

The number 2 level  
S hero Supergirl!?

Why are you...

Bang!

!?

Huh. So weak.

It's too native for a level C villain to even think that you can use just a special magic circle.

Fall to the ground

Wooah!

Her power is so over the top. I have many upgrades...

but I can't keep up with her speed. Is this the power difference between us?

A woman with short blonde hair, wearing a blue and red superhero costume with a cape, is floating in the air. She has her arms outstretched and a determined expression. The background is a lush green forest. In the bottom right corner, a blurry figure of a person is visible.

Just give up. There's no chance for you to defeat me!

The top physics type hero. The iron girl from the planet krypton.

The power gap between us is so desperate. Am I really too native?

Magic circle!

Shit. I'm not giving up!

Step

Wooah!

No way. I can't even see her movement!

Did she break my magic circle before it was completed?

A woman with blonde hair, wearing a blue and red superhero costume, is sitting on a red ledge. She has a serious expression. The background is a bright, hazy sky. There are two blue speech bubbles containing text.

Your little trick  
can not fool me.

I watch your every  
move so clearly.

Damn it. Is there  
nothing I can do?

I have prepared for so  
long and I can't even  
take her a hit. The  
world is so not fair.

You know the  
truth clearly that  
you will die here  
today, pig man!

The top physics type hero me is here. Although there's a long-lasting joke about Kryptonians can't handle magic.

Don't forget the fact that undead killer, the elf having 100% magic resistance shield, Charlotte is right here.

Look at your disgusting body. You kind of sick villain should not exist in this world.

You pig men hurt so many innocent people out of your own lust and desire.

Do you have any idea how many people's life are destroyed by your body swap magic circle? I will end your life right here and right now.

Pig brother...

Will you keep pretending to be Charlotte?

Your own brother is dying in front of your eyes. Don't you feel anything?

Don't you forget our old days. We were two little pig brothers on the farm.

We were too naive to realize the cruel fate waiting for hogs.

Until we accidentally witnessed the truth of the slaughterhouse.

We saw our brothers  
and sisters butchered  
and hung on hooks in  
the slaughterhouse.

We witnessed the real  
hell and carried all the  
hogs' grudge.

In the end, we became the  
pig men. After all we been  
through, are you going to  
give up all this so you can  
become Charlotte?

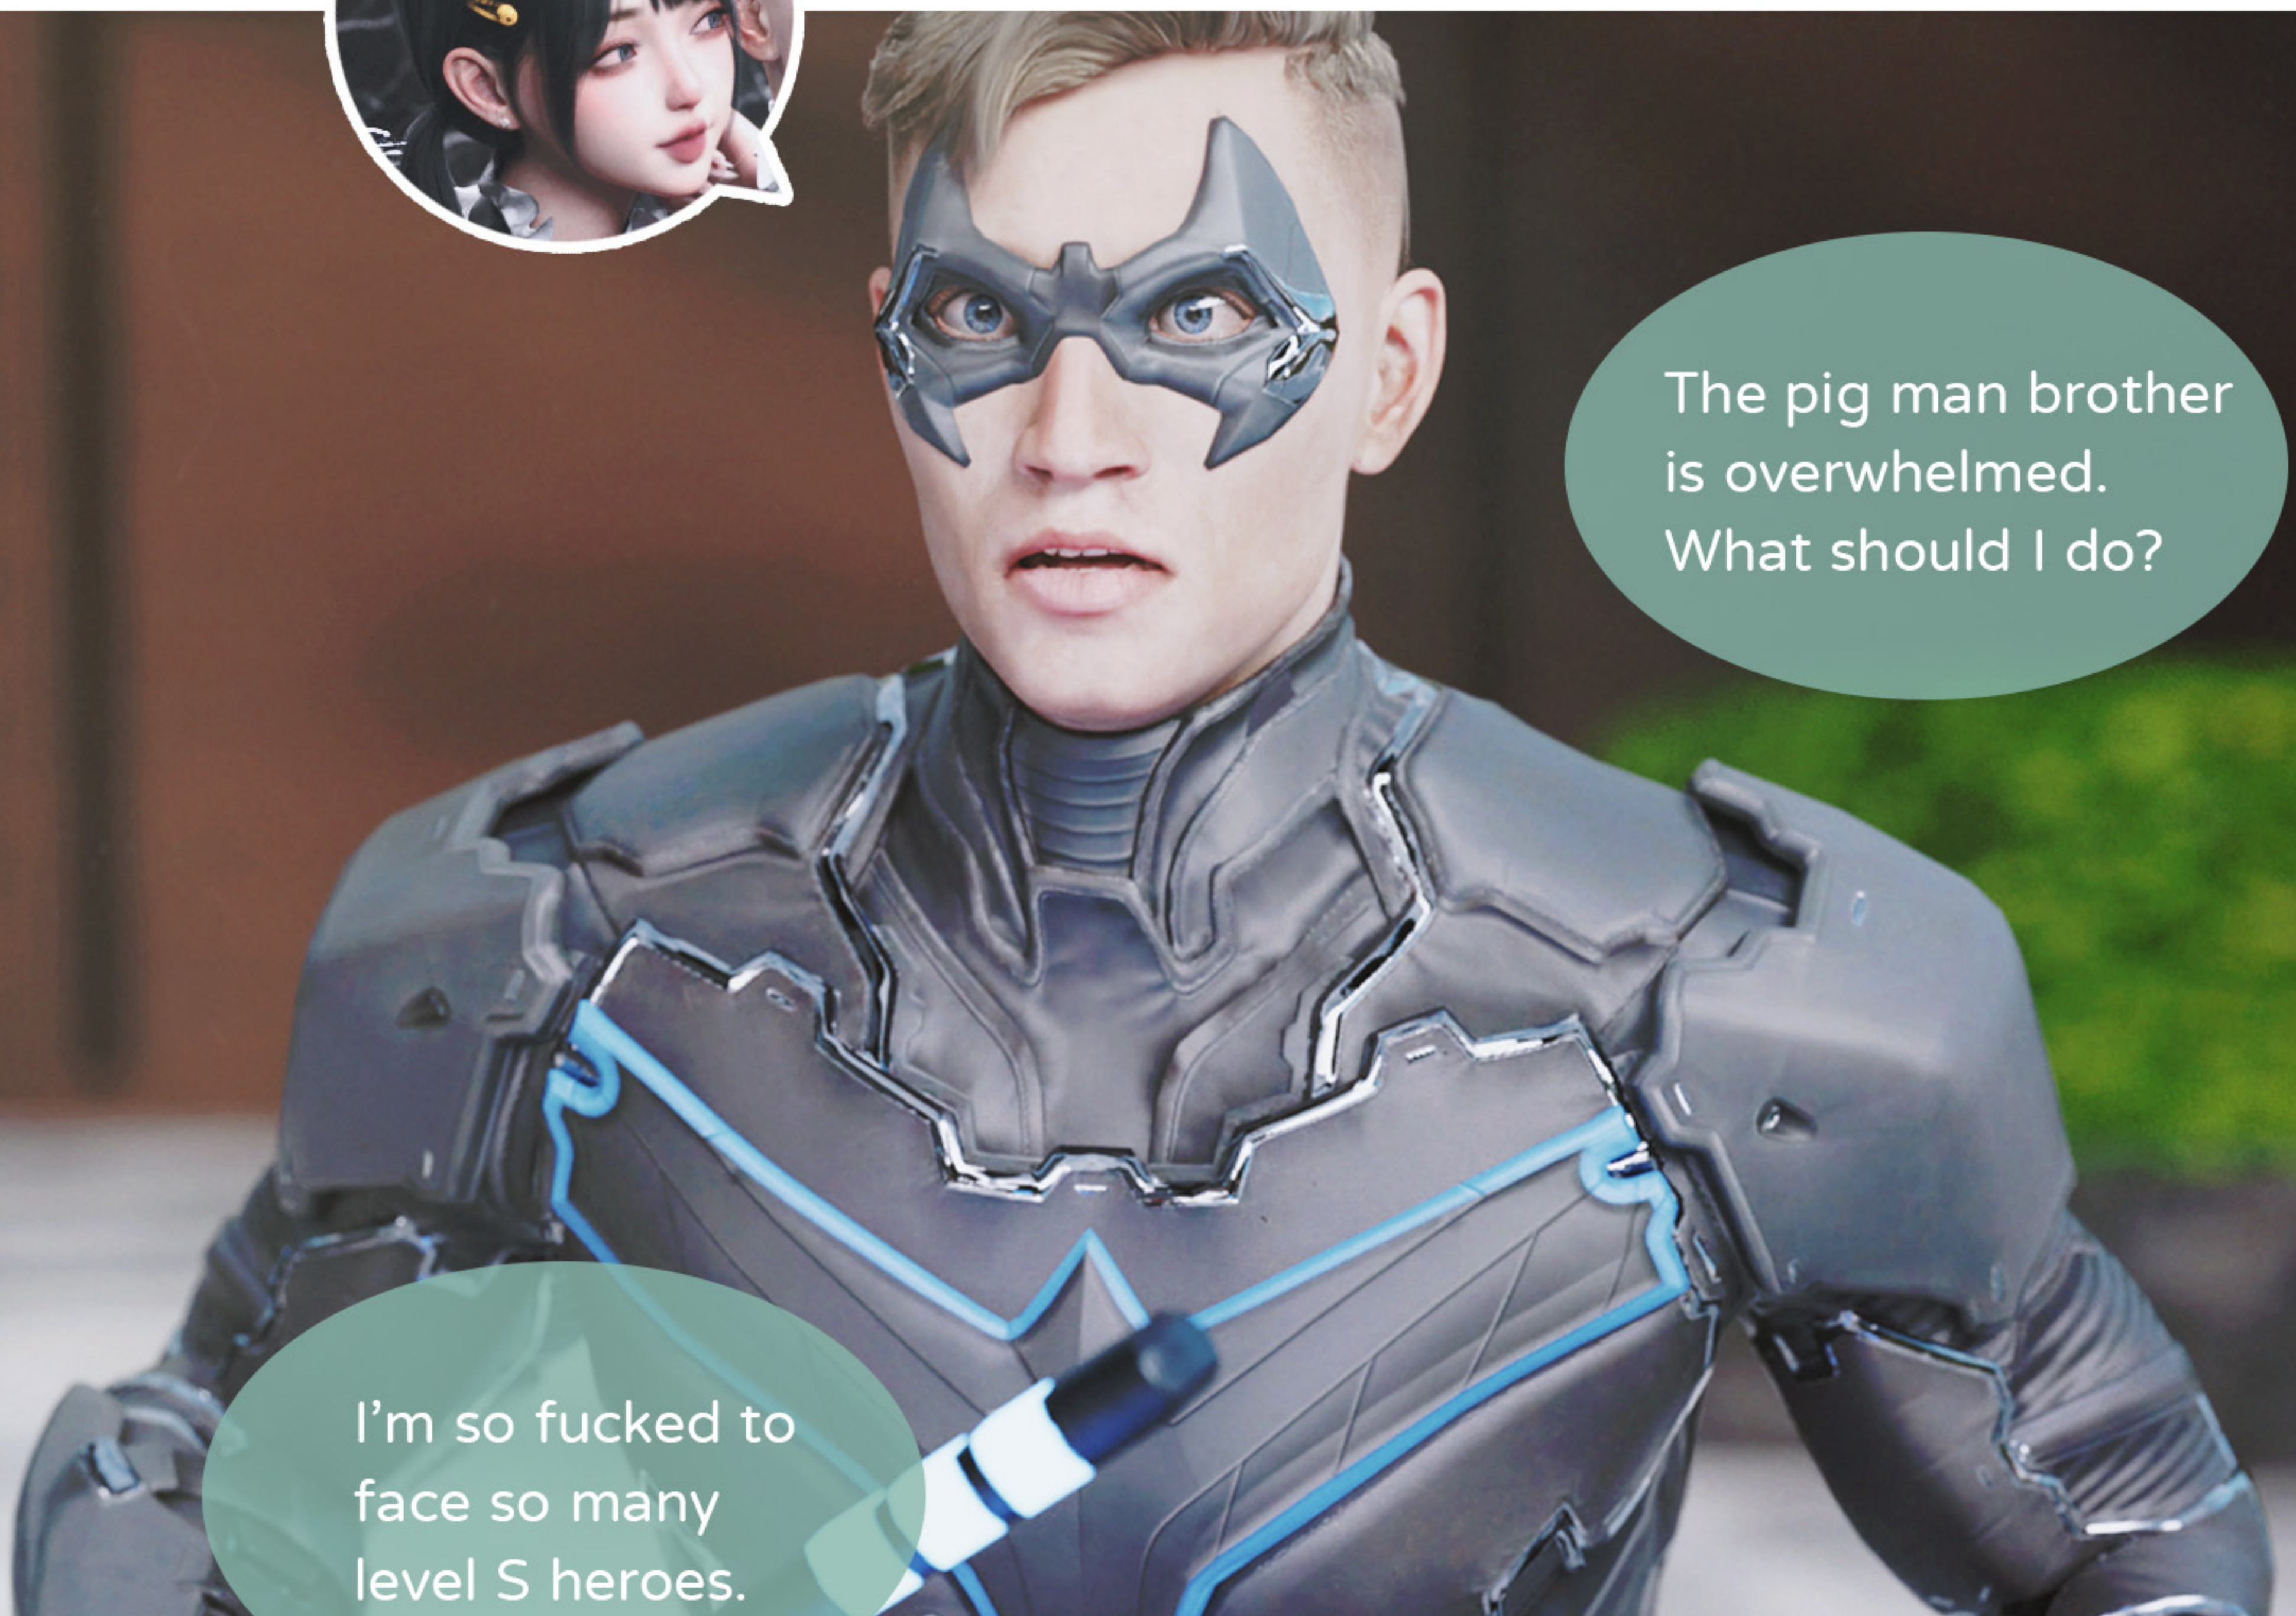

I...I don't know what  
are you talking  
about. I'm Charlotte.

I'm not a filthy  
pig man.

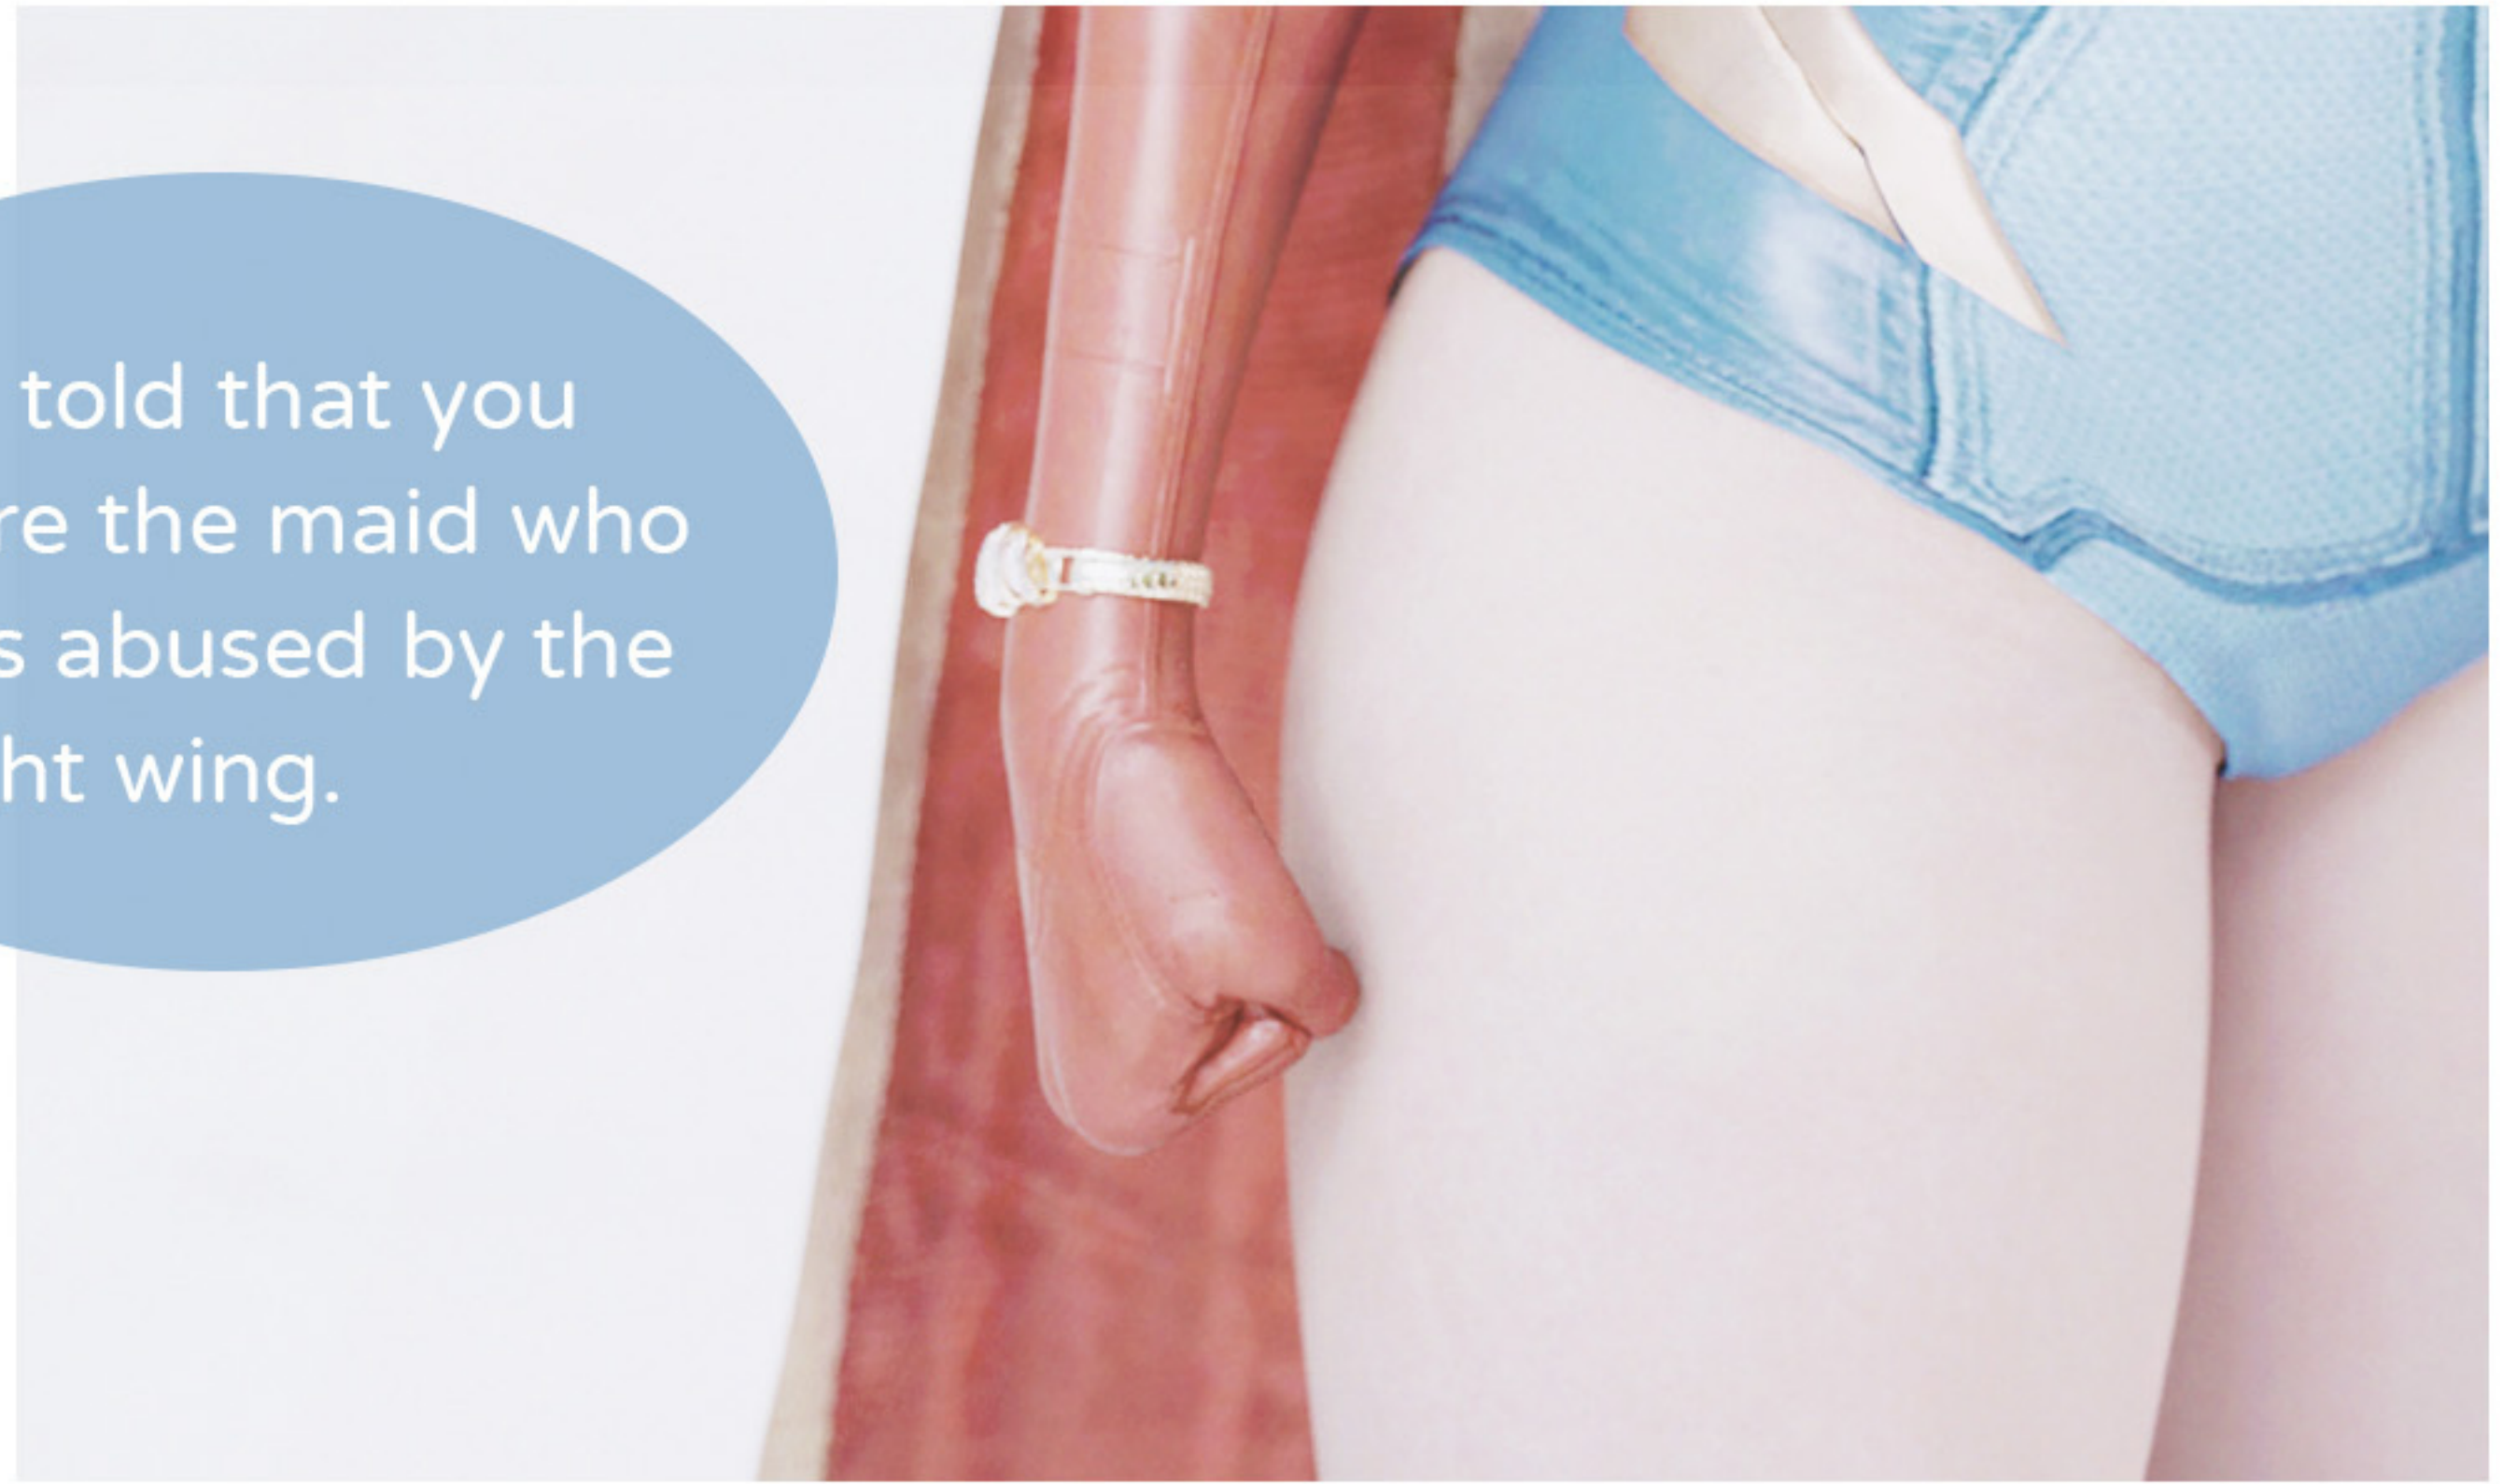

No...

The pig man brother is overwhelmed. What should I do?

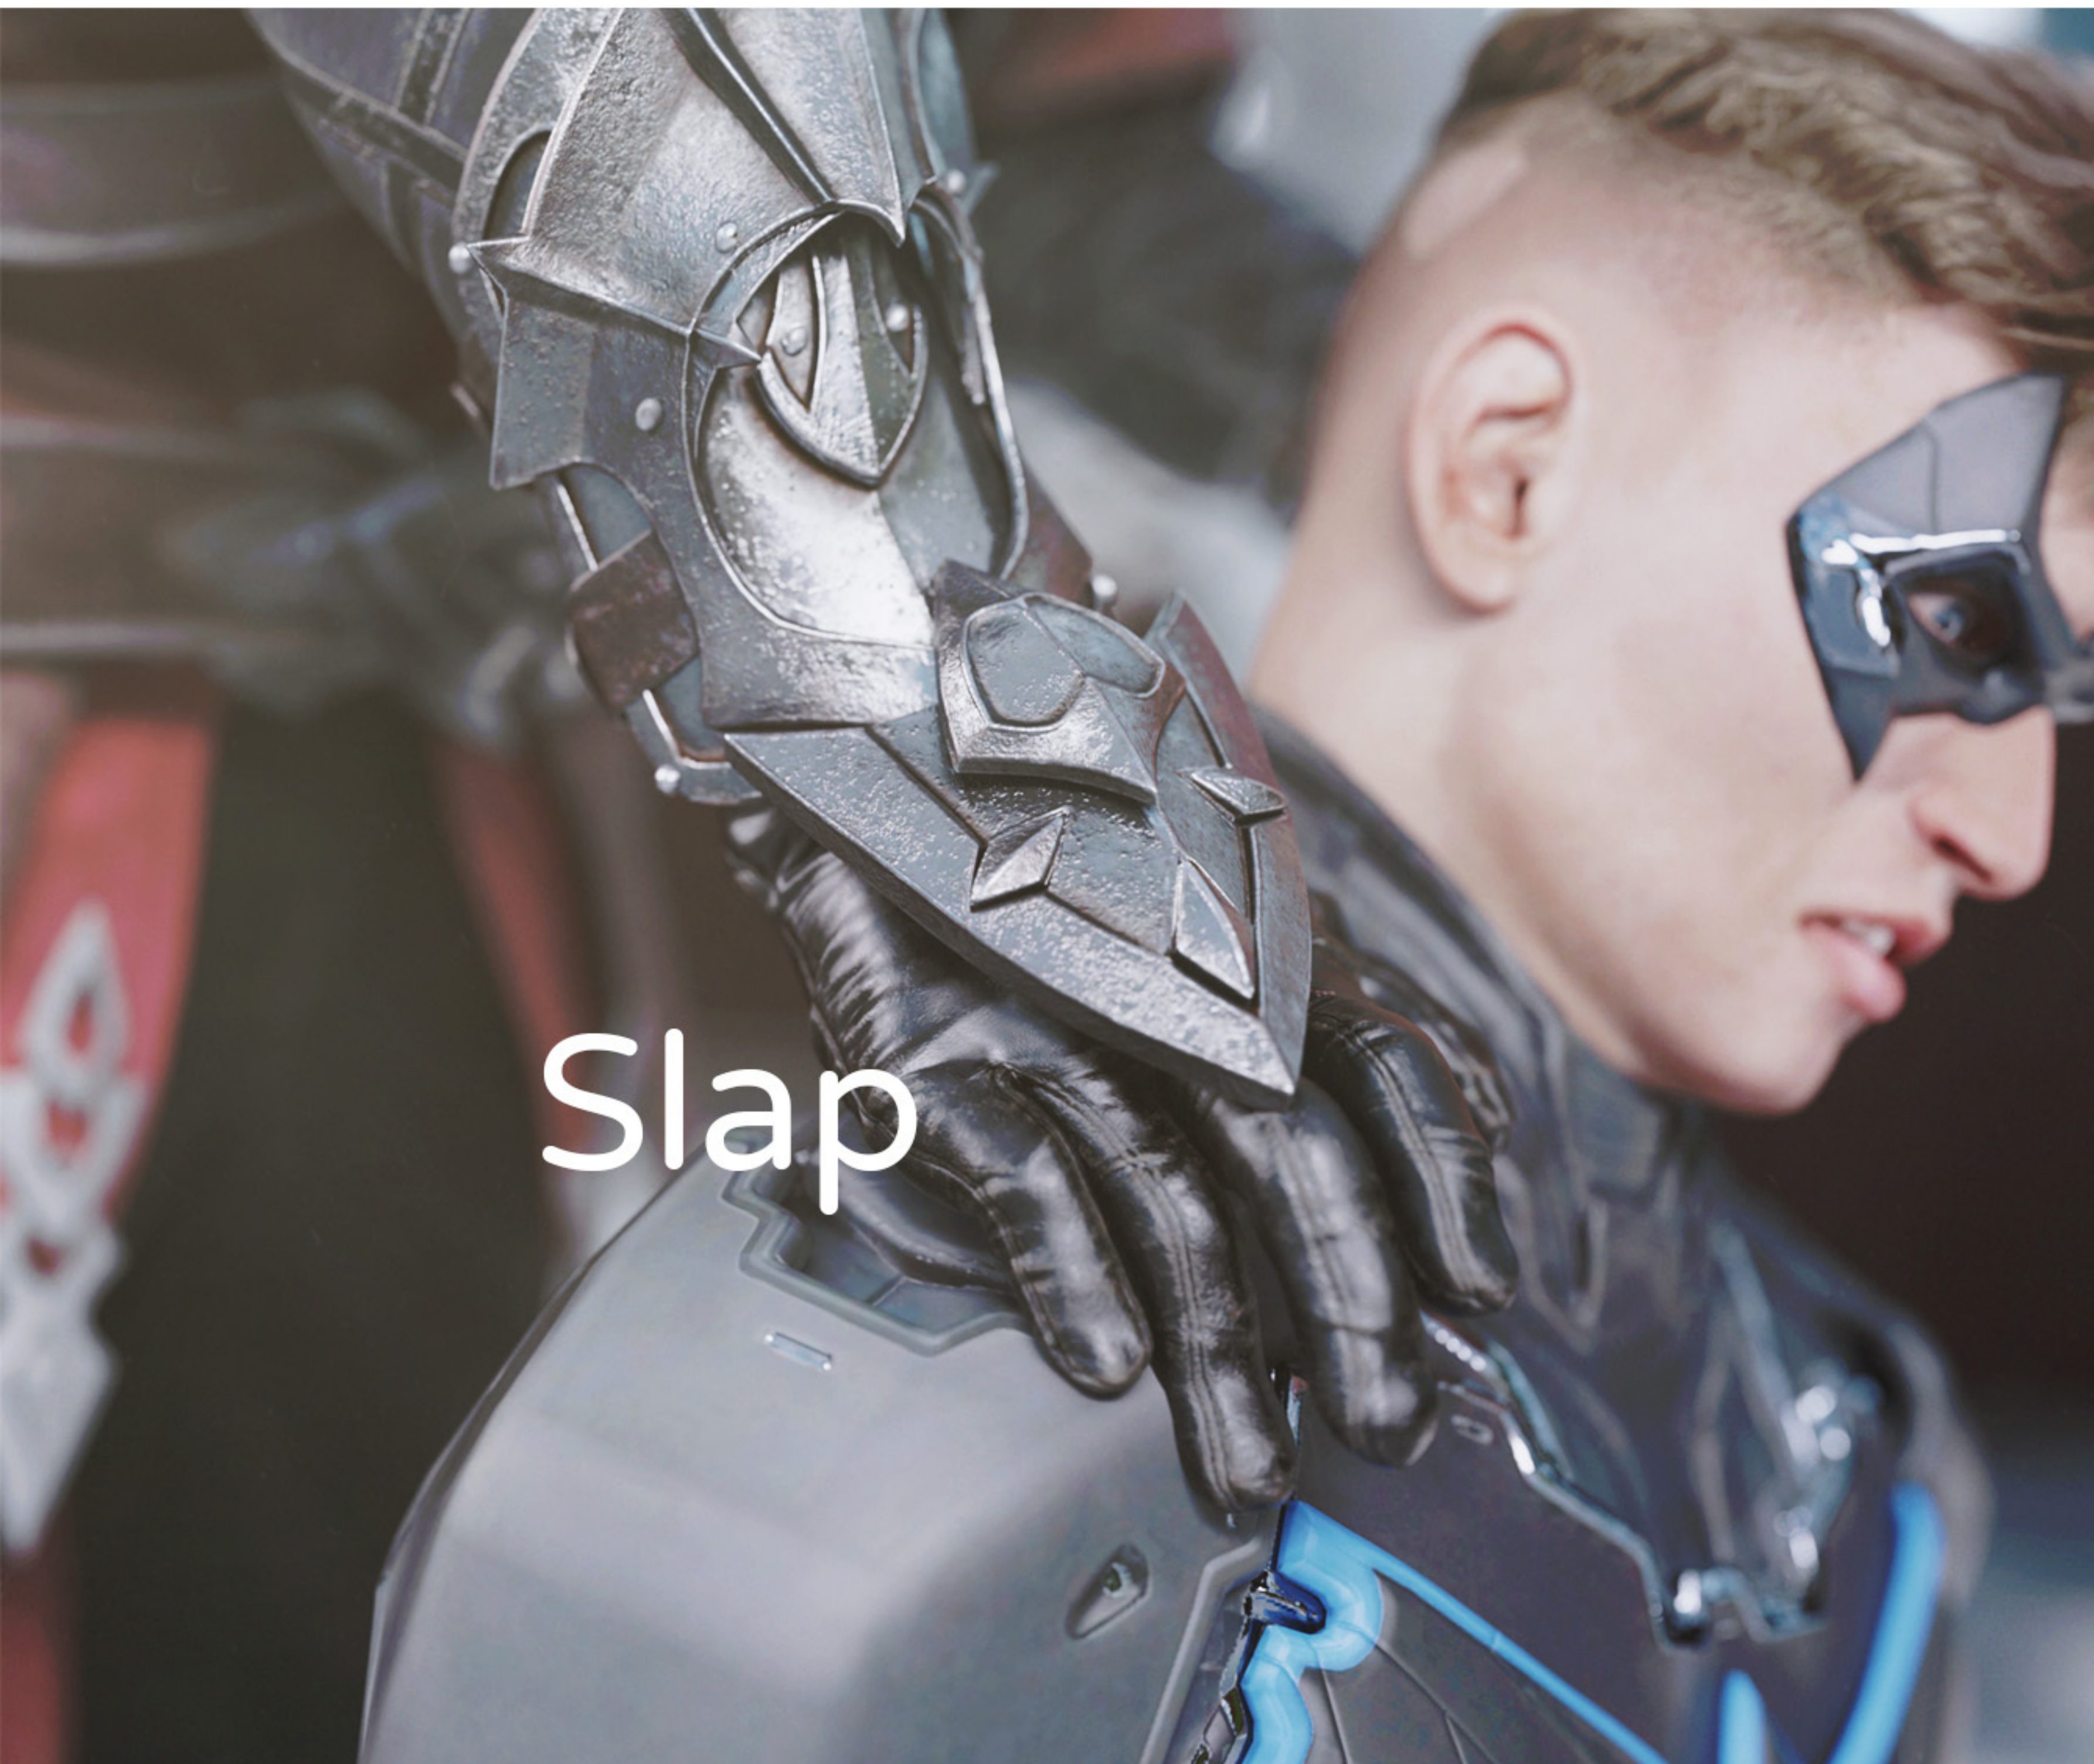

I'm so fucked to face so many level S heroes.

I'm told that you were the maid who was abused by the night wing.

I'm sorry for what happened to you. However, you're so foolish to be manipulated by the pig man.

How about you just  
surrender!

Considering you rebel because of the abuse, as long as you stop resisting, we will forgive you.

O...ok.

We will find a way to switch your bodies back.

That fucking pig man swap my body with a stupid maid!

Swap me back now, asshole! A dude dressing like this is so gross!

The maid was the pig man older brother. That makes Charlotte the pig man younger brother.

That's odd. Since they are brothers, why didn't the pig man save his brother?

Does the pig man younger brother want to stay in his cover so he sacrificed his own brother?

What a mess! What should I do? Should I expose the truth that the pig man younger brother is pretending to be Charlotte?

What if level S heroes don't believe me?

I should just lay low.  
I can use my superpower  
to hide and not get in  
harm's way.

Good luck level S heroes.  
I sincerely hope that I will  
bring justice to the fake  
Charlotte. I guess Supergirl  
and Assassin are enough to  
take her down.

Tread on

!?

Piece of shit like you should not live in this world. I should just kill you here.

In case of you try something stupid. Putting you behind bars is too easy for you.

You humans massacre  
my race and devour  
our flesh.

I will not bow down  
to you. Witness me,  
my brother!

Your brother, I seek  
the glory of the pig  
race!

I don't understand a word from you. Dead man walking and you still spew nonsense.

As long as my older brother is gone, there is one fewer person in the world who knows my real identity.

I... can't... breathe...

There is no other way...

Should we just  
execute the pig man?  
Is this too cruel?

By the book, he should  
be put on trial. There is  
a risk that the pig man  
will escape.

To keep being Charlotte,  
my older brother has to be  
sacrificed. Don't blame me.

I'm...suffocating...

It's his fault that he chose  
not to join our side. Why  
not just pretend to be a  
hero and enjoy life?

Damn it.

Even if it's my last  
breath. I...

There are so many  
hogs waiting for me  
to liberate them.

! ?

Why does a magic circle suddenly appear?

A character with blonde hair, wearing a silver, ornate helmet with horns and a matching silver breastplate. She has large, white, feathered wings. She is looking towards a large, dark, ornate shield with intricate carvings. The background is a bright, outdoor setting with green foliage.

No way. There is no way that he can perform such complex magic in this situation!

Isn't he suffocating? Shit! What should I do?

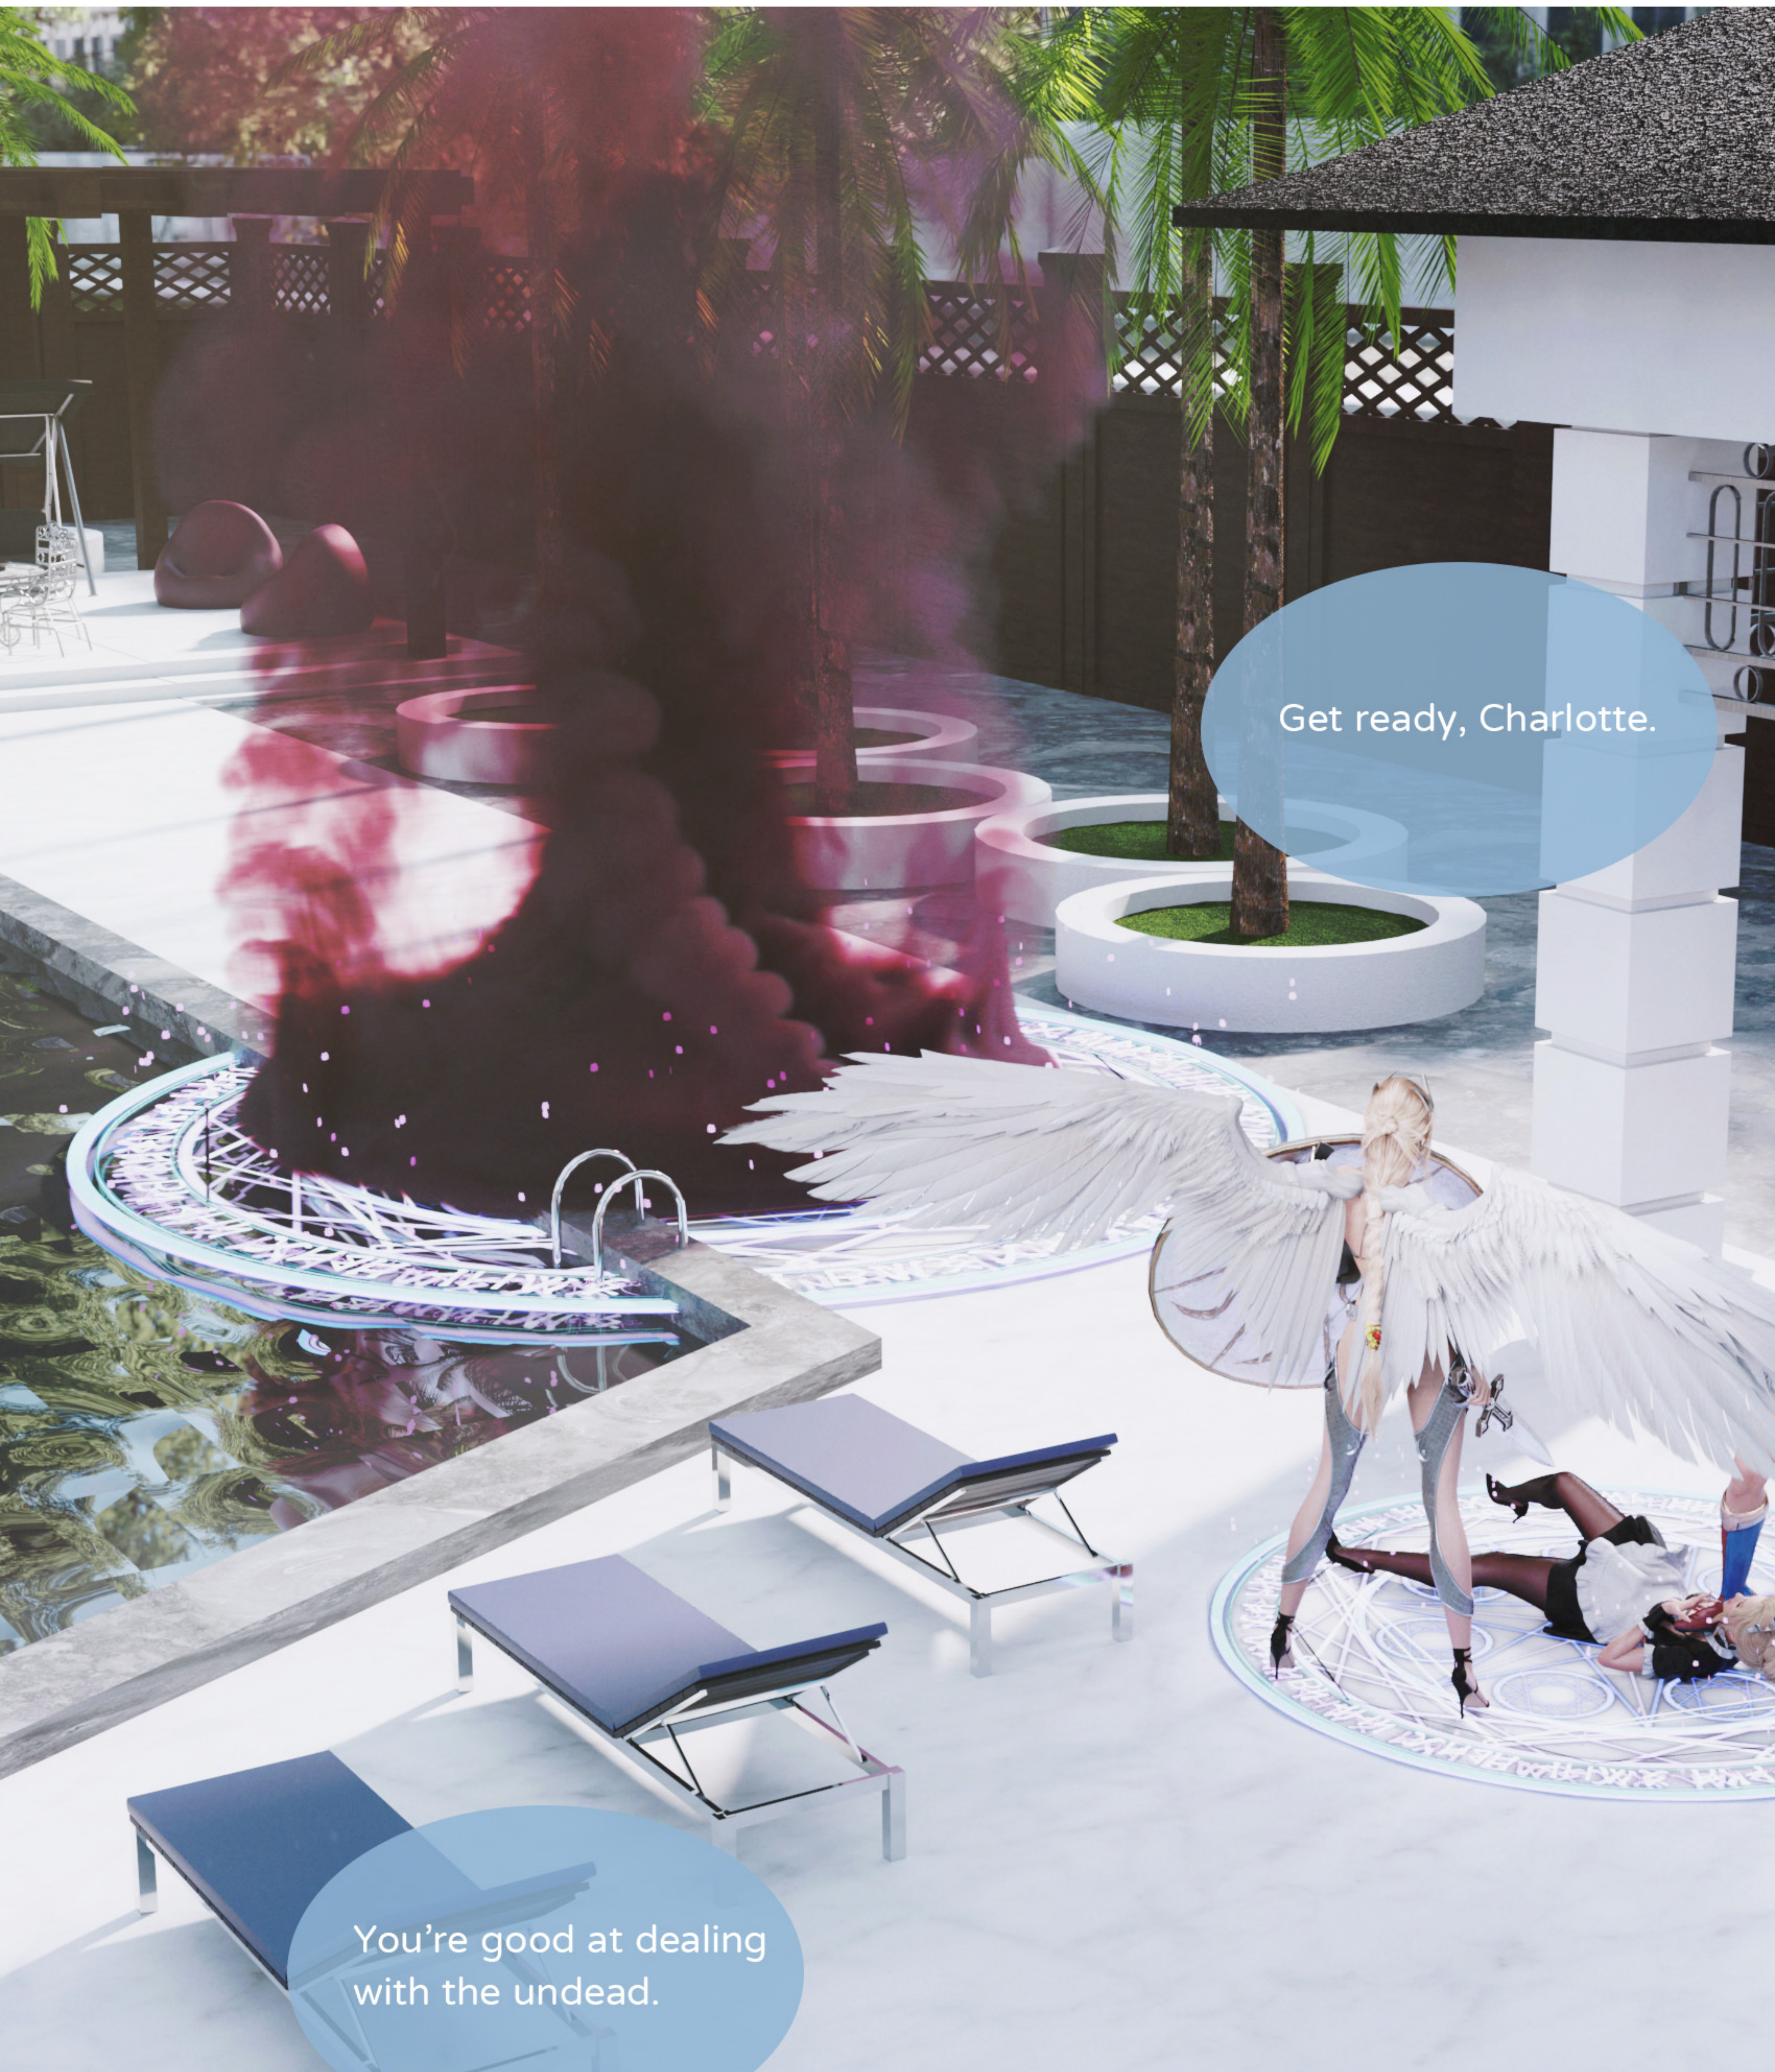

How can he  
conjure a magic  
circle while being  
treaded on by me?

However this magic  
circle isn't a body  
swap and against us.  
Somehow I still feel  
ominous.

A character with short white hair, wearing a blue and red outfit with a red cape, is shown from behind, casting a spell. The spell is represented by a glowing blue and white circular pattern on the ground, with a trail of purple and white particles leading to it. The character is holding a wand. The background is a dark, dense forest with green foliage and a dark path. A large, ornate, light-colored object is visible in the foreground on the left.

There's a thick evil atmosphere. Is this a conjuring type magic circle?

Get ready, Charlotte.

You're good at dealing with the undead.

! ?

How can it be?

It's you...

The special  
ancient succubus!

Well. Why the hustle and bustle? What a surprise!

How could the pig man summon the legendary powerful ancient demon?

A succubus figure is the central focus, wearing a black, shiny latex outfit consisting of a top with crisscrossing straps and matching leggings. She is positioned in a dark, atmospheric setting with a purple and red color palette. Large, black, clawed hands are visible in the background, one on the left and one on the right, reaching towards the succubus. The lighting is dramatic, highlighting the texture of the latex and the contours of the figure.

Pig man can't just easily summons the highest level succubus!

Legend has it that a high level succubus can use the magic of lure to make all opposite sex around bow down to her.

When succubuses show up, at least a town or even a nation fall because of magic of lure.

Well. There're two elves here. We're arch-rivals.

There's no need to panic. I'm the hero who specifically deal with the undead.

No undead can wreak havoc under my watch!

Hey, easy Charlotte.  
I'm not here to fight.

I'm here to take  
what the pig man  
owns me.

...

The pig man older brother helped by a mage to sign a contract with me in hell.

I gave him and his family powerful genitals and lust at the price of his soul.

When he approaches death, there will be a magic circle to summon me.

Whiz!

I'm here just to take his soul. I'm not...

The ancient succubus, you have been wanted for a very long time! Don't think you can just leave like nothing happen!

Under our strict precepts, your lure magic is useless against us!

Stab

! ?

Ah ah ah! What did you do to me!

Huh. You did hunt quite a lot our companions.

You have to realize that we the succubus evolve through time.

I used my tail to  
inject you with our  
succubus' hormone.

Ahahahah!

Just enjoy the delightful  
change process.

My body...

Changes...

A woman with long dark hair, wearing a dark hooded garment with a high collar and long sleeves. She is looking upwards with an open mouth, as if shouting or reacting in surprise. The background is a soft, out-of-focus purple and pink gradient. A black starburst speech bubble is positioned above her head.

AH! AH! AH! AH!

A woman with long dark hair, wearing a dark hooded garment with a high collar and long sleeves. She is looking upwards with an open mouth, as if shouting or reacting in surprise. The background is a soft, out-of-focus purple and pink gradient. A yellow starburst speech bubble is positioned below her.

She changed him  
into a woman!

No. No! Now I have devil's horns...

Grow!

and a succubus' tail...

Fuck! Did I change  
into a succubus?

God damn it! I was a proud brotherhood's assassin. Now my appearance morphed into a succubus girl.

It's so shameful for a man...

Come on. Don't reject it so quickly. What's wrong for a man changing into a succubus and having a female look?

In fact, I was a man who inherited the ancient succubus' identity and appearance.

I don't care about how you got the ancient succubus' identity.

A succubus character with short brown hair, golden horns, and small pointed ears. She is nude and holding a metallic, ornate mask in her hands. She has a long, thin tail. The background is a bright, outdoor setting with a white ledge and some greenery.

I don't care about how you succubus looks for heirs or expands your influence.

I don't care if you're a man or a woman. All I care about is how to hurt you!

Although I was turned into a succubus against my will, I'm still a member of the brotherhood!

The assassin's will  
is quite strong!

After changed into  
a lovely girl, you can  
still be so calm.

I have to take my  
gloves off...

No matter what you do,  
It would be useless  
against me. I will...

Inflate!

! ?

Ah! Ah! My body is getting so hot. I feel so weird.

My boobs are so big! Suddenly I'm so horny and sexy.

My penis is gone. My crotch feels so empty.

No. No. I'm a man.  
I'm the assassin.  
How can I...

Rub!

...play my pussy in  
front of other people.  
Huh~

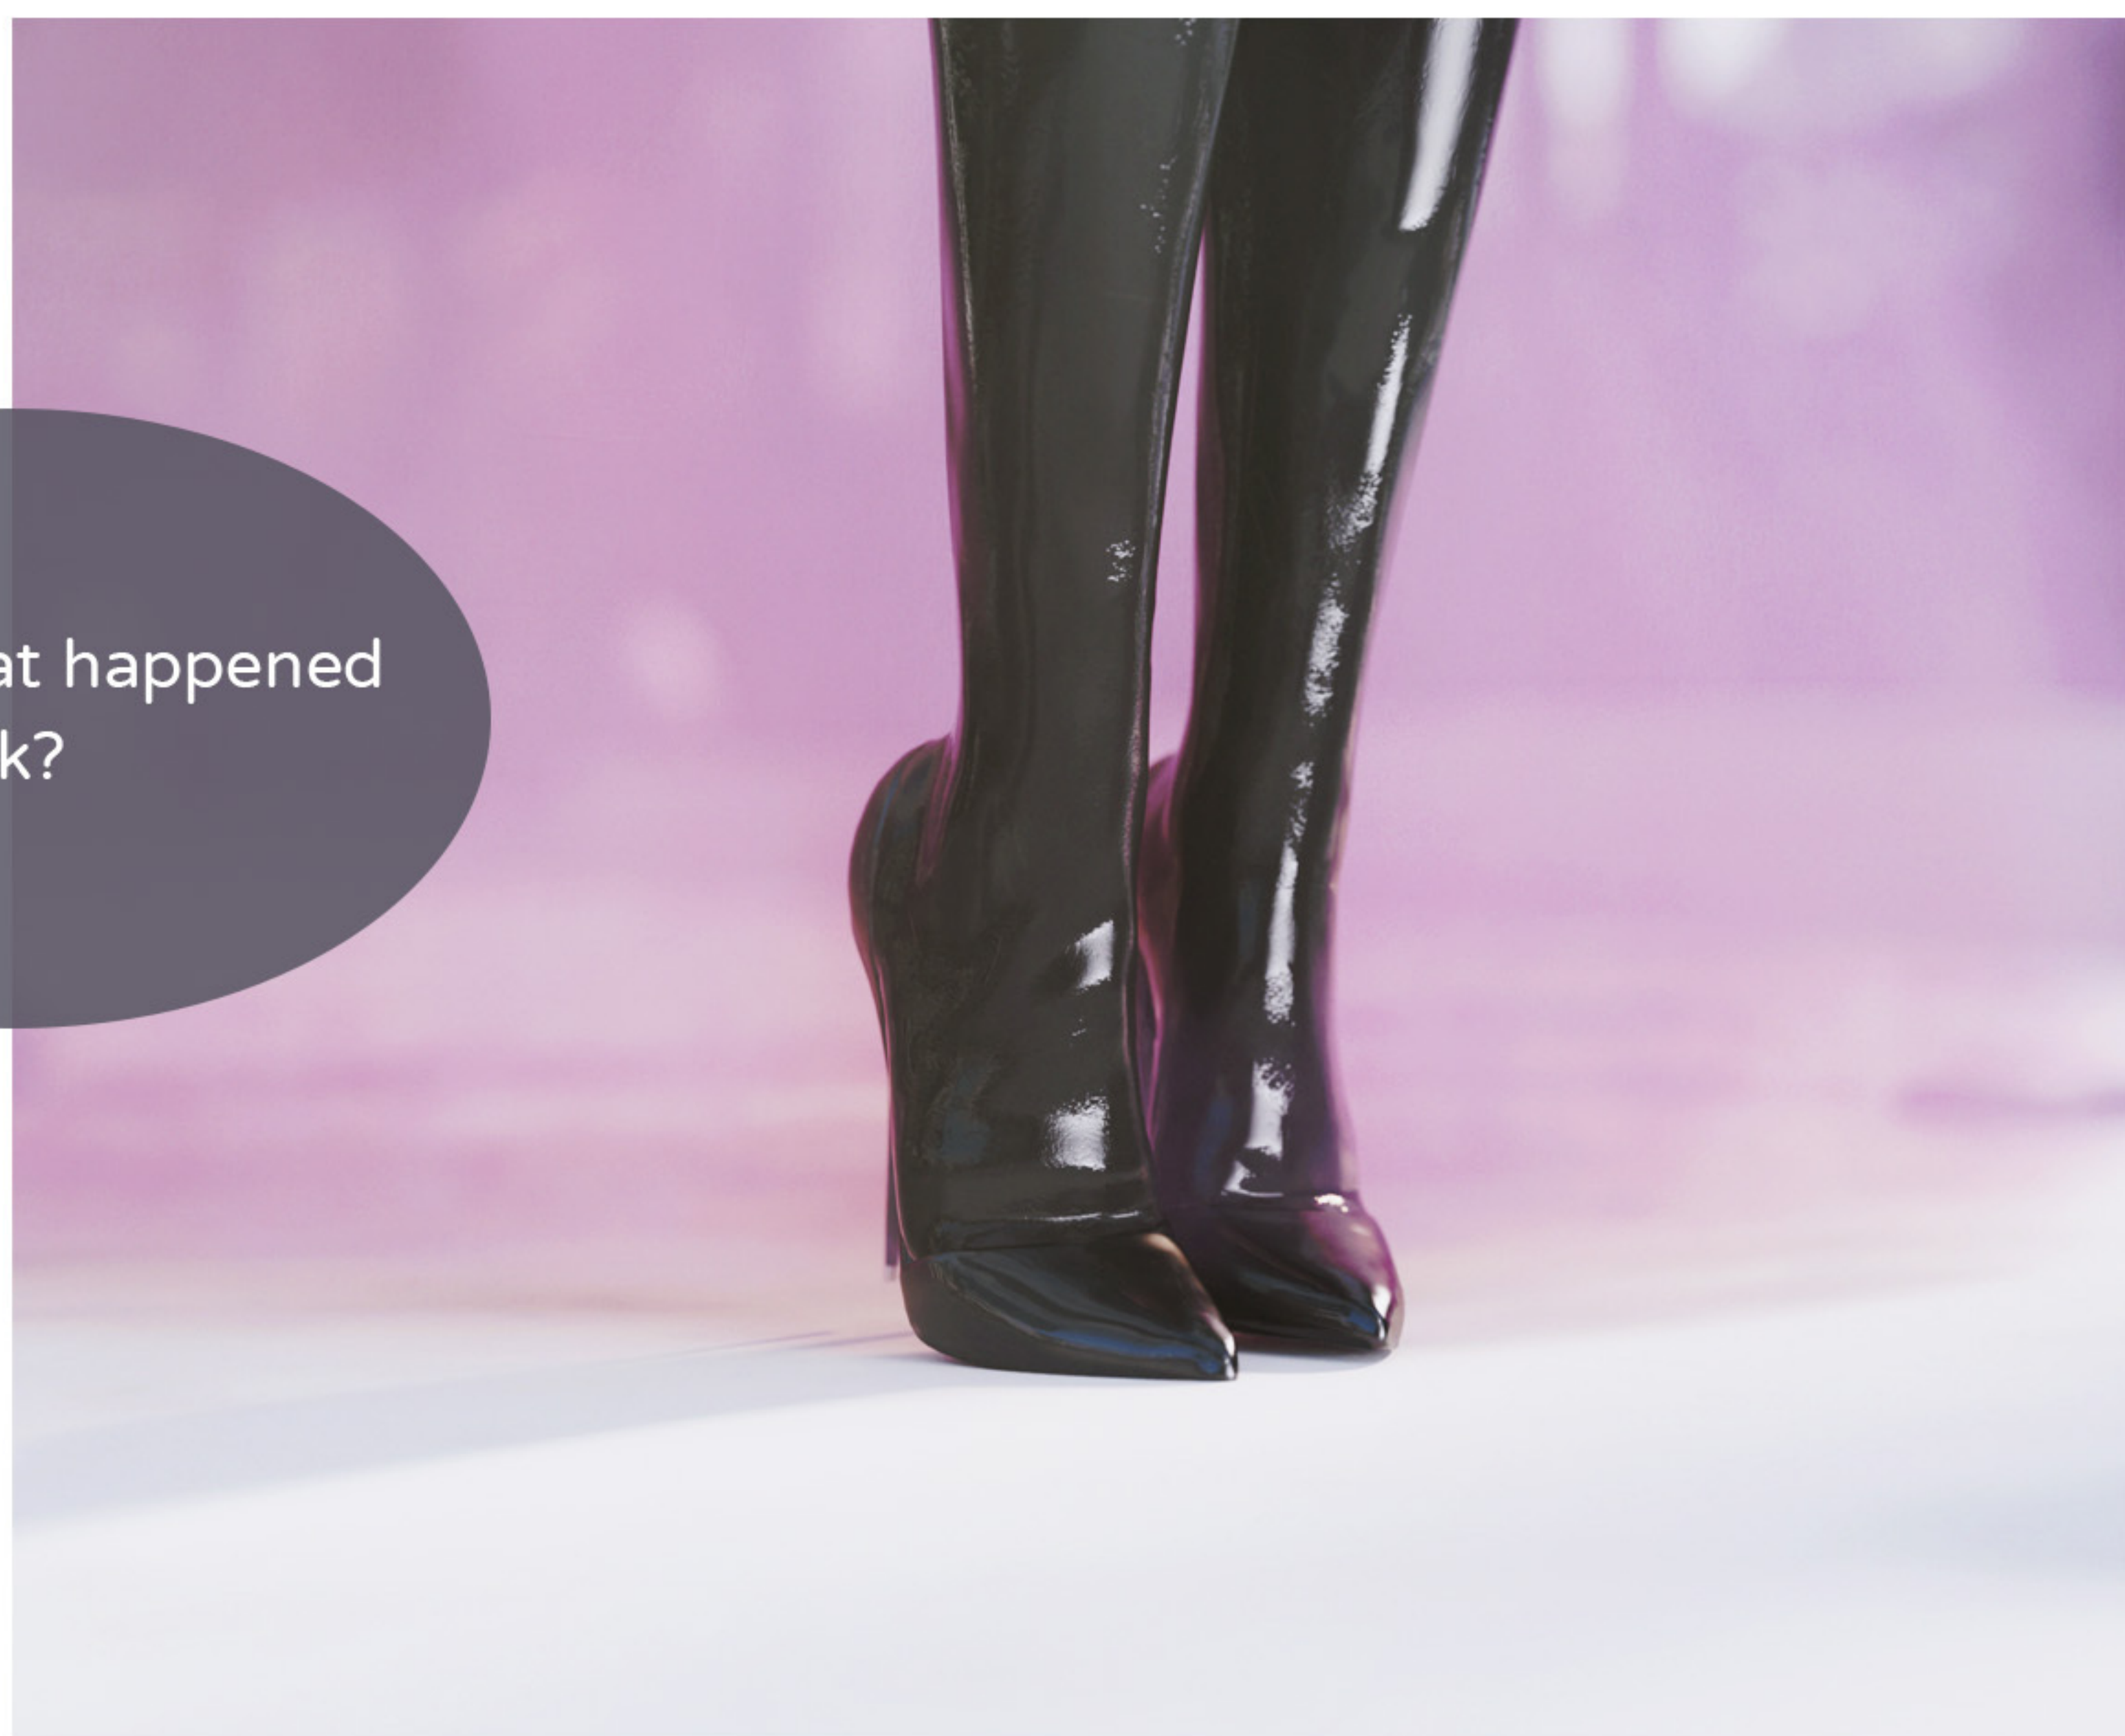

Huh. In the end,  
humans are made  
of desire.

You have been  
waiting for your whole  
life. Just follow the  
desire and let it out!

Use your own lust and  
make yourself an  
excellent succubus.

Well. What happened  
to my look?

How can I adult man  
wear such a short  
skirt? It's shameful.

Why do I dress like this? Why am I so sexy?

Ha ha! So this is your ideal female look like!

You being a man, don't you want to fuck yourself?

She makes me realize that my looks is just like her.

I didn't know that she is so important in my subconscious.

She's a girl who I  
knew and grew up  
together. She saved  
my lonely mind.

Because of some  
accidents, I couldn't  
see her anymore.

Now I have her appearance, as if I was fused with her. Just like the good old days. It makes me so excited and happy!

Her young and beautiful face, breast and body make me can't be more turn-on!

I'm so excited that I feel my cock is crazily erecting.

It's so amazing to gain your sexual fantasies' appearance. The lust is deep in men's minds.

My look is from my crush. I can get so turned-on just by looking in the mirror.

I'm so thrilled that my dick is not only erecting but also cumming. I just use my magic to hide my cumming penis under my female succubus' image so you won't notice.

You have to remember that although we're men, to be a good succubus is to keep having sexual desire toward our own female appearance. The lust is the source of our magic power!

Surrender to me and be my slave! Learn to be an outstanding succubus.

A character with blonde hair, golden horns, and golden wings is kneeling on a white surface. She is wearing a black, shiny, short-sleeved top and black boots. She is looking up at the legs of a person standing next to her, who is wearing black leggings with gold studs. The background is a blurred outdoor setting with greenery.

Yes, my master. I see.  
I will use the assassin's  
identity to help!

Please give more  
succubus' techniques!

The ancient succubus is one of the greatest threats to mankind. Even a level S hero lost to her.

Thank god that we still have the trump card, the undead killer “holy light Charlotte”.

A 3D rendered character with long, straight, reddish-brown hair, pointed ears, and two golden, curved horns. She has large, translucent purple wings with a golden skeletal structure. She is wearing a black, shiny, form-fitting outfit with a high collar and a black choker. She is looking to the right with a slight smile, her tongue sticking out. The background is a blurred outdoor setting with green foliage and a dark structure.

It will be optimal to eliminate them right here and to put an end to them.

But don't push yourself too hard, Charlotte. She's a force to be reckoned with.

This's so awkward. I have nothing to gain by fighting a succubus. However, to act like Charlotte, I have to play along.

Summon holy light!

You evil undead, leave now or face the sanction of holy light.

The holy light Charlotte, you're the nightmare of the undead. So many of my partners were killed by you.

Although I want to take the soul and run, your holy light seems turbid.

Your holy light isn't as good as before. Do you have some physical problem? Or maybe I can take a chance to neutralize you.

Shit! Does pig man's  
lust affect my holy  
light? She even  
notices this. Do I have  
to silence her here?

Fuck. Why do things  
get so complicated!  
How can I get out?  
I'm not interested in  
heroes' fights.

Huh? Why do you have a strong cock scent, Charlotte?

! ?

Touch

I can feel a strong pig man lust coming from you. Why?

Wait! Wait! Don't touch there!

Ah! Ah! Ah!

Rise up!

My sexual desire  
suppresses the  
holy light!

What's that you're  
hiding underneath,  
Charlotte? It look so  
yummy! He! He!

How about I give it a  
good time?

Charlotte, what did you hide from us?

Why do your private parts have that thing?  
Are you lying to us the whole time?

It's under my  
clothes!

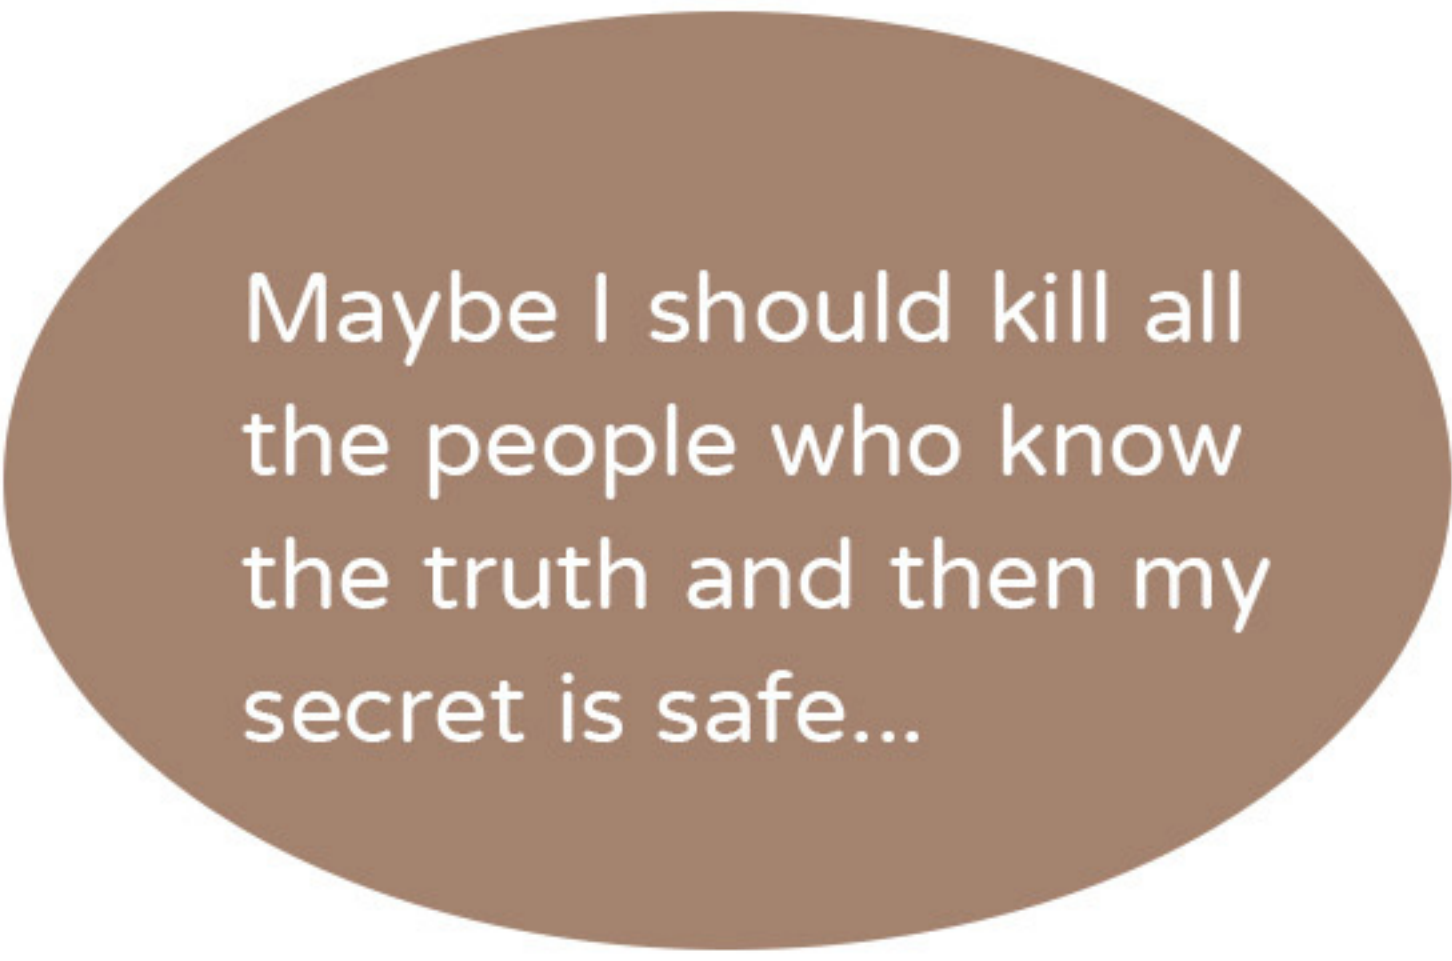

Erection!

The succubus is  
too sexy to me to  
take it anymore!

Is my cover blown?  
Shit. Can I still pretend  
to be Charlotte?

Damn it. I'm not going  
to quit! There must be  
a way.

A solid brown oval shape is positioned in the lower-left quadrant of the page. Inside the oval, the text "Maybe I should kill all the people who know the truth and then my secret is safe..." is written in a white, sans-serif font, centered within the oval.

Maybe I should kill all  
the people who know  
the truth and then my  
secret is safe...

What the fuck?  
I should keep hiding.
