INTRODUCTION

For the past three years, Plum and Nao were basically strangers attending the same University. However, when some of their classes finally overlapped in their final year, they were able to become friends and more. A LOT more.

Although their relationship might appear a little average and awkward on the surface, the secret dynamic between them is far from vanilla. ♡

PLUM

Plum is a Filipino gentle femdom, born and raised in Canada.

Usually shy and a bit demure, it was through her relationship with Nao that she discovered she had a surprisingly dominant side!

Although Nao fell in love with her first, Plum was the first one to confess.

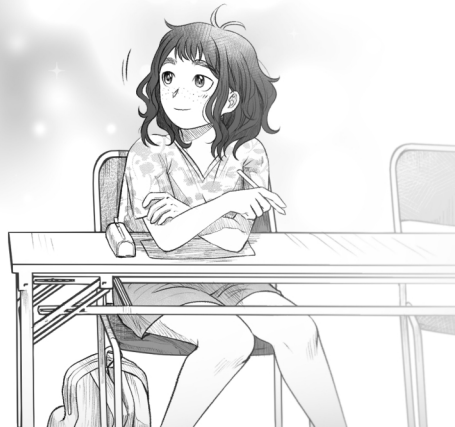

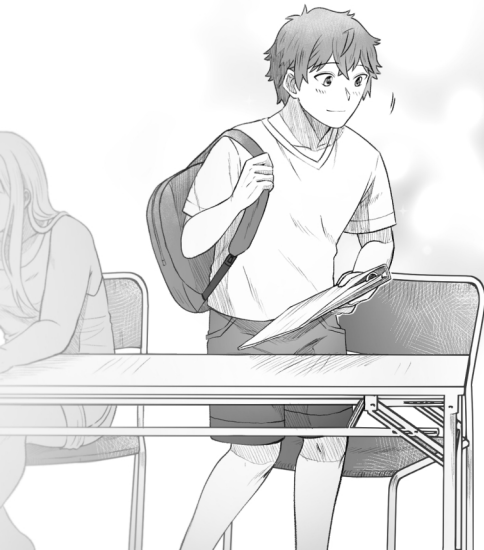

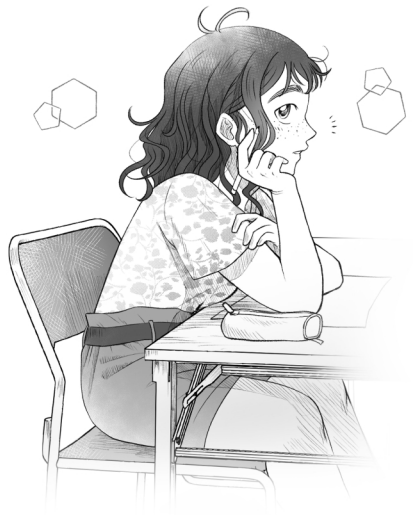

NAO

Nao is a half-Filipino, half-Japanese submissive, born in Japan but raised in Canada.

He's always had a little bit of a crush on Plum, but it was only when their classes finally aligned and they started to talk more did he fall madly in love with her.

Can sometimes be a bit of a brat, but is dedicated and submissive to Plum.

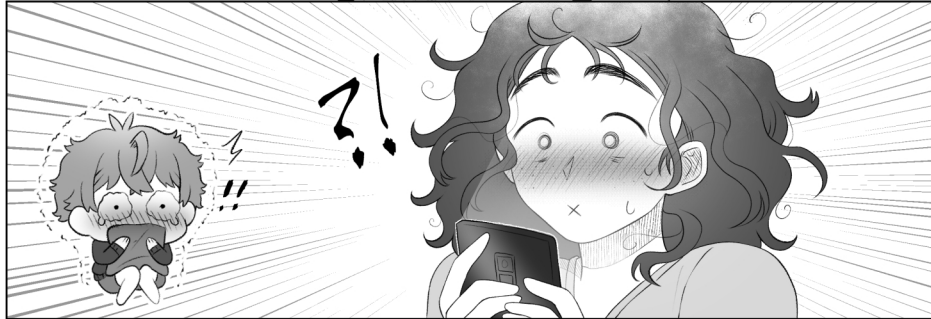

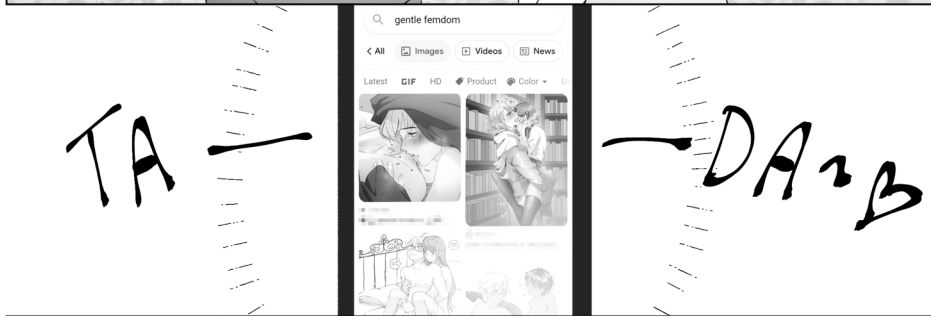

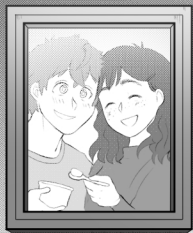

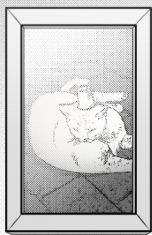

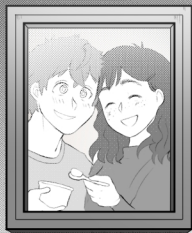

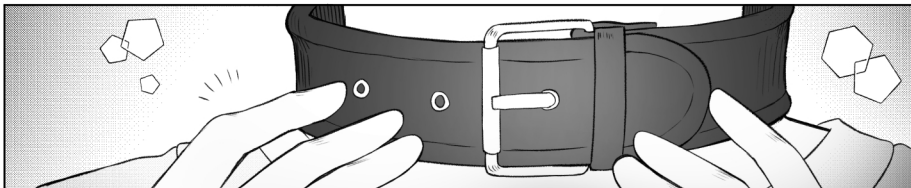

ARTIST'S NOTE

Thank you so much for buying a digital copy of my first nsfw art ebook, *Awkward x Awkward!* Your support means so much to me.

Plum and Nao were original characters I made back in 2020, showcasing another side to gentle femdom. Characters who weren't models or dripping in confidence; just two awkward people with an interest in submission and domination.

I honestly didn't expect that a few years later I would create an entire artbook dedicated to their awkward puppy love. But I had an amazing time drawing snippets of their lives together and I hope you too had an enjoyable time watching Plum and Nao's relationship grow.

I dedicate this book to the introverted, shy, and/or anxious people who identify as sexually dominant. Although I love and support dominants who are extroverted and confident, I know there's a lot of you who enjoy domination regardless of your personality type.

So for those who have a hidden dominant side,
this book is dedicated to you lovelies! ♡ ♡
