

Eternal dream

Chapter 1

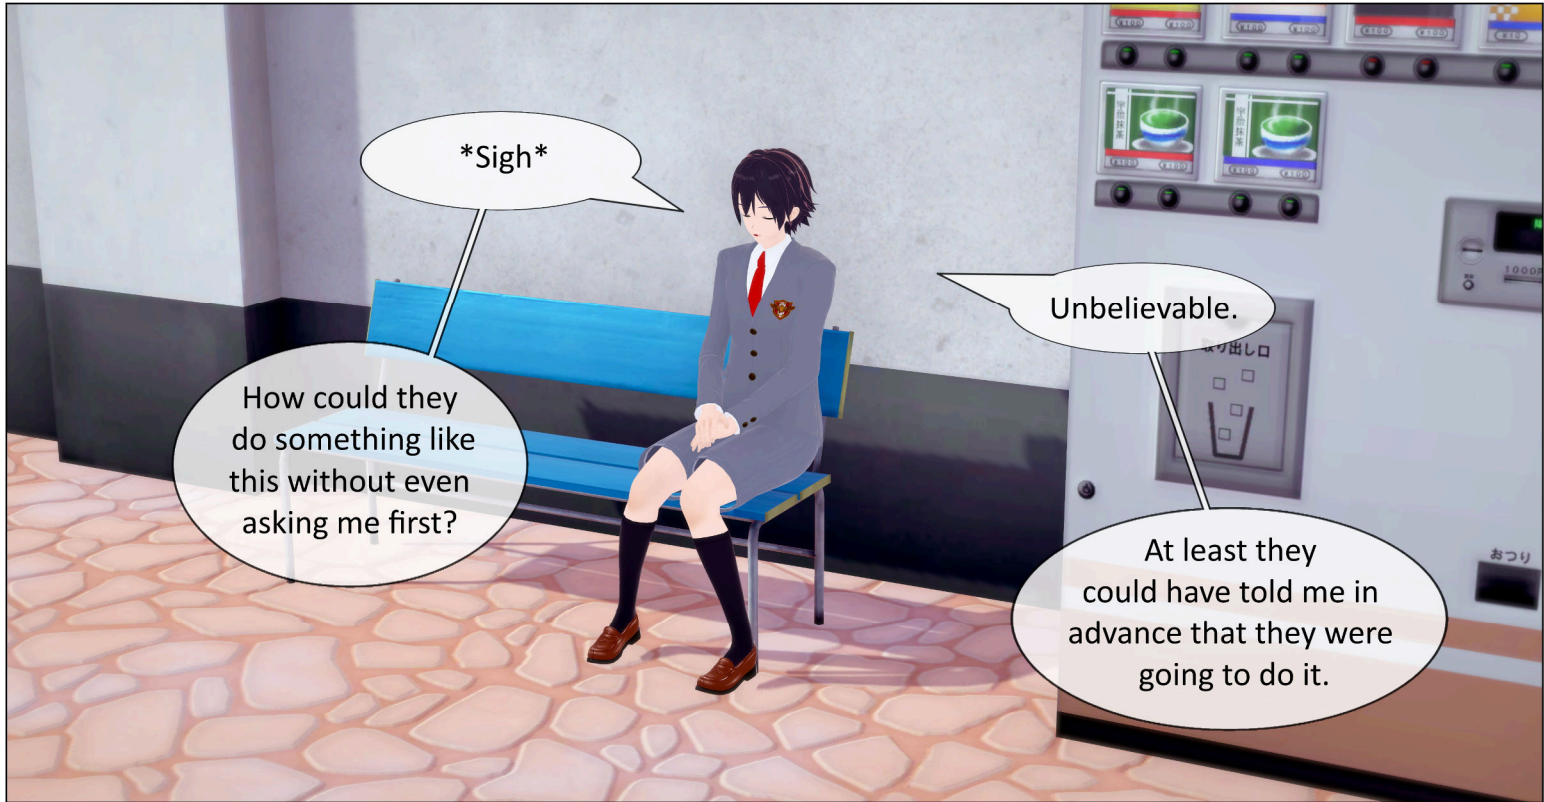

By Ron512

18⁺

On a sunny
Monday.

Sigh

How could they do something like this without even asking me first?

Unbelievable.

At least they could have told me in advance that they were going to do it.

What
is that important
thing you wanted
to tell me?

I wonder what
is the important
thing Hiro-kun has to
tell me?

Maybe he finally
wants to ask me
if I will become his
girlfriend?

I hope
this is it!

Well ...
I don't know how
to say this.

I knew he
was going to ask me
if I would be his
girlfriend.

Finally, I lived to
see it. Hooray!

Of course
I agree!

This may be
weird for you.

I would like
to ask you ...

What!? But
how is it to leave?
Where?

Why didn't
you talk about
it before.

Great, so you'll tell
everyone in class that I had
to leave.

My parents
had to go abroad
as part of their work.

And they
decided to send me
to my aunt.

Because
I didn't know.

And when are you leaving?

WHAT!!!!?

What time?

I found out I was leaving 15 minutes ago.

Today.

Auntie will pick me up from school.

In about 5 minutes.

I hope Hiro-kun comes back soon and finally asks me if I will be his girlfriend.

Yes, I'll let everyone know you left.

So I'm sorry, but I have to hurry.

You will do what I asked for, right?

Thanks, I'll be writing.

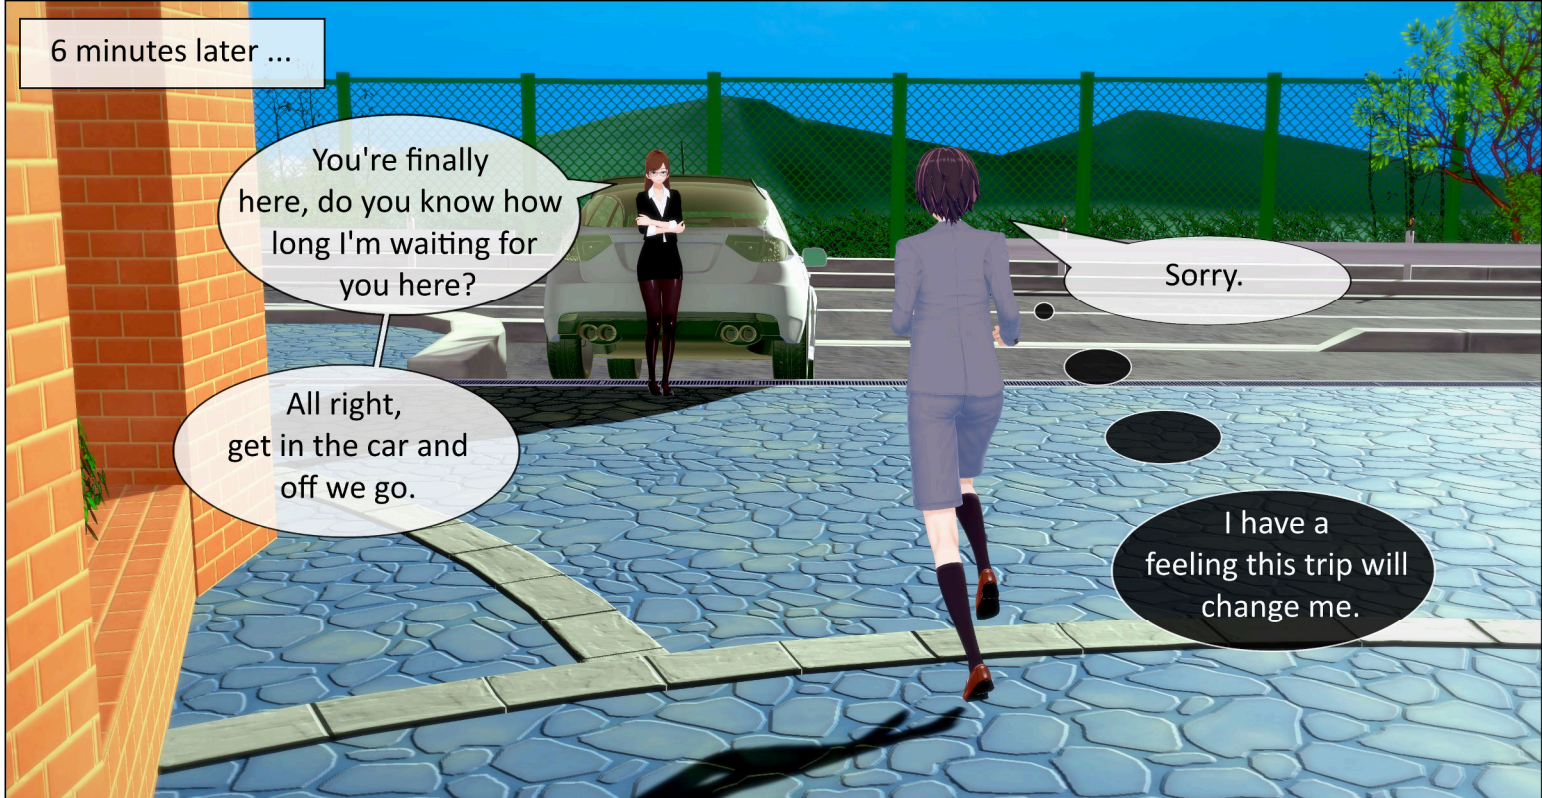

6 minutes later ...

You're finally here, do you know how long I'm waiting for you here?

All right, get in the car and off we go.

Sorry.

I have a feeling this trip will change me.

During the ride.

Are We
There Yet?

Unbelievable.

When
my brother asked
me if I would take care of
Hiro-kun for a while, I thought
he was talking about a
dog.

Another 15
minutes and we're
there.

I forgot
that was their son's
name.

Rules?

Really? That would be great.

But before we get there.

A few rules that will apply to you from now on.

Yes, if you follow them, who knows, maybe I will even think about some pocket money.

No worries, what are the rules anyway?

I knew you'd be happy.

But on the other hand, if you break these rules, you will be punished.

There are exactly three.

You do not create problems, you study at school and the last one you do nothing for which I would have to be ashamed of later.

That's all?

Yes. Oh,
we're already
there.

Maybe it
won't be as bad
as I thought
after all.

Maybe it
won't be as bad
as I thought.

Which is a bit
strange because Aunt
Sora used to be quite
strict to me.

Hiro-kun
seems like a
good boy.

After a while in
Aunt Sora's
apartment ...

Good
afternoon?

Do you live
alone?

Coffee

Hehe.
Who are you
talking to?

Yes, I'll show
you your room in a
moment, but first, do you
drink coffee or tea?

Aunt
Sora, what do you
do anyway?

Yes.

Really? So at
school I am supposed
to call you, the
principal?

Do
you mean my
profession?

I work as a
school principal.

Hehe. There
will be no need
for that.

Because I'm
the principal of a
girls' school.

However,
I enrolled you in
a regular school.

Of course. Now
drink your coffee
and I'll show you to
your room.

Why?

Have you
already enrolled me
in school?

Incredible, a school where only girls are.

I'd like to see it sometime.

What!
Really?

No thanks.

No problem, you can be a student at my school.

Yes, as long as you agree to wear the female uniform. hehe

Wait ... You're
the principal of a
girls' school.

Schools
Where Are Only
Girls?

No, I just
never thought
such schools really
existed.

Yes.

Yes, is there
anything weird
about that?

Now you know
they exist.

After a while in
Hiro's room ...

And from today
this will be your
room, Hiro-kun.

Just make
sure you keep
order, I hate
clutter.

Great, the
bathroom is down the
hall like you're looking
for it.

Okay, I will
remember.

Sure thanks.

After Aunt
Sora left.

I'm
exhausted.

Tomorrow is
my first day at the
new school.

I have to
make sure I make
a good first
impression.

After all,
I don't want
to be a school
nerd again.

Although I
always thought I wasn't
a sucker.

But then
what happened
between me and
Naomi ...

I thought I was
even liked, after all, I have
a lot of friends.

It made
me aware how
wrong I was.

The next day ...

And
remember to listen to
your teachers.

It's good.

I'll pick you up
after school.

Aunt Sora,
don't worry, I know
how to behave.

Thanks,
then I'll be
waiting.

Not far away ...

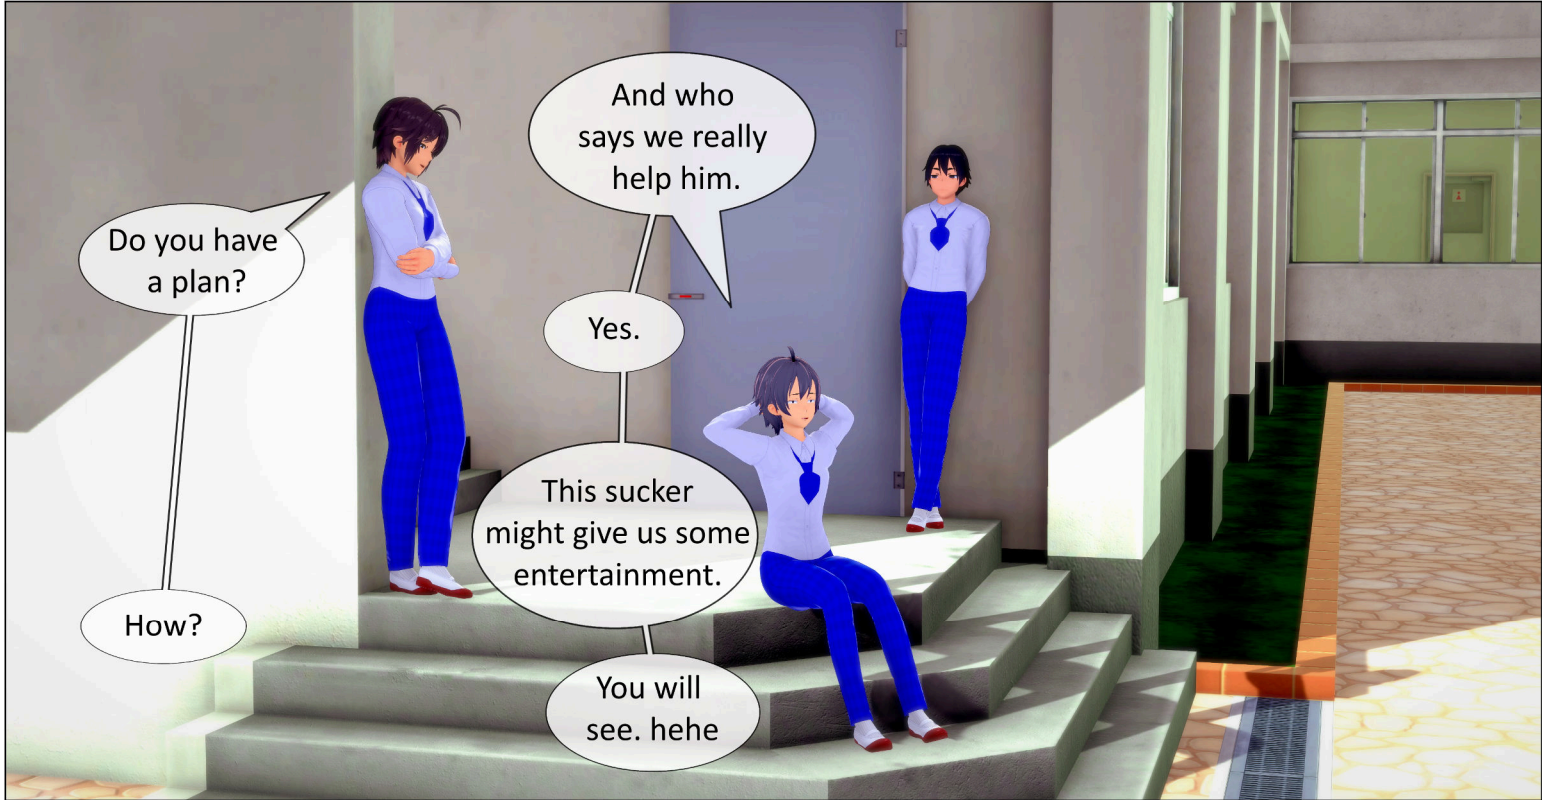

Unbelievable
what a shame
mum brought him
to school.

What a loser.
hehe

Guys, I have
an idea, maybe we
can help him become
a real man?

What?
Why should
we help some
new.

Do you have a plan?

How?

And who says we really help him.

Yes.

This sucker might give us some entertainment.

You will see. hehe

And now we go. We need to say hello to our new colleague.

Yes. We will make sure that he makes such a first impression on everyone that the whole school will talk about him.

I know. hehe

It is said, that the first impression is the most important.

You're mean.

Er ...
Yes, I just
moved here.

I think I'm
in trouble ~

Did
something
happen?

Hi are
you new

No,
why was something
going to happen. I just
haven't seen you here
before and thought
I'd say hi.

Maybe
I was wrong
after all.

I am Hiro.

So. What's
your name?

Hi Hiro.
My name is Sota.

These
guys seem cool,
I should stick to
them.

The boy on the
left is Albert and the boy
on the right is Newton,
nice to meet you.

Sota, Albert,
Niuton?

You
couldn't come
up with stupider
names?

But Makoto-kun
must be up to something
to tell this boy a false
name.

He probably doesn't
want him to report us to
the director later.

Anyway,
it was nice
talking to you,
but we have
to go.

We
still have
something
big planned
for today.

This is my chance to get off to a good start.

Guys. Can I... go with you?

He took the bait. hehe

I do not know...

And won't you run away suddenly?

How naive.

Don't worry,
I won't run
away.

So what are
we doing?

I don't want to be
mediocre again, this time
I want to be someone admired
like everyone else.

After a while in the girls' locker room ...

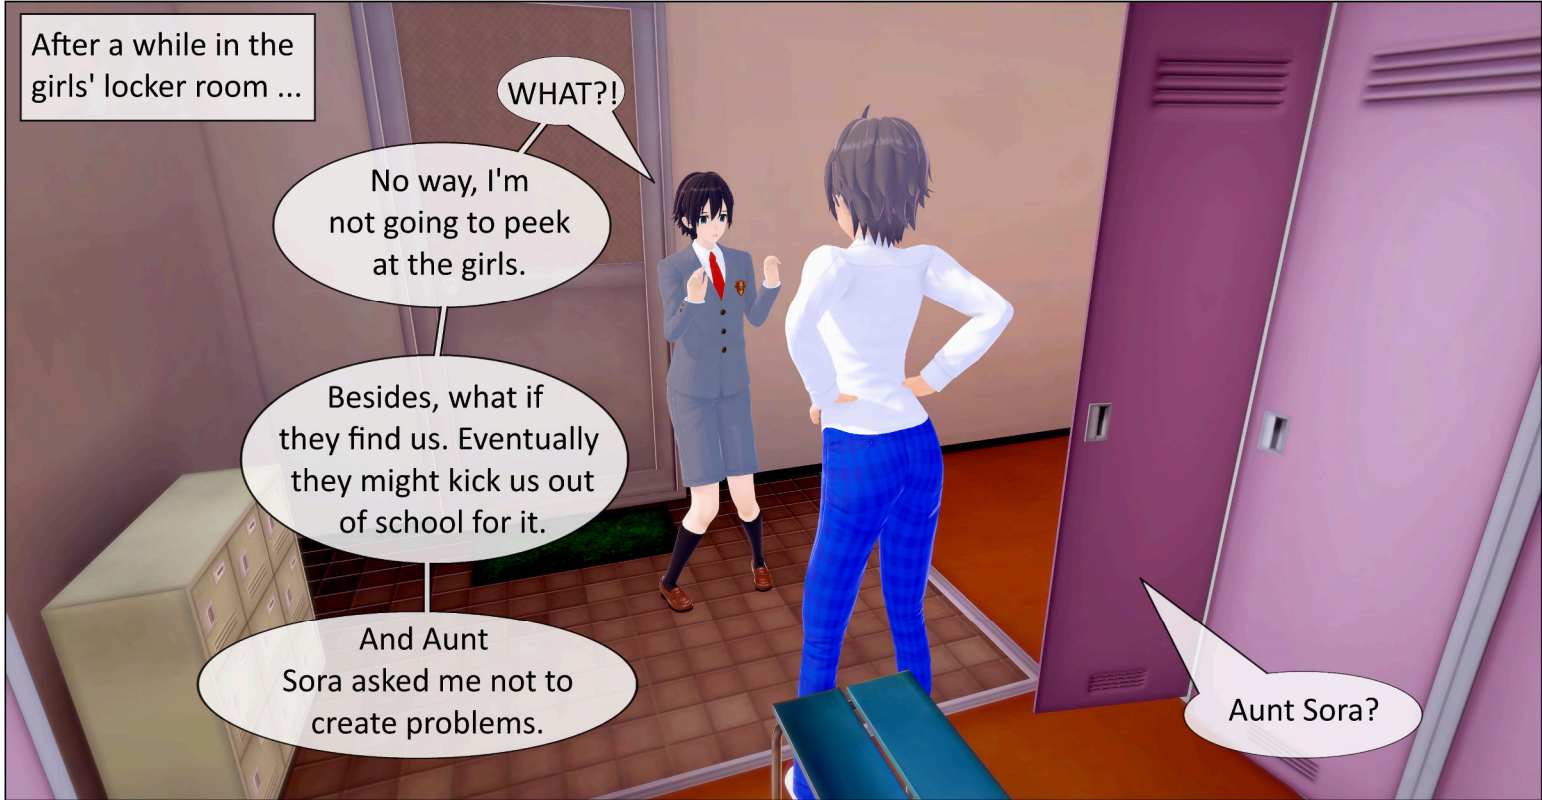

WHAT?!

No way, I'm not going to peek at the girls.

Besides, what if they find us. Eventually they might kick us out of school for it.

And Aunt Sora asked me not to create problems.

Aunt Sora?

Right.

Are you really going to listen to your aunt?

Man, she'll never know about this.

Besides, they don't kick out of school for spying on girls. At worst, you'll be reprimanded.

You see for yourself no real risk.

Do you see that locker?

You will hide in it, and when the girls come to dress up at PE, you will take some photos of them.

No worries, this cabinet has a broken lock and won't close.

What exactly would I do?

Yes.

How do I get out of it later? After all, everyone knows that cabinets do not open from the inside.

So? are
you in?

Unfortunately
there is only one
locker with a
broken lock.

In fact, the
entire mechanism
is broken.

What about
you guys?

Yes,
I'm in.

Sure, what's the pin.

Silly question.
It was obvious he wouldn't give me the pin for his phone.

Great.

One more thing, take photos with that phone. It has a great camera.

You will not need it to take photos.

Besides, I don't even know the pin for this phone.

Of course!

Sure, where should I look for you later?

Just make sure you take good shots.

We have to run now, because the girls will be coming soon.

Behind the school.

10 minutes later ...

Unfortunately no, it's a pity because I had a lot of photos on it.

I doubt it, rather, I just lost it somewhere.

Did you find your phone yesterday?

Maybe someone just stole it from you.

If you say so.

I think the girls
are here.

Great, now just
take some photos
of them.

Unfortunately, the
ventilation in these cabinets
is too high and therefore I
cannot see anything.

I also have to be
careful not to open the
door. Because then the
girls will find me.

Have you tried calling your phone, maybe someone found it?

That's great.

Because that means your phone is still on.

Try to call now, maybe you'll have better luck now.

I tried, nobody answered.

Why?

Will you lend me your phone for a moment, I'll try?

Of course.

Then we should hear him.

Thanks, who knows, maybe I lost it here and that's why nobody found it. hehe

It would be great if we found him here.

Especially since in some photos I am only in underwear.

What would you do if, purely theoretically, a boy found your phone and saw your photos?

After all, it is quite possible that this happened.

Purely theoretically, if that happened, I would make sure that he would regret it later.

You can be sure of that.

Of course it's just a joke. Plus, she would have to catch him with her phone, which is rather impossible.

Exactly, so you don't have to worry.

It does not sound good. Hope you're just kidding.

Nobody is stupid enough to steal someone's phone and bring it to school the next day.

Fortunately. Because I was getting scared.

There is a signal.

Really?

Now I can hear it too.

ring

ring

Great.
Wait, I hear something

Yes, it has to be here somewhere.

A moment later...

He took pictures of us all the time we changed clothes.

What are you going to do with them now?

What a pervert.

And he did it with my phone. Unbelievable

What? I'll delete them all.

What are we going to do with him?
We'll report to the director what he did.

They will not do this. He will be reprimanded at best.

Yes, but don't worry. I already know what we're going to do with him.

They should kick him out of school for that.

Really only that?

Meanwhile, at
Aunt Sora ...

I wonder about
Hiro-kun, after all, today
is his first day at the
new school.

But he
seems to be a
good boy.

I'm sure
he'll be fine.

No
problem, I'll be
right there.

I'm sorry.
What did Hiro-kun
do?

Of course
I don't approve of
such behavior.

What? The girls have
already punished him. They
did well. Tell him he can expect
another punishment.

Some time later in
the director's office ...

Incredibly, I am
called to school on the
very first day.

For what reason?
Hiro-kun spied on the girls in
the locker room. Just like his
father years ago.

Back then I had to
be ashamed of my brother at
school and now I have a repeat
with his son?

Hiro-kun
what were you thinking,
wait, why are you in PE
uniform?

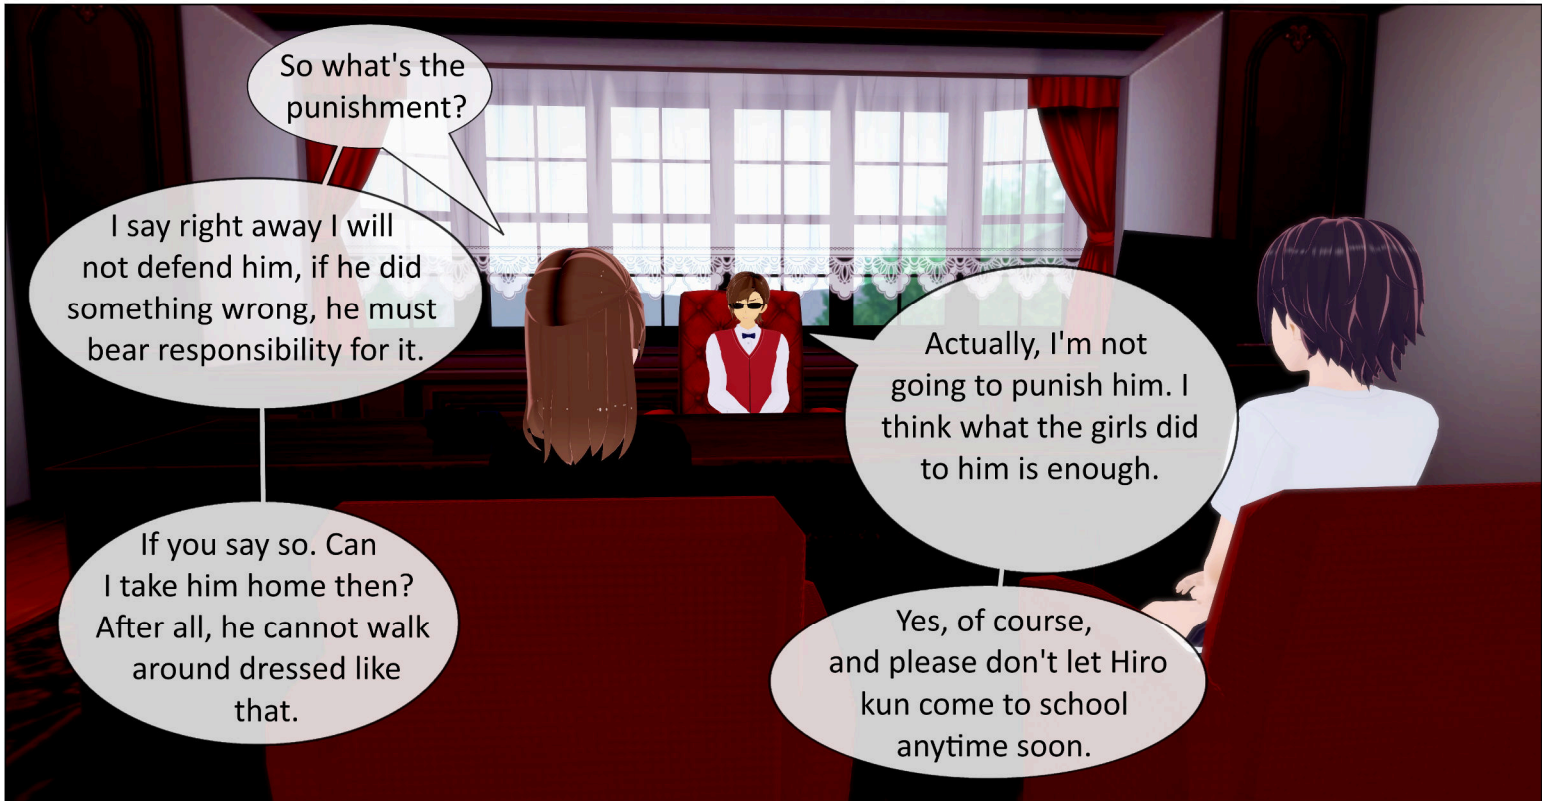

Where are
your clothes?

You have a lesson no
t to enter the women's locker
room anymore. Why were you
even going in there?

* sigh * We'll
talk about it on the
way home.

The girls took them
from me. Immediately
afterwards, they threw
me out of the
cloakroom.

My friends
persuaded me.

So what's the punishment?

I say right away I will not defend him, if he did something wrong, he must bear responsibility for it.

If you say so. Can I take him home then? After all, he cannot walk around dressed like that.

Actually, I'm not going to punish him. I think what the girls did to him is enough.

Yes, of course, and please don't let Hiro kun come to school anytime soon.

What?
Why?

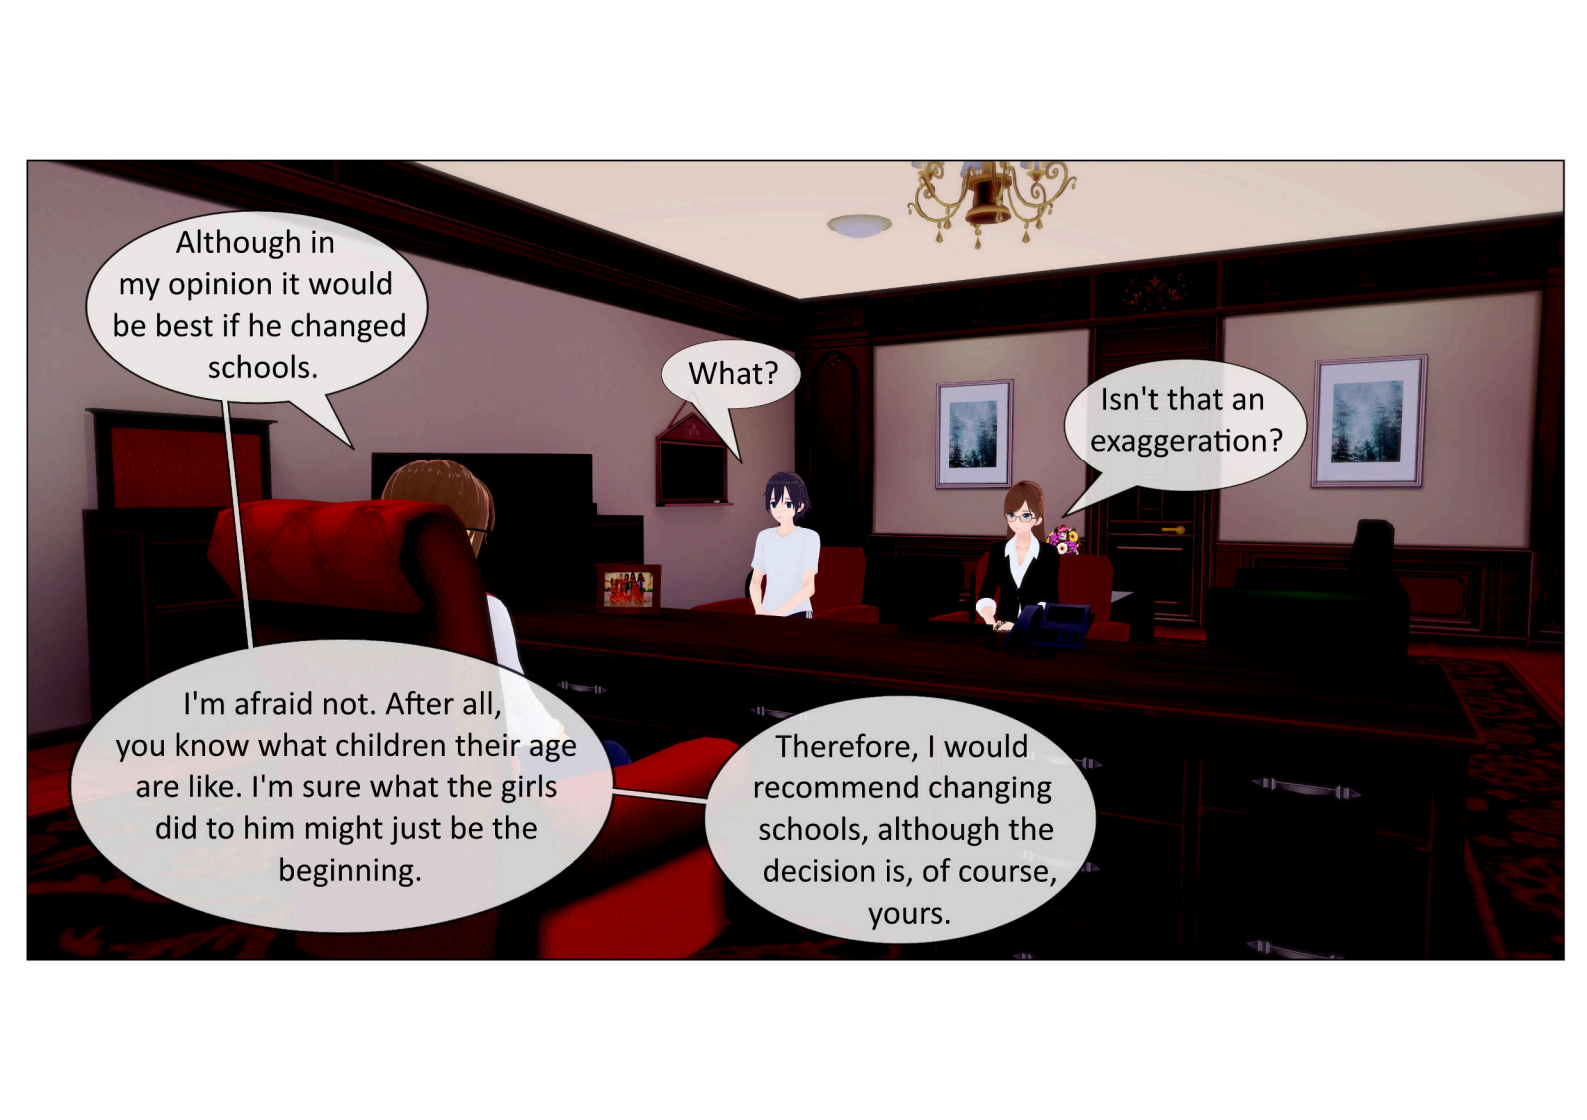

You said
you weren't
going to punish
him.

Besides,
won't it be bad
for his education
if he doesn't
go to school?

Yes, that's true, but
I'm afraid Hiro-kun will
have problem with the
other students because
of what he did.

Therefore,
it is best for him to
stay at home for
a while.

A 3D-rendered scene of a conference room. In the foreground, a person with blonde hair is seen from behind, sitting in a red chair. In the middle ground, a woman with dark hair in a white shirt stands and looks towards the blonde person. To her right, a woman with brown hair and glasses in a black blazer sits at a long wooden conference table, looking at a laptop. The room features dark wood paneling, framed pictures on the wall, and a chandelier. Five speech bubbles contain text.

Although in my opinion it would be best if he changed schools.

What?

Isn't that an exaggeration?

I'm afraid not. After all, you know what children their age are like. I'm sure what the girls did to him might just be the beginning.

Therefore, I would recommend changing schools, although the decision is, of course, yours.

What, but that was only one time, I'm sure everyone will forget about it.

But...

* Sigh * I'm afraid you are absolutely right. I will transfer Hiro-kun to another school.

I made my decision.

No buts, I'm doing it for your own good.

Yes, Aunt Sora.

Of course, I have them ready. We can also help you find a new school for Hiro-kun.

Can I have his papers, please?

Thank you for the offer, but I will not use it. I will find a new school for Hiro-kun myself.

A moment later...

I apologize again for what Hiro-kun did. I am really ashamed of him.

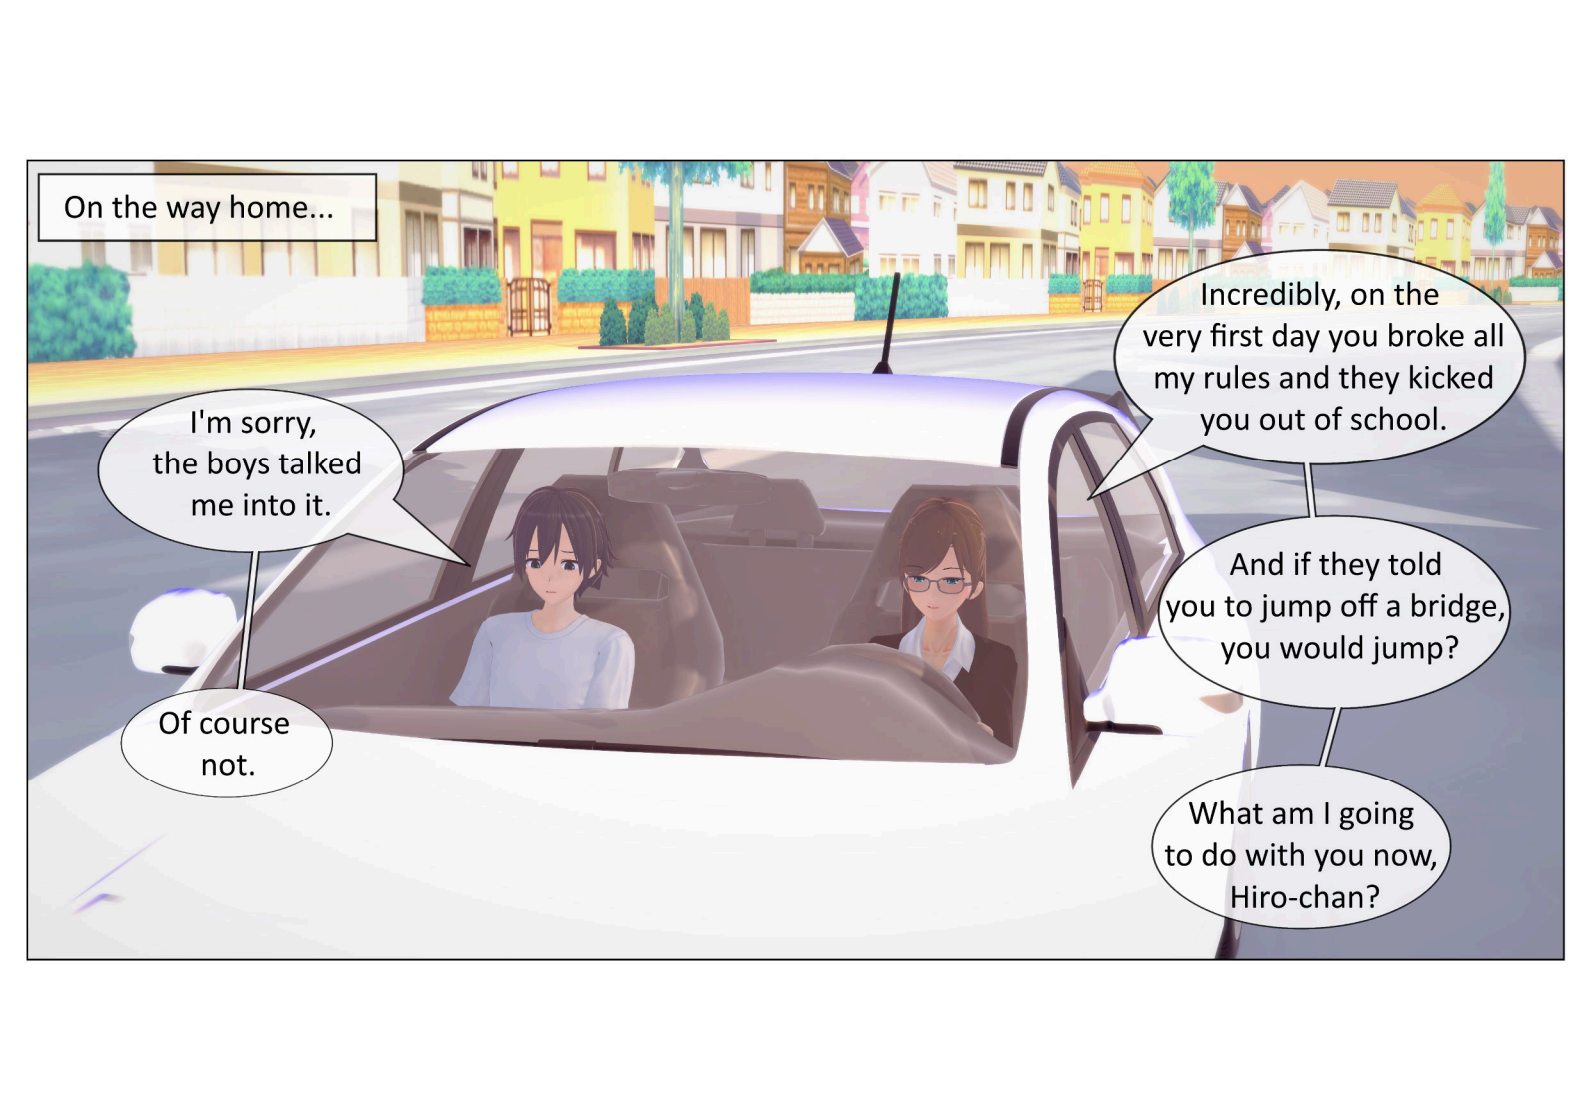

Yes, but Hiro-kun is not my son, but my nephew. Though I'm ashamed of him anyway

I understand that you are ashamed of your son, but it is not your fault, children of this age simply do not think about the consequences of their actions.

I'm sorry I didn't know. By the name, I assumed it was your son.

On the way home...

I'm sorry,
the boys talked
me into it.

Of course
not.

Incredibly, on the
very first day you broke all
my rules and they kicked
you out of school.

And if they told
you to jump off a bridge,
you would jump?

What am I going
to do with you now,
Hiro-chan?

-chan?

Oh, I see.

As I remember correctly, I am 167 cm tall. Why are you asking?

I've made a mistake.

By the way, you seem quite short for a boy your age, how tall are you?

Sheer curiosity.

-chan female form
-kun male form.

Hmmm ... Hiro-kun
is quite short for a guy
and he doesn't have any
facial hair either.

He also has
quite long hair ...

I think I already know
how to punish Hiro-kun
for what he did.

And
at the same time
i can teach him some
manners too.

I have a very bad feeling.

I already have an idea how to punish you

Really?

And what will this punishment actually be?

Yes.

I'll explain everything to you when we're at home.

At home...

Okay, now that we're home we can talk about your punishment.

Of course it's necessary. It cannot be that you do something wrong and do not take responsibility for it.

In my opinion, punishment should teach you something, not just embarrass you.

Aunt, is it really necessary, I already understood that I did wrong.

Yes, but ... the girls have already punished me.

I was hoping to convince Aunt Sora not to punish me.

As for
the penalty ... You
have a laptop or a
phone right?

Back in the
day, people didn't
have it, and they
were better.

Now the kids
just sit on phones or
computers and do stupid
things later.

Therefore,
as punishment, I take
your phone and laptop
from you. Please bring
them to me.

Yes, but
I need them!

But Aunt
Sora.

After Hiro brought his laptop and phone ...

As I said, you will get your belongings back only when I think you deserve it and until then they will be safely hidden.

Okay, now about your future school.

And I could just lie and say I don't have a phone or a laptop.

Sigh

What you did today showed me that I need to keep an eye on you.

That's why I decided to enroll you in my school.

Of course, first I have to take care of all the formalities and order a uniform for you.

Then you will start studying at my school.

Aunt, is your school not only for girls?

Can I study there for sure? I mean, won't there be any problems after all, I'm a guy?

No worries. I've thought everything through carefully.

You'll just have to be a little careful.

A young man with dark hair and a white t-shirt is sitting at a wooden table in a living room. He has his right hand on his head. In the background, there is a television, a bookshelf, and a window with orange curtains.

Okay, I'll be careful.

Incredibly, I'll be the only boy in the whole school, just like in some anime.

A young man with dark hair and a white t-shirt is sitting at a wooden table in a dark room. He has his right hand on his head. The background is dark blue with white lightning bolts.

One SEC. I'm gonna be the only boy in the whole school.

thunder

And that means ...

Hiro's imagination ...

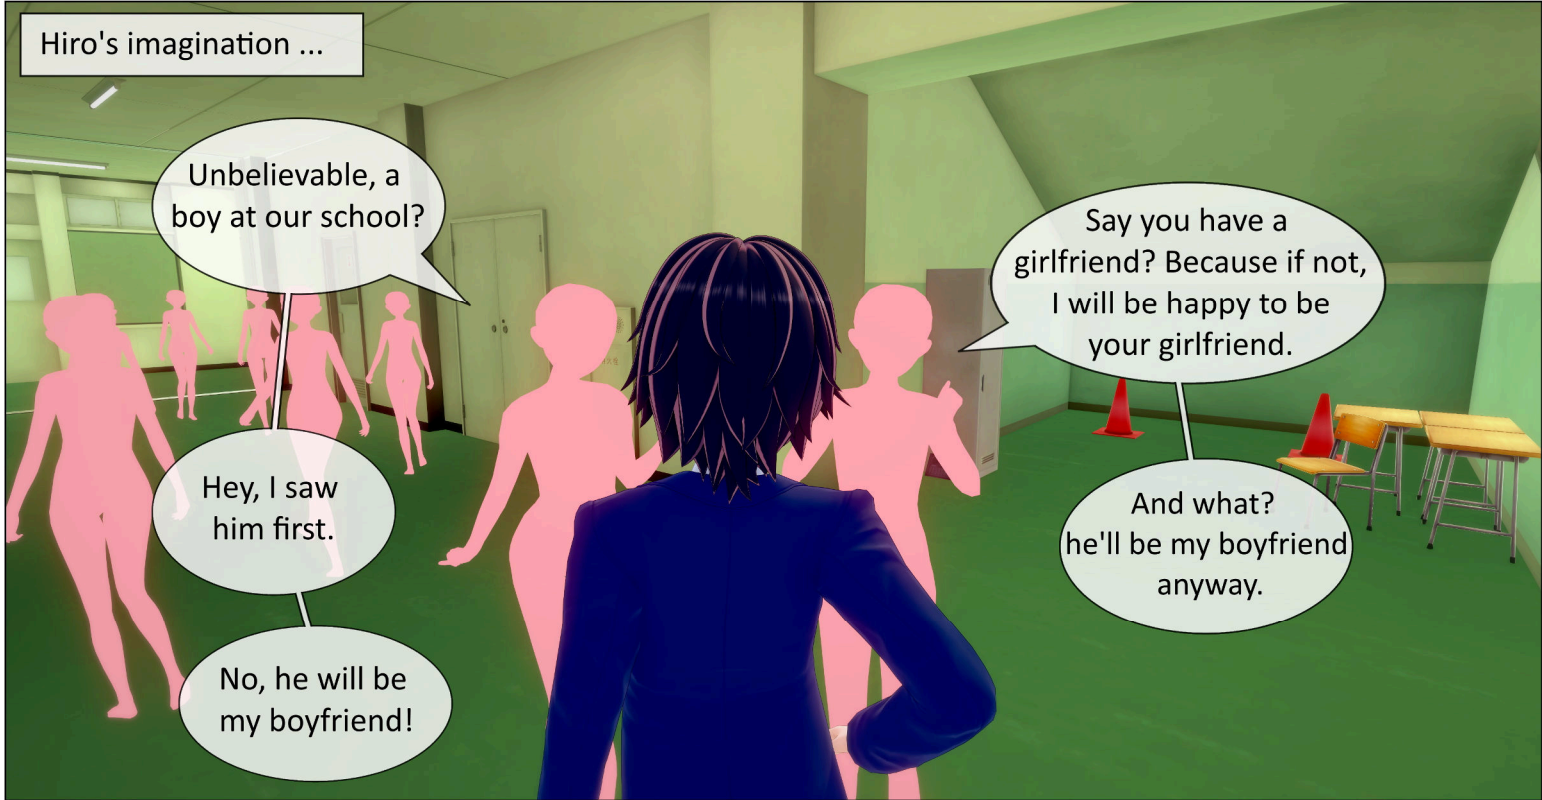

Unbelievable, a boy at our school?

Hey, I saw him first.

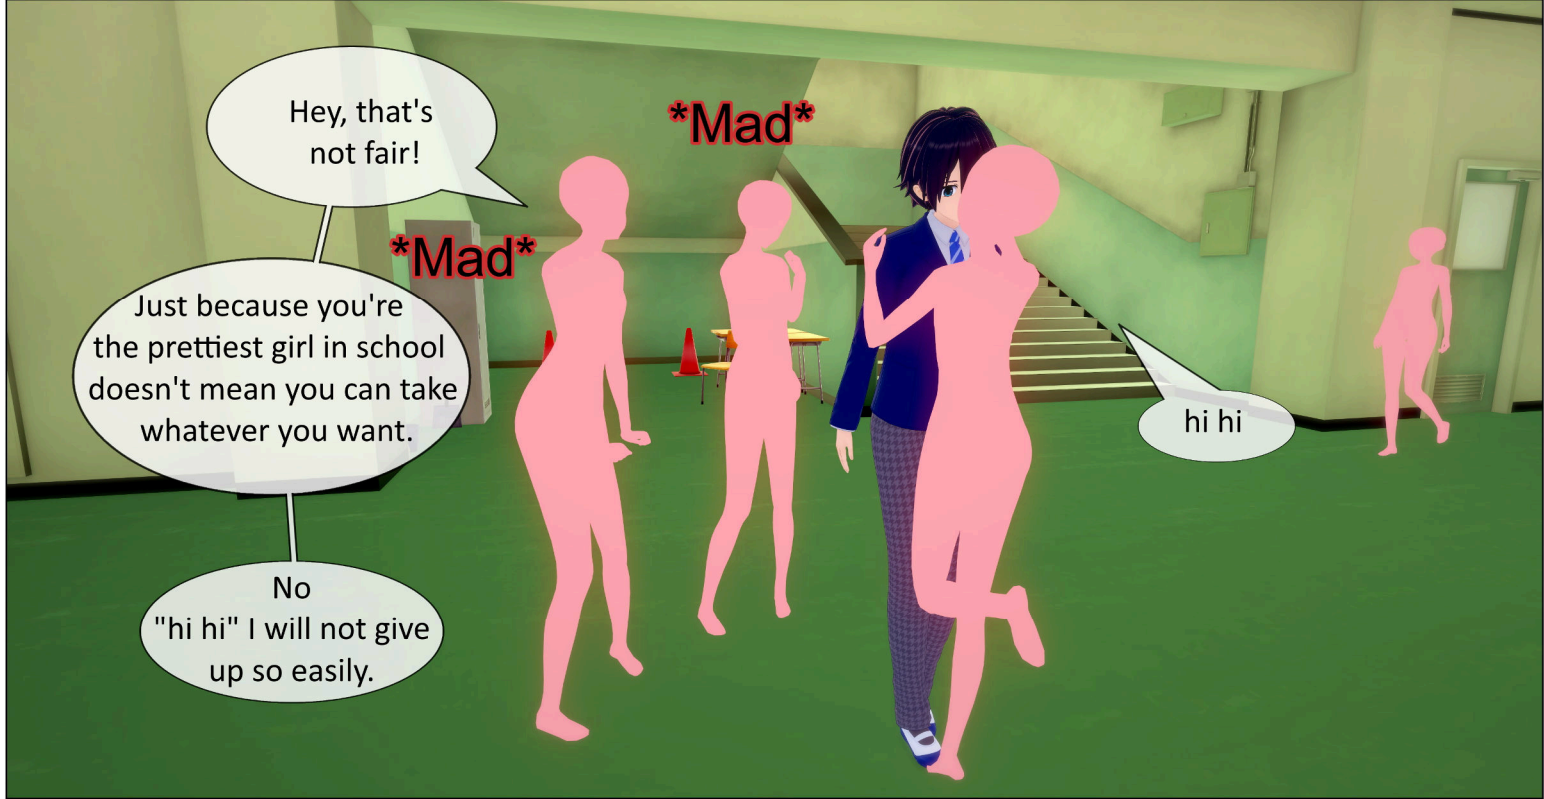

No, he will be my boyfriend!

Say you have a girlfriend? Because if not, I will be happy to be your girlfriend.

And what? he'll be my boyfriend anyway.

Hey, that's not fair!

Mad

Mad

Just because you're the prettiest girl in school doesn't mean you can take whatever you want.

No "hi hi" I will not give up so easily.

hi hi

Reality...

He he.

My own
harem.

I'm
looking forward to all
these girls fighting
for me.

We'll see
who will laugh
last.

Hiro-chan

Hmm ... I'll have
to come up with a better
name for him.

Two days later...

At least
now I can start going
to school again.

It reminds me a bit of all the
anime where the boy ends up
in a place full of girls and quickly
creates his own harem.

My uniform finally
arrived, a little faster than
expected.

I still can't
believe that I'll be the
only boy in the whole
school.

I wonder if I can
do it too. hehe

What? It's a female uniform.

Aunt, Sora!

I think we have a problem!

They sent the wrong uniform!

To be continued...
