

Phew! What a ride, huh? I hope you enjoyed watching just as much as I enjoyed I think all those years living my secluded virgin-life, I had never realized what I truly needed: a good hard fuck! Sorry babe, I know you thought it was you who opened my eyes by introducing me to this magic world of S&M... Oh well, think again! It's hard to dominate a woman when your cock is so disappointingly small. I'm so glad you agreed to try switching after our wedding, I was so sick of pretending your being a dom.

I know you thought I would not go quite this far. How could you, when I was such a shy girl seeking for guidance in her life? Poor Mr. Grey, it's much too late now. You can squirm and cry in your bondage all you like, I just don't feel like freeing you anytime soon. But I got a little treat for you. After all, you've paid so much for this room and the dinner and the limousine service for both me and your business partner here, it's the least I can do!

So, crawl over here, let me pull the plug from your gag and get to work licking up every last drop. It might look like a lot now, but there's even more inside my pussy. Deep down you know, where you could never reach...
