toilet?"

I got up in the dark and rushed to the bathroom, hunched over and gasping for air as I tried to catch my breath. She was behind me the entire time, her hand on the back of my neck, pushing me as she barked orders at the top of her lungs.

**FASTER!  
MOVE IT!  
GO NOW!  
I'M GONNA SHIT MYSELF!  
LAY DOWN!  
CLOSE YOUR EYES!**

I lay down in the tub and within seconds I was **PAINTED** in her shit! It was everywhere! I couldn't even breathe! I turned my head to the left and closed my eyes, gasping for air through the waterfall of feces pouring down my face! I could hear the young goddess moaning in relief from above me as she voided the molten feces that was brewing inside her! The cheesy odor was **SO MUCH WORSE!** I am not lying when I say I can still smell it on me now, and I don't know where it is even coming from!

I was completely unaware she had even left the bathroom, I was laying there, my entire body from my waist up smothered with feces! My eyes were closed and my face covered, I kept anticipating another blast! When I finally worked up the courage to open my eyes, she was gone!

I showered for another thirty minutes, soaping my entire body and hair multiple times, my skin is **SO DRY** right now! I'm like a lizard person all those conspiracy theorists always go on about!

The moment I crawled back into bed, I was greeted with another post diarrhea blast of gas that made my soul leave my body for a moment! The cheesy odor was no fucking joke, ugh, I can still catch whiffs of it now.

I took so much gas throughout the night that by morning I was spent! I had cum three times without even touching my dick and I swear I am in love! Leah is incredible! In the morning time, right when I had begun to start falling asleep, she rocked me awake with an earthquake of a fart.

**BBBBBBFRRRRBBFRRRTTTPPPFRBRTTTTTT**

“Good Morning Toilet!”

“Good Morning Princess”

**(Booty pics of Goddess Leah brushing her teeth)**

“Hey toilet, how much would videos of me shitting on you make?” Leah asked as we lay in bed together, my face still in her plump ass!

“**ALOT!**” I said with excitement.

“Would I need to show my face?” she asked.

I didn't even respond, I pulled up one of Goddess Amirah's old videos and showed her.

“This couple was **CRAZY** popular, and they did not even have good lighting or quality for film! We could do the same thing, but way better in the style of my G-rated clips4sale site! And you would make a fortune!” I told her.

She thought about it for a moment before smiling and looking over to me...

“How many times a week can you handle me then?” she had the cutest grin and smile when she asked this, I swear I have never been so turned on!

**In the video file through discord, you will see a few different videos of her pissing on me and shitting on me! All of it, I was filming candidly, and with one hand while also being a toilet, so as far as the view and quality go, I think I did a good job if you don't like it then fuck you! The shitting video was taken after we had the conversation in the morning about filming, she allowed me to videotape her morning poo! I was way too full and sick to attempt eating it all!**

**Leah is aware of the filming now and is okay with you seeing this, BUT PLEASE, keep this PRIVATE. Leah and I are going to begin releasing MINIMUM TWO SCAT VIDEOS A WEEK, all LONG, DIRTY AND CRAZY!**

**This video is just a PREVIEW so you can see what happened that night and some of her booty! This is not the quality I like my work and not the quality I want floating around online. I used to put out more personal stuff like this but had to stop because of people leaking it! I would like to start again, so be cool everyone!**
