

CREAM :

Same fruit saleswomen selling strawberries for cream just not from a cow.

<http://tse1.mm.bing.net/th?id=OIP.M2357d92b8a58f22733d2ebc775218777o0&pid=15.1>

i think messy blow would be best why for her to get her cream.

TALES FROM THE CRYPT :

Location: Church > Crypt

Elana catches one of the acolytes charged with maintaining the crypt being fucked by several spectral figures against a sarcophagus when she accidentally knocked over a candle. The figures seem to be the ghosts of former priests driven mad after death and they fade away after coming inside the acolyte. The acolyte grins as she tries to disturb more of the sarcophagi in hopes of more ghosts to fuck.

Altered, once again it might be better, might be worse.

CUTE, DRUNKEN LOVE CONFESSION:

<http://static.zerochan.net/Yamanaka.Fumika.full.1075971.jpg>

Time:Night

Location: Tavern

Characters: One Male Villager, One Female Villager

Premise:

After sharing a few drinks together at the tavern, a girl begins to suggestively stare at the young man sitting across from her at the table.

Event Description:

A young couple is sitting at a table drinking.

Girl:"You know... hahaha... I, uhhhh, I've been having all these funny feelings about you. Not funny how I'm laughing right nowwww, no, not like that."

Boy:"What uh... *hic* what feelings?"

Girl:"I'veuehhh just never realizeddd how cute you were. Like I just wanna kiss your face again and again and again and again."

Boy:"T-T-T-That's a lot of kissessss...."

Girl: "YYYYYep. But since we've been drinking, it'll taste like beer, so it will taste good and stuff. Do you wanna...wanna uh... Do you wanna kiss my face, too? Or my lips. Kiss my lips!"

Boy:"But they.... they keep moving. I'm trying to kiss them, but watching them spin around is making me dizzy."

End

Haha! Can change the text around however need be, but this seems like something that happens all the time: people get drunk, try to confess their feelings, but are so drunk they can't talk correctly, lol.

RELEVANT COMMENTS:

-I like but maybe have her outfit show a bit of cleavage or be asked past one shoulder and hair a bit messed up. Just my opinions feel free to say that stupid.

-And maybe two different colored eyes?

-Heterochromia? Never considered that for a character, before. I don't know about that. Slightly messy hair and bit of cleavage is a good idea, though.

And maybe tiny bubbles around her head to help show she's drunk like they do in cartoons.

Thanks for the ideas.

-Well this idea immediately made me think of FFX's Yuna and I find the strangeness of her eyes beautiful.

http://s31.postimg.org/7okpk0zsb/sexy_yuna_render_by_kevin4_d5pgkks.png

As for the reference how about this?

http://s32.postimg.org/xk9jo1khh/danmachi_hestia_drunk_art_hd_by_corphish2_d8rmb3.jpg

- 1-Hands are not in the way which is great.
- 2-Boobs pressing on table, good, destabilizing the boy.
- 3-Beer glass or wine glass, doesn't matter, your choice.

The only thing is I like the girl's expression in your picture better and I think her right hand here should touch her chin without hiding anything to copy it.

That was my 2 cents.

- Nothing against the idea of heterochromia, if the artist prefers to use that.

I agree, don't want the chest to be concealed. But not as much cleavage as the one in that example, lol. I want the focus to mainly be on the girl's cute expression that's so up close to you.

Thanks.

-As an alternative, you could consider having the girl drinking with her friends (that you encounter in the town square) and approaching the boy after enough "liquid courage" to hit on him. She doesn't realize he's been drinking heavily to work up the nerve to approach her and she beats him to the punch and your conversation takes place.

-Nice idea, thanks for the input)

FEMDOM :

Let's see some hardcore femdom, girl on guy action.

RELEVANT COMMENTS:

- Probably, if it wins, not very hardcore because of the mood of the game.

JUST SHUT UP AND KISS ME ALREADY :

<http://i.imgur.com/eDVXPGX.png?1>

Had to screenshot a video, as this was the best example that captured my idea: eyes closed, lips parted, and mere seconds away from kissing. An event showing something a bit more romantic, as there's sure to be a few love birds around

ACTUALLY I LIKE YOUR SMALL, PERKY TITS :

Size insecurity bothers people of both genders every once in a while. Especially a young girl who's worried this boy won't like her back, because her chest isn't as big compared to all the other girls in the area. She's seen them comparing their sizes, and other boys drooling over the sight of them. Despite all that, she still summons the courage to confess her feelings to the boy she's grown attracted to. But will he return her affection? Well, as it turns out, some men prefer breasts in a variety of sizes.

Note: since this is intended to be safe for work, the characters would have clothes on.

<http://i.imgur.com/PMoFHTh.gif>

Her expression could be either similar to the one above, or one where she's blushing.

<http://i.imgur.com/r5sKFRU.jpg>

NOT THEIR SMARTEST IDEA ... :

This takes place at night at the beach

Loola's clone and the pirates are unloading scavenged/stolen items off of a small boat when a group of the city guards wander up. The guards sneeringly demand a bribe from the pirates not to take them to jail and confiscate everything and Loola's clone simply scowls and pulls out a pistol and shoots the sneering guard-captain in the chest. The rest of the guards wisely choose to leave at this point.

RELEVANT COMMENTS:

- I like the idea, especially of adding more events for this new pirate character. But this event seems too... straightforward?

If you're going the funny route, perhaps she threatens to shoot the captain's "manhood" and pulls the trigger, but realizes she forgot to load the pistol. The guards--now sufficiently scared--decide it's better to leave her alone, and run off before she can reload her pistol.

- For have the round drop out of the gun due to not being properly stored in the chamber but the gun goes off cause the guard to pass out in fear of what happen to his manhood. The other quickly grab him and run for the hills.
- Leela could pull out a huge pistol and shot the guard in the chest but after the smoke disapears, three guards are on the floor with a funny terrified face (Miyazaki characters scared face). One of them, the one shot, is in the middle, on top of the other two and he is looking at the huge bullet stuck into his chest armor, almost pierced but the guard is unhurt.
- Heh, yeah. "Warning shot" that would have killed him if she meant it/he was unarmored. That's awesome.
- The power of brainstorming is unstoppable lol!
- It's the better we have until alines invade us and turns us into a hive mind

LOOLA AND LEELA :

Loola meets with her private counterpart to discuss something and Elana loving big boobs becomes distracted and thinking of what she wants to do to those four peaks. The two enter a private location to continue their discussion. Elana follows and feeling empowered with power of lust (she feeling really lust not the spirit's power) cast a spell with results being what she wanted. Elana see the two women enjoy each other lose focus and joins in the fun.

HOW REFRESHING :

It's been a while since I posted anything new and I have been juggling with this idea for a while now, so here goes.

I liked Root's noble for Market Browsing and I would use her again for this one

<http://img110.xooimage.com/files/a/3/6/market-browsing-5115cbe.jpg>

Location: The tavern

Recently there's been a rumor in noble circles, that the tavern has a special expensive drink that is rumored to have numerous virtues for skin, health, etc.

Curious the noble decides to go and try it.

She enters the tavern and questions the barkeeper about it.

-We might have what you are looking for, but it is expensive, he says.

-I have the gold, she whispers, pushing a purse on the counter.

- All right, choose a waiter for the service and follow me, pointing a private room in the back.

Looking around, she starts:

-Why do I need ..?, but stops as she notices the barkeeper is already waiting at the door with a "Come on, I don't have all day" look on his face.

Confused, she quickly chooses a good looking fellow around her age and enters the room.

The private room is relatively small but furnished with a comfortable chair and a single table.

She sits and a few minutes later the waiter brings a cup half full of what looks like sweet wine.

-That's it?, she says disappointed.

-No I have to add the special ingredient, but for it to work you have to expose your breasts, he replies.

What a strange requirement, she thinks rising an eyebrow. But curiosity got the better of her and she complies.

The waiter immediately takes something she has never seen out of his pants and furiously starts wanking it while intensely looking at her breasts.

A strange feeling was overcoming her, but before she could say anything the waiter stiffened and a white liquid gushed out of his member into the cup filling it to the rim.

This is where the picture would be. This is what inspired me. I think we should see the waiter as little as possible and keep the focus on the noble and the drink. It should be during the climax and the noble's face should be surprised and aroused at the same time.

<https://0-t.imgbox.com/X0Oe3BJ5.jpg>

The noble takes the cup, the strong smell is making her dizzy.

She brings her lips to the edge and takes a little sip.

The taste was a mix of sweet and salty.

- Its delicious, she thought.

She emptied the cup and felt full of "energy".

-The rumors were true, How refreshing this is. I'll have to come again, she thinks to herself as she leaves.

The only thing she did not understand was this heat, this urge to put her hands between her legs...

This is the first time I've wrote something about this kind of fetish, hope you like it.

-It a good one but would it be better that the waiter be picked by the noble? It would add to the confusion on her part.

-You mean the barkeeper asks her to choose which waiter she wants to serve the drink?

That could be a good idea, I'll edit something up.

EDIT: Done

DON'T WANT A SUNBURN :

Well I'm inspired today so here goes another.

Location : The beach

A sexy girl is putting on some sunscreen on the beach.

-Oh no, no!, she exclaims.

A nearby boy hears her and asks:

-Is something wrong?

-I'm out of sunscreen and I can't do my front and face, I don't want a sunburn.

-I might have a cream that could work.

-I don't want to run back to the village, so can you give it to me?

-Ok but I need help to give it to you, I know a more discreet spot, follow me.

The girl follows, intrigued.

-Ok lay down on your back, the cream is in here, he says removing his swimsuit revealing his dick. I will need to rub it on your chest to get the cream out.

-Hum I'm not sure...

-You don't want to burn do you?

-No I.. Ok.

She lies down and the boy start rubbing his dick between her tits.

Here is the pic that inspired me. I like the way the girl's arms and hands are positioned. I really like the swimsuit design on this picture please keep it (the colors can change) and it stays on while the dick goes underneath it. The rest is as Root is inspired, but I like the unsure look the girl has on it.

<https://4-t.imgbox.com/v4T0LKEB.jpg>

It doesn't take long before the girl's softness bring the boy over the edge.

-Here it comes, he cries

The girl's breasts and face get splashed by white cream.

The girl is surprised by the amount, smell and texture.

The boy quickly recovers, puts his swimsuit back on and runs off, with a smirk.

-Glad I could help.

The girl stayed there with a puzzled look on her face.

Will this really help? she thinks to herself.

The end, to be continued maybe?

RELEVANT COMMENTS:

- A follow up of her getting burned and chasing the guy would be funny.
- Yeah, that would be funny.

MIDNIGHT SNACK :

DEC 28, 2016

Just getting the rough idea down, plan to come back and touch it up a bit when I have some more time. A female farmer is grabbing a snack late at night and settles on a carrot. On her way back to her room she comes across a sleeping man who is having an interesting dream. She is curious about the bulge she sees and for some reason loses/ruins her snack. After seeing how similar his equipment looks she decides to give it a taste, and learns man-carrot juice may be a new favorite, and she should stay up till he goes to sleep more often.

NOT SO WET DREAMS :

JAN 03, 2016

Elana once again is sleeping and has found her way into another person's dreams, this time it's Supreme Sister Jane's.

Unfortunately for Elana, Supreme Sister Jane is extremely disciplined even in her dreams and keeps Elana from turning the dream sexual. (for now)

The image I had in mind would have Jane and Elana asleep in both the bottom corners of the picture. Jane has a slight smirk on her face while Elana looks very annoyed. The bulk of the picture would have Supreme Sister Jane with Elana's skin color and markings praying to a small statue of Stallos with the same smirk on her face that Jane has.

When Elana wakes up she'd be quite angry and vows to try harder to break Jane's will.

SWEET DREAMS 2 :

JAN 03, 2017

Elana once again is asleep and this time she wanders into King Rick's dreams.

The king is dreaming about a strange encounter he had earlier where he walked in on his wife being disciplined by the governess. In the dream however, Elana switches Rick to his massive form and takes the governess from behind as his tied up wife watches.

In the picture Elana would be asleep in one bottom corner with a massive grin, the other bottom corner Rick is contentedly drooling.

Rick in his massive form with Elana's blue skin and markings has the governess bent over against his wife who is tied up in a chair. The governess is holding herself up by placing her hands on the Queen's knees and her breasts have broken free from her shirt. Everyone is most definitely enjoying themselves.

I AM NOT A MAN!! :

JAN 17, 2017

Event takes place in the Farm.

I'll be very specific about how the female character will look like if there isn't any problem.

1st event (Sunset):

A small group of young harvesters are going back to home after a day of work. The group is composed by three men and this one hot-head, pale, shorty and busty girl with a pony tail and brown hair, she's the kind of girl who just hang out with guys. While they're heading back, two of the guys start mocking her, talking how she's doesn't act like the other women, how she drinks and talk like a man, and one of them says that she might have a little dick, this last insult was told right when they leave the girl at her house, the guys keep going their way laughing, but the third guy stayed silent all the time during the mockery... When the girl heard about she having a dick, start yelling and swearing at them! She then pulls out one boob (here could appear an image of her doing this) and tell them to take a good look so she can prove that she's a fine woman. Just the silent guy turn his head to look at her and he blushes at the sight of his friend's boob hanging out. their eyes meet each other, and the girl soften her expression for a moment but just soon she send him a suspicious look, the guy quickly turns his head again and keep up with the guys....

2nd event (Day):

The girl is hidden behind a tree waiting for her silent friend of the other day to pass by the road. When he passes by the tree she grabs him and throws him on the ground, she puts her hands in her waist and asks him about the other day with a threatning tone, if he thinks that she so manly that she grew a dick. the Guy answer in a nervous way that she hang out just with men and behaves like one, the girl is pissed off with his answer and doesn't let him finish, she pretends to hit him but then she changes her mind and instead of this she puts a naughty look in her face and says: I'm sick of you guys saying that I grew a cock, I'll prove here once and for all that I'm not a man!" the girl pulls down her mini jeans shorts exposing her pussy in the face of her friend. He's paralyzed by such beautiful view. the girl jumps and mounts over him, she grabs his shirt ready to shout at him againd when she feels his cock getting hard, she then grabs it and say: Wow! you're already this hard? I know exactly what to do to prove that I'm a real woman...she then inserts his cock in her pussy and says that they will fuck and that he will tell the others all about it, she begins to ride him until they cum...

for the girl set of clothes I imagine her using this, but even more minimized:

http://img06.deviantart.net/aeaa/i/2012/278/c/9/i__m_a_redneck_woman_by_skywalkerchick-d5gu5qy.jpg

and for the riding scene it could be like this:

<http://www.hentairing.com/thumb/1/kushieda-minori-riding-hard-toradora-hentai-image.jpg>

Sorry for my bad english, and saudações from Brazil!!

- Looks great, the only thing is if it wins we'll turn it into one event. And don't worry

about bad English, ours is probably worse, but as long as we all can understand each other it's fine ^^

- Thanks!! Oh, and I don't mind if it will be turned into only one event. So my event will enter in the poll next month??

Oh and let me say that you guys from Knot Games are doing great with the game!!

- Thanks! Yes, it will enter. I there is no problem with the main story we'll always try to enter all the events ^^

In any case if we find something we think is not able for the game we'll talk and try to adjust it.

Losers and Winners

Description: Elana walks into a bar. 3 guys challenge her to strip poker or a strip card game (whatever fits the lore better). The first to lose all the clothes must suffer a punishment To their surprise Elana accepts. They go to the back to play. Elana wins first few rounds and guys start to lose clothes, Elana gets turned on watching them and decides to lose on purpose because she knows what the punishment is going to be (sex). She's turned on and a quickest way to get to the sexy part is to lose, so tactical lost is her best idea. Elana starts to lose clothes and when she gets topless she starts to enjoy the attention she gets. She's also amused by how the guys try to hide their boners. Finally, Elana loses all her clothes and before any of the guys have time to tell her the punishment, she tells them to strip, it's time to fuck. Foursome. (Dp and blowjob) After sex scene the guys are exhausted and Elena has a silly grin on her face. She thanks them and leaves the room.

Loola lactating

Elana been using magic on Loola for a while and enjoying Loola as will. But then one day as Elana is sucking on Loola tits she noticed milk. Elana not wanting to be selfish get Tina to help with miking Loola.

Tina Gets Plowed:

Description: Tina is pulling a plow through the dirt by herself because her horse threw a shoe that morning. The plow catches on an enormous root and gets caught halfway through. a nearby farmer offers to help Tina free it, but she wants to push it the rest of the way through, So the two of them move behind the plow and begin to push and lean on it. suddenly the plow slips and Tina falls over it with her ass exposed. Tina notices that the plow went a little further through the root, so she stays were she is and tells the man to help her saw it back and forth. So they begin to rock back and forth with her ass exposed, and slowly his cock rises to attention and begins to slide into her. Since it feels good, Tina doesn't mind, and continues to push back and forth, until they cum and the man thrusts into her, pushing her further over the edge of the plow and breaking the rest of the way through the troublesome root.

The picture would be of Tina bent over a plow with a villager coming inside her from behind.

Captured:

The setting could be in almost any of the different areas because she is always running from someone when an action fails. So after losing a battle or even if it's at night when she is wandering alone, have her being captured by a random guard or a wizard. She secretly uses her lustful ability while she is being tied up. Instead of being afraid, she suddenly wants to be tied up. Teasing whoever has her captive. Basically a bdsm moment in the story.
