Hilichurl hospitably

The lewd, gasping sounds echoed off the trees of the forest. Lips swallowing down a hefty cock reverberated from in the air.

The image of a hilichurl lulling his head back as his hips pumped into, at first glance, a short raven-haired girl's mouth, would greet anyone walking into their secluded camp. Her long bushy black tail, just above her large bubbly butt, flick happily back and forth as she bounced her head in time with the monster's ravenous thrusting. Her deep forest green eyes looked up at the tribal creature with pure lust while the long fox ears on her ear twitched as she squatted down under him.

"Ahhh...~ Sho...Big~..." Tighnari sighed and moaned as he bobbed his head on the dark-knotted cock of the monster currently having a death grip on his hair. Though he did not have to move much as the monster bucked his hips in and out of his mouth at a speedy pace. Growling and purring at the, what he thinks, lovely girl's tongue slathering his cock.

The young fox's hands are busy jerking the cocks around him. His fingers danced along their hardened lengths. Teasing the head with his thumbs while his hand rubbed them with as much vigor as the beast thrusting in his mouth.

Between the herbologist's legs, his own cock bounced stiff and frustrated leaking a generous amount of his lust onto the ground. Eager to spill his seed, the modest cock dripped a fat, thick droplet of pre cum on the ground from its foreskin-covered tip. The juicy discharge seemed to only get bigger with every thrust of the knotted prick in his mouth.

Beside him, Aether's suckled on the monster's testicles. The blonde traveler's tongue, bathing in the filth of the sweaty ball sack and curly pubic hairs, flicked around the sack. Working it in his mouth as drool pooled out his full lips. Burying his face into the monster's testicles while giving him a slut crazed look rivaling Tighnari next to him.

Like Tighnari the traveler kept his hands busy. Jerking the cocks of the rest of the group of monsters that surrounded them with quick fingers. Though Aether has one hand free at least and kept two fingers pumping into his ass as he suckled on the monster's taint. Kept his own member, a sold cock though not as big as the Hilichurls around him with its healthy stiff and eager. With his face nestled in the ball sack of the monster, his own member dripped his lust in the grass below them.

The Hilichurl thrusting in Tighnari's mouth picked up the pace in a rude growl. Pumping his hips into the young man's face, burying his nose into his filthy pubic hair as the monster's knot popped into his mouth. Gagging the fox boy, making his tail stiffen up at eh sudden rough treatment. His own cock, nearly as big as Aether's, bounced a spewed a little cum at the rough treatment. His girlish face turned red from both embarrassment and arousal as the choked on the burly cock in his throat. All the while the traveler

suckled and kissed the massive ball sack. Begging for the monster's seed as he felt it bounce on his tongue a little.

Only took two more licks of Tighnari's tongue for the Hilichurl to erupt its seed in the lustful boy's mouth. White as snow and as sticky as sap, the gooeey discharge clogged his throat as he tried to swallow the stodgy cum. It gushed out of his nose as the monster locked his knot behind his lips. Aether coaxed more cum out of the monster with his mouth teasing the twitching testicles.

"Mmm~..." Tighnari moaned as he drank the monster's seed with happy wags of his tail. The cock pulsed deeply in his mouth as his shaft jumped and squirted some of his own seed. Shuddering from the small climax that came from him as the Hilichurl used his mouth as cum receptacle.

The Lawachurl, the chief of this pack, stepped in to grab the herbalist. Slinging him on his back and taking him away from the pack as he too wanted a taste of the fox boy. Leaving Aether surrounded by his brethren. To which they took advantage of by one of them bringing Aether down with him. His cock grinding against the monster's own for a moment as Aether sat on his waist.

Aether straddled the monster and steadily lowered himself down on the bumpy shaft. His cock bounced and jumping at every inch entering him, moaning sweetly as the Hilichurl rudely groped and smacked his firm rear to urge him on. Guiding his slender, girlish hips, down into his lap as the monster gave one sharp thrust upwards.

"Ah!" A light string of cum squirted out as his rear pasted the beefy knot of the Hilichurl. His asshole spreading to welcome the beefy member. A small lump in his belly as the bulky cock throbbed inside him. He didn't get much time to get used to the cock inside him as the monster gave a quick smack on his ass. Leaving a bright red mark on his cheek, as he began to pump his hips up.

Starting at a steady pace to get used to the tight vice of Aether's fuckhole. Bringing the young man up and down on his cock with grunts and growls of his own. Caressing and rubbing Aether's ass. Occasionally smacking it to get a sweet moan from him and to make it shake in his hands.

As Aether began to bounce and twisted his hips on the shaft, his nose was suddenly once again filled with the heavy scent of musky, as other Hilichurl wanted a chance at his full lips. He barely got the chance to open them before one of them grabbed his ponytail and slammed their shaft down his mouth. Causing a choking gasp to come out of his mouth but not stopping his tongue from poking out a disliking the underside of the cock as it jettisoned in and out of his lips. Making the monster throw his head back in a loud groan of pleasure as he felt Aether's tongue slide along his shaft.

However, the slutty traveler did not get long to savor the musk on his tongue as his mouth was suddenly pulled off the mighty cock and placed on another. Grabbing his ponytail, he was taken away from one cock onto another. Sucking on it dutifully as well, before his lips were taken on another one. While he bounced and shook on the member thrusting up in him, Aether's mouth switched from cock to cock whenever the Hilichurl wanted him. Pulling his air left around and back for his succulent lips to take his cock with his hips dancing on the shaft under him. His own shaft bounced and flicked about happily while the monsters used him as they saw fit.

The Lawachurl pinned Tighnari down by his head as the rest of the pack kept their cocks on Aether. The lustful young man instinctively raised his wide hips, tail flicking back and forth as he waited for the burly monster. Shaking his hips as he waited for the monster to make his move. And he got his wish as something smacked between his soft rear and made his hips buckle under the weight.

The massive horse cock, dwarfing his own, that emerged from the sheath of the monster leaked pre cum on his mid back as the head rested on it and the shaft is neatly squeezed between his quivering ass. As girthy as it is long the viney pulsating monster radiated a warm heat over the fox boy's back. His cock twitched in delight as he felt the cock glide between his round, wobbly ass.

The alpha Hilichurl pushed Tighnari's head down with a heavy grip in his hair and pulled the young herbalist's ass into him by the tail. Getting a short squeal as he felt the massive head poke at his quivering rear. Already spreading his pucker as the head pushed past his ring. Getting a sharp grunt of lust from him as the monster pushed more and more of the cock entered him. His cock acted more excited as it bounced and spray little of his own seed with each push inside him. It was not an orgasm, but every push brought him closer and closer.

"!" Tighnari let out a silent, lust crazed moan as his eyes rolled in the back of his head. His face twisted in a cock dazed smile as his own member fired a stream of his thick lust as the rest of the cock finally pushed inside him. A back arching orgasm took over him as long gooey discharges of cum rocketed out his shuddering prick. Cumming long and hard, he stained the grass white with his seed. White beads bounced off the blades of green while his moaned and shook.

The alpha took a moment to get used to the small slut's tightness. Lowly growling as he felt his cock pulse with need inside the moaning fox boy's fuckhole. Keeping still, holding back as he got used to the warm tightness of his new bitch. With a guttural snarl, the massive chieftain began to move back and other forth at a steady slow pace before he started picking up the pace.

Tighnari let out a continuous cry of pleasure as his body is rocked back and forth from the monster's rigorous slamming into him. His cock shaking and bounced stiffly under him while the beast pull at his tail. Treating him like a breeding bitch, and, though that is an impossibility, the monster seemed hell bent on making a womb for him to hold his children. And judging by Tighnari's cumming cock and dangling tongue, he does not mind.

Aether did not have to move his head as the Hilichurl's did most of the work. Slamming their hips in his mouth at any and every moment. Gagging his mouth as he drooled and sucked at their hearty cocks that made his throat bulge and burned from the rapid speed they thrust down his throat. His head would be buried in the pubic hairs of one Hilichurl for a moment as he swallowed his entire cock. His eyes burned as he choked on it.

And the next his face would be mashed against the musky ball sack of another. Forced to worship the jiggling testicles with his tongue while the weighty cock rested on his face. But before he could lose himself in the act, he is pulled to another cock. His lips meeting the fat hat of the cock. His tongue licking and circling around the head. Gazing up at his tempera partner with utter lust as he steadily bobbed his head back and forth on the cock. Grabbing his braided ponytail and pulling his soft lips on wait every cock they felt like. Aether's mouth is nothing more than a hole for the monsters to get themselves off on.

Another Hilichurl pulled his head back by his ponytail, slapping his own weight cock on Aether's face as he leaned back for a Hilichurl to slam his meaty cock in his mouth. The monster large ball sack smacked his nose while he moaned and gyrated on the cock pumping up and down him. Though Aether is an active whore than the more passive slut of Tighnari who merely let the alpha slam into him.

The lustful traveler's tongue slide and move along the cocks whenever they move in or around his mouth. His lips made a tight hole for them him to fuck at his leisure as the shuddering cock succumbed to pleasure in his mouth with a rockous, sticky orgasm.

The Hilichurls would cum at no time or reason as the one in his mouth suddenly pulled his shaft out of the slutty blonde's mouth and jerked his orgasm off onto Aether's face. Coating his visage in white as the young traveler kept his tongue out to catch what he could. Sometimes, Aether would feel their cocks pulse before a string of white would flood his mouth. The beast's knot swelled and locked behind his lips as they unleashed near endless tide of sticky virile cum.

Letting gush out of his nose while another cock in his hand shuddered and spewed its load over his chest. Criss crossing along his body in thick white semen while he switched onto another cock. Bobbing his mouth back and forth until it blew its load down his mouth. His loud gulping sounds nearly drowned out Tighnari's whorish moans in the background.

All the while the Hilichurl below seemed relentlessly pound up into him. His knot popped in and out of Aether while the young man's cock flicked long ropes of pre-cum. Each thrust got a muffled moan from him as he could only let out small squeaks of pleasure whenever his mouth is not filled with eh burly, thick cock of the Hilichurls. Whether to break him into his personal fuck toy or thinking Aether really is a girl and is trying to impregnate him, the monster just seemed to not stop cumming. Slamming Aether down until his knot locked inside his rear and erupted and gush of semen.

The monster's hips jerked up as the feeling of his thick, viscous discharge rushed into him made Aether's own cock happily sputter and shower his load over himself and the air. The monster's hips jerked and twitched with every long thick launch of his seed. His orgasm was heavier and longer than the traveler's who's climax ended after three long squirts of seemed twirling in the air. The monster below him let out long, heavy blasts that seemed to last until Aether next climax which made his eyes roll back and his cock spill in the air again.

And then, after seemingly an hour of unloading into the young man, he would simply start thrusting into the Aether again. Building to his next climax while Aether happily wiggled on his cock. Lost in state of bliss as the Hilichurls continued to use his body as they saw fit.

Tighnari is further down the hole of lust as he could only see pure white. His mind a blank as every deep thrust shot a string of cum from his bouncing cock. He drooled and moaned like a bitch in heat, showered in his own orgasm below him, as he is reduced to a fuck pet for the chief of the tribe. The massive cock making a large lump in his stomach as it thundered into him relentlessly. The beast cared nothing but for his own pleasure as pulled back at Tighnari's tail and occasionally smack his ass, leaving massive red hand marks, to make his ass tighten around his beastly cock.

The Lawachurl gave off a loud, earth-shaking growl from his climax. A massive, thick deluge of cum burst forth from his cock as his climax erupted into a tidal wave of thick white deluge of semen. It gushed out in thick ropes and massive balls of cum that rounded out Tighnari's belly with each thick burst. Each thunderous roar of the cock shook Tighnari's whole body but mostly his cock as it kept spewing nearly as thick burst of cum.

Tighnari's mouth gushed out a pool of thick white as the cum rushed forth. The monster filled more than his belly as the tsunami of semen flooded his body. His cock responded in kind with an impressive burst of cum of his own. His orgasm lasted longer than beast's, his cock twitching so hard it slapped against his bulging stomach while the chief slowly pulled his cock out.

However instead of ti being limp and weary it is still as hard as steel and throbbing with life over Tighnari's shuddering, cum filed form. Eager for its next round as it continued to drip heavy drops of pre-cum on the young man's back.

The day was early and the Hilichurls cocks are far more than willing to continue.
